

NORTHERN DEMOCRATS WANT HOUSE CONTROL

Inquiry Demanded By Senator Borah Of Relief Outlays

Idaho Republican Independent Indicates Funds Have Gone For Political Purposes

OVERHEAD COST IS CALLED APPALLING

Administration Expense Half of Full Amount Provided in Some Cases, Senator Says In Statement; Declares the Load Is Heavy Enough At Best

Washington, Nov. 8 (AP)—Senator Borah today demanded an investigation by President Roosevelt or Congress of the administration of relief expenditures, asserting there was "shameless waste" in doling out the fund.

The Idaho Republican independent did not say so specifically, but inferred that relief money in many cases had gone for political purposes.

"There is one thing about this matter of expenditure for relief that must have attention, either for Congress or for the executive department," Borah said on returning to Washington from the West.

Every one wants to use those who need relief get relief, but millions never reach those who need it.

"The amount expended before it gets to these in need is appalling. I have had brought to my attention instances in which the cost or expense of administering a fund was about half the fund to be administered.

"Now the load is heavy enough at best, but this shameless waste, if not worst, will have to have an end, not only in the name of the hungry and the needy, but in the interest of decency."

Seek Cut In Process Tax On Tobacco

Hearing Given By AAA to Chewing Tobacco Manufacturers in Industry

Washington, Nov. 9 (AP)—Reductions in the processing tax on tobacco used in the manufacture of chewing tobacco was proposed today at a hearing before AAA officials.

Spokesmen for the industry contended the present rate of 6.1 cents on burley, 1.2 on flue-cured, 2.9 cents on fire-cured, and 3.3 cents on dark air-cured were too high and necessitated the production of smaller pipe to keep prices down.

The hearing was the first of two scheduled for today and others are expected to follow.

Cigarette manufacturers who use flue-cured tobacco have given notice they intend to seek a reduction in the processing tax on that type.

A hearing will be held this afternoon on the processing tax for cigar leaf tobacco used in the manufacture of scrap, chewing and smoking tobacco.

As the hearing was in progress, representatives of the cigarette industry met to continue discussion of a code for that industry, one of the largest not yet codified.

Bankhead Is Against Any Cotton Increase In 1935

Moultrie, Ga., Nov. 9 (AP)—The 1935 cotton crop of the United States should not exceed 10,000,000 bales, Senator John H. Bankhead, Democrat, Alabama said today in criticizing reports from Washington that the Department of Agriculture was contemplating allowing an acreage increase of 15 or 20 per cent for next year.

"If such action is taken, it can be for only one purpose, and that is to increase the size of the crop, and

His time was 12 hours, three minutes and 50 seconds.

DEATH AND ILLNESS MAKE HEAVY DRAIN ON STATE OFFICES

Dr. Parrott Passes Only Little Over Two Weeks After Death of Dr. A. T. Allen

JEFFRESS LIKELY NEVER TO RETURN

All Were Ardent Ehringhaus Supporters and Governor Will Feel Their Loss in Coming Legislature; Parrott Will Be Very Hard To Replace

Daily Dispatch Bureau, In the St. Walter Hotel, By J. C. Baskerville.

Raleigh, Nov. 9.—Death and sickness are plaining phantom hands in the "New Deal" of the Ehringhaus administration. Already within the space of less than three weeks death has struck twice into the official family of Governor J. C. B. Ehringhaus, taking Dr. J. M. Parrott, State health officer, November 7, and Dr. A. T. Allen State superintendent of public instruction, on October 20. For more than nine weeks now Chairman E. B. Jeffress, of the State Highway and Public Works Commission, has been very seriously ill, with the chance for his recovery becoming less and less hopeful.

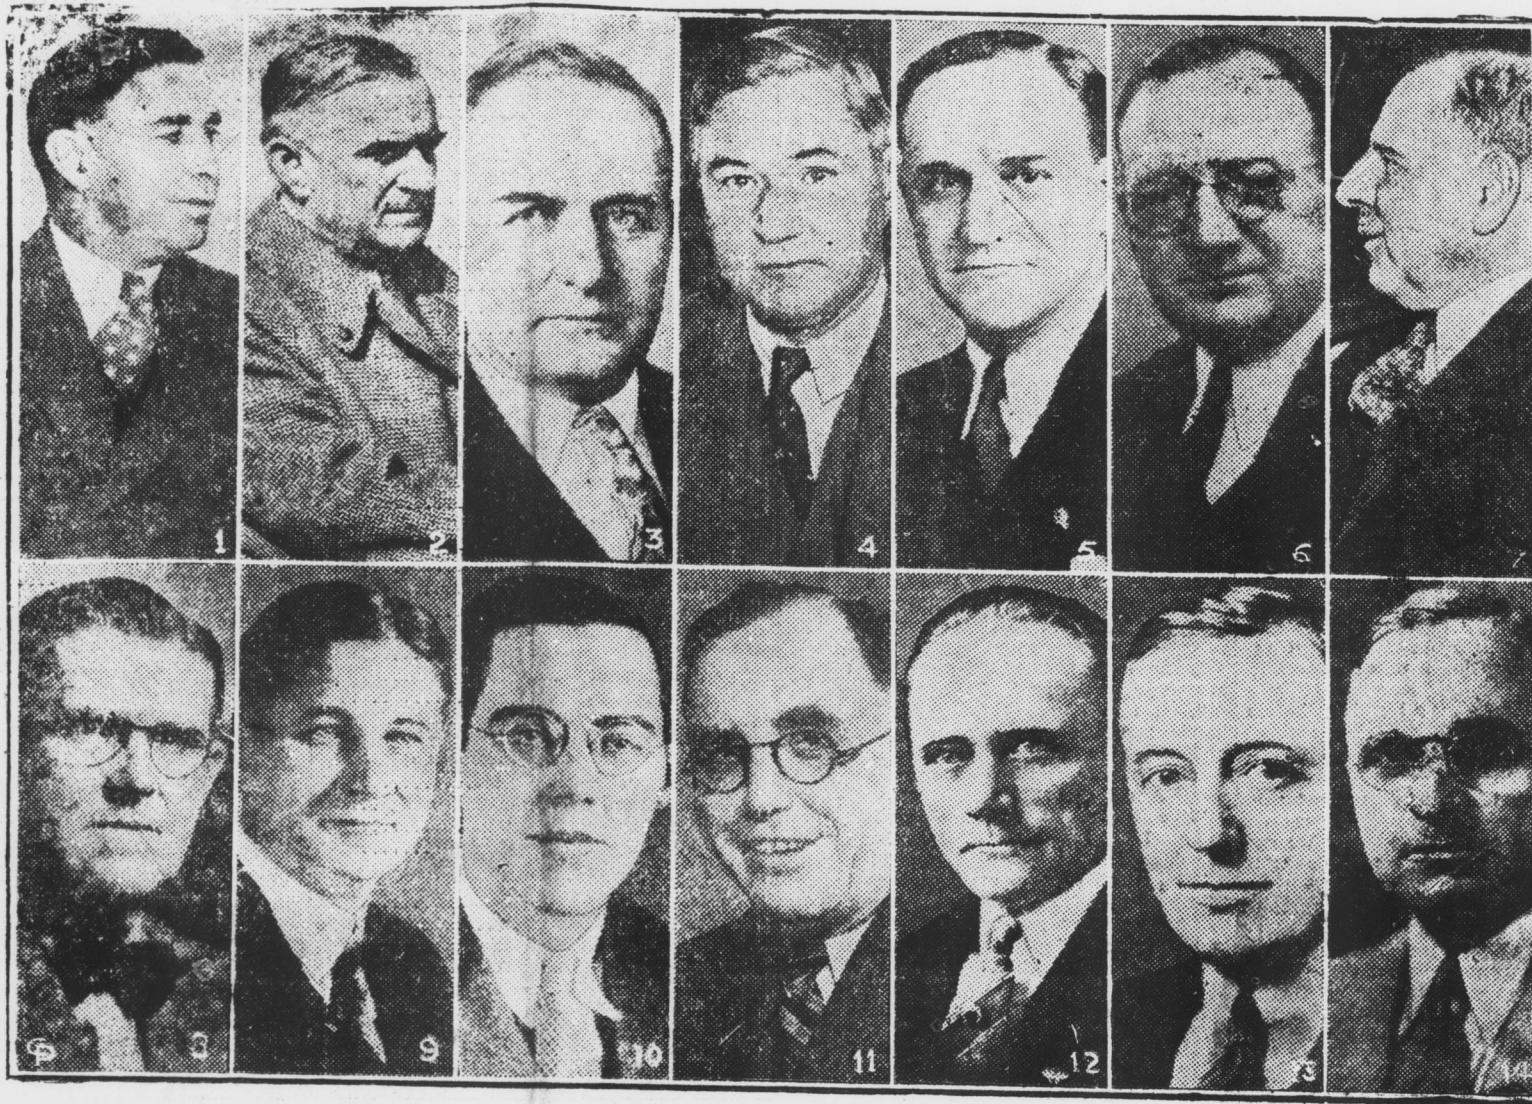

All three of these State officials were strong supporters of Governor Ehringhaus and his administration and many believe the effect of their removal from the scheme of things here may materially hamper the governor during the forthcoming General Assembly. While Clyde A. Erwin

Talk Dole Instead Of Real Jobs

By CHARLES P. STEWART (Central Press Staff Writer)

Washington, Nov. 9.—Undisguised relief, in the form of the dole, has its advocates, as preferable to public works, except of an unquestionably necessary character, to meet the problem of widespread destitution during the coming winter.

I have had occasion to remark on this inference of opinion before, but a new issue arises in connection with the controversy, which seems entitled to consideration.

Straight-out relief's proponents are

4 Perish In \$2,000,000 Blaze In Newport News

Chesapeake and Ohio Grain Elevator Burns After Internal Explosion; Bodies Believed in Smoking, White-Hot Ruins of 175-Foot Building

Newport News, Va., Nov. 9 (AP)—Still smoldering ruins remained to be searched today for the remainder of four persons believed to have lost their lives in the \$2,000,000 fire which last night destroyed the giant Chesapeake and Ohio railway grain elevator.

Starting with a dull internal explosion somewhere in the top of the building just before closing time yesterday afternoon, the blaze spread with such rapidity that only four of its eight occupants were able to escape, and two of them suffered injuries.

Somewhere in the smoldering ruins of the 175 feet high building in the ashes of the 300,000 bushels of grain it contained are the bodies of the four men. Fire Chief James H. Donnelly saw early this morning that it would be 24 hours or more before the ruins would be cool enough to be examined and he doubted whether there would be any trace found of the missing men at that time.

Between 4,000 and 5,000 farmers, warehousemen and tobaccoists, meeting here yesterday, adopted a resolution calling on the AAA to take this step, and asking the imposition of the maximum of 33 1-3 percent penalty for over-production.

No mention was made in the resolution of the length of the proposed new crop curtailment program.

ELECTION REALLY SETTLED NO ISSUE

New Deal Endorsed In Absence of Any Other Affirmative Program

SINCLAIR IS NOT ALL

His Defeat In California May Serve Only To Accentuate Radical Undertakings Somewhere Else

By LESLIE EICHEL (Central Press Staff Writer)

New York, Nov. 9.—Now that the election has passed, men are beginning to sense that it has settled no issue.

An endorsement of the New Deal was registered—because there was no other affirmative program offered and because the people believe that President Roosevelt ought to be given an opportunity to go through with whatever addition plans he has in mind.

Where Next?

The defeat of a Sinclair with an EPIC platform in California does not end evolutionary movements.

In fact, those movements may be accentuated by the defeat of Sinclair. Other persons, more subtle and shrewder or more tactful may, in

CLAIM SOUTH HAS BEEN "IN SADDLE" PAST FOUR YEARS

Drive To Capture Speakership Is First Sign of Internal Rivalry In The Party

NEW YORK CLAIMS RIGHT TO SPEAKER

Development Tops List Of Others as Democrats Digest Unprecedented Victory Achieved at Polls In Tuesday's Elections; Roosevelt in 1936

Washington, Nov. 9 (AP)—The first sign of internal rivalry in the Democratic party since Tuesday's victory raised it to its highest pinnacle appeared today. Certain Democrats north of the Mason and Dixon line opened a determined drive to capture the speakership of the House, for which the South also is contending.

Declaring that the South has been "in the saddle" in the House for four years, because it held the majority leadership and the chairmanship of all major committees, these Democrats asked more power. They emphasized that northern Democrats now have more seats than the South.

Representative Martin J. Kennedy, Tammany Democrat, who disclosed the drive, said he believed "New York is entitled to the speakership."

This development topped a list of others as Tuesday's smashing dry-up for President Roosevelt's party opened almost limitless possibilities.

James A. Farley, national chairman, predicted that Mr. Roosevelt would be re-elected in 1936 by a verdict "practically unanimous."

The Republican party, he said, "is positively through."

The American Liberty League, quiet before the election, jumped into the picture when its president, Jouett Shouse, said at Lexington, Ky., that it would launch this month a drive for 1,000,000 members. Denying emphatically that "League was organized in definite opposition to the present administration," he said it would "oppose any attempt at a perversion of American principles, no matter from what source such attempt may come."
