### Insull Expecting Full Vindication After Acquittals

He and 16 Co-Defendants Freed by Jury In Chicago Saturday After Long Ordeal

OTHER TRIALS YET TO COME, HOWEVER

But He Faces Them With Confidence of Complete Liberation; Was Charged By Federal Government of \$100,000,000 Mail Fraud in His Securities

Athens, Greece, Nov. 26.—(AP)—Nearly every Greek newspaper made scathing attacks on the United States today, charging it with having persecuted Samuel Insull, "an unfortunate but great financier."

Bullying of Greece by America also was charged in connection with the long negotiations for Insull's extradition while he was a fugitive here.

The newspapers said Greek justice was superior to that in the United States.

Chicago, Nov. 26.—(AP)—The dream of complete vindication surged high in Samuel Insull today.

His first battle won with the speedy acquittal Saturday of himself and 16 co-defendants on charges of a \$100,000,000 mail fraud, the former financier said:

"I am ready to face these other trials that are pending. I have been vindicated in this case, and I am confident that I will be vindicated in the others."

The government was silent regarding further prosecution of Insull and his associate on bankruptcy charges, and no disposition of the indictments may be made until United States District Attorney Dwight H. Green attends Attorney General Homer Cummings' conference on crime in two weeks.

In his first talk with the congressional chieftains the President also emphasized strict budget limitations, providing for general relief but very definitely believed to be against the proposed \$2,000,000,000 outlay for payment of the soldier bonus.

Roosevelt, in the past, has insisted that extra expenditures be met by added taxes to pay the way, aside from the extraordinary relief funds, and there was every reason to believe that today he laid down his stipulation for the bonus payment, should it be voted.

Administration leaders have been cold to a revenue-increasing bill at the forthcoming session, although they have indicated necessity for continuing some of the temporary taxes soon to expire.
