### BY WHICH ARE YOU "DEADER?"

It is as if we were suddenly struck in the face that we gaze at daring headlines showing the increasing rate of fatal automobile accidents occurring among boys and girls of the "teens". In one month nearly half of the automobile fatalities were persons under 24 years of age, one fourth of which were under 15 years of age. Is it possible that automobile accidents, which are even deadlier than warfare, shall ever predominate among the youth of our state, a state which calls itself civilized? Let us hope not. But with these bloody figures facing us, it seems that we are headed in that direction. We cannot sit back and do nothing. North Carolina has jumped to eighth place in automobile fatalities, and our own country ranks high. These are not figures to be proud of, but demand action. We may blame the traffic officers who do not enforce the laws; we may blame the other driver who is negligent and careless. But are not we to blame ourselves? Is not youth paying a big price for its fun? If our own boys and girls will make it their duty to obey all traffic rules and avoid reckless driving, much would be accomplished. It is becoming such a grave problem that it will probably be prominently discussed by the General Assembly.

If immediate action is not taken youth will suffer the consequences and we will be faced with a new kind of "warfare" much deadlier, much costlier, and much more horrible than one could ever imagine.

### Barks of the Mastiff SENIOR HONOR ROLL

#### BULLETIN BOARDS

We the Seniors in home room 9 are very proud of our bulletin boards. F. B. Curria has painted them to hide ugly spots and to make them agree with the rest of the surroundings in our room. E. G. Shaw has put very attractive designs upon them to increase their attractiveness.

This, of course, helps greatly in our rating in the home room improvement contest now in effect in the high school and makes our room so attractive and inviting that we are very proud to call it our "home" room.

#### SENIORS SYMPATHIES

We wish this week to express our sorrow and sympathy to two of our Seniors who last week underwent circumstances which try the very souls of all of us. Donald Evans, one of our senior boys, had the misfortune of being involved in an automobile accident which caused a broken arm and other very painful injuries. Donald, we hope nothing serious results from your misfortune, and we are very thankful that it wasn't worse.

We also wish to extend our sympathies to Elizabeth Beard and her parents and sister whose home was burned along with all of their clothing and personal belongings. This was indeed a very serious and unfortunate occurrence and we want to show you, Elizabeth, that we are all behind you, we're sorry for what happened and if there is anything we can do for you, we will be only too glad to be of assistance to you.

#### LINCONNU

You don't seem to be able to get real news so here is a little for you. The popular young lady on N. Garnett street has at last broken up with her prep school boy friend. He got the news two weeks ago.

It looks like the wreck driver broke that up and he's hearts with her now. Jenks has been building right many houses with the girl at the Stonewall apartments lately. The football player with the broken arm couldn't shine before his singing sweetie in the last game. Which one of the high school faculty is the principal of Central school interested in? That's all for today.

was quite a busy day and night. Especially at the Sophomores' splendid play. If the saying "That two heads together are better than one" then the two red-headed senior class officers ought to be master minds. "My heart and your heart." We wonder how poetry and Geometry will mix.

On the eve of a sweet 16th birthday and still keeping a resolution. At least that's what the Rowland street lass says. She wasn't doing bad at the play either.

We'll have no more of this one arm driving. Mr. Funny Doer, and on the Main Street too.

"You're Gonna Lose Your Gal." Better send this message to the Alevanderian Episcopal lodge "Bo" of Young Avenue is doing right well. Careful "Punch" there is a thorn for every rose—

On Tuesday, November twenty seventh, Miss Kyle's Home Room had a farewell party for Evelyn Earnhart, who has now moved to Fayetteville. Among the invited guests were Miss Morton, Miss Turnage, and Mr. Pigford. After the devotion and prayer, several short talks were made by members of class expressing their regrets for Evelyn's leaving and also their wishes for her joy, happiness, and success and new friendships in her future home. Elizabeth Jenkins, the home room president, presented in a most gracious manner, to Evelyn a gift, a silver bracelet, as a token of love from Home Room Seven. Members of the class then served light refreshments, consisting of candy and nuts.

#### Girls' Basketball Team

A number of the Sophomore girls have gone on for basketball. During the football season the sophomores kept up great interest in that sport. We hope they will continue this during the basketball season. The girls going out are Sylvia Loughlin, Maria Ayscue, Bessie Mae Johnson, Helen Perry, Louis Perry, Elizabeth Jenkins, Sara Bruce Gooch, Mary Sue Newell, Frances Daniel, Ruth Thomas, Juanita Stainback, Evelyn Blake, Mary Etta Norwich, Jean Rowland, Alice Whitmore, and Christine Hunt. The basketball squad is selling high school pins, in the school colors, blue and white, with your initials on it for thirty five cents; without the initial twenty five cents. Come on, everybody, let's buy a pin.

#### O!!

"Blondie has her same old Sophomore but a certain blond junior has been added to her list, also. "Goochie" has two football heroes

on her trail. The dark short one, and the football player plus baseball pitcher and I think he's going out for basketball.

#### CLEAN UP

The Henderson High School pupils are taking much more care of their rooms since the Home Room Inspection Contest has started. We have seen a marked improvement in all the home rooms. We hope to continue this inspection of home rooms throughout the year so that the appearance of our rooms will be attractive.

#### THIS IS NO BULL

By One of the Jones Well folks, I've got lots of scandal for you this time.

Our blond treasurer I hear is going to see the Blonde Venus of the sophomores.

Nellie is wearing a class ring with the initials J. H. M. in it.

Our romance of last winter between the little "Eetsy" football player and the brunette who drives the Chevrolet is again budding.

I hear the boy who works in Page Houtt's has collected a certain bet made with our junior who lives on the end of Charles Street (sometimes called Buba).

Sills will soon own the Plymouth if she keeps this up.

#### FRESHMAN PLAY PROGRESSING

The Freshman Class Play which will be given at the Central School auditorium, Friday night December 14, have been progressing rapidly during the last week as practices have been held almost every night. Miss Evelyn Bickley, class sponsor, and the pupils in the plays have been putting forth much effort to make the play a success. The parts have been copied and learned fairly well by the "actors and actresses" and they have been rehearsing without their copies. Practices were discontinued during the Thanksgiving holidays but have resumed this week. The class the Thanksgiving holidays but have wants to express its appreciation to Mr. Hoover for allowing the practicing in his school.

#### CLASS STUDYING "TREASURE ISLAND"

The Freshman Literature Class has been studying Robert Louis Stevenson's novel "Treasure Island" for several weeks and many students have brought to class various articles and buildings mentioned in the story. Some of the relics in the collection are pirate flags, British flags, dolls dressed as pirates, the "Hispaniola", Admiral Benbow Inn, Spyglass Inn, maps of the island and booklets and posters. The collection is very interesting and it has been said by someone that the room looked like a pirate den. Miss Bickley, literature teacher and the students in the class will be glad to have any parents or others interested to come and see the room.

#### MIXED CHORUS ORGANIZED

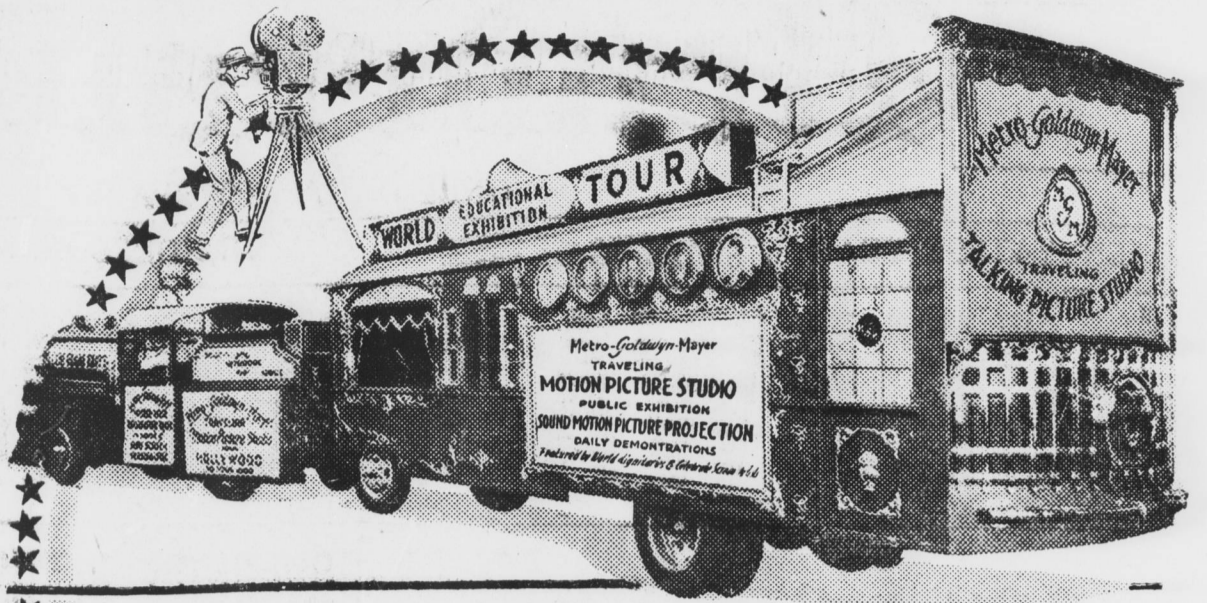

After a hard struggle for sufficient voices the mixed chorus has finally been organized. The mixed chorus last year consisted of about eighteen well balanced voices. It did not win in the district contest in order to go to Greensboro, consequently they were unprepared. The present chorus will take part in the annual spring musical recital of the High School and also at several other events.

### No Accidents of Any Consequence

No serious automobile accidents occurred anywhere in this section over the week-end, so far as was learned today. A check with officers, including State Highway Patrolman Bailey, revealed no fatalities or injuries. There were a few minor collisions, and at least one in which considerable damage was done to a Ford roadster, but none of a major character.

The record was considered the more remarkable because of the inviting autumn weather outdoors and the great number of automobiles on the highways, with people out riding after being more or less shut in by the heavy rains last week. Moreover, the record was somewhat unusual for this section.

Metro-Goldwyn-Mayer Traveling Motion Picture Studio on World Tour.

Metro-Goldwyn - Mayer Traveling Motion Picture Studio will visit this city on its extensive goodwill exhibition tour of the world.

The lavishly equipped studio on wheels constructed by the great motion picture company at a staggering cost of \$150,000, is scheduled to arrive here next Wednesday, December 5th, and according to present plans will be open for public inspection at 4:30 o'clock in front of the Stevenson Theatre the home here of Metro-Goldwyn-Mayer Pictures.

The studio, which has traveled across the continent from the famous M-G-M studios at Culver City, California, has aboard it more than \$60,000 worth of costly and intricate

sound motion picture recording and projection equipment. It is a completely equipped Hollywood studio on wheels.

A Metro-Goldwyn-Mayer director, and a complete staff of camera, soundmen, electricians, and movie makeup experts compose the personnel of the outfit, but motion pictures will not be filmed in this city during its visit.

Its brief stop-over here is being regarded purely as one to permit film fans of this city to inspect the magnificent outfit, to learn how talking pictures are filmed and recorded and projected, and the motion picture technicians with the studio will be available to answer questions regarding their work while the studio is

here, it is said.

During the period the studio is to open for inspection, the general public will be permitted to enter the studio. They will be escorted through by the motion picture men, and the operation of the sound recording room in one section of the 65-foot outfit, and the sound projection room in the rear compartment of the studio will be explained in detail.

The studio is hauled by a giant trackless locomotive equipped with powerful special built Waukesha motors, and this tremendous engine is in itself truly an outstanding sight. Special built camera, pilot and advance cars make up the remainder of the Hollywood caravan visiting this city with the studio.

### MRS. J. W. GRISSOM DIES AT AGE OF 60

#### Had Been Ill Year With Pellagra; Funeral Tomorrow From Home

Mrs. Lizzie Woodlief Grissom, 60, died at 6:15 p. m. Sunday at the Vance county hospital of pellagra after an illness of about one year. She was born in Kittrell township August 1, 1877, and had lived at her last residence about 30 years.

Mr. Grissom was the widow of John W. Grissom, who died about two years ago.

Surviving are two brothers, William Woodlief, of this city, and Charles Woodlief, of Henderson, Route 2, and one sister Mrs. Henry Thompson, of Henderson.

The deceased had been a member of Plank Chapel Methodist Episcopal church over 30 years. Funeral services will be held Tuesday afternoon at 2 o'clock from the residence, in charge of Dr. J. M. Cul-

breth, pastor of the First Methodist church of Henderson, and interment will be in the cemetery at Union Chapel Methodist Protestant church on the national highway several miles south of the city. Pallbearers will be selected from among friends attending the services, it was announced.

### Board Authorizes Condemnation for School Property

Condemnation proceedings were authorized by the Vance County Board of Education today as a means of adjusting the price on the old Baptist church portion of the property to be acquired for location of the new Henderson high school. That constituted virtually the only business before the board.

The property, which is owned by C. W. Hargrove, has been offered for \$6,000. There has been a feeling that the figure was a trifle high, and the county board's action today was by way of seeking a more acceptable price.

The procedure will be for the clerk of the court to name appraisers to inspect the site and place a value on it. The owner of the property has

the right to appeal from the decision and to go into court for a final adjustment.

### Wife Preservers

A warm milk drink in the middle of the afternoon will give you back the old pep, say students of the matter. Try it, you housewives who are all tired out just about the time dinner must be started.

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.
