State House Asks Congress To Pass Soldier Bonus Immediately

Resolution Appeal To Congress Barely Stalled By Senate

Rules Are Suspended In House To Rush Measure Through; Senate Refers It Back

SICK LEAVE ASKED FOR THE TEACHERS

Would Get Seven Days Under House Measure; County Commissioners Would Be Allowed To Abolish or Consolidate Offices For Sake of Economy

Raleigh, Jan. 17.—(AP)—Endorsement of immediate payment of the soldiers bonus by the Federal government, made through the State House representatives under suspension of the rules here today, but the Senate voted 22 to 23 against immediate passage of the joint resolution, and sent the measure to its committee on military affairs, headed by Senator Clegg, of Pitt.

In the Senate three bills proposing changes in State election laws were introduced by Weathers, of Wake, and sent to the committee on election laws. One of the proposals would abolish absentee voting except in time of war.

Senator Allbrook, of Halifax, sent up a measure relating to admissibility of evidence in suits for non-support and Senator Johnston, of Buncombe, introduced a bill to change the law relating to sale of estates held for contingencies.

The upper branch launched into debate over a House measure which would extend the time for hunting until February 1 this year, and refused to accord immediate passage. The bill was sent to the committee on

New "Wallingford"

Like the "Wallingford" of fictional fame, John S. McGroarty, 73, new California congressman, has a plan to make everybody rich. He's sponsor of bill to put into effect so-called Townsend plan to pension everybody over 60 at \$200 a month, and thus make it unnecessary for anybody to work since everybody can live with grandma and grandpa. It'll cost only seven billion dollars a year, more money than there is in the country, but with everybody living with grandma and grandpa nobody will need money.

Bill Would Junk School Commission

See In It Effort Of School Forces To Grab Control Of Finances Again

Daily Dispatch Bureau, In the Sir Walter Hotel.

Raleigh, Jan. 17.—A bill to abolish the State School Commission and give its power to the State Department of Public Instruction and to get up in its stead a purely "advisory" school commission with no actual powers, is expected to be introduced before long by Representative N. E. Day, of Onslow county. It is expected that this bill will have the wholehearted support of the textbook publishers and their lobbyists as well as of most of the school forces.

It is no secret that the State School Commission is still a thorn in the side of the school forces and the textbook

Patrol Of 125 Asked For State

Raleigh, Jan. 17.—The first move to increase the State Highway Patrol was made when Senator Carroll Weathers, of Wake county, introduced a bill which would increase its personnel to 125 men. The provision was made in a driver's license bill, of which Weathers' bill is one of a series. His measure, if adopted, would also require all school bus drivers to be

Bailey Proposes Benefit For Farm Selling Abroad

Tar Heel Senator Would Give Bounties to Growers Whose Crops Go to Foreigners; Also Asks Probe of Income Tax Refunds Made Since the Year 1918

Washington, Jan. 17.—(AP)—Legislation to benefit farmers selling in the world market and for an investigation of income tax refunds was started through law-making channels today by Senator Bailey, of North Carolina. A plan to use \$500,000,000, either from the President's proposed \$4,000,000,000 relief fund or directly from the Treasury, to pay "bounties" to farmers selling in the export marts and world prices was proposed in a bill offered by the senior North Carolina senator. Another measure called for an investigation of all income tax refunds

Flemington, N. J., Jan. 17.—(AP)—The kidnaped baby Charles A. Lindbergh, Jr., died of a fractured skull, the physician who performed the autopsy testified today in the trial of Bruno Richard Hauptmann for kidnaping and murder.

"There was no question as to the cause of death," Dr. Charles M. Mitchell, Mercer county physician, said. "The child died of a fractured skull."

"Would you say it was caused by external violence?" the prosecutor asked. "The fracture gave every indication of it."

Then, replying to a question over the objections of the defense as to the time of death in relation to the fracture, Dr. Mitchell declared: "I would say that death occurred instantaneously or within a very few

10,500,000 BALES COTTON FOR 1935

Allotment Made by Secretary Wallace Under Bankhead Act Terms

Washington, Jan. 17.—(AP)—Cotton production for 1935 was fixed today at 10,500,000 bales of 500 pounds each.

An additional 700,000 bales not sold during 1934 was added to the 1935 figure.

The 1935 quota represented an increase of approximately 1,224,000 bales over 1934.

The quota in bales of 478 pounds net weight and last year's carry-over would bring the total to 11,700,000 bales.

Secretary Wallace announced that under the voluntary cotton adjustment program, producers would be allowed to make an additional cut in acreage up to 35 percent of their base acreage and receive additional benefit payments.

Under the adjustment program, as originally announced, farmers were asked to reduce acreage between 25 and 30 percent.

Probable 5 to 4 Decision on Gold Issue Speculated On In New York

By LESLIE EICHEL, Central Press Staff Writer. New York, Jan. 17.—No one can forecast a U. S. Supreme Court decision, but there is a belief that the court will decide by something like 5 to 4 in favor of the government on gold.

If the Federal government and corporations had to pay on their bonded indebtedness in terms of the old gold dollar, there would be real panic. Even the court's questioning of government attorneys caused stocks to drop in fear.

Two things may come out of this

Voluntary Annuity System Would Accompany Compulsory Proposal; Roosevelt Backs Measure In Letter Accompanying Cabinet Committee Report

Washington, Jan. 17.—(AP)—Making its long-heralded attack on the problem of "social security," the Roosevelt administration laid before Congress today a five-point program designed as protection against what it termed the "hazards" of modern existence.

Topped by a special message from President Roosevelt, the program was unfolded in a 40,000-word report by the President's cabinet committee on security, and specifically in a bill drafted by Senator Robert F. Wagner, Democrat, New York.

In brief, the Wagner bill, following closely the proposal of the cabinet committee, headed by Secretary of Labor Francis Perkins, provides:

1. Compulsory unemployment insurance, to be paid for by employers through a payroll tax. This would start at one percent next January 1 and would be increased to three percent January 1, 1938. However, if business picks up fast, the three percent level would be reached sooner.

2. Compulsory insurance against poverty-stricken old age for wage earners and small salaried workers, to be paid for by employers and employees on a 50-50 basis.

3. Old age pensions for the needy aged who would not be covered by the compulsory insurance, to be paid for by the Federal and State governments.

4. A voluntary Federal annuity system for those who would not be included in the compulsory plan, and who could afford to save for their old age out of incomes larger than those to be affected by the compulsory plan.

5. Large Federal grants to states for aid to needy and ill mothers and children; extension of the public health service.

The Wagner bill carried appropriations totaling nearly \$100,000,000 to finance the program during the fiscal year starting next July 1. Authorizations for spending more than \$200,000,000 each year thereafter also were included.

Social Bill Is Put Ahead Of The Bonus

President Starts Study of Bonus, However; Approve Seed Loan Fund

Washington, Jan. 17.—(AP)—Congress went to work today on a social security program under the impetus of a presidential message recommending quick action.

"We pay now for the dreadful consequences of economic insecurity, and dearly," wrote the President in forwarding the 40,000-word report of his cabinet committee that studied the subject.

Even before the program for unemployment compensation old age benefits and aid to children was received the House Ways and Means Committee arranged to act on it in advance of the controversial bonus legislation.

With a bill by Senator Wagner, Democrat, New York, ready to effectuate the presidential recommendations, Mr. Roosevelt laid down his program along a "not to ambitious a scale."

Later consideration of the bonus question was definitely promised, however, by Chairman Doughton. President Roosevelt opposes immediate full payment. The Senate again had up the resolution for adherence to the World
