#### Roosevelt Measure Again Threatened

Bonus Attachment To Work-Relief Bill Would Further Endanger It; Administration Leaders Hope To Eliminate "Prevailing Wage" Amendment

Washington, Feb. 12 (AP)—Administration approval of a \$38,098,000 public works program for the navy, of which about \$15,000,000 would be used to strengthen the base at Pearl Harbor, Hawaii, was announced today by Chairman Vinson, Democrat, Georgia, of the House Naval Committee.

Of the total, \$10,000,000 would be spent for a huge floating drydock at Pearl Harbor. Another \$2,000,000 would be used for naval ammunition depots at Balboa and Coco Solo, Canal Zone.

For armor, armament and ammunition for naval vessels, \$6,110,000 has been approved.

Vinson said \$20,000,000 of the fund would come out of a \$300,000,000 public works program which was included in the 1936 budget.

The remainder would be obtained through regular appropriation channels.

### Post Office Service At Lowest Ebb

How Long Administration Can Get By With It Has Washington Guessing

By CHARLES P. STEWART, Central Press Staff Writer

Washington, Feb. 12.—How long can the administration get by with the post office service as bad as it is? That is a question being asked in Washington.

Senator Norris' bill to take the post office department out of politics will get nowhere, but can the administration resist the demand for efficiency in the department needing it most?

That the postal service is worse today than ever it has been before in modern times probably is a safe statement to make off-hand; it isn't likely that anyone who is dependent on it will demand corroboration. And, of course, hardly anyone is not more or less dependent on it.

Worries are less than half what they were under Postmaster General Harry S. New, who went out of office at the end of the Coolidge regime. Collections have been curtailed cor-

In the Sir Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILLE.

Raleigh, Feb. 12.—The belief that the anti-sales tax forces are not so much interested in removing the three percent sales tax on a gross retail sales as they are in broadening the tax to apply to many other items and thus increase the aggregate amount of State revenue, even though they should be able to reduce the sales tax rate to two per cent on retail sales, is steadily growing in legislative circles here.

Quite a number both in the General Assembly and out of it are confident that some of the most influential members of the anti-sales

### Driver's License Passes Second Senate Reading

Raleigh, Feb. 12 (AP)—Highway safety and the sales tax vied with each other today for the center of legislative interest.

The Senate passed the driver's license bill in second reading after amending it so it makes no mention of school bus drivers and making other changes. The measure provides for the licensing of every operator of a motor vehicle, with strict provisions for law enforcement and license revocation.

Members of the joint finance committee were scheduled to hear anti-sales taxers present their proposals for raising revenue without continuation of the present three percent general sales tax.

The chairman of the finance group, Senator Newman, of New Hanover, and Cherry, of Gaston, had copies of every sales tax law in the nation ready for the committee to study if it wanted to, and had charts showing various

Prosecutor, in Closing Argument, Says German Is Lower Than Lowest Animals

CONDON TESTIMONY IS ALL-SUFFICIENT

That Alone Justifies First Degree Murder, Wilentz Says; Charges Defense Financed by Cranks, Idiots and Fools; Says Lindbergh Knew Voice

Flemington, N. J., Feb. 12 (AP)—The case of Bruno Richard Hauptmann will go to the jury tomorrow morning. Prosecuting attorneys said during the mid-afternoon recess today that Justice Thomas W. Trenchard had advised them he would deliver his charge to the jury at the opening of the court tomorrow morning at 10 o'clock.

Flemington, N. J., Feb. 12.—(AP)—Justice Thomas W. Trenchard was undecided at noon today when he would give the case of Bruno Richard Hauptmann to the jury.

Attorney General David T. Wilentz had completed about half of his summation at the noon recess.

Apparently the justice felt it better to wait until the attorney general closed before deciding when to give the charge. It will be either this afternoon or tomorrow morning.

The State, bringing the murder trial of Bruno Richard Hauptmann toward the end, today charged the defense was financed by "cranks, idiots and fools," called Hauptmann a "public enemy No. 1 of this world," and asked the jury to show no mercy.

"This murder of the 'Lindbergh child' cried Attorney General Wilentz, 'should shrink into absolute insignificance in comparison to the crime that would be committed if this man were freed. That would be the crime of the century.'

"To let him roam the streets of this country and make every woman in her home shudder again, that would

Flemington, N. J., Feb. 12 (AP)—The State asked today that there be "no mercy" for Bruno Richard Hauptmann.

"If you get the feeling that this case is what Mr. Reilly says, a perfect case, it is your solemn duty to find a verdict of murder in the first
