BIG RELIEF BILL IS BACK IN CONFERENCE AGAIN

SCHOOL FOLK OPEN DEMAND IN SENATE FOR LARGER FUNDS

Battle Lost in House Transferred to Senate As Money Bills Reach Floor There.

SENATORS RECEIVING FLOODS OF LETTERS

Even School Room Pupils Join in Bombardment of Solons; Want Appropriations Bill Passed Ahead of Revenue Measure in the Upper House.

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILL. Raleigh, April 1.—The school forces are now centering in the Senate their fight to get the appropriation for schools boosted back up to \$22,000,000 a year, despite the defeat of their effort to get the House to approve this figure. Scores of telegrams and hundreds of letters are already pouring in upon the members of the Senate from school teachers, school children and parents of school children, just as they did on House members, as the city and county superintendents follow out the lobbying tactics urged by Dr. Ralph McDonald and the North Carolina Education Association to flood members of the General Assembly with letters and telegrams urging an appropriation of not less than \$22,000,000 a year for schools.

During the debate on the amendment to increase the school appropriation from \$20,031,000 and \$20,900,000 a year for the first and second years of the biennium to \$22,000,000 for each year, Chairman Victor S. Bryant, of the House Appropriations Committee, read a letter which Dr.

Pension Is Not Likely This Term

Daily Dispatch Bureau, In the Sir Walter Hotel, BY C. A. PAUL

Raleigh, April 1.—As the present session of the North Carolina General Assembly bids fair to pass into history within the next few weeks, chance of passage of an old-age benefit bill wanes. Senators Frink and Browning, who drew a bill which would have established such benefits for aged North Carolinians over 65, have all but abandoned hopes for the adoption of their bill.

Federal inaction had a lack of sufficient revenue in this State are the two factors against such legislation. There is a distinct possibility, however, that some legislation will be introduced providing for commission to study the situation insofar as North Carolina is concerned. In his address to the legislature last Jan.

Claims For Sales Yield Excessive

Maxwell Says Estimates by Dowell and McDonald Far Above Actual Incomes.

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILL.

Raleigh, April 1.—The sales tax as now contained in the revenue bill will not yield anywhere near as much as William Dowell, secretary of the North Carolina Merchants Association claims, in the State show, as do figures from the U. S. Census Bureau, Commissioner of Revenue A. J. Maxwell

AREA HITLER SEEKS FOR GERMANY

Lithuanian troops are shown in the picture above, marching through the seaport of Memel in 1923 after it had been detached from Germany and handed over to Lithuania by the League of Nations. Four death sentences returned by Lithuania against Nazis in Memel, accused of plotting to infuriate hundreds of thousands of Germans in Berlin who have been staging demonstrations to express their indignation. Black sections of the map show where Germans reside in Memel, Danzig and Czechoslovakia, area that Reichsfuehrer Adolf Hitler demands be restored to German possession.

Tornadoes Bring Deaths In Two Southern States

Much Property Damage Also Done In Mississippi And Texas; Dust Belt Farmers Hope for Rain; Nebraska, Wyoming and Montana Have Week-End Snows

(By the Associated Press.) Spring tornadoes and winter blasts were grim reminders today that March had bowed off the year's calendar with a roar. Freakish winds and tornadoes took six lives and caused considerable damage in Mississippi and Texas. Winter gripped the northern Rocky Mountain sector and sent cold blasts through the Middle West. Bathes flocked to the southern beaches while out in the dust belt farmers and ranchers hoped for rain but saw only familiar billowing clouds of silt and sand.

BUSY SESSION FOR ASSEMBLY TONIGHT

Heavy Calendars Await Both House and Senate As Week Begins

Daily Dispatch Bureau, In the Sir Walter Hotel. Raleigh, April 1.—Both houses of the North Carolina legislature are slated to have busy sessions tonight as they begin their 79th actual legislative day and the 83rd day of the present session with meetings at eight o'clock. On the Senate docket are a flood of minor bills in addition to a House bill by Representatives Ervin, Scholl, Tonissen and others known as the photographers' bill. The measure, drawn by the State Association of Photographers, would set up a board of self-government for that group and is aimed to eliminate the itinerant photographer. The measure passed the House only after a struggle, during which Representative Tam Bowie, of Ashe, who fought the bill, succeeded in amending it to apply only to towns with a population greater than 25,000. Another bill before the Senate would abolish the remnant of evidence required from males who apply for marriage licenses, introduced by Representative Sparger, of Stokes, the bill slipped past the House easily. The measure is designed primarily for the benefit of the State's 43 border counties who have practically lost all marriage license business because North Carolina's neighbor states have no restrictions. Also coming up for Senate approval or rejection is a bill which would restore the salary cuts suffered by superior court solicitors,

6 FLIERS PLUNGE TO DEATH SUNDAY IN AIR ACCIDENTS

Two Planes Lock Wings and Then Crash at Corpus Christi, Texas, Airport

STUDENT PILOT IS BURNED TO DEATH

Plane Falls at Low Altitude at DeLeon, Texas; Two Perish as Monoplane Falls Near Airport Out From Chicago; Michigan Chute Jumper Killed

(By the Associated Press.) Six fliers plunged to their deaths in Sunday accidents, witnessed by hundreds of spectators. A plane piloted by Jack Barstow, veteran glider pilot, locked wings with another flown by Eddie Johnson, manager of the Corpus Christi airport, and fell 100 feet away from hundreds of spectators. Barstow and Jack Cowgill, reporter for the Corpus Christi Caller-Times, who was a passenger, were killed. Johnson escaped with injuries. Barstow was associated with Colonel Charles A. Lindbergh in glider experiments in San Diego, Cal., in 1930.

At DeLeon, Texas, a student pilot, Cecil Cook, 20, was burned to death after his plane fell from a low altitude and burst into flames a mile south of the city. L. W. Abbott, 35, and Claude Morin, 23, were killed when Abbott's monoplane fell near an airport at Elmhurst a few miles west of Chicago. With Abbott at the controls, the ship crumpled 25 feet from a radio transmitting tower. Experimenting with a glider wing, Floyd Davis, 22, parachute jumper, hurtled 6,000 feet to death near Flint, Mich., when one of his parachutes fouled in the glider wing attached to his back.

Office Men Ousted By Hup Motor

Detroit, Mich., April 1 (AP)—All office employees of the Hup Motor Car company, including the entire entire engineering staff, were dismissed today and locked out of the plant.

About 300 persons were affected by the order. William E. Hurlburt, assistant to Archie M. Andrews, chairman of the Company, described the act as a "joke."

New Trials Scottsboro Case Given

Death Sentences In Negro Assault Charges Must Be Heard Over Again

Washington, April 1 (AP)—A new trial was ordered by the Supreme court today in the case of death sentences imposed on Clarence Norris and Haywood Patterson, Negroes convicted of assaulting a white woman near Scottsboro, Ala. The opinion was delivered by Chief Justice Hughes. The Negroes, center of litigation since 1931, contended they had been deprived of constitutional rights because they were indicted by a grand jury and found guilty by a trial jury from which members of their race had been systematically excluded. During arguments before the Supreme Court, counsel for the defendants asserted that names of Negroes had been "forged" on the jury rolls of

EDEN HEARS PLEA OF SOVIETS

Captain and Mrs. Anthony Eden. Envoy from Great Britain to Berlin where he received Germany's arms demands, Captain Anthony Eden is pictured at Croydon air-drome, London, with Mrs. Eden. After conferences at Paris and Berlin, Eden went to Moscow for a parley with Soviet statesmen.

Poland Awaits Eden But Opposes Peace Proposal

Warsaw, Poland, April 1 (AP)—A foreign office spokesman said today that Poland will be interested in any modification of the proposed eastern European security pact which Captain Anthony Eden, British lord privy seal, may suggest after he arrived here tonight, but is opposed to the proposal in its present form. Said the spokesman: "We will listen carefully to all Captain Eden brings from Berlin and Moscow, particularly regarding the eastern proposal as a peace guarantee, although as it stands so far we are opposed to it."

POPE THINKS WAR WOULD BE A CRIME

Believes It Impossible and Foolish Manifestation of Fury

Vatican City, Italy, April 1 (AP)—War, Pope Pius told 19 cardinals gathered for the secret consistory today, "would be as enormous a crime, so foolish a manifestation of fury, we believe it absolutely impossible."

CURRENCY WAR HAS THE WORLD SCARED

It Is Not Any Fear of Battlefield Hostilities That's Hurting.

By LESLIE EICHEL, Central Press Staff Writer. New York, April 1.—It is not a war scare in Europe that has been unsettling world business conditions, but the warfare in currency. When Belgium recently was forced off the gold standard to all intents and purposes, the world price structure again suffered a severe shock. The patient may not be able to withstand many more such shocks. Yet, more are coming. Why? For the reason that as a nation

HOUSE STANDS BY ROOSEVELT APPEAL FOR ELIMINATIONS

New Conferences May Be Selected in Senate, If Necessary, To Break Jam There

WILL REQUIRE DAYS YET TO GET ACTION

Relief Administration, Meanwhile, Is Out of Funds and Can't Make April Allotments; Roosevelt Dictates Action Taken by the House

Washington, April 1.—(AP)—The House stood by President Roosevelt today to send the \$4,850,000,000 work-relief bill back to conference with the Senate for elimination of the "direct work" limitation. The vote was 249 to 110.

With differences ranging in the Senate its course was an uncertainty. Senator Robinson—the New Deal leader—indicated that, if necessary, new conferences would be selected there to take out the disputed clause.

House Democrats jumped into life when word that the President objected to the requirement at issue was passed around. Not a word was said in debate, however, about the message they had received from the vacationing executive.

The administration leadership earlier had lost an attempt to get unanimous consent to return the bill to conference, where it would seek to remove from the bill the requirement that one-third of the \$900,000,000 al-

NRA Test Dismissal Requested

Washington, April 1 (AP)—The Justice Department today formally asked the Supreme Court to dismiss the case against W. E. Belcher, of Alabama, which had been expected to test the constitutionality of the nation al recovery act.

A decision was deferred until late in the day. Just as the dismissal motion was filed by Stanley Reed, solicitor-general, the inner code authority reversed itself a second time and announced it would protest the dismissal.

The authority will ask the court's permission to file a brief in opposition to dismissal of the Belcher case. Whether the court would grant this permission was considered doubtful by some.

Democratic Ban Against Negro Held

Party Has Right To Determine Its Members, U. S. Supreme Court Rules

Washington, April 1.—(AP)—The method employed in Texas to bar Negroes from voting at Democratic primaries, "by restricting membership in the party to whites" was sustained today by the Supreme Court.

The action of the Texas Democratic convention in May, 1932, in limiting party members to white citizens qualified the vote under State laws was challenged by R. R. Groves, a 44-year-old Harris county Negro.

In 1932 the Supreme Court declared invalid a Texas statute which prohibited Negroes from voting at Democratic elections. Since then the same results have been sought by action of the Democratic organization.

Asserting he was qualified under State laws to vote as a member of the Democratic party, Groves said he was prevented from doing so in the July, 1934, Democratic party through refusal of Albert Towson, county
