BONUS COMPROMISE BILL IS PRESENTED

Senate Finance Chairman Harrison Hopes It Will Meet Roosevelt Approval; \$12,000,000 for Jobless Census by White Collar Men Planned

Washington, April 17.—(AP)—Machinery for handling the \$4,000,000,000 work fund neared completion at the White House today as the House approached the voting stage on another administration measure—the social security program.

Coincidentally, a Senate administration leader sought to compromise that body's congressional perennial—cash payment of the soldiers' bonus. Chairman Harrison, of the Senate Finance Committee, offered the \$1,300,000,000 plan, believing it acceptable to President Roosevelt.

Before a large group of newsmen, Mr. Roosevelt discussed the work relief outlook, foreseeing within a few days selection of the administrative group to assist him in allocating the money. Round table conferences will formulate distribution methods.

Worried high on the work relief list was a \$12,000,000 to \$15,000,000 project for a census of jobless by "white collar" unemployed.

House leaders hoped to conclude general debate today on the unemployment insurance-old age pension bill. As the last hours of talk were reached, Republicans called a conference.

North Carolina To Get 39 CCC Camps

Washington, April 17.—(AP)—A total of 39 Civilian Conservation Corps camps designated for operation in North Carolina during the April to June quarter will provide the nucleus for expansion of the program in that State.

Designation of the locations represented the first movement of the CCC under the new work-relief bill made possible by the recent \$30,000,000 allotment to tide the program until the expansion plan is worked out.

Five of the camps now operating in new locations, while a sixth is a re-established camp. This latter one is located in the Cherokee National Forest.

GERMANY WILL NOT RETURN TO LEAGUE

Berlin Newspapers, Including Hitler's Organ, Emphatic in Denouncing Action at Geneva; Russia Wanted to Go Even Further in Censure

Geneva, April 17.—(AP)—The League of Nations Council today adopted the tri-power resolution condemning Germany for her repudiation of her treaty obligation, with only Denmark abstaining from voting.

The resolution, presented jointly by France, Great Britain and Italy, deplored unilateral abrogation of treaty obligations and requested that the League appoint a committee to consider what measures, economic and financial, may be taken against future repudiation of international commitments.

Dr. Peter Munch, Danish foreign minister, in the discussion which preceded the voting, explained Denmark would not cast its ballot because she feared adoption of the resolution would hinder the task of reconciliation.

Berlin, April 17.—(AP)—Dazed, even stunned, by the fact that even Germany's official friend, Poland, voted in favor of the Geneva resolution of censure, Wilhelmstrasse officials gathered today to determine what official attitude Germany shall adopt.

While Germany expected the satellites of the three powers that met at Stresa, and Russia to support the resolution, German officialdom seemed frankly disappointed by Poland's attitude and intimated surprise that Germany's old comrade-in-arms, Turkey, and the Latin-American nations, led by Argentina, had decided to approve the Franco-British-Italian resolution.

Clipper Plane Reaches Honolulu Ahead Of Time

Making even slightly better time than had been hoped for, the Clipper plane "Pioneer," on a tour to the Orient, dropped down into Pearl Harbor at Honolulu shortly after 7 o'clock this morning, after crossing the Pacific from California in a little more than 17 hours, a record for the 2,400-mile distance.

Clipper Plane Arrives In Honolulu Before Schedule

Honolulu, April 17.—(AP)—The big Clipper plane, "Pioneer," alighted on Pearl Harbor here at 7:57 a. m., Honolulu time (1:27 p. m., eastern time) today after a 2,400-mile flight from Alameda, Cal.

The plane roared over Honolulu at 7:05 a. m. Honolulu time, setting a new record for the east to west crossing of the Pacific.

Gliding gracefully down in a wide circle, the clipper slit the waters of Pearl Harbor exactly three minutes before her scheduled landing time.

The ship had spent 53 minutes cruising over the city and adjacent cane fields.

A crowd had gathered to watch the arrival of the trans-Pacific plane. The Clipper travelled the 2,400 miles in 17 hours and 47 minutes, making a new flight record for the distance.

The plane arrived in the bright sun, light of a Hawaiian morning, breaking through clouds which had overhung the island of Oahu at dawn.

Navy patrol ships which went out a few minutes before her arrival as an escort were circling outside Honolulu harbor as the Clipper came over Diamond Head.

REVENUE MEASURE TO BE HARMONIZED WITH CONFERENCE

Lacks More Than \$5,000,000 of Providing Money To Equal Appropriations

REAPPORTIONMENT BEATEN BY HOUSE

Easier Marriage License Bill Also Defeated in Senate; Senate Committee Starts Formal Consideration Of Appropriations Bill

Raleigh, April 17.—(AP)—The Senate today passed the biennial revenue bill on second reading without discussion.

The vote was 21 to 9. It appeared obvious that it was planned to try to bring the revenue act more in line with proposed appropriations by changing it in conference committee instead of fighting further on the Senate floor.

Senator Carson, of Alexander, was preparing a luxury tax proposal to offer as a substitute for the general sales tax, but it was not ready for presentation today. He said he probably would offer it tomorrow.

As the revenue act stands, it contains a three percent sales tax, with exemption of nine basic items of food. The House passed it without the exemptions. The Senate also struck out tax levies on chain filling stations, dividends of domestic corporations and investment certificates which the House voted.

It is figured the tax measure falls more than \$5,000,000 short of providing money called for in the \$64,800,000 appropriations bill passed by the (Continued on Page Two)

In the Sir Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILL, Raleigh, April 17.—The revenue bill when it comes up for passage on second reading today, lacks \$2,132,249 of balancing with the appropriations bill the first year and \$3,873,245 of balancing with it the second year, or a total of \$6,005,494 of balancing with it for the two years of the biennium, according to the estimates made by Senator Harris Newman, chairman of the senate finance committee.

If the figures of Commissioner of Revenue A. J. Maxwell are used, the revenue bill as it now stands lacks \$2,822,249 of balancing with it the second year, with a total deficit for the biennium of \$7,385,494.

Counties And Cities Might Lose Excess

Machinery Act Would Eliminate Valuations by State Tax Authorities

In the Sir Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILL, Raleigh, April 17.—Counties, cities and towns will lose between \$50,000,000 and \$100,000,000 from their tax books the first year and still more in years to come, if the present General Assembly passes the new machinery act in the form in which it has been reported, according to estimates obtained today from reliable sources.

For the new machinery act omits entirely Section 603 of the present Machinery Act, which requires all domestic corporations to submit detailed statements to the State Board of Assessment, to be checked against the property they list for taxation in the counties, cities and towns.

If the act is passed as introduced, with this section omitted, it will mean that county, city and town tax collectors will have to accept the listings made by domestic corporations as bona fide and that they will have no (Continued on Page Two)

By LESLIE EICHEL, Central Press Staff Writer New York, April 17.—Liquor regulations again are rising as a problem in many states.

PERQUIMANS LASH USED ON CONVICTS

Six Go on Spree in Jail and One Is Given Blows On Legs

Hertford, April 17 (AP)—Six persons in the Perquimans jail went on a spree and got drunk Sunday afternoon about one or two o'clock, it was revealed today by Sheriff Emmett Winslow, and one of the prisoners got a whipping with his own belt.

Sheriff Winslow said he had to slap George Glover, South Carolina Negro being tried in Perquimans Superior Court today for the murder of Solomon Freeman, Gates county Negro, because Glover became unruly.

The sheriff said he slapped Glover twice with his open hand and gave him five blows with the Negro's own belt.

The whipping was inflicted on the Negro's legs, which were covered with his trousers, the sheriff said.

Sheriff Winslow said Glover was the only prisoner whipped. He blamed two prisoners who were in the corridor for getting the liquor.

Free Spenders Refusing To Vote For More Taxes

Therein Lies Explanation of the Present Jam on Taxing Bill in Legislature; Number of Senators Care Little for Balancing State Budget

Daily Dispatch Bureau, In the Sir Walter Hotel, BY C. A. PAUL, Raleigh, April 17.—The prime reason behind the present jam on the taxing bill for the next biennium is that the free-spenders are refusing to vote for increased tax levies. They refuse to trim appropriations, but refuse to vote for new taxes to meet the increased appropriations. As a result the revenue bill for the next biennium is \$5,000,000 short of matching the total appropriation bill which con-

templates the spending of \$65,000,000. There is, for example, Senator Johnson, of Duplin, who holds out for the exemption of staple foods from the retail sales tax levy, but who, at the same time, voted against the tax on domestic stock dividends which would not have taxed such dividends unless they amounted to enough to be treated as normal income above the income tax exemptions. Elimination of this tax reduced expected revenue re-
