## Revenue Bill Passes Senate On Second Reading

### Money Bill Still Short 2 Millions Of Funds Needed

Vote Is 26 to 8, Including Pairs, As Action Is Taken Without Any Discussion

SALES TAX VOTED WITH EXEMPTIONS

Amendments Hinted In Advance Fail To Materialize; Measure To Come Before Senate Tuesday on Third And Final Reading; Fight May Develop There

Raleigh, April 20.—(AP)—Without discussion, the Senate today passed the biennial revenue bill on second reading.

The vote was 26 to 8 including pairs and Senator Corey, of Pitt., voting present.

Voting against the bill were Senators Allbrook, Folger, Griffin of Franklin, Morgan, Gibbs of Yancey, Blanton, Swarringer and Williams.

The revenue bill was still estimated to be \$2,456,000 out of balance with the proposed appropriations measure passed by the House and waiting Senate action, revenue officials said. It contained re-enactment of the three percent general sales tax with meat, flour, lard, white salt, fatback and milk exempted. Milk sold by producers was already exempted, as are all farm products sold by the grower direct, but the Senate voted in an exemption for milk sold by stores and other retailers.

Senator Johnson, of Duplin, did not offer any amendments. He had said he might offer some form of kilowatt hour tax or production levy.

The tax bill will come up for third reading consideration at a session starting at 2 o'clock Tuesday afternoon. Whether another fight would be made which might move the measure back to first reading again was uncertain.

Senators voted to take an Easter Monday holiday with a night session Monday to be devoted entirely to local bills.

The House also is taking a week-end rest, having voted yesterday to consider only local bills today and Monday night.

Regular work will be resumed at noon Tuesday.

The House met four minutes today with the prayer the only activity of the session, attended by 19 members.

### ONE MAN KILLED IN CRASH OF A TRUCK

Another Is Unhurt Near Wilson; Both Men Were From Elizabeth City

Wilson, April 20.—(AP)—Morris Brickhouse, 34, of Elizabeth City, died in a hospital here this morning at 4 o'clock, an hour after the truck he was driving crashed into a filling station four miles south of here.

Ralph Parker, also of Elizabeth City, was with Brickhouse. The two were on their way home from Florida and officers said the truck failed to make a curve and struck the filling station at an intersection of highways.

Parker, who was unhurt, said he was asleep, but awoke a moment before the truck struck the building. Both the truck and filling station were damaged. Parker said the truck belonged to a brother of Brickhouse. Brickhouse was unmarried.

The body was taken to Elizabeth City this morning for funeral services.

### Meetings On Cotton Will Be Had Soon

Inquiries Roosevelt Ordered Are Good, But More Is Needed, Connery Says

Washington, April 20.—(AP)—Encouraged by the President's action in appointing a special cabinet committee, to study the cotton manufacturing situation, the congressional textile bloc planned to promote mass meetings in every textile community in the country.

Its members expressed gratification that the President had acted twice in the past week—by ordering a tariff commission investigation of imports of bleached cotton from Japan and by directing Secretaries Hull, Wallace, Roper and Perkins to investigate the entire situation—and insisted that they would press for some immediate action pending completion of these studies.

"These investigations are worth. (Continued on Page Six)

### Talks from Gallows

William DeBoe

The execution of William DeBoe, 23, on the gallows at Smithland, Ky., yesterday was marked by a 45-minute speech from the gallows by him just before the trap was sprung. He shook his fist at the married women for an assault on whom he was hanged and charged that he could have bought off her prosecution with \$500 if he had it. His was the first hanging in Kentucky in many years, other executions being by way of the electric chair.

### ROOSEVELT SOCIAL SECURITY STRIKES SNAGS IN SENATE

Legislative Jam In Upper House Threatens Long Delay to Administration Measure

PASSES HOUSE ON LANDSLIDE TOTAL

Designed Eventually To Raise \$2,783,000,000 In New Taxes for Financial Aid to Aged, Jobless, Children and Mothers Throughout the Nation

Washington, April 20.—(AP)—Swept through the House of Representatives by a lopsided vote, the Roosevelt social security bill ran today into a legislative jam in the Senate which threatens long delay.

New attempts to write sweeping changes in the big bill—which is designed eventually to levy \$2,783,000,000 or more in new taxes for financial help to the aged, jobless, children and mothers—also were in prospect.

The 372 to 23 vote which jammed the bill through the House yesterday was made possible by smooth functioning of the overwhelming Democratic machine, and by the "ayes" of many Republicans who had lost their battle to delete the new taxes from the bill.

Off the record, some of these Republicans said they had voted for the whole bill on the final roll call to avoid "political suicide."

Fresh from this victory, which followed almost three months of dispute the bill went to the Senate Finance Committee, already tied up in controversy over the cash bonus and NRA.

### Easter Lull Has Settled On Congress

Committees To Work However, During Week-End Holidays To Speed Bills

Washington, April 20 (AP)—An Easter lull settled over Congress today, but in the background were stirrings of important tests to come before the NRA, bonus and social security and other issues are settled.

The senate and House were in recess with many members leaving the city for tomorrow's religious observance.

However, the Senate Finance Committee put in a day on legislation extending NRA's life for two years, with prospect that it would be ten days or two weeks before the committee report is out.

### DUN & BRADSTREET MODIFIES OPTIMISM

Some Basis for Business Boom Forecast, But It Was Over-Statid

By CHARLES P. STEWART  
Washington, April 20.—Dun & Bradstreet's recent assurance that American business is just entering upon an era of its greatest activity in 25 years is the subject of a deal of comment in Washington. It is comment which probably is of quite a different sort from comment throughout the remainder of the country, for it is political rather than commercial.

The capital is a peculiar spot on the map, in that it initiates national policies, but, having done so, has to wait to see how they will work elsewhere. Its local reactions to these policies

IT WAS A MISTAKE  
Dun and Bradstreet announces, through its president, concerning the prophecy about which Stewart writes:

"No significant information justifies the inadvertent and unauthorized departure from our policy of not making predictions as to the future business trend which was evidenced in our weekly review of business, released under date of April 12."

### PENAL REFORM IS MOVING UP SLOWLY

Be It Ever So Slight, Step Forward Is at Last Actually Made

By LESLIE EICHEL  
Central Press Staff Writer  
New York, April 20.—A step forward, ever so slight, has been made in penal reform. It has been brought on by the prisoners themselves in what once was one of the worst prisons in America.

Prisoners in the Ohio state penitentiary, in Columbus, struck in opposition to the state's parole policy.

A few months ago there would have been terrible punishments meted out to the prisoners. Today, representatives of the men are permitted to state their cause. The prison management has changed.

Said the representatives of the pri-

### Hauptman Appeal To U. S. Court

Blairstown, N. J., April 20.—(AP)—Egbert Rosecrans, one of counsel for Bruno Richard Hauptmann, announced today that Hauptmann case would be taken to the United States Supreme Court, if necessary.

Rosecrans filed with the prosecution 143 assignments of error as the opening step in the appeal to the highest New Jersey court from the conviction and death sentence of the Fleming trial court.

Setting fourth in blount terms formal condemnation of the court, the prosecution, the presence of Colonel Charles A. Lindbergh at the trial and the press and the "circus maximum" of the action in general, which ended in conviction and death sentence for his client, Rosecrans listed other reasons why the case should be admitted to the United States Supreme Court.

Hauptmann is now in the Trenton State prison death house.

Biggest Annual Recruiting of Fliers Ever Held in the World Is Announced At Rome; King Carol of Rumania Urges Pushing Forward of Armaments

(By the Associated Press.)  
A short, curt note to the powers of Europe flatly rejecting the League of Nations Council's condemnation of German re-armament was Reichsfuehrer Hitler's birthday gift to himself and the world today.

First made public at Rome, the note as sent through German ambassadors and ministers to all nations participating in the Geneva deliberations. It characterized those deliberations as a "new discrimination" against the Reich.

The text of the note follows: "The German government contests to the governments which in the Council of the League of Nations took in the deliberations of April 17 this right of making themselves judge over Germany. The government sees in the deliberations of the Council of the League an attempt at new discriminations against Germany, and, therefore rejects it in the most resolute manner."

"The government reserves the right to make known soon her position on different questions touched upon in the deliberations."

Official and diplomat circles in Rome exhibited no surprise that the anxiously awaited note constituted a rejection of the League Council's ac-

An investigation of the tragedy disclosed that Price and a companion left the camp to visit a farmer early Thursday night. The woods became ignited from a cigarette and Price was burned to death before help could reach him.
