Make Their Final Appear-
ance; Legion and Auxiliary
Are Sponsors

The fourth annual Henderson Merchants Exposition, Automobile Show and Circus will open next Monday evening at the High Price Warehouse and will run nightly through the entire week. It is sponsored by the Henderson Post, No. 80 of the American Legion, and the Legion Auxiliary.

D. C. Loughlin, business manager of the exposition, said today that he anticipated the largest attendance and the most successful exposition Henderson has ever put on. He has been connected in one capacity or another with all that have been operated here. There was a lapse of several years during the worst period of the depression, but it was felt that conditions warranted the resumption of the annual event again this year, and cooperation that has been given so far and

50 Measures Passed On In Senate Vote

Page Prohibition Bill
Passed by House
Sent to Senate Cal-
endar Committee

Raleigh, May 4 (AP)—In a three-hour regular session today, the Senate passed or killed more than 50 bills as it worked to clear the calendar and pave the way for sine die adjournment next week.

The upper branch will not resume work until 2 o'clock Monday afternoon when a hearing before Judiciary Committee No. 1 is slated for 5 o'clock this afternoon to consider proposed measures relating to tax foreclosures.

The Page prohibition bill, which was passed yesterday by the House, was given to the Senate Calendar Committee, and a report on the act is expected Monday. It would tighten the State's present dry laws by setting

TRAIN KILLS WOMAN AT KING'S MOUNTAIN

Gastonia, May 4.—(AP)—Lessie Barnett, 20-year-old daughter of Mr. and Mrs. R. M. Barnett, of the Cora Mill Village in Kings Mountain, was instantly killed about 4 a. m. today when a Southern freight train struck her as she was sitting on the side track near Bessemer City.

Textile Industry Is In Terrible Condition Now

Processing Tax Straw to Break Camel's Back, Babson Says, Adding That World Markets Will Forever Be Lost If Present Government Policy Continues

BY ROGER W. BABSON,
Copyright 1935, Publishers
Financial Bureau.

Babson Park, Mass., May 3.—I was surprised to find on my return home how discouraged people are in New England at the present time. This section is a hot-bed of indignation against the New Deal cotton program. One old Yankee mill after another has been forced to close its doors, throwing thousands of workers onto public relief. At the same time, big growers and shippers in the South are alarmed by the fifty per cent drop in American cotton exports since a year ago. So the cotton program is caught between the crossfire of the mills and the growers.

Textile Industry in Terrible Condition
Mill operators are blaming their current trouble on the cotton process-

Mount Ararat May Become a Volcano

Istanbul, Turkey, May 4.—(AP)—Mount Ararat, traditional resting place of Noah's ark, was reported today to be showing volcanic activity following violent earthquakes which did widespread damage in Turkey.

Fresh anxiety spread to the quake area upon receipt of the reports. Three days of quakes and tremors brought the estimated killed and injured to 2,000, with 1,600 houses destroyed.

The activity on Ararat was said to have begun since the first major shock in the Kars region, near the Turco-Russian border.

The mountain, which towers to a height of 17,000 feet, is perpetually covered by snow.

LEGISLATORS PLAN FINAL ADJOURNMENT END OF NEXT WEEK

Liquor, Prohibition, Taxing
and Spending Vied for
Spotlight During
Past Week

DRY ENFORCEMENT FORCE IS PLANNED

Salaries Increased for Many
State Officials, and Elec-
tric Chair Is Abolished Af-
ter July 1 for Lethal Gas
Chamber as Mode of Exe-
cutions

Raleigh, May 4.—(AP)—Liquor, prohibition, taxing and spending vied for the legislative spotlight this week as the General Assembly made rapid strides toward early sine die adjournment.

With biennial supply and spending measures enacted into law, the liquor issue dead as a door-mat and a move, ment for stringent enforcement of the Turlington Act in full swing, makers in general are preparing to say good-bye to the Capital City not later than Friday of next week.

Already passed by the House, the school machinery act, one of the few remaining outstanding roll call bills, is expected to be finally adopted by the Senate early next week.

A committee substitute for the school book rental bill, considered by many one of the most important pieces of legislation of the session, was adopted Friday by the lower di-

TWO ESCAPEES AT CAMP RE-CAPTURED

Raleigh, May 4.—(AP)—Two prisoners who escaped from a Duplin county road camp yesterday were recaptured last night near Wallace by a group of officers headed by L. G. Whitley, assistant superintendent of the State penal division, he reported today.

The prisoners were Bill Hunt and John Joyce. One of them was slightly wounded as guards shot at them ran.

Labor Head Denies He Will Order General Auto Strike

STRIKERS' LAWYER
AT CINCINNATI HAD
QUOTED MR. GREEN

Conferences Toward Set-
tlement of Controversy
Making Progress,
It Is Thought

NEARLY SCORE OF PLANTS ARE IDLE

30,000 Workers Affected in
Chevrolet and Fisher Body
Plants Over Country; At-
torney Quoted Green As
Warning Early Settlement
Must Come

Washington, May 4.—(AP)—William Green, president of the American Federation of Labor, denied today that he had told Nicholas Klein, Cincinnati lawyer, "or any one else," that he would call a strike of federation units of the automobile industry unless there was a speedy settlement of the Chevrolet walk-out.

STRIKERS' ATTORNEY IN CINCINNATI TOLD TALE

Cincinnati, May 4.—(AP)—Counsel for striking Chevrolet Motor Company and Fisher Body Company workers here said today that William Green, president of the American Federation of Labor, is considering a general strike in the automobile industry unless present labor disputes with the General Motors Corporation are quickly settled.

Nicholas Kline, Cincinnati attorney, acting as general counsel for the striking General Motors workers here, made the statement.

"Unless," he quoted the labor leader as saying, "there is an early settlement, there is a possibility of calling

Worth Proctor, of Raleigh, Gangster, Escapes Caledonia

Raleigh, May 4.—(AP)—Worth Proctor, former gang leader in this section, escaped from the Caledonia State Prison farm in Halifax county late yesterday and was still free today after being hunted all night and this morning by a posse with bloodhounds.

Jack Roach, head of the State penal division, said Proctor escaped under a hail of gunfire by "picking his time" and "breaking from a gang on the way back to quarters after the day's work."

Roach knew no other details. Proctor faced 19 years in prison for burglary, breaking and entering and other offenses. He was convicted in Wake county last year.

Goldsboro Strike At Standstill

Goldsboro, May 4.—(AP)—Each side apparently awaited the other's move today as the strike of 400 employees of the Atlas Plywood Corporation's two plants here entered its fourth day.

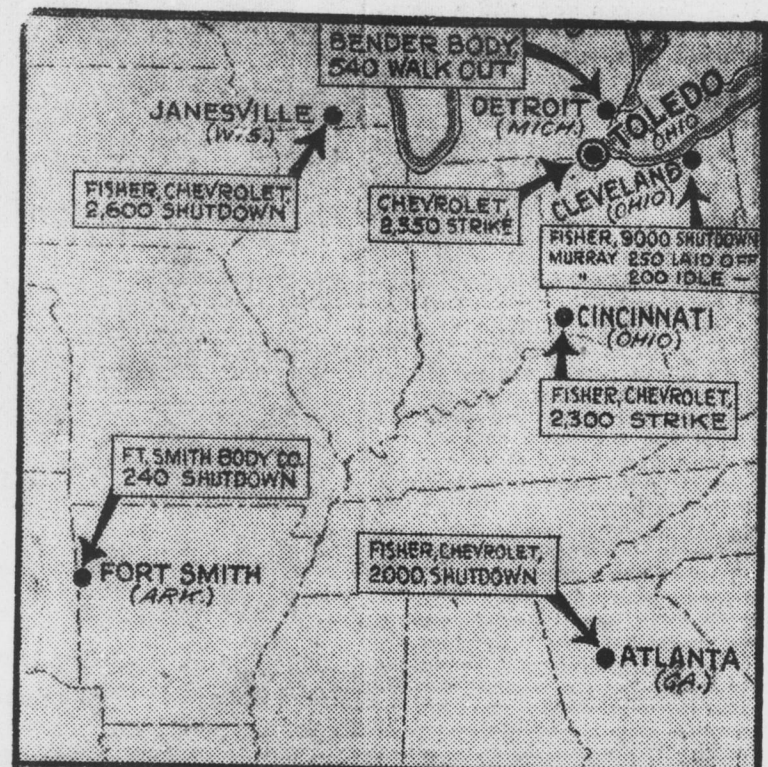

A strike committee conferred yesterday with local plant officials, but no agreement was reached. Officials indicated they were awaiting orders from the company's general offices in Boston, Mass., before taking action.

At a meeting last night plans were made to take a collection in all the Negro churches here tomorrow for strike relief funds. Five white workers present at the meeting were also asked to seek contributions in their churches.

WEATHER

FOR NORTH CAROLINA.
Mostly cloudy and cooler (to-
night and Sunday; probably rain
Sunday in west portion.

AUTO STRIKES, SHUTDOWNS SHOWN

William E. Knudsen, Edward C. McGrady, Francis J. Dillon

Scope of strikes and shutdowns in General Motors and allied plants is indicated on the map. With nearly 25,000 men idle, Edward F. McGrady, William Knudsen is executive vice assistant secretary of labor, came from Washington to Detroit to confer with A. F. of L. Organizer Francis J. Dillon, who called the move a "showdown" with General Motors.

House Puts Senate On Spot With Enforcement Measure

It Voted Against Liquor and Now House Tells Senate To
Help Provide for Prohibition Enforcement; Bill for
200 Deputies Loaded With Dynamite

Daily Dispatch Bureau,
In the St. Walter Hotel,
BY J. C. BASKERVILL.

Raleigh, May 4.—The Senate today received the answer of the House to its action in killing the Day liquor control bill, when the Page prohibition enforcement bill, passed Friday by the House by a vote of 52 to 21, came over to the upper house. The main provisions of this bill are that it sets up a force of more than 200 State prohibition enforcement officers whose sole duty shall be the enforcement of the bone-dry Turlington Act. To be

paid from a fund derived by adding \$50 to the costs in every case where a conviction is obtained. If this fund is not sufficient to pay the salaries of the more than 200 dry law enforcement officers, the cost shall be borne jointly by the counties and the State.

It is agreed that a good many of the House members who voted for the bill did so largely in order to put the wet drinking, dry-voting members of the Senate "on the spot" because they voted against the Day liquor control

STATE STRIKES OUT TO GET OLD TAXES

Goes After Arrears on 15
Percent Ad Valorem Levy
From Counties

In the St. Walter Hotel,
Daily Dispatch Bureau,
BY J. C. BASKERVILL.

Raleigh, May 4.—Passing the bill which is designed to facilitate the collection of back taxes due the State under the now-abolished .25 cent ad valorem property levy, the Senate took a \$500,000 step toward providing sufficient revenue to carry out the terms of the biennial appropriations bill it had approved only the day before.

The bill, offered by Senate Finance Chairman Harris Newman, would permit counties to take a maximum ten per cent discount if such taxes are remitted to the State treasury before next November 1, seven per cent if paid before December 1, and six per cent if paid before January 1. The discounts would be allowed on

\$19,959,083 PAID FARMERS IN STATE

\$242,021 Comes to Vance In
Rental and Benefit
Disbursements

College Station, Raleigh, May 4.—Rental and benefit payments to North Carolina farmers cooperating with the agricultural adjustment programs had reached a total of \$19,959,083.79 by March 31.

This sum includes all the payments distributed to signers of cotton, tobacco, wheat, and corn-hog contracts since the adjustment programs were started in 1933.

However, Dean I. O. Schaub, of State College, who announced the amount of the payments, pointed out that these payments do not measure the total increase in farm income as a result of the adjustment programs. The tobacco growers had received the greatest amount up to March 31, a total of \$11,090,812.41. Cotton growers came next with \$8,274,809.52.

GROUNDWELL FOR INFLATION PAYMENT GROWS IN SENATE

Surging Drive for Immedi-
ate Cash Payment in Full
Startled Senate
Friday

ROOSEVELT HITS AT BUSINESS MEN

Says He Does Not Think
Chamber of Commerce
Represents Nation's Busi-
ness Men, Who He Thinks
Approve His Policies; De-
bate Banking Bill

Washington, May 4.—(AP)—The Senate got a day off today as Roosevelt leaders of that chamber strove desperately to reform shattered lines to turn back a surging drive for immediate cash payment of the soldiers' bonus in full.

It looked to many legislators as though either the Patman or Vinson plan—providing for such payment—might be passed. In that event, Chairman Harrison, Democrat, Mississippi, of the Senate Finance Committee, warned that President Roosevelt would exercise a veto.

The House has already passed the Patman bill, which, unlike the Vinson bill, would provide for issuance of new currency to pay the bonus.

The leaders hastily adjourned the Senate yesterday when formidable strength lined up behind the Vinson bill. Senator Harrison's compromise providing for immediate payment of smaller sums to veterans, seemed headed for defeat. Harrison warned that of the three bills only his could obtain the approval of the President.

The House was kept on the job today struggling onward with the controversial banking bill, which, among other things, would increase the

Giant Bomber of Germans Arrives At Paris Airport

LeBourget, France, May 4.—(AP)—The airport played host today for the first time to what French aviation men described as a German bombing plane.

The Lufthansa passenger plane from Berlin arrived today at LeBourget in the record time of three hours and 52 minutes, averaging 285 kilometers an hour, and at times going over 300 kilometers an hour.

The plane carried seven passengers.

Auto Sales In State At High Level

Raleigh, May 4.—(AP)—Sales of new automobiles in North Carolina in April showed a substantial increase over March and also over sales in April, 1934, the motor vehicle bureau reported today.

There were 6,492 new cars and 1,256 new trucks sold last month, compared with 4,002 cars and 818 trucks in March, and 4,922 cars and 1,153 trucks in April, 1934.

Philippine Trouble Is Not Ended

Manila, P. I., May 4.—(AP)—Raging bands of Sakdalists killed a truck driver and wounded two laborers near the Ipo gold mine in an area province today, indicating their rebellion, which claimed 60 lives was still simmering.

A constabulary detachment was dispatched from Manila about the same time to investigate a report of several hundred of the extremists had entrenched themselves in a hill top in the same province.

BREMER KIDNAPER IS UNDER ARREST

Harry Sawyer Taken On
Mississippi Coast and
Held for St. Paul

New Orleans, La., May 4.—(AP)—Harry Sawyer, alias "C. Lyon," indicted in St. Paul, Minn., in connection with the kidnaping of Edward G. Bremer, was arrested last night by Department of Justice agents on the Mississippi coast, and was brought to New Orleans to await removal to Minnesota.

Officers had been shadowing Sawyer for several days and he made no resistance when arrested.

Sawyer had been residing at Long Beach, Miss., with his wife. After the arrest of Sawyer officers went to Long Beach and escorted Mrs. Sawyer to New Orleans, but it was said no charges would be filed against her.

A formal complaint was to be filed here against Sawyer later in the day, and then it was to be determined when he would be removed to St. Paul.

Vatican And Japan Agree On Relations

Each To Have Em-
bassy as Catholics
and Oriental Faith
Reach Accord

Vatican City, May 4.—(AP)—For the first time in history the Holy See and Japan are to enter mutually diplomatic relations, the prelate reported today.

They sped the establishment of a nuncio in Tokyo to replace the present apostolic delegate and the establishment of a Japanese Embassy or legation in the Holy See is imminent.

In high Vatican circles it was said the understanding between the land of the rising sun, with its mystic Oriental religion, and this center of the Roman Catholic world followed lengthy negotiations between them.

The negotiations came to a head recently, the sources said, and a formal announcement concerning the foundation of mutual diplomatic relations would be forthcoming in "due time."
