U. S. SENATOR CUTTING KILLED IN PLANE FALL

Curtain Will Rise Tonight Upon Week Of Big Exposition

Decorations Are Completed and Exhibits Are In Place For the Initial Opening

LARGE CROWDS FOR WEEK ANTICIPATED

Warehouse Is Scene Of Beauty With Myriads Of Lights and Maze of Festooning; Circus Performance Starts Early With Program of Entertainment

With all decorations up and all exhibits and booths in place, and the circus ready to perform, the curtain will rise tonight on the fourth Henderson Automobile Show, Merchants Exposition and Circus, to be held nightly all this week in the High Price Warehouse on East Montgomery street. A tremendous opening night crowd is looked for.

D. C. Loughlin, manager of the exposition, said today that he anticipated an record attendance and the best show of the kind Henderson ever had put on. The event is sponsored by the Henderson post of the American Legion and the Legion Auxiliary.

Many owners of booths worked for a time Sunday and early Sunday evening getting ready. The warehouse all day today was a beehive of activity, however, in last-minute preparations for the show. Late in the afternoon the floors were swept clean and every thing was in readiness for the formal opening of the doors in the early evening.

Fifty booths have been taken by local business people and some of them have very novel and attractive exhibits. The automobile displays compare favorably with those seen anywhere in the country in shows of the size and kind, it is said.

Expense has not been spared in an effort to present an attraction in every sense of the word worthy of the community it represents.

The circus will start early with a program of entertainment declared to exceed anything yet staged here. There will be numerous attractions and some things that have never before been seen here.

Season ticket sales are understood to have been heavy, and indications are for a great exhibit and entertainment.

Ask Sales Tax In Illinois Relief

Chicago, May 6.—(AP)—Illinois officials strove desperately today to end the stalemate over relief funds as hundreds of thousands faced the prospect of going to bed hungry.

Governor Henry Horner expressed confidence that enough opponents to the sales tax increase plan for raising the State's share of the relief burden would be compelled to hinge sides to carry through the emergency measure tomorrow.

Jury Picked In Suit On Textile Man

Brandon Smith Asking \$250,000 For Alienation of Wife's Affections

Charlotte, May 6.—(AP)—Selection of jury was completed about noon today in the suit of F. Brandon Smith against Joseph Cannon, wealthy Concord man, for the alleged alienation of his wife's affections, and Superior Court Judge William F. Harding called a recess until 2:30 to study certain points of law.

Smith was expected to take the stand this afternoon. He alleges that his former father-in-law influenced his wife to obtain an divorce from him.

Hawks Flies 7,725 Miles In 48 Hours

Los Angeles, Cal., May 6.—(AP)—Frank Hawks, speed flier, rested here today after completing a 7,725-mile flight from Buenos Ayres, Argentine, to Los Angeles, in 48 hours and five minutes of flying.

Hawks, who was accompanied by Gage Irving, an airplane firm official, said the purpose of the flight was to gather data on air routes between South and North America.

Although more interested "in getting some sleep," than talking, Hawks told how his motor "froze" during a terrific storm the two encountered after leaving Cristobal. He described it as the "worst storm" in his experience.

HOTEL ROOM TAX TO PRODUCE FIREWORKS

School Machinery Act Also Up for Approval in Senate, Together With \$500,000 Bond Issue for Insane Hospitals; Lower Auto Licenses May Fail.

Raleigh, May 6.—Many bills face the General Assembly as it reconvenes tonight for what it hopes to be the last Monday the 1935 legislature will be in Session. Since adjournment is expected any time after Wednesday.

Chief interest centers in two bills offered and passed last week by the House. The first is the bill by Representative Page, of Bladen, to enforce the Turlington act by providing the State with a dry army of at least 200 non-drinking men. The bill is now in the hands of the Senate Calendar Committee. It passed the House by a vote of 57-21 after leading House dries had tried to defeat it. The second bill would impose the three per cent retail sales tax on the rental of hotel rooms and levy a graduated annual tax on such rooms, based on rental charges. Sponsored by six House liberals who voted for the Day liquor control bill it passed the House by a vote of 52-21, including pairs. It is significant that the votes on the two measures were almost identical. The hotel tax bill appears on the

Congressman Held On Drunk Charges At Capital City

Washington, May 6 (AP)—Representative Raymond J. Cannon, Democrat, of Wisconsin, protested today to the superintendent of Capitol police at having been held incommunicado for three hours in a police cell early today after having been booked with a companion on charges of drunkenness and disorderly conduct.

The Milwaukee congressman and his companion, John W. McKenna, were driven to the first precinct station by a taxicab driver, who filed the charges against them there, claiming that Cannon "got tough" with him after a trip to a suburban night club and refused to pay his fare.

This was denied by Cannon in a statement to newsmen.

Both men forfeited collateral of \$15 each this morning when they failed to appear at the police station for a hearing on the charges.

Merry Month of May Comes to Minnesota

With a blizzard that disrupted communications, halted air service and piled up white perils on the highways, May came to Minnesota this year with a wintry blast. Farmers, especially in the drouth-stricken western areas hailed the snow as helpful to crops.

Railroad Retirement Act Is Held Unconstitutional

Washington, May 6.—(AP)—The entire railroad retirement act, affecting more than 1,000,000 employees, today was held unconstitutional by the Supreme Court.

The decision was five to four. Chief Justice Hughes wrote a dissenting opinion in which Justices Brandies, Stone and Cardozo joined.

The decision as read by Justice Roberts, it upheld a lower court ruling which declared the act invalid.

The court's ruling was directed especially at the act which made it apply to all employees of interstate carriers, including employees not directly engaged in interstate commerce.

Justice Roberts, in delivering the opinion, stated the invalid features of

the act could not be separated, and it was necessary to declare the whole act invalid.

He said the law was not a regulation of interstate commerce and was invalid also for that reason.

The opinion also specifically mentioned sections of the law under which retirement annuities were to be computed in part by including the time spent in he service by the present employees prior to the enactment of the statute and by which former employees who withdrew from the service in one year prior to its engagement were included among those entitled to the law's benefits.

The District of Columbia Supreme Court, to which carriers took their

objections to the law, also held the act invalid.

Justice Roberts declared principal features of the act were designed to promote the social security of certain classes of employees and not to regulate interstate commerce.

In signing the measure last June 30, President Roosevelt said it was "crude ly drawn and will require many changes and amendments at the next session of Congress."

Action has been deferred pending a decision by the high court.

The Supreme Court adjourned today until next Monday without passing on the constitutionality of the Fraier-Lemke farm mortgage moratorium act.

TEXTBOOKS RENTAL BILL EMASCULATED

Vital Portions of Cherry Measure Yield to Pressure From the Lobby.

Original Bill Provided for Only One To Do Entire Job; State Superintendent Still Holds Chief Power

Daily Dispatch Bureau, In the Sir Walter Hotel, By J. C. BASKERVILL

Raleigh, May 6.—The rental textbook bill finally introduced in the House, and which will come up for third reading tonight, is only a shell of the original bill as introduced by Representative Gregg Cherry of Gaston. Con Johnston of Iredell, Hatcher of Burke, Bowie of Ashe and others, due to the fact that the powerful textbook lobby succeeded in removing some of the most vital sections of the original bill, it is generally agreed here today. For months the representatives of the big textbook publishing companies have been con-

19 Negroes Injured In Truck Fall

Fayetteville, May 6 (AP)—Nineteen Negro berry pickers, ranging in age from 9 to 64, were injured early this morning when a truck turned over on a bridge on the outskirts of Fayetteville.

Only one, Irene Williams, 29, of Dunn, was hurt badly enough to be kept in a local hospital, where all were treated. She suffered a broken collar bone. Two

Auto Tag Reduction In Danger

Daily Dispatch Bureau, In the Sir Walter Hotel, By C. A. PAUL

Raleigh, May 6.—Car owners may have to pay during the next two years exactly the same license fees they are now paying for their license plates. If they do they can thank the proponents of drastic price reduction.

Thus far the joint House-Senate Conference Committee has been totally unable to reach any agreement on the license plate reduction bill as passed by the Senate and drastically amended in the lower house. Advocates of greatly reduced license tags and those house members who want to reduce

Congress Is Slowed Down By Tragedy

Little Work Is Done After News of Death of Senator Cutting In Airplane

Washington, April 6 (AP)—Word of the death of Senator Bronson Cutting, of New Mexico, in a Missouri airplane crash, slowed congressional proceedings today.

Scheduled Senate show-downs on the soldiers bonus question were postponed. The House met briefly to consider minor legislation only, leaving the Supreme Court the only source of major activity.

Still busy with organization work, those in charge of the \$400,000,000 work relief set-up had little or no new information for State authorities here to share in the program.

Senators reported a flood of telegrams in support of the Federal bonus measure.

Governor Eugene Tamm, of Georgia, "New Deal" critic, arrived in the capital and immediately attacked the "NIRA" party, the administration crowd.

Angry Crowd Pounces Upon Communist Who Unfurls Red Flag as Royal Procession Passes Enroute To St. Paul's Cathedral for Devout Religious Event

London, May 6.—(AP)—While millions of loyal subjects throughout the British Empire celebrated his silver jubilee in mignled carnival and solemnity, King George V knelt in prayers of thanksgivings today for completion of 25 years on the throne.

Both the king and Queen Mary were plainly thrilled by the nation's fervent outpouring of love and devotion as they entered St. Paul's Cathedral to worship amid scenes of medieval pagentry.

Outside the ancient edifice, cheering thousands, many of whom had stood all night for the opportunity to pay tribute to their sovereigns, came the route of the royal procession from Buckingham Palace to St. Paul's.

A single untoward incident marred the triumphal march. Midway a communist banner was unfurled at Ludgate Circus at the moment when King George was being driven past the spot The temper of the crowd became

Prominent Youth Of High Point Is Killed In Wreck

Graham, May 6. (AP)—William Brooks (Billy) Mills, 18, son of Mr. and Mrs. J. E. Mills, of High Point, was killed and Paul M. Mickey, of Winston-Salem, injured, when the car in which they were riding collided with a car driven by Walter Woods, before midnight last night.

Mills and Mickey, Students at the University of North Carolina, were on their way back to the university after a week-end holiday. They were riding with Fred H. Bahnsen, of Winston-Salem, a senior at the university.

At an intersection in the center of town, Wood's car came out of a side street, wrecking Bahnsen's car and turning it over.
