Wine And Liquor Bills Occupy Most Of Time Of General Assembly

MANUFACTURE AND SALE LIGHT WINE ADOPTED INTO LAW

Measure Permits Only Such Beverage As May Be Made From Natural Fruit Juices

NEW HANOVER MAY GET REAL LIQUOR

Exemption from Turlington Act Near Passage In Senate, With Similar Measure On Way From Pasquotank; Reduction in Auto Licenses Seems Sure

Raleigh, May 9 (AP)—Wine and liquor were paramount in minds of the legislators here today as the House and Senate worked rapidly toward sine die adjournment, expected the end of the week.

Both branches of the Assembly gave approval to Senator Coburn's bill to permit the manufacture and sale in North Carolina of light wines made from natural fruit juices. It will become law upon ratification, probably tomorrow. The measure sets no limit on alcoholic content, but the fermentation must be natural action of fruit juices.

The Senate vote on the measure was 28 to 13, and the House then approved it with a second reading test vote, showing 45 for the bill and 33 against. Both branches gave loud favorable oral votes on third reading.

The Senate became involved in lengthy debate over the Cooper measure passed by the House to exempt New Hanover county from provisions of the Turlington act, the State's bone dry law, but approved on second reading a substitute bill by Senator New

Coroner Jury In Plane Crash Asks Federal Inquiry

Mecon, Mo., May 9 (AP)—The extended inquiry into the crash of a TWA airplane today brought demand from the body that the Department of Commerce make a "full and complete investigation of the probable technical causes" of the accident which resulted in five deaths.

While the Federal agency made plans to open its inquiry, physicians abandoned hope for the life of Paul Wing, Hollywood, one of the eight survivors. Wing, the father of Toby Wing, the actress, suffered severe chest injuries when the fog-bound "Sky Chief" crashed near here Monday morning. All the others were reported improving.

The jury, after questioning 20 witnesses, found that "the pilot was flying said plane too close to the ground without turning on the landing lights with which said plane was equipped."

Application Blanks Are Now Ready

Work To Get Going Under Huge Relief Measure Without Much More Delay

Washington, May 9 (AP)—State and municipal officials who have been trying for several weeks to start proposed projects through the government work relief bill were promised an opportunity to do so today.

Officials predicted that formal application blanks would be available before nightfall at the offices of the National Emergency Council. Later, they said they will be obtainable from members of Congress and State directors of the emergency council.

It was predicted in official circles that issuance of these forms will touch off a \$40,000,000 stream of applications. That would be ten times the amount appropriated for work-relief.

President Plans For Veto Action

Washington, May 9 (AP)—President Roosevelt today called in Secretary Morgenthau and Veterans Administrator Frank T. Hines to go over the Patman immediate cash payment bonus bill preparatory to a veto if the legislation is sent to him in its present form.

Whether any substitute would be recommended remained uncertain.

BELIEVE BUSINESS IS GETTING BETTER

Fault - Finding of Chamber Delegates Is Interpreted That Way

By CHARLES P. STEWART, Central Press Staff Writer
Washington, May 9.—Increasing querulousness in an invalid is taken as a favorable symptom. Doctors and experienced nurses recognize that the sicker a patient gets the meeker he becomes, and it alarms them. When he begins to snap and snarl, they welcome his fault-finding, as an almost unfailing sign that he is better.

STATE OFFICIALS AFTER INCREASES

Climb On Salary-Raising Special While Legislature Is in Notion

Raleigh, May 9.—Most of the elected and some of the appointed State officials have already climbed aboard the salary-raising gravy train which this General Assembly has turned out to be and managed to get through bills increasing their salaries while the assembly was still in the notion. Only two of these bills now remain to be passed, the one increasing the

Legislature Liberal In Spendings

Only Reason It Hasn't Spent More Is Because It Could Not Find It.

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE
Raleigh, May 9.—The 1935 General Assembly has been one of the most liberal hearted and liberal minded assemblies since the 1925 assembly, and would have appropriated much more for the public schools, the other State educational institutions and all other State departments and charitable institutions if it could have found any more revenue, according to most observers here. As it is, this assembly has appropriated more money for general State purposes than has ever been appropriated before in the history of the State.

When this legislature adjourns, probably the latter part of this week, it will have appropriated for the next two years for all purposes a total of at least \$115,000,000, including general fund, highway fund and all other objects, including bond issues for permanent improvements. This means that this legislature has appropriated an average of \$57,500,000 a year for the next two years—provided the income from the revenue bill and from the various highway taxes yield this much.

Of this total \$115,000,000 for the next two years appropriated by this General Assembly, \$64,500,000 is from the general fund, and of this amount approximately \$41,000,000 is for the support of the public schools. This amount is to be divided up as follows: \$20,031,000 the first year and \$20,900,000 the second year. This is approximately \$4,550,000 a year more for the public schools than was provided for them by the 1933 general assembly, or a total of \$9,000,000 more.

GORMAN REQUESTS GOVERNMENT'S AID TO TEXTILE MILLS

But Union Organizer and Official Says Industry Is Responsible For Its Troubles

FOREIGN TRADE TO BE FULLY CHECKED

Roper Says Present Policy Of Government Appears Sound; Gorman Says Mills Left East To Exploit Labor In South; Says Mills Showed Profits For While

Washington, May 9.—(AP)—Placing responsibility for present conditions in the cotton textile industry squarely upon the employers, Francis J. Gorman, organization director of the United Textile Workers, suggested to a cabinet committee today that the government give temporary relief to the mills.

Meanwhile, Secretary Roper, chairman of the cabinet group, which is considering the demand of manufacturers that the processing tax be removed and Japanese imports restricted, announced that international trade would be watched closely.

"The proper appraisal of our international credit system," he said, "leads to the inference that the present foreign trade policy of the government is sound, that every effort should be made for the further promotion of reciprocal trade treaties of the type now being negotiated by the State Department."

Gorman declared that conditions in the cotton textile industry were traceable to distorted and destructive merchandising policies.

"Mills left the East to exploit labor in the South," he said. "Finding no resistance in their attacks on wages, they went into the market and practiced the most vicious cut-throat competitive methods. When they destroyed the wage structure in the industry, they automatically destroyed their

Hamilton, Palmer Lose Last Appeal, Must Die Tonight

Austin, Texas, May 9.—(AP)—Governor James V. Alford refused today to interfere with the execution of Raymond Hamilton and Joe Palmer. A few minutes previously the court of criminal appeals had refused to admit a petition for a writ of habeas corpus on behalf of Hamilton, south-west desperado and one-time aide of Clyde Barrow, slain by officers last May.

Both are scheduled to be electrocuted shortly after midnight tonight. The judges ruled the writ presented by Miss Camille Openshaw, Houston attorney, as insufficient.

"There isn't anything I can do now," said the woman attorney.

Divorced Husband of Textile Heiress Seeks \$250,000 From Former Father-in-Law for Alleged Alienation of Wife's Affections After Their Marriage

Charlotte, May 9.—(AP)—Evidence was completed today in F. Brandon Smith's \$250,000 alienation of affections suit against Joseph F. Cannon, Concord millionaire, with introduction of further bizarre details of the Charlotte real estate operator's 20 months marriage with Cannon's daughter.

Judge W. F. Harding limited argument for each side to two hours, and told the attorneys that if they consumed all the allotted time he would not attempt to charge the jury until tomorrow.

Charlotte, May 9.—(AP)—Anne Cannon Reynolds Smith today was quoted in her former husband's \$250,000 alienation of affections suit against her father, Joseph F. Cannon, as asking a friend 15 minutes before her marriage, "Why am I doing this?"

The witness quoting the textile fortune heiress as asking this strange question shortly before her marriage to F. Brandon Smith, Jr., Charlotte real estate broker, was Mrs. E. A. Misenheimer, wife of a Concord physician.

Patman Bill Advocates Decide To Send Inflationary Measure to the White House

THOMAS MOVES FOR A STRATEGIC TURN

Puts Himself In Position To Change His Mind and Ask Re-consideration, But Has No Idea of Doing That; Clark and Gore Offer Compromise Plan

Washington, May 9 (AP)—While President Roosevelt called in his official advisors today to discuss the bonus situation, Senate supporters of the Patman bill announced there would be no compromise and they would submit the inflationary measure to the President as it passed on Tuesday.

Mr. Roosevelt summoned Secretary Morgenthau and Frank T. Hines, veteran administrator, for a mid-afternoon conference to go over the Patman measure preparatory to a veto. Senators who led the fight for the Patman measure providing for payment of the bonus with \$2,000,000,000 of new currency said they had rejected proposals for a compromise to make the currency issue optional with the president.

This had been proposed by Senator Clark, Democrat, Missouri, and Gore, Democrat, Oklahoma, as a means of getting more votes in an effort to pass the bill over a presidential veto. Patman bill supporters decided, however, to stand on the present measure.

At the same time, Senator Thomas, Democrat, Oklahoma, Senate leader of the Patman bill forces, entered motions that would permit him to change his mind later and ask for reconsideration of the vote. He said he was making the move as a precautionary step only and had no intention at the present time of going through with it.

So. Africa Would Give Colony Up

London, May 9.—(AP)—Authoritative quarters said today the Union of South Africa is ready and willing to have southwest Africa, formerly Germany's, returned to the Reich.

That revelation came as representatives of the dominions and colonies resumed their conversations with members of the British cabinet on questions of Britain's foreign policy. Sir John Simon, foreign secretary, has already given the Empire statesmen full accounts of his recent visit to Berlin, during which Adolf Hitler, among other things, insisted that Germany's right to colonies must be recognized.

Jones Urges Balance For U.S. Budget

Tells State Bankers At Pinehurst Government Should Let Business Alone

Pinehurst, May 9.—(AP) Millard F. Jones, of Rocky Mount, retiring president of the North Carolina Bankers Association, today told the annual meeting here that the government should withdraw from business and balance its budget as soon as possible.

"No one ever spent money out of debt," Jones said, "and a balanced budget is essential for a stable economy."
