Delightful Affair Had at the Club

A most delightful affair was the supper, bridge party and dance at West End Country Club last evening for the membership.

Supper was served at 7 o'clock after which bridge was played with Mrs. W. P. Gibson receiving high score for ladies with Mrs. J. H. Wheeler getting second high and A. A. Zolneroff was high score for the gentlemen. Wilson T. Smith being second high scorer.

At 10:30 o'clock, the floor was cleared and dancing enjoyed, the music being furnished by the club's new amplifying system.

About 125 members were present and about 18 tables of bridge were had following the supper.

Jean Calloway To Play Here June 6

The Lions Club announced today that it had contracted with Jean Calloway and her famous Orchestra to play for a dance at a local warehouse here June 6 at a mammoth charity ball.

She is a sister of the famous Cab Calloway and travels with a 14-piece band and floor show. The group will be on a southern tour from New York where they have been playing at the "Hot Spots."

Full details of the event will be announced at a later date.

Spring Festival to Be Given Friday By Clark Street

On Thursday afternoon at five o'clock the annual Spring Festival of Clark Street school will be staged in the Waddill Outdoor Theatre which is at the rear of the school grounds. At this time a beautiful and picturesque operetta, "Cinderella in Flowerland" will be presented by the pupils of the school. The main cast which is composed of ninety children selected from grades one to six will be accompanied by a chorus of approximately two hundred voices.

The theme of the play is similar to that of the fairy tale "Cinderella." Mary Lou Cooper, representing the Fairy, casts a spell with her magic wand and after a most graceful solo dance beckons her fairy attendants and sets sail in a golden boat for Fairland. The part of Daisy or Cinderella is portrayed by Priscilla Parham while the proud sisters, Hollybeck and Tiger Lily are Dorothy Stewart and Virginia Martin. Godmother Nature, Mammie Lee Bridgers, transforms Daisy and sends her to the ball which is given by Prince Sunshine. A. C. Williams, Jr. Johnny Davis takes the part of Robin Red, the Herald.

The natural setting afforded by the beautiful scenery of the grounds is particularly appropriate for the staging of this production which promises to be the most spectacular entertainment yet presented by the school. The public is cordially invited to attend there being no charge made for admission.

Hicksboro News

By MISS FLORENCE B. WOODY.

The farmers have begun watering and planting tobacco.

Rev. Van Stephens filled his regular appointment at Island Creek Sunday night.

A number of people from here went to Dabney Sunday afternoon to hear the baculate sermon.

Miss Jennie Gill who has been spending sometime at Stovall returned home Sunday.

Mr. and Mrs. E. T. Hicks were Sunday night guests of Mr. and Mrs. H. S. Woody.

Mrs. Leon Gill, who has been numbered among the sick we are glad to say is up again.

Mrs. M. D. Woody spent Saturday in town.

Mr. and Mrs. R. T. Green of Oxford spent Sunday afternoon with his mother, Mrs. S. A. Green.

Miss Catherine Shanks of Dillon, S. C. visited her brother Saturday, L. J. Shanks.

Mr. and Mrs. H. S. Woody's Saturday night guests were Walter O'Brien and wife, and H. T. Gill and family.

Little Aubrey Mae Abbott left Saturday for an extended visit to brother in Arizona.

Goody Matthews of Townsville, spent Sunday with his daughter, Mrs. R. L. Bennett.

Goes to University

DR. A. R. NEWSOM

Chapel Hill, May 14—Dr. Albert Ray Newsom, Secretary of the North Carolina Historical Commission and Editor of the North Carolina Historical Review, has just been appointed by the University of North Carolina to succeed Dr. Robert Diggs Wimberly Connor as head of the University History department, subject to the approval of the trustees, it was announced today.

Dr. Connor resigned to become United States Archivist. Dr. Newsom will come to the University in July to begin his duties here.

TRANSPORTATION OF LIQUOR PERMITTED

Law Allowing Elections in 18 Counties Also Legalizes Hauling.

Daily Dispatch Bureau, In the Six Watter Hotel, BY J. C. BASKERVILL.

Raleigh, May 14.—The 17 counties and two townships which may hold elections under the law passed by the legislature last Saturday to establish county liquor stores, do not need to wait for 30 days for these elections but may hold them on any date which may be set by the county commissioners, a careful reading of the law revealed today. The only stipulation is that the elections in all of these counties but one must be held within 60 days from the enactment of the law. New Hanover county has 90 days in which to act.

As a result, the county elections could be held this coming Saturday or in fact on any day set by the respective boards of county commissioners. It is expected, however, that it will probably be ten days or two weeks before any of the elections are actually held, to permit the counties to get up the necessary election machinery.

It was also found that this law repeals those sections of the State prohibition law which apply to the transportation of liquor and will permit the transportation of as much as four quarts of liquor per person without any danger of arrest for violation of the State prohibition law. It was like wise found that while the law specifies that "not more than one quart may be sold to a customer at a time" that the use of the word "may" makes it optional so that the counties may disregard this and sell as much to a customer as he or she may wish to buy.

Accordingly, persons living in so-called dry counties may drive over into wet counties that have county liquor stores, buy as much as four quarts per person and then drive through dry counties back to their home county without being subject to arrest for violation of the State liquor laws. Thus if as many as six persons should go in one car from a dry county into a wet county they could buy and transport back into the dry county as much as 24 quarts of liquor without violating any law and without being subject to arrest.

It is conceded that the provisions in this law permitting the legal transportation of legally-sold liquor anywhere in the State so long as the amount transported does not exceed four quarts per person, virtually repeals the Turlington Act and thus permits the free transportation of liquor in any part of the State, although it can be legally sold in only 17 counties and two townships, if all of these counties approve the establishment of these liquor stores. It is also conceded that this provision is designed to concentrate the sale of liquor in these 18 counties and require the custom-

ers from dry counties to return again and again after new supplies, since the amount they can take out will be limited to only four quarts per person.

This provision to permit the legal transportation of legal, government-taxed liquor in all sections of the State and in dry as well as in wet counties is expected to prove of material benefit to the resort sections not included in the counties which may have liquor stores. For instance, the counties included in the bill which are the farthest west are Moore and Rockingham counties. It is hence expected that the liquor stores in these counties, if established will supply virtually all of the Piedmont and western portions of the State, with the exception of those counties which will still be nearer to Virginia and South Carolina. It will also mean that tourists and visitors from other states can feel safe to bring their own liquor, as long as it is government-bonded liquor, into this State with them without fear of being arrested.

Since there is no state tax on li-

quor, not even a license or privilege tax, it is expected that these county liquor stores will be able to sell government bonded liquor at even less than the prices charged for it in Virginia and South Carolina. As a result, it is expected that they will not only draw business from all sections of North Carolina but from these other states as well.

3,000 Farmers In Washington Shout Approval for AAA

(Continued from Page One.)

retary Wallace, who was greeted with three minutes of cheering when he appeared. Wallace smiled and was obviously pleased.

Several hundred North Carolina farmers—leaders claimed the number was more than 1,000—were in attendance.

Trains, buses and automobiles early today began pouring the North Carolinians into the national capital. J. H. Lane, of Wilson county, a member of the Advisory Tobacco Committee, and Dean I. O. Schaub of North Carolina State College, were in charge.

R. Hunter Pope, of Enfield, addressed the meeting of the tobacco control program, which he said brought prosperity to North Carolina farmers last year.

Georgia farmers attending the meeting jeered Governor Talmadge with raucous cries shortly before the meeting opened.

W. A. Shiver, big white-haired Georgia farmer, roused fellow members of his state with a series of cheers and jeers as he read a newspaper account which he said reported Governor Talmadge charged the farmers' expenses wear paid here.

This afternoon the farmers will go to the south grounds of the White House to hear the President. White House attaches were inclined to at-

Kidnap Victim Weds

It was shortly after leaving Albany, N. Y., home of his sweetheart, Mary Fahey (above), that John J. O'Connell, Jr. (inset) was kidnaped two years ago. Uncle paid \$40,000 ransom for his release. And now couple are honeymooning after brilliant wedding.

Gulf's new Multi-sol process now brings you

A PREMIUM MOTOR OIL FOR 25¢

THE NEW GULF-LUBE

Again Gulf offers a saving... Now you can get a premium oil at a popular price!

HAVE YOU ever wished for a premium motor oil—without a premium price...?

Then—listen to this... There is now a premium oil—with full premium oil qualities—that sells for only 25¢ a quart. It is the new Gulf-lube.

What makes Gulf-lube a premium oil?

For many months, Gulf technologists focussed their efforts on a better method of making motor oil.

Out of their efforts has come a giant new Gulf refinery, operating upon a new refining principle—the Multi-sol process.

And from this new process and new refinery comes the new Gulf-lube!

How the Multi-sol process works

Under this history-making new process, solvents of two opposite actions are used.

One action dissolves out the impurities and settles them to the bottom

THIS BOTTLE of milk shows what the Multi-sol process does for Gulf-lube. It separates the "cream" from the "milk." Selective solvents settle the impurities in the oil to the bottom, and float the desirable parts to the top. This "cream" is then skimmed off. Gulf-lube is the only 25¢ oil made by this process.

of the extraction tanks. The other action selects the desirable parts of the oil and floats them to the top. This selected oil is then "skimmed off," thoroughly de-waxed and filtered—the finest motor oil 25¢ ever bought!

SEE WHAT HAPPENS when a piece of ordinary glass is hit with a hammer. Now see what happens to a piece of shatter-proof glass. That's the difference between a "brittle" oil and "shatterproof" oil—Gulf-lube. The former breaks under piston heat. The latter keeps its body and protects your motor.

Try just one filling!

Try this extraordinary new oil. Fill up with the new Gulf-lube—and you'll notice a difference before you drive your first hundred miles!

You'll add less oil between drains—for Gulf-lube's already high mileage has been stepped up 20% to 25%! You'll get less carbon, less sludge—and far better motor protection.

You can get the new Gulf-lube at all Gulf dealers—at only 25¢ a quart.

GULF REFINING CO.

No other 25¢ motor oil gives you all these quality points!

1. It is Multi-sol processed.
2. Its already high mileage has been stepped up 20% to 25%.
3. Highly resistant to oxidation—non-sludging...extra long life.
4. It has a high viscosity index—
5. Forms far less carbon.
6. High film strength—a pure mineral oil that will not corrode new alloy bearings.
