EVENTUAL VICTORY SEEN BY ADVOCATES OF CASH PAYMENTS

Decisive Defeat by Senate Took Wind Out of the Movement, at Least Temporarily

ENTHUSIASM DROPS FOR THIS SESSION

But Such Sweeping Majorities Cannot Be Blocked for Long, Friends of Cash Payment Now Say; Veto Was Sustained by Nine Votes To Spare

Washington, May 24.—(AP)—Cash bonus forces, somewhat discouraged and disorganized by the size of the Senate vote sustaining President Roosevelt's veto on the Patman bill...

The decisive defeat of the Patman bill, even by a minority vote, took the wind out of the bonus movement, temporarily at least. Several new proposals were advanced immediately...

Confident predictions were issued by the veterans' chiefs, forecasting that the bonus would be paid, but there was a noticeable drop in enthusiasm among legislators over the prospects for achieving it at this session of Congress.

Several senators, both for and against the bonus, took the view that the Senate vote yesterday sustaining the President, kills the prospect for

HOUSE COMMITTEE TABLES TVA BILLS BY VOTE OF 13-12

Action Follows Comptroller McCarl's Statement Audit Made Was Virtually Correct

SIX OF DEMOCRATS AGAINST ENLARGING

Vote With All Seven Republicans Against Broadening Power Project; Proponents Confident Measure Can Be Revived and Reported to The House

Washington, May 24.—(AP)—The House Military Committee today tabled by a vote of 12 to 13 legislation to enlarge the operations of the Tennessee Valley Authority.

The committee acted after J. R. McCarl, comptroller general, had told it an abstract of an audit of the TVA affairs, prepared at the direction of Representative May, Democrat, Kentucky, was substantially correct, and showed "no intent to mislead."

The original audit was made by McCarl's office. All seven Republican members of the committee and six Democrats were reported to have voted to lay the legislation aside. It already has been approved by the Senate.

Chairman McSwain, Democrat, South Carolina, obviously crestfallen at the action, said it would not necessarily kill the action for this session.

GOVERNOR SOUNDS THE BOND MARKET

He And Treasurer Johnson in New York Inquiring About Sales

In the St. Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILLE,

Raleigh, May 24.—The State Planning Board, which is seeking to coordinate all the projects in North Carolina which might be included in the Federal emergency spending program already, has approximately \$300,000,000

practically all farm crops and from livestock. This increase represented a gain of 152 percent, practically all of which the agriculture department attributed to successful operation of the adjustment program in North Carolina.

The cumulative total received from the adjustment act from the beginning until December 31, 1934, was placed at \$14,461,136, payments being distributed by commodities as follows: Cotton, \$7,090,763; wheat, \$70,195; tobacco, \$5,658,900 and corn-hog \$323,125.

Infant Paralysis On the Increase

Raleigh, May 24 (AP)—Although State health officials here said they had received official reports of only one additional case of infantile paralysis in the State today, other reports showed at least six more cases had developed.

It was reported in Greenville that three additional cases had developed in IFT county, bringing to five the number of cases in that county this month. All of the new cases there were Negroes and were reported from the western part of the county.

Reynolds Estate Being Deliberated By Supreme Court

Raleigh, May 24 (AP)—The North Carolina Supreme Court today took under consideration the validity of a family plan for disposal of the \$23,000,000 estate of Smith Reynolds after hearing the agreement described as "emasculating" of the trust of the late R. J. Reynolds, under which the estate is held.

The court listened to oral arguments in the case for four hours and five minutes, an almost unprecedented length of time, and gave no indication when its decision might be rendered. Usually only seventy minutes is allowed for oral arguments.

Members of the court privately expressed the opinion the case involved the disposal of the largest sum of money ever directly involved in a suit before it.

G. O. P. MIGHT PICK BYRD AS NOMINEE

Gov. Talmadge, of Georgia, Also Mentioned; Southerner Favored

By CHARLES P. STEWART Washington, May 24.—That a southern Democrat is being seriously considered for the Republican presidential nomination in 1936 would be an over-statement.

Nevertheless the suggestion isn't altogether pool-pool'd in G. O. P. circles.

The idea is this: President Roosevelt's rival must be anti-New Deal.

At an earlier stage of the game many Republicans tried to out-New

Inflation Advocates Slowed Up

By LESLIE EICHEL New York, May 24.—No one can guess from day to day which way the Roosevelt administration will jump, but the world outlook now is not for inflation. For the summer, at least, the inflationists seem to have been checked. Eventually, however, it seems reasonable to believe that the massive debts of today will be reduced by inflation.

The nations of the world today are talking of stabilization of currencies, of exchange and trade agreements. That is away from inflation. The reason is obvious—the trade war has been ruinous.

Liquor Elections Are Ordered Held In Martin, Craven

Williamston, May 24.—(AP)—The Martin County Board of Commissioners today called an election on county liquor control for July 6.

The date is the same set at a previous meeting after which the commissioners decided to issue another formal call because six days' notice of the meeting to consider the question had not been given prior to issuance of the first call.

CRAVEN COUNTY ELECTION SET FOR TUESDAY, JULY 2

New Bern, May 24.—(AP)—Residents of New Bern and Craven county will vote on liquor control July 2. That date was fixed by county commissioners this afternoon after voting unanimously to call the election authorized by the State General Assembly. Action was taken following a strong appeal by dry leaders that no election be called.

Paying Bonus Now Seen As Crime Of First Magnitude, Starting Inflation Spiral

Only Hold-Up of Mint Would Compare With It, Babson Says; Calls It Illustration of How Radicalism in U. S. Is Growing Like Weeds in a Garden

BY ROGER W. BABSON, Copyright 1935, Publishers Financial Bureau, Inc. Babson Park, Mass., May 24.—President Roosevelt's strong stand on the bonus bill is sound. The question is not what type of bonus bill is passed nor how it is paid. The issue is: Should an additional \$2,000,000,000 obligation be assumed now when our national credit is already under a tremendous strain? There exist in this country today possibilities of disaster just as grim as those which faced Germany after the war. Payment of

the bonus now, either in false currency or in bonds, would be a crime of the greatest magnitude. Only a hold-up of the mind would compare with it. America Seething With Prosperity Schemes The drive for this bonus payment gives the country a better idea than ever of the huge obstacles facing President Roosevelt today. Radicalism is growing like weeds in a garden. Crazy ideas have seized the people as never before. Lotuses, the national

NRA Policy Attacked By Mr. Hoover

Use of Boycott to Enforce Act Declared un-American By Former President

Fallo Alto, Cal., May 24.—(AP)—Former President Hoover today characterized as "not American" the use of a boycott to enforce the NRA.

"American labor," his statement asserted, "will not long stand for price-fixing, limitation of output, stifling of competition or any other of the monopolistic and fascist practices inherent in the NRA. Its enforcement by bureaucratic coercion, intimidation and boycott are not American."

Mr. Hoover's statement continued: "If all these things are liberal and progressive, we need some new definition of these terms."

Income Of N. C. Farmers Increases \$130,267,000

Washington, May 24.—(AP)—North Carolina farmers were shown today in agriculture department statistics to have received \$130,267,000 more in cash for their products during the first full calendar year of the farm adjustment act than they did in the year preceding its passage.

Total receipts for the 1934 calendar year were placed at \$216,113,000, compared with \$85,548,000 for 1933, year immediately preceding passage of the adjustment act.

The figures included returns from
