Withdrawal of Great Ship From Atlantic Service Is "Against the Public Interest," Mitchell Tells President in Letter Written To Him

Washington, June 17. (AP)—Ewing Y. Mitchell, who was removed last week by President Roosevelt as assistant secretary of commerce, today opened what he called a "fight to the finish" by making public charges against the department which is headed by Secretary Roper.

He contended that "special interests" dominate the department. He also criticized a government contract with the United States Lines for the permanent lay-up of the liner Leviathan, a transaction which he said was consummated by Secretary Roper in March, 1935.

The accusations were made in a letter which Mitchell said he sent to President Roosevelt on May 30, after the President had called for his resignation.

The reason the President gave for

#### STREET CARS ARE HALTED IN OMAHA

Governor Clears Them From Street When Company Fails To Act

Omaha, Neb., June 17. (AP)—Governor R. L. Cochrane today brought the full power of his military dictatorship into play in the Omaha street car strike and ordered cars off the streets by 11 a. m., central time, as a result of the company's failure to meet his demand and name an arbitrator this morning.

Governor Cochrane took the action after the street car company had called a meeting of directors at 2 p. m., thus ignoring his ultimatum that the company's arbitrator be named by 10 a. m.

#### Lobbies Paid Better Than Legislators

Got \$109,222, While General Assembly Salaries Were Only \$102,800.

In the St. Walter Hotel, Raleigh, June 17.—The members of the "Third House" of the 1935 General Assembly—that is, the lobbyists—received more for their services in fees and expenses than did the members of the General Assembly, figures compiled today by this bureau from the reports of expenditures on file in the office of the secretary of state show. Reports filed by 119 lobbyists out of a total of 121 who registered during the General Assembly, show they received \$109,222.65 in fees and

#### Plan Hearings On Tar River Channel

Washington, June 17. (AP)—The board of engineers for rivers and harbors will hold a public hearing tomorrow on proposals for further improvement of Tar River, N. C.

The division engineer has previously reported unfavorably on the proposed improvement on the ground that the "cost of a deeper channel—either to Greenville or Tarboro would exceed the resulting benefits."

#### SCHOOL LAWS ARE PRINTED BY ERWIN

#### County Superintendents Supplied With Important Legislation

Daily Dispatch Bureau, In the St. Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, June 17.—The most important school legislation now in effect passed at the last three sessions of the General Assembly, has been compiled and printed for the convenience and use of school officials by State Superintendent Clyde A. Erwin, he announced today. This 44-page pamphlet was sent out yesterday by Superintendent Erwin to the 100 county and city superintendents of the State. The publication contains ten new acts passed and three acts amended by the General Assembly of 1935, one act passed and two amended by the General Assembly of 1933, and two acts passed and two amended by the General Assembly of 1931.

"This publication," said Superintendent Erwin, "together with the school code of 1923, which was reprinted in 1929 with other school laws enacted after 1923, give all the school legislators necessary and in convenient form for school superintendents and other school officials."

The ten new acts passed by the General Assembly of 1935 and printed by Superintendent Erwin are: the act appointing county boards of education; the act relating to the election of county superintendents and district school committees; the act authorizing the transfer of district sinking funds to county treasurers; the act providing for the issuance of

London Asks Both China And Japan for Facts About Situation; Japanese Army Determined To Add Another Chinese Province to Its Domination

Tokyo, June 17. (AP)—The Rengo News Agency correspondent at Hsinking, Manchukuo, reported today that the high military council at Hsinking had decided General Sung Cheh-Yuan, governor of Chahar province, China, must quit office.

The military council, it was reported, decided that if the Chinese National Government did not remove General Sung, the Japanese army would have to.

The report was interpreted as indicating that the Japanese army was determined to add another Chinese province to its sphere of domination, dictating what Chinese officials shall administer office, and what Chinese troops shall garrison Chahar, as well as Hopei province.

It was from Hopei province that the Japanese ousted General Yu Hshueh-chung, who was governor there until a year ago, together with his army. Nanjing government troops also are evacuating Hopei.

According to Rengo's report: "The council demanded the Japa-

#### OFFICIALS ORDERED TO APPEAR JUNE 27 IN LIQUOR HEARING

Instructed by Judge Devin To Show Cause Why Injunction Should Not Be Given

#### VANCE AND WARREN GET RULINGS HERE

Drys Seek To Forestall Election on Liquor Control System; Order Returnable, Two Days Before Election Is Set June 29 In Vance County

Judge W. A. Devin, in Vance Superior Court, today signed an order on members of the Vance Board of County Commissioners and the Vance County Board of Elections to appear before him in superior court here on Thursday, June 27, to "show cause, if anything," why an injunction should not be granted restraining the holding of the liquor control election in this county two days later, on Saturday, June 29.

A similar order was issued to county commissioners and the election board in Warren county, where a liquor control election has also been ordered.

The plaintiffs in the Vance county petition were W. A. Newman, E. R. Nelson, A. H. Hoyle, all of Henderson or Vance county, and Charles Ruffin, of Wake, and W. F. Moore of Wayne county. The plaintiffs in the Warren county petition were J. C. Hardy, W. B. White, G. R. Frazier, W. R. Strickland and W. A. Miles, all of Warren or Warren county, and Charles Ruffin, of Wake, and W. F. Moore, of Wayne counties.

J. H. Bridges represented the plaintiffs as attorneys. Instead of granting a temporary injunction, Judge Devin merely ordered the officials designated to appear and show cause why an injunction should not be granted.

Action taken here along the line of that taken or contemplated in others of the 17 counties granted the privilege by the recent General Assembly to hold elections on liquor control

#### New Hanover Dry Hearing Commenced

#### Frizzelle Asks Why Proceeding Is Not Premature; Pasquotank Moves

Wilmington, June 17. (AP)—The hearing of the dry's temporary injunction against the July 2 special election on the Cooper liquor control act was opened in New Hanover superior court here today before Judge J. Paul Frizzelle, of Snow Hill.

Opening the argument in behalf of the right of the people to vote on the act, Thomas W. Davis, Wilmington attorney, said, "This act will become law by popular vote or it will not become a law at all."

He expressed "astonishment" that a group of local and outside drys who secured the temporary restraining order from Judge E. H. Crammer, of Southport, have complained that "the act prohibits the sale of liquor to drunks and to minors, and is, therefore, discriminatory."

Before the argument was started, Judge Frizzelle turned to counsel for the complaining drys and said: "I want to hear from these gentlemen on the question why this proceeding is not premature, since the election has not been held."

L. R. Varner, Lumberton attorney, employed by the drys, replied that the plaintiff "will argue the cost of the election will damage them."

Court was recessed until 2:30 o'clock this afternoon, when the hearing will be resumed.

Judge Frizzelle has expressed a desire to hear all arguments today.

Senate Hopes To Dispose of Social Security Bill by Middle of the Week

#### FOUR "MUST" BILLS TACKLED IN HOUSE

Nuisance Taxes To Be Extended Two More Years as Revenue Measure; Hopkins Tells WPA Heads Success or Failure of Program Is Up To Them

Washington, June 17. (AP)—A greatly circumscribed national recovery administration, stripped of its power to enforce business codes, began functioning today as Congress spurred in an effort to speed through President Roosevelt's legislative program.

Taking over the helm of the new NRA, James L. O'Neil said at his first press conference that it was an "open question" whether new legislation might be sought at this session for more positive law under which the recovery agency would operate.

With a rapidly rising mercury already giving a foretaste of the intense heat to be expected in the capital, the Senate put on speed with the aim of disposing of the administration's social security bill by mid-week.

The House, hoping to be ready for adjournment by mid-July, also drove ahead with the intention of disposing of four major administration "must" bills before the week-end.

Leaders reached that decision just before the resolution extending \$50,000,000 in existing nuisance taxes for two more years was called up under a "gag" rule providing for a vote after only 40 minutes debate.

Next on the program for the week, as outlined by speaker Byrns, were

#### AAA CHANGES HELD BE CONSTITUTIONAL

#### Controverted Amendments Relating To Farm Recovery Taken Up

Washington, June 17. (AP)—As the House prepared to take up the much-disputed agricultural act amendments today, as it was assured by its agricultural committee they were constitutional, yet still flexible enough to establish and maintain the rehabilitation of the country's agriculture.

The amendments had the right of way immediately behind the tax extension bill on which the House was expected to act today.

Some Republicans were primed to seek elimination of the licensing substitute provision on certain commodities.

That section is most controversial.
