

Pahlman's Lick Gives Tourists Win In 12th

Harris Works Nice Game But Gives Over to Woodlief Who Gets Win

A timely single to left in the 12th inning by Skipper Pahlman gave Henderson a 7 to 6 verdict over Wake Forest here yesterday afternoon.

Bulldog Harris started on the mound for the Tourists, and worked eight and a third innings, allowing all the hits that were garnered by the visitors. Woodlief relieved him, and tossed Wake Forest the remainder of the contest, getting credit for the win. Harris set 10 men down by the strike out route.

The Tourists got off to an early lead, having a 6-2 margin at the end of the fourth, but the visitors got four runs before Henderson could tally the winning marker.

Smith, Goodwin and Edwards hit safely twice each for the best batting performance of the locals. O. Branch, with three and W. Timberlake, with two and H. Carroll, with two, were the leading hitters for the visitors.

Oxford Next There.

Henderson's next contest will be with Oxford there Saturday afternoon, according to the dope let out by Skipper Pahlman today.

OXFORD CHAMPIONS FOR GOLF LEAGUE

Matches Yesterday Conclude Association Play; Henderson Second

Oxford whipped Louisburg golfers yesterday at Oxford 40 to 11 while Henderson was drubbing Warrenton 23 to 3 over the West End links, in the final matches of the Central Carolina Golf Association, giving Oxford golfers the title, that team having lost only one match, that to Henderson over the local links.

Warrenton, Louisburg and Henderson golfers will entertain the winners at a barbecue dinner in Oxford, the date to be announced later.

A good bit of interest was shown in the association and the teams fought hard matches throughout.

The standings of the clubs in games won and lost was Oxford, first; Henderson, second; Louisburg third, and Warrenton fourth.

In Henderson's win, Jimmy Cooper, Jr., and Turner Wortham shot masterful golf, both turning in 73's, to lead the field. Frazier shot a 74 for best honors for Warrenton.

Henderson got three points when Warrenton failed to show with 12 men having only 11 players.

Scores in yesterday's match, Henderson players first, were: Brodie 3, G. Boyd 0; Averett 3, Nunn 0; Strause 3, Mayfield 0; J. C. Cooper, Jr. 3, McGuire 0; Davis 1, Frazier 2; Wortham 3, Dameron 0; Shaw 3, Gilliam 0; Kirkland 3, Benton 0; D. J. Cooper, 2; Williams 1; J. W. Jenkins, Jr., 3; Peet 0; Glenn 3, S. Boyd 0.

HENDERSON DENTIST PAYS FINE OF \$15

Durham, June 20.—Dr. J. D. Muse, Henderson dentist, paid fines totaling \$15 in recorder's court Tuesday after pleading not guilty to charges of public drunkenness and the illegal possession of three pints of government tax paid liquor.

The liquor was found in the dentist's automobile after he was arrested in a cafe in a drunken condition during the past week-end, and the question was raised as to whether it is permissible to transport sealed liquors within the boundaries of the state. The issue was not pressed, however.

CANTELQUE MILDEW CAN BE CONTROLLED

College Station, Raleigh, June 20.—The downy mildew blight found on canteloupes may be controlled by spraying with Bordeaux mixture, says E. B. Morrow, of State College.

Unless the affected plants are sprayed, he added, they are liable to lose their foliage before the picking season is over and, as a result, produce inferior quality melons.

The Bordeaux mixture is also recommended for other leaf blights in preference to the copper-lime dust which is favored by some of the farmers.

Wine Regulations Are Promulgated And Are Approved

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE, Raleigh, June 20.—Wine regulations which have been promulgated by Commissioner William A. Graham, of the department of agriculture, and approved by Governor Ehringhaus, give notice to the manufacturers that they can go to it.

The rules carry the recently written opinion of Attorney General A. F. Seawell in which the State's law officer expresses the belief that the wine act is constitutional. Many lawyers do not agree with him for they find discriminations which they believe would invalidate the law if it were put to the test.

Dry leaders who were opposed to the wine legislation nevertheless regard the chapter closed for the present. They don't feel disposed to go into the courts because it might make sentiment for hard liquors if the innocuous drinks promised by this other legislation should be opposed. The dries, however, have very little confidence that temperance can be promoted by any sort of legislation increasing the alcoholic percentage.

There are nine sections in these rules. And they cover wines and ciders. "Natural wine" is defined as that product made from the normal fermentation of the juice of sound, ripe grapes, to which may be added sugar. Fermented beverages made from other fruits than grapes, may not be designated as wine or natural wine, but as artificial or imitation, such as "orange wine," "blackberry wine," and the like.

The wines made under these rules must come from crops grown in North Carolina. These wines and ciders "shall be of such alcoholic strength only as may be produced by natural fermentation. Wine spirits, brandy or other distilled spirits must not be added.

In seasonal deficiencies incident to climatic condition there may be neutralizing agencies used, particularly for excessive acidity. A shortage of saccharine matter be added with sugar. The place of manufacture must be sanitary, and these wines and ciders, recognized as foods are subject to the pure food act. These rules and regulations in the main follow the federal regulations.
