HOUSE AGAIN IGNORES ROOSEVELT'S WISH

Soviets Send Threatening Note To Japan On Border Invasions

MOSCOW DECLARES RECENT INCIDENTS WERE DELIBERATE

Intended to Provoke Counter Measures and Thus Produce Grave Complications

TOKYO PRESS MUCH AROUSED BY NOTE

Government Circles, However, Profess Little Concern; Emphasis Laid On "References to Grave Consequences" Mentioned In Russian Protest

Moscow, July 2.—(AP)—The official press charged today that incidents along the Soviet frontier in the Far East have been provoked deliberately by Japanese militarists to stir Russian forces to counter measures, and thus bring on grave complications. A note of protest concerning the whole series of alleged violations of Soviet territory by Japanese and Manchukuan troops and gunboats during the last two months was delivered yesterday to Tokyo. "These incidents may be explained only in the sense that there is a definite plan by Japanese militarists to create complications on the frontier," asserted the communist party organ Pravda. "The responsibility of these cunning attacks and invasions of our territory by Japanese troops and murder of our frontier guards—intended to cause serious conflict between the U. S. S. R. rests exclusively on the Japanese government."

Tokyo, July 2.—(AP)—The strong (Continued on Page Four)

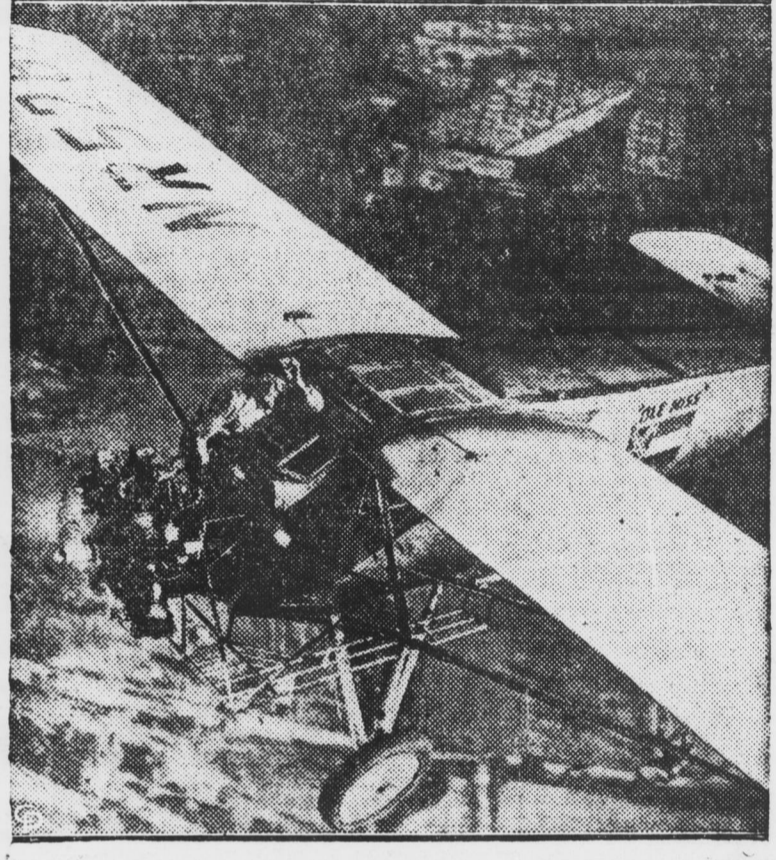

Bank Reports for June 30 Asked by State U. S. Agents

Washington, July 2 (AP)—The comptroller of the currency issued a call today for the condition of all National banks at the close of business Saturday, June 29.

Teachers' Salaries Will Vary

Daily Dispatch Bureau, In the Str Walter Hotel, BY J. C. BASKERVILL. Raleigh, July 2.—While the General Assembly increased the appropriation for teachers' salaries 20 per cent for this year above what it has been for the past two years, the increase was based on the total expended for salaries last year of \$13,464,000. As a result only \$2,692,800 more will be available with which to increase salaries this coming school year, with the result that it will not be sufficient to give every teacher a salary increase of 20 per cent, since this amount does not take into consideration any increase in salaries due either to better certification or to the increased experience of teachers. LeRoy Martin, secretary of the State School Commission pointed out today. As a result, the average increase in teachers' salaries, allowing for the normal increase in the number of teachers, will probably not amount to more than 18 per cent. "The School Commission, of course, (Continued on Page Five)

AS KEYES BROTHERS BROKE RECORD

Al waves greeting

Two virtual unknowns wrote their names in aviation history in spectacular fashion when Al and Fred Keyes, brothers of Meridian, Miss., shattered the world record for an endurance flight. In the aerial photo shown here, Brother Al is seen waving a greeting from his precarious perch on the motor mount of "Ole Miss" with Fred at the controls as they neared the end of their long flight.

Big New Hanover Vote for Control

Wilmington, July 2 (AP)—Predictions that proponents of the Cooper liquor control act will poll 5,000 of the 6,952 specially registered voters were made on several sides this afternoon as a cursory check of the 18 polling places in New Hanover county showed well over half of those registered had marked their ballots. The predictions of a heavy majority for ratification of the liquor control plan were apparently based on the heavy vote.

Experiment With Liquor Is Started

In the Str Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILL. Raleigh, July 2.—The eyes of the entire State are turned upon Wilson and Wilson county today, where the first store for the legal sale of liquor in North Carolina since 1908 was opened today by the Wilson County Liquor Control Commission. It is generally conceded in governmental and political circles that the experiment (Continued on Page Three)

Free Road To Mt. Mitchell Is Next Goal

Daily Dispatch Bureau, In the Str Walter Hotel, BY J. C. BASKERVILL. Raleigh, July 2.—A free road to the top of Mount Mitchell, the highest mountain peak in eastern America, and on the summit of which the State has set aside one of its few State parks, is the next objective of Chairman Capus M. Waynick, of the State Highway and Public Works Commission, he indicated here as he left for (Continued on Page Two)

FIRST LEGAL SALE OF LIQUOR OCCURS WITHIN THE STATE

Wilson Store Opens With Crowds Waiting To Look at Stocks and To Make Purchases

ROCKY MOUNT STORE SOON TO BE OPENED

Manager, Location and Date Uncertain as Yet; Seawell Says "Four Quart" Law Applies Only to Counties That Are Voting "Wet"

Wilson, July 2.—(AP)—North Carolina's first legal liquor store in more than 20 years opened here at 11:05 o'clock this morning with scores of citizens waiting in orderly fashion for a chance to view the variegated stock and make initial purchases. Carpenters and painters had worked until midnight completing renovations of the store, which was legalized when Wilson county voted, acting under legislative authority, two weeks ago in favor of legal whisky sold under county supervision. The opening, originally set for noon was moved up briefly as several scores of persons gathered about the store during the early morning. A carload of liquor valued at \$12,000 was on hand. (Continued on Page Two)

Senators Go By Plane To Postal Meet

Charlotte, July 2 (AP)—United States Senators J. W. Bailey and Robert R. Reynolds, of North Carolina, are expected to arrive here tomorrow morning by plane from Washington with a group of high post office officials to attend the big joint postal convention in Charlotte tomorrow and Thursday. The meeting will assemble seven postal organizations from both Carolinas with an expected attendance of approximately 5,000 persons, made up of organized postmasters, supervisors, clerks, carriers-clerks auxiliary, carriers auxiliary and rural carriers.

RELIABLE SOURCE DISCLOSES DATES FOR NEXT SEASON

Middle Belt Set Three Weeks Behind Eastern Carolina, Which Starts August 26

GEORGIA OPENS ON THURSDAY, AUGUST 1

South Carolina-Border Belt Follows August 8; Dates for Old Belt Not Obtained; Will Not Be Made Public Until Tonight

From a source considered entirely trustworthy, the Daily Dispatch learned this afternoon that the Henderson tobacco market has been scheduled to open its fall selling season on Tuesday, September 17. While official announcement of the opening dates will not be made until tonight at the banquet of the Tobacco Association of the United States in White Sulphur Springs, W. Va., in annual convention there, the information as to dates agreed upon was obtained by this news paper from what it considers a reliable informant. According to this source, the schedule of openings has been agreed upon at White Sulphur Springs as follows: Georgia Belt, Thursday, August 1. South Carolina-Border Belt, Thursday, August 8. Eastern North Carolina Belt, Monday, August 26. Middle Belt, Tuesday, September 17. No date for the Old Bright Belt tobacco was learned. Tobacco men here had hoped that the Middle Belt date would be fixed at not more than two weeks behind Eastern North Carolina. The spread of three weeks is not expected to meet with any very general approval in this section.

CHARLOTTEAN HELD FOR WEST VIRGINIA

Charlotte, July 2 (AP)—A man identified by police as Leonard Davis, of Charlotte, was arrested here today and held for West Virginia authorities, en route with a warrant charging grand larceny. Police said Davis escaped from officers in Wilmington Sunday soon after his arrest there.

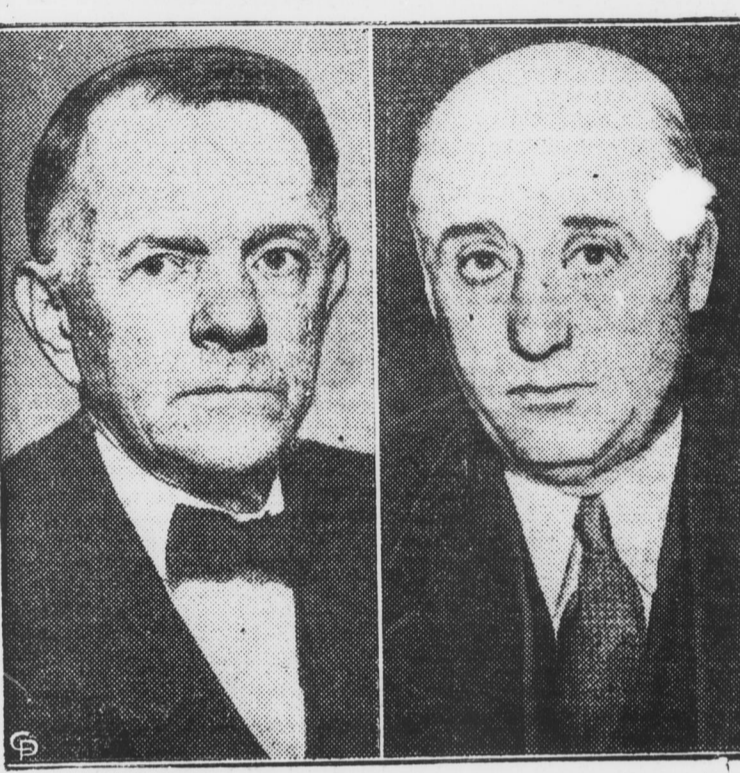

MOTORISTS PAY IN MOST STATE TAXES

Their Levies Over 26 Millions, While All Others Just 24 Million

In the Str Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILL. Raleigh, July 2.—The automobile and truck owners in North Carolina poured more tax dollars into the State treasury during the fiscal year that ended June 30 than did all the other State taxpayers combined. For the total amount collected from the automobile and truck license tax, the gasoline tax the bus and truck franchise and the gasoline inspection tax amounted to \$26,171,280 while the total collection of State taxes from all other sources amounted to \$24,121,538, according to the official statement issued by the State Department of Revenue. The total net revenue from the gasoline and motor vehicle license taxes, after deducting the gasoline inspection tax and the gasoline tax rate. (Continued on Page Three)

WEATHER FOR NORTH CAROLINA. Generally fair tonight and Wednesday, except probably local thundershowers Wednesday afternoon in west portion; little change in temperature. (Continued on Page Two)

UTILITIES BILL BRINGS CHARGES

Representative Huddleston Representative Rayburn
As President Roosevelt asserted "the most powerful and dangerous lobby ever created by any organization in this country" was attempting to defeat the section of the Wheeler-Rayburn bill calling for the abolition of "unnecessary" holding companies, Representative George Huddleston of Alabama charged that both sides had been equally guilty in the use of propaganda for and against the measure. Photos show Huddleston, left, and Representative Sam Rayburn of Texas, co-author of the bill.

FLANNAGAN BILL IS DECLARED USELESS AT TOBACCO MEET

W. T. Clark, of Wilson, President of U. S. Association, Makes Bitter Attack On It

ASSERTS FARMERS DO NOT DESIRE IT

High Prices of 1934 Blamed for Loss of Foreign Markets, Which Cannot Buy American Flue-Cured Leaf; Opening Dates for Fall Prepared

White Sulphur Springs, W. Va., July 2 (AP)—An attack on the Flannagan tobacco grading bill as "a very useless law" was made before 300 members of the Tobacco Association of the United States here this morning by W. T. Clark, of Wilson, N. C., association president. Compulsory government grading of tobacco offered for sale at warehouses "is a service that will certainly do the buyer no good, and it seems that it is also one that the farmers do not want," Mr. Clark said in his address to the 35th annual convention. "There has been no sentiment from the farmers asking either for government grading or any other change in the present system of marketing," he said, "and there is surely no feeling on the part of the trade for this service. I think that it would be a very useless thing for the industry as a whole."

High prices paid farmers for their 1934 crop were blamed by the president to the loss of export trade in China, Europe and other foreign countries. "We are gratified that those in charge of the tobacco section of government have seen fit to increase the acreage for the coming year from 555,256,264 pounds from the 1934 bright flue-cured crop to an estimated 715,000,000 pounds for the 1935 crop," he said. "The prices for the past year," he said, "have almost caused the business of the exporter, particularly those dealers in flue-cured types, to vanish. It is necessary for the producer and these world markets be saved, for if they are once lost they will be doubtfully hard to regain. "The higher prices paid for the past crop have resulted in smaller exports to China, France, Germany, the Netherlands, (Continued on Page Two)

TREASURY DEFICIT IS \$3,575,357,963

Slightly Less Than First Fiscal Year of New Deal Administration IS BELOW ESTIMATES

Receipts During Year Ending Last Sunday Nearly \$700,000,000 Higher Than Government Had Estimated.

Washington, July 2 (AP)—The Treasury's deficit for the fiscal year ending last Sunday was \$3,575,357,963.61. The figure, covering the second full year of the New Deal administration, compares with a deficit of \$3,989,496,035.42 in the previous fiscal period. It is considerably less than the \$4,869,418,338 deficit estimated in the president's budget message to Congress last spring. Receipts during the year totalled \$3,800,467,281.96, compared with \$3,115,115,554,049.53 in the previous year. They exceeded budget estimates of \$3,711,650,688. Expenditures in the year established a new peace-time total of \$7,375,825,165.57 including \$3,654,590,530.81 of "emergency" spending. This compared with \$7,105,050,084.95 in the previous fiscal year, which included emergency spending totalling \$4,004,135,550.81.

Paralysis Now In 55 Counties

Raleigh, July 2 (AP)—Fifty-five of North Carolina's 100 counties have reported cases of infantile paralysis this year in a record-breaking flare of the disease, and five new cases today raised the total number of sufferers in 1935 to 278, with 213 of them since June 1. Ashe county, in the western mountainous section, reported two cases today as its first of the year, and E. Carl V. Reynolds, State health officer, said the occurrence in the western resort section and eastern seashore section continued at about normal. Wake county, where the disease is centering in the middle of the State, reported its 49th case, and Johnston listed its 25th. These two counties are leading in incidence of the malady. (Continued on Page Two)

BILL TO REGULATE UTILITIES PASSES HOUSE 323 TO 81

But Clause Outlawing "Unnecessary" Companies, Asked by President, Again Rejected

MARGIN OF DEFEAT IS MUCH GREATER

Yesterday It Was 70 and Today It Is 110; Bill Now Goes To Senate for Conference; Passed Upper House by One Majority; Revised Bank Bill Is Reported

Washington, July 2.—(AP)—Legislation to regulate public utilities was passed today by the House after twice rejecting President Roosevelt's request for a measure to outlaw "unnecessary" holding companies in seven years. The vote on final passage was 323 to 81, a majority of 242. Earlier the rebellious House voted 257 to 147 for its own bill, which gives the securities commission discretionary authority over the holding companies. That was on a question of substituting it for the Senate measure. Yesterday it voted 216 to 146 against the Senate provision for mandatory elimination by 1942 of holding companies deemed unnecessary. That passed the Senate by a one-vote margin. Despite administration efforts to recoup from the defeat yesterday, the House today gave an even larger majority against the President. The margin was 70 yesterday and 110 today for the motion to substitute the House bill. The measure offered by Chairman Wheeler, of the Senate Interstate Commerce Committee, and Chairman Rayburn of the House Interstate Commerce Committee, now goes back to the Senate to an uncertain fate. Wheeler said the fight would be transferred to a conference committee to adjust differences between the Senate and House. President Roosevelt arranged today (Continued on Page Two)

Escaped Prisoner Goes on Trial on Slaying Charges

Raleigh, July 2 (AP)—Robert Cook, 22-year-old convict charged with the slaying of E. H. Brantley, steward at the Camp Folk prison farm near here as he and two companions escaped June 7, 1932, went on trial in Wake Superior Court today. Cook's parents live in Waynesboro, Ky., and the young man was caught in Columbus, Ohio, several weeks ago after being free since his escape three years ago.

Pegging Of Cotton For 15c Sought

Washington, July 2 (AP)—A 15-cent pegged cotton price and abolition of the cotton processing tax has been requested to the secretary of agriculture by J. Joseph McDonnell, New York cotton broker. O'Donnell said he presented to Secretary Wallace a detailed recommendation for a permanent cotton program, in which his brief warned: "To go along haphazardly without forming some final plan is extremely (Continued on Page Three)
