Separate Bill To Cover Tobacco Regulation Believed Being Planned; George Amendment to AAA Law May Permit Suits to Recover Processing Tax

Washington, Julyq 20.—(AP)-Coninuance of a control program for topacco despite the future of the farm administration, was under considera tion today. Probability that the AAA may be

ruled unconstitutional, bringing down with it the tobacco program, was receiving administration attention. In some quarters it was believed the stage was being set for a separate bill for tobacco.

The fact that the future of the tobacco control program, which has poosted the price of that commodity to a level where procedure are enjoy-ing better pricse than in any recent year, is under consideration, became known yesterday.

Representative Hancock, Democrat North Carolina, discussed eventualities with President Roosevelt. He was silent about the meeting but admitted he and the President exchanged ideas on the tobacco program, despite the AAA.

35 Dead In **Heat Wave** Over East

No Relief Promised Over Week - End; High Temperatures In Middle West

(By the Associated Press.) The severe heat gripping the east-ern half of the country, and accompanying storms, left at least 35 dead today, with the probability that there would be no relief from the high emperatures over the week-end.

Chicago, with seven dead, had a temperature of 95 yesterday, a new high for the season. South Bend, Ind., was hottest, with 101. In Columbus it was 100, and several mid-west cities reported ther. mometer readings in the high 90's.

Storms sweeping New England resulted in temporary relief from the heat at a cost of ninel ives, mostly deaths from lightning. Cooling showers fell over Oklahoma

and Texas. Weather forecasters predicted, for the most part, that the heat would persist through Sunday.
