Henderson Daily Dispatch

Universal Commendation JUNIOR OFFICERS TO MEET THURSDAY ROTARY GOVERNOR Of Daily Dispatch Issue

Public Has Given Cordial Reception to Tobacco Edition, Biggest Paper Ever Published in Henderson; It Is Being Read in Much Detail By Many

today from those who commented on the Daily Dispatch's annual tobacco and cotton market edition yesterday, which was the largest newspaper ever issued in this city.

Members of the Dispatch organizaroutine in and about the town, encountered complimentary remarks everywhere, and some came to the office to give expression to their pleasure at the large edition of the

The press had not stopped running with the last section of it that was printed yesterday before S. S. Stevenson, theatre head, telephoned to say he wanted to voice his congratula. tions. He said it was "fine."

Rev. A. S. Hale, pastor of the First Baptist church, was so pleased with it that he came to the office to say he thought it was well put together and neatly done, with reading matter conveniently arranged, with much valued material included. He did another fine thing in keeping right on through the front office to the composing room to express his personal commendation to the men who set the type and printed the paper.

These boys stuck to it throughout the whole job of a month, and are richly deserving of high credit for their part in it. The mechanical part of it was as well done as any of the

"It is the best edition I have seen from any source," said W. A. Hunt, president of the Citizens Bank and Trust Company. "It was a very fine piece of work, and that feature on the frontp age in indexing the contents of the issue was one I have seen nowhere else and was very valuable.'

"Congratulations on that fine is sue today," J. R. Stevenson, book store owner, shouted at a Dispatch man in the post office last night. "It looked like a Sunday New York

A lot of people have said it resembled the Times Sunday issue for its size and bigness. The New York Times is the favorite metropolitan newspaper that comes to Henderson. A good many folks almost "swear by it." And their confidence and judgment are not at all misplaced. It is a great newspaper. And the Dispatch feels it a compliment to have such a comparison made.

More than 5,000 copies of the issue wede distributed to subscriebrs in Henderson and placed in the mails by early Tuesday. The remaining 1,00c of the 6,000 total circulation of the edition were being disposed of in bona tide, legitimate distribution today.

The whole issue was carefully planned in advance, and the big job of distribution and mailing, all crowd ed into one afternoon and early evening, had been organized and all was carried out according to schedule and without a hitch. All over town people read the issue last night at their homes or elsewhere, and rural subscribers got their copies today. The large mailing list used for the extra distribution was put into the post office last night, and over most of the Henderson trading area today thous and of people had the edition telling of the advantages of selling tobcco and cotton in Henderson and buying fall merchandise in this city.

Here in the Dispatch office the feeling today was one of having a big load lifted from the shoulders. Afte. day and night working much of the time for the last month, there was a relaxing and a feeling of more free dom from pressing duties

On every hand there was wide- ganization that comes in for a great spread and universal commendation deal of 'credit is that of the carrier boys. It meant just eight times their ordinary daily duty, but they entered into the spirit of it wiht enthusiasm, an sourcely a complaint came from any source of the failure to get the paper, despite its size and the added tion, going about their usual daily | difficulties of transportation. Some of the boys had their own automobiles-a tribute, by the way, to their own thrift and business ability-while others were provided with assistance in getting over their routes. By supper time practically every subscriber in town had the paper in his home.

Wreath Was Sent To Long's Slayer From Henderson

Not every Democrat in Vance couny was an admirer of the assassinated Senator Huey P. Long, of Louisiana-apparently-as an incident of Tuesday revealed.

The Associated Press communicated with Chairman J. M. Peace of the Vance County Democratic Executive Committee to say that a floral wreath had been telegraphed to Baton Rouge, La., for Dr. C. A. Weiss, Jr., the doctor who fired the fatal bullet into the senator's body Sunday night that resulted in his death, and which was credited to "Democrats of Vance

Mr. Peace asked today that it be said he did not know who sent the wreath, and that it was not from the Democratic organization in the coun-

everal weeks at his home on Gary street, continues to show steady improvement, according to word from his bedside. He hopes to be able to get out in a few days.

MOTOR CLUB OFFICE HAS LICENSE BLANKS

Applications for state automobile driver's license have been received at the local office of the Carolina Motor Club and are now available for distribution to the public, according to Miss Nell Jordan, manager of the

The blanks must be carefully filled out and notarized by a notary public or witnessed by some member of the State Highway Patrol.

Drivers who file application prior to November 1 are not required to pay Rotary District Governor, paid his of- a fee for the driver's license, and may secure same if they can satisfactorily answer the various questions on the application.

The driver's license law is effective November 1 and those who apply for license after that date must undergo an examination and pay a fee of \$1. Licenses are good until revoked for cause.

Chauffeurs, including drivers of city delivery trucks, must pay a fee of \$2. This license expires June 30. 1936 and must be renewed each year at the cost of \$2.

Miss Jordan pointed out that the applications must be filled out on ypewriter or printed in blue or black nk. Extreme care should be used in filling out the applications, it was said, as a photostat will be made of the original application and this pho testated card returned to the applicant by the Highway Safety Division of the Department of Revenue.

Applications must be filed by every member of a family that drives a car and by any driver, regardless of whether he or she owns a motor vehicle The local office of the Carolina Motor Club is located at Clements Motor

Purchase of Ten Forest Tracts In State Is Sought

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J C. BASKERVILL.

Raleigh, Sept. 11.—Purchase of ten forest tracts, aggregating approximately 200,000 acres, for State forsts under the Tullmer bill authorizng Federal aid in the acquisition and development of such holdings, is reommended in a report submitted today by the State Department of Conservation and Development to the United States Forest Service, accordng to R. Bruce Etheridge, director.

The Fulmer Bill, passed at the last session of Congress, provided an ap. propriation of \$20,000,000 for aiding the states in establishing and developing state forests. This measure received the active support of the Conservation Department and board, and State Forester J. S. Holmes ap-

peared before a congressional com mittee in its behalf.

Areas suggested for purchase by the Department of Conservation and development are scattered generally throughout the State for the purpose of including representative types of forest growth and geographical conditions. No recommended unit in cludes less than 10,000 acres with some containing as high as 30,000 acres, depending upon availability of land and other factors. Efforts have been made, according to Mr. Etheridge, to tie in the prospective state forests with the new State parks and ther public lands.

Purchases of State forest areas, under terms of the act, must be approved by the National Forest Reservation Commission which exercises similar prerogatives in National Forest purchases.

The Fulmer bill provides that onehalf of all gross proceeds from lands purchased shall be paid into the federal treasury until by this or other means, the purchase price has been

State Forester Holmes believes that the assistance rendered thed evelopment of state forests under the Fulmer bill will be one of the greatest contributions ever made to the forestry program in North Carolina, These areas, he pointed out, will serve as laboratories for demonstrating scientific methods of timber pro-

WAKE UP YOUR

Without Calomel-And You'll Jump Out of Bed in the Morning Rarin' to Go

the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest, it just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harm. less, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
