

Equipment Passed Out To High School Gridiron Squad

First Real Workout Was Staged Yesterday; 27 Out

Kicking and Passing Given Yesterday to Limber Up Team; Ayscue Kicking

MEMBERS OF LAST SQUAD REPORTING

Ayscue, Smith, Chavasse, Phillips, Rose, Dunn and Others Put in Appearance; Jack Mitchell, Linesman, Is New Comer; Inscoc, Turner Expected Out Today

With the opening of school today, Coach H. H. Crosby began to pass out heavy equipment to his Henderson high school hopefuls as grid practice got down to a grinder after two or three days of light workouts.

Yesterday's workout at the school grounds was attended by 27 players and a ray of hope for the team was

seen in the appearance of Lefty Ayscue, Burwell Smith, Puncen Chavasse, Haywood Phillips, Fatty Rose, Billy Dunn and others, some of the boys having seen action last year. The remainder of the group was made up mostly of freshmen seeing their first action on the gridiron.

Jack Mitchell, a new comer to the school this year, has reported for work and he looks like a sure bet for a line berth, being a big, hefty lad that can take it.

Most of yesterday was spent in limbering up the kickers and passing was stressed. Lefty Ayscue shows promise of being the kicker for the year. Dummy blocking and tackling was put on during the afternoon, showing that here the squad needed plenty of work.

Inscoc and Turner, regulars last year and mainstays for this year's aggregation, was to report for work this afternoon for the first time. Inscoc is a back and Turner a center.

Crosby has made it clear to his charges that every man must fight for a berth, and that no man has one clinched even though he played them all last year. The boys have caught the spirit of the thing and are bending their every energy for a berth on the first eleven.

On the whole, the team looks as though it will be light and inexperienced but it may come along in such fine style that a very capable team can be put on the field. Freshmen reporting this year will likely make some valuable reserve material for Crosby.

Wins Swim Title

First Canadian girl to win the event in the eight years of its history, Miss Charlotte Acres, of Vancouver, B. C., bested 15 competitors in the women's professional five-mile swim championship held at Toronto, Ont. With the title she won a purse of \$1,000.

Wolfpack Takes Secret Drills For Davidson

Anderson Says "We Have A Few Veterans, But Sophomores Will Be In Our Lineup"; Davidson Has Some Promising Sophs, Too, Pack Expects Plenty Fight

College Station, Raleigh, Sept. 19.—The State College Wolfpack has gone into secret practice sessions to fit itself for the season's opener with Davidson at Greensboro Saturday night, September 28.

Coach Hank Anderson has plenty of respect for the 1935 Davidson team and can't see where he has a "warmer" in the Wildcats, as though by some. He points out that the Wildcats will line up as a veteran eleven against his comparatively green outfit.

Experience counts a lot in football, Anderson will tell you, as will any other coach.

"We have a few veterans, but sophomores will be in our line up, and we

never know what youngsters will do under fire," Anderson says. "Some of these sophomores looked great in winter drills against their own men. But, it may be different when bucking strangers."

How State's sophomore backs will stack up against Davidson's veterans—Paul Pittman, triple-threat star; Baxter Yarborough, regular fullback last year, and Midret Verale, senior—is a question for the prognosticators to answer, Anderson says.

And State isn't the only team with promising sophomore backs, says Anderson. Davidson has three who are giving the veteran 'Cat backs plenty to worry about and who also will keep Captain Barnes Worth, Steve Sabol and other State linesmen busy.

DUKE-DEACS MAY TAKE TO THE AIR

Night Games Are Good for Passing and Both Expected to Use Them

Durham, Sept. 19.—The boys may fill the night air with passes at Greensboro Saturday.

It is said by all who play these games under the lights that it is a good time to pass them high, wide and handsome.

So when you fans settle down in your seats in Greensboro's World War Memorial stadium Saturday night, you can now what to expect.

Both the Blue Devils and the Demon Deacons are well-equipped for the forwards with two of the best heavers in the south—Ace Parker of Duke and Walton Kitchin of Wake Forest.

Both Duke and Wake Forest have the receivers. Wake Forest has Jug Allen, fullback, Dallas Morris, halfback, Bert Shore, end, who caught them all last season and made the Deacons' passing attack a thing to be feared. Especially remembered are the Wake Forest passes in their annual game with N. C. State in 1934.

On the receiving end at Duke are Ed West, end, Jule Ward, halfback, and Jack Alexander, fullback. Ward and Alexander caught their share of them last year and while West was an alternate in 1934, he was able to get his hands on a good number of the ones thrown his way.

Platinum is also produced as a by-product in the refinement of copper, nickel, etc.

STATE CORN CROP SHOWS BIG SLUMP

But Oats and Tobacco Are Up in Volume for Year, Department Says

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BARKERVILLE.

Raleigh, Sept. 19.—While there is an indicated decrease of nearly 2,000,000 bushels in North Carolina's corn crop, indications are that the national crop this year will amount to 2,183,755,000 bushels, as compared with 1,277,126,000 bushels last year, it was pointed out today by the State Department of Agriculture. This means that with a natural superabundance of corn North Carolina farmers have not overproduced. They have, however, produced more than a million bushels of oats in excess of last year's crop, while the national yield is about twice what it was in 1934. This year's oat crop is estimated at 4,642,000 bushels, as compared with 3,519,000 bushels in 1934.

There is an all-round increase in the tobacco crop, the national yield in prospect being 1,623,592,000 pounds as compared with 1,045,860,000 last year. North Carolina's 528,614,000 pounds in prospect shows an increase over last season's 417,975,000 pounds.

The national grape crop has increased from 1,931,168,000 tons in 1934 to 2,213,745,000 tons in 1935, but North Carolina's prospective crop has dropped 4,640,000 tons to 3,920,000 tons. There is both a national and a state slump in Irish potatoes, while the sweet potato crop for the nation is 68,735,000 bushels this year, compared with 67,400 last year, but North Carolina's yield declined from 8,856,000 bushels to 7,440,000 bushels. Peanuts are up in both state and nation.

Mussolini Might Regard Such Move As Act of War

(Continued from Page One.)

Indies fleet—was today linked in the opinion of many delegates to the League of Nations with suggestions for an economic boycott of Italy in case that nation attacks Ethiopia.

Certain delegates said they believed Premier Mussolini might regard such a boycott as a virtual act of war, par-

ticularly in view of the possibility of a naval blockade being undertaken to enforce it.

Within Great Britain a political party crisis was precipitated by the government's attitude that the League of Nations covenant must be upheld.

The Ethiopian government was stated by an advisor to Emperor Haile Selassie as considering it had done everything possible to avert war, and that from now on the question of peace rested with Italy.

The Italo-Ethiopian committee of the League of Nations prepared a report suggesting the controversy between Italy and Ethiopia could be settled by the appointment of foreign specialists to be approved by Emperor Haile Selassie to supervise police and other functions of the Ethiopian government.

An Italian government spokesman said this report gave no occasion for Italy to change her attitude of pessimism or skepticism.

The war scare had worldwide repercussions, which included a stock exchange boom in Tokyo and public manifestations of sympathy with Ethiopia.

WORLD-FAMOUS FOR OVER 165 YEARS

Growers To Ask Closing Warehouses

(Continued from Page One.)

Vance and Warren county tobacco farmers, and signatures attached to the proposal included men from both counties.

In addition to the triple proposal for action, the resolutions also recommended rescinding of the order of the secretary of agriculture permitting the sale of allotment certificates by growers who failed to make their full quota of tobacco this year to other growers who made more than their allotments.

The committee report was signed by E. H. Perry, H. E. White, and W. W. Currin, representing Vance county growers, and by W. E. Turner, W. A. Connell, Jr., S. G. Wilson, C. E. Thompson, W. S. Smiley, W. A. Connell, Sr., and T. J. Harrington, representing Warren county growers.

The resolution in full follows:

WHEREAS, the prices of tobacco being received by the farmers of Vance and Warren counties is inadequate and far below the cost of production, and

WHEREAS, the price is far less, in comparison, with the price the farmer has to pay for supplies.

THEREFORE BE IT RESOLVED: That the tobacco farmers of Vance and Warren counties, in mass meeting assembled, in Henderson, N. C., September 18, 1935, respectfully petition,

1. That a campaign be put on immediately to get all farmers to sign contracts.
2. That the order of the secretary of agriculture be rescinded allowing growers to purchase or sell from either the government or individuals, cards or poundage, in excess of their allotment.
3. That the secretary of agriculture immediately announce a cut for 1936 sufficient to restore a fair price.
4. That the warehouses be closed until contracts are signed and some arrangements or agreement is reached between the farmer, the secretary of agriculture and the manufacturer.

Committee Calls Gathering To Be Held At Raleigh

(Continued from Page One.)

rupted Floyd to make the suggestion that all warehouses be closed at once, that a speedy sign-up be ordered and the AAA asked to set the 1936 allotments in the form of a 35 percent cut in the crop. He was given a tremendous ovation when he made that proposal. He stated that farmers would have to stand together in this crisis, and drew further prolonged applause.

To Try Non-Stop Hop

Major De Seversky

After setting a new speed mark for amphibian planes by flying 230.03 miles per hour at Detroit, Maj. Alexander P. De Seversky, famous war-time pilot and airplane designer, announced he would seek a new transcontinental flight record in a non-stop flight. No date for the flight has been set.

Plan Use of Customs To Aid Cotton

(Continued from Page One.)

payments of not more than two cents a pound.

In asking for the money, the AAA intimated that not more than \$50,000,000 would be required. The subsidy to contract signers will equal the difference between 12 cents and the average price of cotton on the ten spot markets the day the producers sell his cotton.

The AAA amendments provided that 30 per cent of the gross customs receipts might be set aside for the farm administration to encourage exports and for other purposes.

It was said that McCarl held that it was within the discretion of the secretary of agriculture to find use of this money for a cotton subsidy that would encourage exports.

On Long Tax Trail

Amos Woodcock (l.), former prohibition czar, and Dan Moody (r.), former governor of Texas, are government prosecutors in cases against Huey Long aides charged with income tax evasion.
