

# ROOSEVELT WARNS WORLD OF NAVAL RACE

## Heavy Loss Of Life Accompanies Hurricane In Cuba

### GREAT DEVASTATION IS LEFT IN WAKE OF CARIBBEAN'S STORM

Hurricane Is Second In Month To Bring Great Apprehension In Southern Florida

SOME LOSS OF LIFE ALREADY REPORTED

Cuba and Jamaica Suffer Greatly in Property Damage; Key West and Miami Prepare for Big Blow In Face of Warnings From the Weather Bureau

Havana, Sept. 28 (AP)—Naval headquarters announced the cruiser Veiente de May, now in Cienfuegos harbor, had reported 30 dead and 300 injured in the tropical hurricane which shrieked through Cuba today. One thousand houses were destroyed in Cienfuegos and the town of Casilda was destroyed by high seas, the announcement said. The casualties reported by the cruiser were for the city of Cienfuegos, Santa Clara province. The hurricane, after cutting a 150-mile swath through three provinces, roared out to sea from the northern Cuban coast, observers reported, to endanger the Florida east coast. Behind it were broken lines of communication and silent radio lanes to save the fate of Matanzas, Santa Clara and Camaguey provinces veiled in grim silence.

BRITISH STEAMSHIP GOES AGROUND ON CUBAN COAST  
Ford Lauderdale, Fla., Sept. 28 (AP)—The British steamship Wanderer wireless just before 1 p. m. today she was aground on Point del Berrill, off the south coast of Cuba. It was not immediately ascertained whether the Wanderer is a freighter or a passenger vessel. The United States Coast Guard base here intercepted the wireless message. It was not a distress signal, the ship merely reporting herself aground. Her master radioed he was emptying his ballast tanks.

The Wanderer is listed in Loyds Shipping Register as a British freighter of 5,079 tons gross register, owned by the Charente Steamship Company, Ltd., of Liverpool. The Wanderer left Liverpool August 30 for Caracas, Venezuela.

Miami, Fla., Sept. 28 (AP)—Roaring through Cuba, a tropical hurricane brought apprehension today to Florida from Key West north to West Palm Beach.

No loss of life so far has been reported. At 9 a. m. today the Belen Observatory at Havana announced the hurricane was "leaving the northern coast of Cuba near Varien, traveling north or north-east and will be dangerous this afternoon or tomorrow morning to the eastern part of Florida and the Florida canal."

At 10:30 a. m. easterly time, north-east storm warnings were ordered on the west coast to Trapon Springs and north to Daytona Beach to Charleston, S. C. At that hour, the bu-

### N. C. Negroes Ask Right To Aid Ethiopia

Winston-Salem, Sept. 28.—(AP)—The Negro Baptist conference of this city, has petitioned the Federal government to allow Negroes of America to help Ethiopia in its conflict with Italy. The ministers adopted a resolution charging Italy with "determination to destroy the last vestige of the only Negro government in the world," and petitioning Congress so "to modify her neutrality act as to permit voluntary Negro enlistments in the Ethiopian army," and also so that Negroes could in other ways assist the African kingdom.

#### New Munitions Chief

Joseph C. Green of the state department has been selected to head the office of arms and munitions which is the working unit of the national munitions control board. The board is made up of cabinet officers and was created by the recently passed neutrality bill.

### STATE ALMOST LOST MOUNTAIN HIGHWAY

Departmental Jealousies and Politics Nearly Scuttled Scheme

PRESIDENT SAVED IT  
Waynick, Doughton and Others Went Directly to Mr. Roosevelt and Got \$6,000,000 Allotted Back to Park Road

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Sept. 28.—The park-to-park highway is going to be built in North Carolina and \$4,500,000 is available with the assurance that more will be made available as it is needed. But until three days ago the parkway was virtually doomed and scuttled by its enemies. And if Congressman Robert L. Doughton, Chairman Capus M. Waynick of the State Highway and Public Works Commission, assisted by Senator Josiah W. Bailey and Governor J. C. B. Ehringhaus, had not gov-

### Cotton Subsidies Cannot Be Paid By The Cooperatives

Washington, Sept. 28 (AP)—Farm officials today disclosed that Comptroller General J. R. McCarl had held that the 1935 cotton subsidy payment may not be made through cotton cooperative associations. The American Cotton Cooperative Association, it was reported, had requested it be permitted to advance 12 cents a pound on cotton to its members immediately and then collect the subsidy from

### Germany's Forbidden New Submarines Revealed!

First photograph to leave Germany of one of the submarines built by the Reich in violation of Versailles Treaty. Former enemies fear Germany will again use subs for such a campaign of sea terror as is reflected in photos at left, made 20 years ago this month. (Central Press)

### MUSSOLINI WON'T QUIT LEAGUE TILL THE LEAGUE ACTS

It Must First Assume Full Responsibility for Measures Taken Against Italy

### GESTURE OF PEACE TO GREAT BRITAIN

Cabinet At Rome Says Italy's Policy Has No Immediate or Remote Aim That Can Hurt England; League Assembly Adjourns, But May Come Back

(By The Associated Press.) Italy's cabinet today declared that nation will not break with the League of Nations until the League itself assumes full responsibility for measures against Italy, and made a certain gesture of peace toward Great Britain. "Italy's policy has no immediate or remote aim which could injure Great Britain's interests," the ministers, meeting with Premier Mussolini, announced. The cabinet, however, took sharp issue with League of Nations procedure in the Italo-Ethiopian dispute, and

### Gov. Landon Of Kansas Is Moving Into First Place For Nomination By G. O. P.

Col. Knox Seems Second As Favorite, with Borah Slowly Passing Out of Picture; Ickes Might Stand Chance In View of His Breaks With President

By CHARLES P. STEWART  
Washington, Sept. 28.—Recent meetings of G. O. P. politicians in Washington have given the impression of a decided increase in sentiment in favor of Gov. Alfred M. Landon of Kansas as Republicanism's candidate next year. I suspect that, on a straw poll of the party experts today, he would out-vote Senator William E. Borah of Idaho. A few weeks ago the straw votes unquestionably were predominantly for Borah, but this was not because they preferred him "per se," it was

because they believed him to be the only possibility with whom they conceivably might win. Now they are gravitating to the conclusion that they might win with Landon. Many of them would rather win with him than with the Idaho statesman. BORAH DOES NOT ENTHUSE  
Borah is fairly acceptable to the progressives, but they have long ceased to consider him as dependably of their philosophy. He is acceptable to the conservatives only on the supposition that he

### PUBLIC HEARINGS ON COTTON OCT. 11

Memphis Session One of Series on AAA Crop Control Proceedings

Washington, Sept. 28.—(AP)—A public hearing to weigh sentiment on the AAA cotton control program has been planned for Memphis on October 11. It will be the fourth major hearing on control policies of the Farm Administration.

A hearing on the corn-hog program was concluded recently in Washington. Some time ago growers and processors aired their views on a rye control plan and next week the AAA will hear arguments for and against the controversial potato control plan. Hearings on AAA control measures are required under terms of the agricultural adjustment act amendments passed by the last Congress.

### Devin Will Hold Court Next Week In Vance County

Raleigh, Sept. 28.—(AP)—Governor Ehringhaus today ordered an exchange of courts for the week of September 30 which will send Judge W. A. Devin to Vance county for a criminal term and Judge N. A. Sinclair to Johnston county for a civil term.

#### OUR WEATHER MAN

FOR NORTH CAROLINA.  
Cloudy, probably occasional rain tonight and Sunday; cooler Sunday and in extreme west portion tonight.

### WOMAN REPORTED KIDNAPED, LOCATED

Mrs. Angie Leo Martin Discovered at Durham Hotel After Arrest

Durham, Sept. 28.—(AP)—The search for Mrs. Angie Leo Martin, of Waynesboro, Va., who was reported to have been kidnaped in Greensboro August 10, was at an end today after detectives here found her registered at a hotel under an assumed name. The hunt for the missing woman had extended over several states after her husband, W. T. Martin, reported she had been kidnaped by a man who offered them a ride after their automobile broke down on Roxboro.

Located here, Mrs. Martin denied she had been kidnaped. She said she knew the man who took her away when her husband went into a store to buy a package of cigarettes, only as "Red," and that he left her in Alexandria, Va. Since then, she said, she had been touring North Carolina and Virginia towns alone. While here last week, she was arrested and convicted of vagrancy under her assumed name and ordered to leave the city.

### Bad Conduct Told To Court By Defendant

Worcester, Mass., Sept. 28.—(AP)—Testimony in the trial of Newell Paige Sherman, Scoutmaster and choir singer, for the drowning of his wife, ended today after the defendant had admitted improper relations with another girl for whose love the State charges he committed murder. The giant, 26-year-old musician-mechanic spent the greater part of the final session of evidence under the rigid cross-examination of District Attorney Owen A. Hoban. He doggedly

(Continued on Page Eight.)

### 5 Millions Allotted To This State

Washington, Sept. 28.—(AP)—Presidential approval of allotments totaling \$4,995,550 to finance 52 public works projects in North Carolina, with a total construction cost of \$6,659,777, were announced today by the Public Works Administration. The allocations still are subject to approval by the comptroller general. Grants totalling \$2,999,862 were made from the new works relief appropriation to cover 45 percent of the cost of all projects, while loans totalling \$1,995,888 for 34 projects were announced.

### PATROL MAY GET LIST CAR OWNERS

Loose-Leaf Book Would Be Kept Up-to-Date by Additions Each Week

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.  
Raleigh, Sept. 28.—Plans are being considered to provide every highway patrolman of every automobile license inspector with a loose-leaf book containing the number of every automobile license tag issued by the motor vehicle bureau, together with the name and address of every person to whom an automobile or truck license is issued, it was learned here today. This will make it possible for a patrolman or license inspector to immediately ascertain if a driver is using the proper license plates whenever there is any doubt. At the present time, if a patrolman stops a driver suspected of using improper plates and the driver does not have his registration card with him, it is necessary to telegraph or telephone the

### Roosevelt Praises Farm Act In Talk At Nebraska City

Fremont, Neb., Sept. 28.—(AP)—President Roosevelt told a farm audience here today the agricultural adjustment act is giving farmers "really a chance for the first time in this generation." He declared the effort to aid the agriculturalist was "the true function of government under our Constitution—to promote the general welfare, not by interfering unduly with individual liberties, but by bringing to the aid of the individual the powers of government which are essential to insure the continuance of the inalienable rights which the Constitution is intended to guarantee." Constitutionality of the act has been challenged in court. Mr. Roosevelt asserted that the income of the farmers has been increased by \$5,300,000,000 over the 1932 level. He said many factors were involved in the readjustment,

### U. S. TO BUILD, TOO, IF OTHERS BEGIN IT, PRESIDENT STATES

Says Failure of Nations To Renew Treaties "Could Change American Policy"

SEEN AS STRAIGHT REPLY TO BRITAIN

President Declares United States Adheres to Washington and London Treaties, and Intends To Follow Them Unless Other Nations Exceed Them

En Route With President Roosevelt to the Pacific Coast, Sept. 28 (AP)—President Roosevelt gave blunt notice to the world today that failure to renew the naval limitations treaties, or their renunciation, "could change American policy" to build only to treaty strength. This was regarded as a direct reply to published reports of an intention of Great Britain to renounce the treaties. No official word of Great Britain's step had been received, but Mr. Roosevelt kept an eye on the situation today as he travelled to a demonstration by the United States fleet next Wednesday off San Diego, Cal. The President's brief statement announced "the United States adheres to the Washington and London treaties," and added an intention to follow them unless "other nations exceed the limits provided by these treaties."

Later today President Roosevelt stops at Fremont, Neb., for his first talk on the western tour. He will address a meeting of farmers.

### Troops Sent To Kentucky Coal Fields

Frankfort, Ky., Sept. 28.—(AP)—Governor Ruby Laffoon today ordered National Guard troops to proceed immediately to Harlan county. The governor said he was sending troops to "stop the worst reign of terror in the history of the county."

The order was issued after Adjutant General Denhart, head of the Kentucky National Guard, heard complaints of Southville, United Mine Workers of America representatives pressed their request for troops to maintain order and prevent evictions. At Harlan County Judge Norris Saylor denied there had been any evictions since the walk-out of miners in six Harlan county coal camps Monday. Most of the Harlan county mines were reported operating. Judge Saylor described the situation as quiet, with no disorders.
