

LEAGUE INVOKES SANCTIONS AGAINST ITALY

Detroit Wins World's Championship From Chicago

TOMMY BRIDGES IS WINNING PITCHER FOR SECOND TIME

Goslin's Single Scores Cochrane In Last of Ninth With Winning Run

FIRST WORLD'S TITLE FOR DETROIT TIGERS

Tigers Got Four Victories, Cubs Got Two; Today's Score Was 4-3 in Thrilling Battle; Cubs Had Man At Third With None Out In Ninth Inning

Navin Field, Detroit, Mich., Oct. 7.—Goose Goslin singled after two were out in the ninth inning, sending Manager Mickey Cochrane of the Detroit Tigers with the winning run of the sixth game of the World's Series here today, and gave the Tigers the needed four victories for the title of World's Champions.

To Tommy Bridges goes the lion share of today's victory and of the winning of the title by the Tigers. This title fellow from down in Tennessee whipped the Cubs twice during the series.

The battle was closely fought all the way, the Tigers drawing first blood.

First Inning. Clifton was out, third to first, Cochrane singled and Gehring singled.

Goslin flew out to short and Fox got a double. Gehring stopping at first base. Walker got a free pass to first and Gehring tried to score on Rogell's lick but was thrown out at the plate.

Chicago Ties Score. Jurgens opened the third inning with a single. French struck out, Galan got a single and Herman drove out a single to score Jurgens, Galan being thrown out at a third base. Klein lifted a fly to right.

Tigers Get Ahead Walker led off with a single in the fourth inning and Rogell also singled on three successive fielders choices, the Tigers got a tally.

Cubs Go Up French got a single after one was out in the fifth, and Galan struck out, Herman hit a home run, scoring French ahead of himself, putting the Cubs into the lead. The Tigers matched the tally in the sixth when Rogell got a double with two out and scored on Marvin Owen's hit.

The teams battled on about even terms until the ninth inning when Stanley Hack, Cub third baseman, opened that frame with a triple. Jurgens struck out. The next batter

BAILEY SCORES ON POTATO ACT STAND

His Vigorous Stand at Washington Meeting for Law Helps Him

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE, Raleigh, Oct. 7.—Senator Josiah W. Bailey scored again with the farmers in eastern North Carolina, especially the potato farmers, as a result of the vigorous stand he took in the potato meeting in Washington last week in favor of putting the law into effect and in which he and Congressman Lindsay C. Warren, author of the potato control act, made one or two of the AAA underlings crawl back into their holes, according to most opinion here. Reports from the eastern counties, where potatoes are extensively raised, indicate that Bailey rates better there now than in many months.

The fact that Senator Bailey stood shoulder to shoulder with Congressman Warren in battling Secretary of Agriculture Wallace and the AAA underlings who had announced they did not intend to even try to enforce the potato control act, is also regarded as ending all possibility that Warren might become a candidate for the senate against Bailey. Instead, most observers here now agree that Warren will support Bailey instead of oppose him.

First Photo of Aduwa, Scene of Heavy Fighting

Here is the first photo of Aduwa, strategic town in northern Ethiopia, reported captured by invading Italian forces. Dispatches from Addis Ababa continued to deny the report.

Twelve Killed As Air Liner Crashes Into Wyoming Hill

Cheyenne, Wyo., Oct. 7.—(AP)—Twelve persons—nine passengers and a crew of three—were crushed to death early today as a United Air Line transport plane crashed on a knoll on the rolling plain, 15 miles west of here. The ship was flying from Oakland, Calif., to New York.

The veteran pilot, H. A. Collison, apparently had started down from high altitude in ideal weather with his twin motored liner preparatory to a scheduled stop here when he struck the top of the hill, lost his propeller and plunged against another hillside. The plane smashed into the group at 2:15 a. m., MST. It was torn and twisted but did not catch fire.

After a regular stop at Silk Lake City, just before last midnight, the cross-country liner had reported its progress by radio and asked wind information just five minutes west of Cheyenne.

The crumpled wreckage was found by a fleet searcher dispatched from here near dawn just as another band of airmen set off from Salt Lake City to seek a Standard Oil Company transport ship missing in the briny area of Salt Lake with three persons aboard Sunday night.

Funds Are Allotted To Complete Scenic Highway

Roosevelt Restores \$6,000,000 Grant To Complete Scenic Parkway Route

FUND COMES FROM OLD PWA ALLOTMENT

Will Start at Once With Government and State Agencies Lending Their Co-Operation To Push To Completion the Project At The Earliest

Washington, Oct. 7 (AP)—Restoration by President Roosevelt of a \$6,000,000 allotment for extending the Shenandoah Great Smoky Mountain National Parkway in Virginia and North Carolina was announced today by the PWA.

The new allotment was made from FWA funds to replace the ones impounded last winter to provide funds for the relief administration.

Officials said units of construction would be usable themselves besides serving as connection between existing highways for cities, and lead toward completion of a continuous 500 miles cement parkway between the proposed Shenandoah and Great Smoky Mountain National Parks.

Work will be started at once, the announcement said, all the resources of the National Park Service, the bureau of Public Roads and the two states concerned are to be brought to bear immediately upon the accomplishment of this work.

OUR WEATHER MAN

FOR NORTH CAROLINA. Fair and not quite so cold in west and extreme south portion with a heavy frost in the interior tonight; Tuesday partly cloudy and warmer.

6 Dead, 6 Injured Is Highway's Toll

Charlotte, Oct. 7 (AP)—Week-end traffic accidents on North Carolina highways and streets took an exacted toll of 6 deaths and six critically injured.

The report gathered by the Associated Press showed: One of the outstanding deaths was that of Dr. S. E. Douglas, Wake county legislator, was fatally injured when thrown from his automobile in a collision with a truck.

TO KEEP RAILROAD AS COAST DEFENSE

Morehead to Beaufort Road About to Be Abandoned by Norfolk-Southern

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE, Raleigh, Oct. 7.—The three miles of railroad from Morehead City to Beaufort, owned by the Norfolk-Southern and which it now seeks to abandon, should be kept in operation both from the standpoint of service to people in Beaufort and the surrounding territory and from the standpoint of national defense, according to Secretary of State Stacey W. Wade.

The Norfolk Southern has agreed to lease this strip of line, almost half of which is trestle, to the Atlantic and North Carolina Railroad Company which owns and will soon operate its line from Goldsboro to Morehead City. But until the engineers of the A. and N. C. make an examination of the track and trestle and arrive at an estimate of how much it will cost to maintain the trestle each year, the company is not expected to lease the Beaufort line, even at \$1 a year. For the prevailing opinion is that the line and trestle are in very poor condition and that

SELASSIE TO LEAD 120,000 FIGHTERS

Will Carry Troops, Including Modernly Equipped Guard, Into Interior

PEACE IS RUMORED

One Advisor Says Almost "Through"; Rome Declares Peace Further-est From Mind; Big Battle Expected Shortly

(Copyrighted by The Associated Press.) Addis Ababa, Oct. 7.—(AP)—Ethiopian sources disclosed today that Emperor Haile Selassie planned to lead an army of 120,000 fighters into the field against the Italy within two weeks.

This disclosure was made as rumors circulated in the capital that Italy had proposed peace terms to the emperor. One of the imperial advisers called the rumor "almost" through, but declined further comment.

(In Rome, Italian officials said peace terms were furthered from their thoughts.) Luigi Vinci-Gigliucci, the Italian

GRADY VISITS 84 COUNTIES OF STATE

Candidate for Lieut.-Gov. Office Feeling Out the People

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE, Raleigh, Oct. 7.—Senator Paul D. Grady of Kenly, Johnston county, has already been in 84 of the 100 counties in the State "feeling out" sentiment with regard to his candidacy for lieutenant governor, he said while passing through here today. He expects to visit the remaining 16 counties within the next ten days. The only section he has not yet visited is the northeastern part of the State, comprising the First and Second Congressional

BOILER EXPLOSION CHICAGO KILLS 9

Neighborhood About Plant Filled With Fire Engines, Ambulances

Chicago, Oct. 7 (AP)—Six persons were known to be dead and 28 injured in a boiler explosion at the Glidden-Soy Products Co. on Chicago's west side today.

All available fire fighting equipment was rushed to the scene and the neighborhood surrounding the plant became a bedlam of screaming sirens. Six fire department ambulances were dispatched from neighboring stations; fire fighting equipment came from all stations in that territory and Chief Charles Heaney, commanding the sixth division, rushed to take charge.

SELECTING JURY IN KIDNAP TRIAL

Abductors of Mrs. Stoll Are To Be Tried In Louisville, Ky.

Louisville, Ky., Oct. 7.—(AP)—From 100 secretly summoned veniremen counsel in Federal court today began selection of 12 jurors and an alternate to try two persons indicted for the \$50,000 kidnaping of Mrs. Alice Speed Stoll, Louisville society matron, who was slugged and snatched from her home on Lime Kiln Lane a year ago and held for six days in an Indianapolis apartment.

The defendants Thomas Robinson, Sr., of Nashville, and his daughter-in-law, Mrs. Frances Robinson, expressed confidence that they would be "vindicated" by the jury.

This confidence was likewise expressed by their attorneys, one of whom said he thought it likely the trial would be concluded an hour after the jury was sworn in,

WPA TO PUT 2,000 MORE MEN ON JOBS ON 146 PROJECTS

Receipt of \$2,000,000 More in Cash Makes Many New Projects Possible

N. C. STATE'S WORLD WAR TOWER INCLUDED

Park and Playground at Monroe Gets \$137,000; Oyster Planting Project on the Coast Gets Nearly \$200,000; \$7,000,000 More Been Approved

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE, Raleigh, Oct. 7.—At least 2,000 more men will be given jobs on WPA projects within the next day or so as the result of the receipt of almost \$2,000,000 more in cash with which to begin work on 146 additional projects in the State, George W. Coan, State Works Progress Administrator announced today. This is in addition to the approximately 1,000 men who have already been put to work on about 20 additional projects.

By the end of this week the State WPA hopes it will have received at least \$2,000,000 more from Washington and that it can put another 2,000 to 3,000 men to work. For projects totaling more than \$9,000,000 have already been approved for North Carolina, this figure including those for which they money has already been allotted and made available. This leaves at least \$7,000,000 worth of projects which have already been approved but for which the money has not yet been actually received here. From three to five days is usually required between the time projects are approved in Washington until the money for them is received by the PA here. As a result it is expected

SEATTLE GIRL ATTACKED AND BODY HANGED TO A GARAGE DOOR

Seattle, Wash., Oct. 7.—(AP)—A sadistic killer who hanged seven-year-old Sally Kelley, on a garage door was hunted here today by police detectives, shotgun squad and volunteers.

Investigating officers said the girl, the daughter of Mr. and Mrs. Albert H. Kelley, was criminally attacked before she was slain last night. Coroner Otto H. Mittlestadt and Detective Captain Yoris attributed the killing to a degenerate.

Captain Yoris announced that the detective had taken into custody for questioning a 51-year-old man. He did not disclose details of the arrest.

Detectives had as their main clue, a man's large handkerchief, which was tightly knotted around Sally's neck and lashed to a metal knob on the garage door when two policemen discovered her body.

The child's grandmother called police after Sally disappeared from the hallway of an apartment, where she was playing.

Four hours later patrolmen investigating garages behind the apartment building, opened one of the doors and the body, knees touching the ground, came into view.

ROOSEVELT MAKES IT CLEARLY THAT U.S. TO BE NEUTRAL

Decrees That Americans Travel on Italy, Ethiopian Boats At Own Risk

ALL TRANSACTIONS BE AT OWN RISK

Congressional Neutrality Legislation Gave President Power to Do This; Italians Occupy Aduwa, Having Taken It Yesterday

(Copyrighted by The Associated Press.) Geneva, Oct. 7.—(AP)—The League of Nations council today adopted a report declaring that Italy has resorted to war in disregard to the covenant.

The vote was listed as unanimous. Adoption of the report was immediately put into effect Article Sixteen providing application of sanctions against Italy.

Italy voted no and Ethiopia voted yes, but neither vote was counted for a member is not permitted to vote on a subject in which it is interested.

ETHIOPIAN TROOPS MASSES IN NORTH AND THE SOUTH (Copyrighted by The Associated Press.) To halt the Italian advance, Emperor Haile Selassie massed his tribal warriors in the north and south of Ethiopia today coincidence with the action of the committee of six of the council of the League of Nations in declaring Il Duce the aggressor.

The committee reported that Mussolini resorted to war in disregard to his application under the covenant of the league. The council met to consider the report and discuss the imposition of sanctions against Italy, probably of an economic and financial nature at the outset.

U. S. to Be Neutral. This decision followed the completion by President Roosevelt of the precedent-shattering neutrality policy of the United States.

In addition to the embargo on munitions of war, the President warned Americans they traveled the ocean on Italian or Ethiopian ships at their own risk.

With these proclamations, the president fulfilled his obligation under the recently congressional neutrality legislation. But he went even further. He declared Americans to engage in

FDR TO STAY OUT EUROPEAN CONFLICT

Roosevelt Makes It Clear to San Diego Crowds He'll Try to Stay Out

New York, Oct. 7.—President Roosevelt made it clear at San Diego that his administration will try to keep far outside of any European conflict. But at the very moment he was saying that, Great Britain was hinting that economic sanctions against Italy could not be effective unless the United States joined in.

"Economic sanctions" is a polite term for economic warfare. To "apply" economic sanctions to a nation is to cut it and its people from every available source of supply. It means to starve a nation, an entire nation.

WELL, WHAT THEN? If not by economic sanctions, how
