## POPE PIUS SEEKS TO DELAY SANCTIONS

### ABOUT 16 MILLION POUNDS SOLD HERE FOR SEASON SO FAR

Season Average Is \$22.31 and Total of \$3,499,100.23 Has Been Paid For Leaf

TWO WEEKS TO RUN TILL THANKSGIVING

Season Totals Expected To Be Near 20,000,000 Pounds By Then; Market Heading for Season's Goal of 25 Million Pounds; Prices Holding Firm

With today's sales, approximately 16 million pounds of tobacco has been sold on the Henderson market this season representing about two-thirds of what the market is likely to sell for the whole period of the 1935 crop. Through Wednesday, season sales amounted to 15,690,670 pounds, for which buyers had paid \$3,499,100.23 at an average of \$22.31 per hundred pounds. For the present week, through Wednesday, sales have totaled 1,222,604 pounds and brought \$27,642,775 for an average of \$22.65 per hundred, a tabulation of figures revealed Wednesday's sales were 375,280 pounds for \$81,470.97, at an average of \$21.70 per hundred. The floors were not entirely cleared at the end of the day Wednesday, marking the fourth consecutive day of blocked sales. It was thought that all houses would be sold out today, however, in preparation for an expected heavy sale tomorrow at the end of the week.

Prices continue to hold firm, the slight decline from former higher levels nearer the first of November being due it is said, to a slight shading in the quality of the leaf that is being offered. Price levels continue to hold on the same grades. The market continues to draw large quantities of tobacco from over the entire Henderson territory, and growers for the most part are satisfied with the prices paid for their weed.

### Legislation To Halt S. C. Row Is Urged

Columbia, S. C., Nov. 14.—(AP)—Legislation to end the controversy over the State highway control by having a new commission elected by the people was proposed today by Representative J. P. Mozingo of Darlington. Mozingo said he planned to introduce a bill to create a State highway commission of six to replace the old commission of 14 that Governor Olin Johnston ousted by a military coup October 28. He based his proposal to offer the measure at the session beginning next January 14 on grounds it would stem "the rising tide of factionalism" over highway affairs and eliminate all possibility of "ring rule" of the highway bureau.

### New Demand By Japanese On Chinese Nationalist Government Is Told To Suppress Anti-Japanese Activities

(By the Associated Press.) Reports of an impending Japanese attack on the Chinese quarter of Shanghai, promptly denied by Shanghai authorities, created a condition of near panic among Chinese today. They fled the quarter in vast numbers to take refuge in the in-

### Bankers See Big Strides To Recovery

Report, However, Demands Government Retire from Banking and From Business

New Orleans, La., Nov. 14.—(AP)—The resolutions committee of the American Bankers Association reported today the prevailing business sentiment in the United States is "one of conviction that recovery is making rapid progress." The report was adopted unanimously by the association. The committee, composed of 18 of the nation's leading financial figures, also reported that public confidence has been "completely restored in banking," recommended their

### A. & N. C. PAY CUT IS PROTESTED BY RAIL LABOR UNION

Sharp Cuts, Together With Longer Hours, Planned as State Starts Operation

### GOVERNOR STATES HE KNOWS LITTLE

Complaints by Labor Made to Him Referred to General Manager Crowell, Who Will Run Road for State; Road To Drop From Class 1 to Class 2

Goldsboro, Nov. 14.—(AP)—Goldsboro employees said today that the railroad labor unions have protested to the National Railway Labor Board against proposed pay reduction and increased hours when the Atlantic and North Carolina railroad begins independent operations Saturday. Employees of the road here, which is to be operated hereafter by the State, instead of the Norfolk Southern, which formerly leased it, claim announced wage reductions in some instances amount to as much as 53 percent.

New rates for freight and passenger conductors and for engineers and trainmen were announced by General Manager H. P. Crowell at a conference with representatives of the workers in Morehead City early this week. Under the new rates, effective Saturday, according to the union leaders, freight conductors would receive a flat rate of 67 cents an hour, as compared with the old rate of \$7.15 per

### UTILITY DECISION WON BY STRATEGY

And It Was John W. Davis Who Got Baltimore Ruling Against U. S.

By LESLIE EICHEL. New York, Nov. 14.—It was a piece of legal strategy that gave the utilities their victory before Federal Judge William C. Coleman in Baltimore. And it was John W. Davis, the prize legal adviser to J. P. Morgan, who conceived the strategy. The administration's response to it is believed by observers to be contained in these paragraphs which appeared in a New York Post editorial: "The question was raised in the court in such a way that the Federal

### TOBACCO CROP NOW TWO-THIRDS SOLD

November Indication of Yields 15 Percent Above Ten-Year Average; Prices Not in Keeping With What Farmer Buys, But Better Than They Have Been

Raleigh, Nov. 14.—(AP)—"It has been a most fortunate year in North Carolina so far as crop yields are concerned," the Federal-State Crop Reporting Service announced today, and added, "in fact, this State is looked upon by outsiders as 'practically recovered' from the depression conditions." "Very good yields have been made with corn, small grain, cotton, tobacco, sorghum, early Irish potatoes and hays," the crop report said, as of November 1. Indicated production of tobacco the first of the month was 562,998,000

### Roosevelt Budget Cut 1-2 Billion

New York, Nov. 14.—(AP)—Informal orders by President Roosevelt for a cut in the 1937 Federal Budget of \$500,000,000 under the newly-revised 1936 estimates were reported in a Washington dispatch printed by the New York Times today. "This," said the dispatch, "together with \$500,000,000 in increased revenue for the same period, which the Treasury confidentially expects, if business trends continue, will enable the administration to lop one billion dollars off the deficit, and thus place the budget in a position to be balanced during the fiscal year 1938."

### LIQUOR SALES ARE \$250,000 MONTHLY

On Same Basis State As Whole Would Sell \$14,400,000 Per Year

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE. Raleigh, Nov. 14.—The 55 legally operated liquor stores in 17 counties are now selling approximately \$250,000 worth of liquor each month, according to the most recent figures made public by the various county alcoholic beverage control boards which operate the ABC stores. On this basis, and assuming that

### New Commonwealth for Philippines Proclaimed

Roosevelt Signs Document and Sends Congratulations to Manuel Quezon, First President, To Be Inaugurated Tomorrow; Manila Seethes With Joy

Washington, Nov. 14.—(AP)—President Roosevelt today signed a proclamation establishing the new commonwealth of the Philippines, and sending a message of congratulations to Manuel Quezon, its first president. The proclamation is to be effective upon its promulgation at Manila tomorrow by Secretary Dern, whom the President designated as his personal representative. "Upon such promulgation of this proclamation," Mr. Roosevelt said,

"the existing Philippine government shall terminate and the government of the commonwealth of the Philippines shall enter upon its rights, privileges, powers and duties as provided under the constitution of the said commonwealth of the Philippines."

### Crop Yield In State Is 15 Prct. Up

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE. Raleigh, Nov. 14.—Crop yields in North Carolina were 15 per cent above the national average on November 1, according to the report issued today by State-Federal Crop Reporting Service of the State Department of Agriculture. Unusually good yields have been made this fall in corn, small grains, cotton, tobacco, sorghum, early Irish potatoes, sweet potatoes and hays, the report points out. Prices received for these farm products have not been quite up to parity when compared with the prices farmers are having to pay for the things they must buy yet they are

### Scottsboro Case Ready for Trial For Second Time

Scottsboro, Ala., Nov. 14.—(AP)—Prosecution of nine Negro men in the Scottsboro criminal attack case today was back today where it started four and a half years ago, with each indicted twice by a mixed grand jury empanelled to meet a supreme Court objection to its all-white predecessor. Possibility of death in the electric chair again faces the Negroes, eight of whom have been previously convicted. Creed Conyers, a Negro farmer and school board trustee, served on the 18-men jury which returned the true bills charging attack.

### TALK BARKLEY AS ATTORNEY GENERAL

Cummings Loyal Enough But Somehow Is Unable "To Ring the Bell"

By CHARLES P. STEWART. Washington, Nov. 14.—It is common talk in Washington that Senator Alben W. Barkley of Kentucky is slated to succeed Homer S. Cummings as attorney general. Cummings, to be candid, has not turned out to be much of an asset to the administration. He is loyal and well meaning, but he hasn't "rung the bell" as a cabinet member. He has something of a reputation as an astute politician, but he hasn't the gift of publicity. Even his political astuteness is a trifle questionable. He was Democratic national chairman at one time, but the Democrats lost under his chairmanship. Probably he understands New England, but maybe not the remainder of the country. He was born, indeed, in Chicago, but has lived most of his life in Connecticut. He is likable at short range, but is no mass spellbinder. Also, he lost the administration's case in defense of NRA's constitutionality. It is the consensus of chatter in New Deal circles that he bungled it.

### RIOTING IN EGYPT AIMED AT BRITAIN AS YET UNCHECKED

Four Dead, 150 Injured In Two Days of Demonstrations Against British Rule

### HOLY FATHER ACTS FOR WORLD PEACE

Ethiopia Reports Heavy Capture of Italian Supplies and Munitions, But Italians in North Seek To Disperse Guerrilla Bands Operating There

(By the Associated Press.) Pope Pius sought postponement of sanctions against Italy today, informed ecclesiastical sources said in Rome, as anti-British rioting continued in Egypt.

Sources close to the pope represented the holy father as still hopeful League of Nations powers would delay imposition of trade bans in the interest of world peace.

One Egyptian died before a police gun as a column of protestants against England's domination of Egypt marched on Cairo from Giza.

The gunfire brought casualties in two days' rioting to four dead and 150 injured.

Armed police patrolled Cairo streets. More than 100 members of the powerful Wafdist party, leaders in the anti-British demonstrations, were sent to hospitals.

The riot started with a student celebration of "Independence day," carried through a Wafdist mass meeting and climaxed in the encounter with the marchers as the column moved toward Cairo.

In Ethiopia, scene of the actual but undeclared war, Italian forces in the

### SHARP INCREASE IN EXPORT OF COTTON

Britain Again Chief Buyer of U. S. Crop in Biggest Month Lately

Washington, Nov. 14.—(AP)—The Census Bureau report today said cotton exports during October, totalling 711,664 bales, were greater than in any month since January 1934, when 739,352 bales were shipped. Exports last month compared to 615,593 bales for the same month last year.

The report showed that Great Britain had regained its position as the world's leading buyer of American cotton, a place held in recent months by Japan.

The United Kingdom reported during October 215,995 bales, compared with 68,245 bales during October, 1934 while Japanese imports of American cotton last month were 147,201 bales as compared with 265,071 bales a year ago.
