## Christmas Checks Go To Farmers

Washington, Nov. 21.—(AP)—The Farm Administration plans to say "Merry Christmas" to the cotton farmer in the form of about \$30,000,000 in price guarantee payments.

December 15 was set as the goal to begin the movement of checks.

Meanwhile, pointing to the steady climb of spot cotton above the 12 cents a pound level, Cully A. Cobb, administration cotton chief, predicted the total cost of the price guarantee would fall substantially below an original maximum estimate of \$53,000,000.

Cobb estimated that from the beginning of the new crop year, August 1, to November 11, when the spot average passed the 12 cent mark, producers sold 5,800,000 of the 7,750,000 bales ginned, and will receive \$29,886,000 in adjustment payments.

## Federal Road Fund Is Tied Up In S. C.

Columbia, S. C., Nov. 21 (AP)—Joe Calus, executive manager of the State highway administration, said today that the refusal of the U. S. Department of the Interior to pay out Federal trust funds had prevented contractors on Federal aid road projects now under way from being paid.

Calus asserted the usual procedure in handling Federal contract projects was being "followed to the letter," but that Miller was refusing to pay contractors as required by the highway

## SOCIAL SECURITY SET-UP DOUBTFUL

Federal Board May Refuse To Accept N. C. Delegation of Powers

## COURT MAY REJECT IT

Delegation of Legislative Powers to Executive Department by Legislature May Fail To Get Approval.

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 21.—A good many persons here, including some of the best lawyers, seriously doubt if the North Carolina law designed to permit the governor to appoint a board to put the Federal unemployment insurance plan into effect, will be held valid either by the Federal Social Security Board in Washington or by the State Supreme Court, despite the fact that both Attorney General A. F. Seawell and Governor J. C. B. Ehringhaus are convinced the law is constitutional.

Both Attorney General Seawell and Commissioner of Labor A. L. Fletcher are leaving for Washington tonight to appear before the Federal Social Security Board tomorrow afternoon to explain the North Carolina law to the board.

It is pointed out that the Nebraska General Assembly passed a law similar to the North Carolina law, delegating to some existing body the power to legislate or make rules and regulations for putting the national un-

## Ellsworth Starts Second Polar Dash

New York, Nov. 21.—(AP)—The New York Times and the North American Newspaper Alliance reported today that Lincoln Ellsworth had hopped off in his second attempt in 24 hours to fly across the Antarctic continent.

Ellsworth and his pilot, Herbert Hollock-Kenyon, had been

forced to give up the first flight and return to the base ship, the Wyatt Earp, because of an oil leak in their motor, after three hours and eleven minutes in the air.

The explorer and his pilot again had favorable weather for the take-off, with virtually no wind and a few light clouds.

## Ethiopian King Barely Escapes Italian Planes Chasing Him To Capital

New Peace Moves Under Way at Paris as Anti-British Feeling Flares Again in Egypt; Rains Halt Advance of Italian Armies on Southern Front

(By The Associated Press)  
Emperor Haile Selassie was back in Ababa today, having completed an aerial tour of the southern War front shortly before two Fascist airplanes flew over the section he had surveyed.

The Ethiopian government announced the Italian machine passed over Harar and Dire-dawa in eastern Ethiopia just after the lion of Judah started back for the capital, which he left only yesterday. The communique said the Italian planes drop-

ped no bombs, indicating they were pursuing the Ethiopian planes, or reconnoitering.

New peace moves were under way at Paris, where Maurice Peterson, head of the Ethiopian department of the British Foreign Office, was to resume informal discussions with the French experts.

Anti-British feeling was again manifested in Egypt as students and other groups compelled some shops to close

## JAPANESE IN CHINA CHECKED BY TOKYO

Army General Told He Is Going too Far in His Activities There; Britain Said To Have Assured Chinese They Are Not Meddling In Their Plans.

(By The Associated Press)  
The possibility of an upheaval in the Japanese government over the North China situation was foreseen by Japanese political experts today due to the abrupt halt in the plans for making North China autonomous under the protection of the Japanese army.

The experts in Tokyo described the near crisis as a conflict between Japan's civil leaders and her military leaders on the Asiatic continent.

The autonomy movement in the five provinces of North China came to an abrupt halt today, and indications were seen in Tokyo that an imperial suggestion was responsible for the sudden hiatus.

Official sources in Shanghai expressed the fear that the halt was only temporary, but both Japanese and Chinese quarters agreed it was definite.

The Japanese army's high command in Tokyo instructed its subordi-

## N. J. Fights Review For Hauptmann

Washington, Nov. 21.—(AP)—The State of New Jersey today urged the Supreme Court not to review the conviction of Bruno Richard Hauptmann for kidnaping and slaying the Lindbergh baby.

A 30-page brief filed by Joseph Lannigan, assistant State attorney general, concluded with these words:

"It is respectfully submitted that the petitioner (Hauptmann) has not shown himself to have been deprived of any rights accorded him by the 11 amendment, and further that he has been convicted and is now held in custody under due process of law within the meaning of the Constitution."

Hauptmann recently appealed to the highest tribunal to save him from the electric chair. He criticized the activities of the attorney general of New Jersey, David T. Wilentz, and asserted the celebrated trial at Flemington resembled a "circus."
