

JAPANESE TROOPS POUR INTO NORTH CHINA

Government Slowly Gaining Control In Brazilian Uprising

Local Troops Force Surrender of Rebellious Enlisted Men at Aviation School

COMMUNISTS FORCE ROUTED IN NORTH

Government Claims It Dominates Fresh Rebellions, But Censorship Is Speedily Applied; Civilian Corps of Vigilantes Join In Resisting

Rio de Janeiro, Brazil, Nov. 27.—(AP)—The third regiment of Brazilian infantry, in rebellion against the government since before dawn, surrendered in its barracks this afternoon, leaving Federal authorities apparently in control throughout the nation.

Rio de Janeiro, Nov. 27 (AP)—Loyal government troops forced the surrender of a rebellious group of enlisted men at the aviation school here today, then fixed bayonets for a charge against the third infantry regiment, which had risen up against the government.

The rebellion, which broke out in northeast Brazil, spread to the troops stationed in the capital early today only a few hours before the government announced it had recaptured Natal, the capital of the state of Rio Grande do Norte, which rebels seized last Saturday.

A group of sergeants and privates of a battalion one, stationed at Villa Militar, in suburban Rio de Janeiro, attacked the aviation school early in the day.

Bombing planes immediately roared over the aviation school and dropped bombs. The school's hangars caught fire. The punishment was

A. T. & T. Ends Its Evidence In Rate Case

Raleigh, Nov. 27.—(AP)—The Southern Bell Telephone and Telegraph Company rested its case today in its fight against rate reductions ordered by the State Utilities Commission, and Judge G. Vernon Cowper, presiding, in Wake Superior Court, recessed the hearing until Monday.

I. F. Woodruff, of Atlanta, assistant vice-president of the telephone company, was the last witness presented, though others may be offered in rebuttal to the State's evidence later.

Trial of the case has been under way for five weeks.

The rate reductions ordered by the Utilities Commission would amount to more than \$300,000 annually and would affect 78,000 customers in North Carolina.

Troops Join In Oklahoma Body Search

Wounded, Captured Gunman, in Moment of Consciousness, Admits Killing

Oklahoma City, Nov. 27.—(AP)—National Guardsmen joined Oklahoma's grim search for bodies today as Chester Comer, wounded gunman, remained unable to elaborate his mumbled admission of slaying three persons and hiding their bodies. "Oh, a pile of bodies. . . . Fittstown. . . . near Ada."

The 25-year-old hitch-hiking oil field worker, a bullet in his brain.

Faces Red Revolt

President Getulio Vargas (above) of Brazil has ordered his loyal army to quell revolt of Communists who are reported in control of Natal and Pernambuco under the leadership of Luis Carlos Prestes as general South American outbreak threatens in Argentine, Chile and Paraguay. (Central Press)

AN ANTI-IMPERIALIST REVOLT

Scene of revolt

Belief was expressed by observers in Rio de Janeiro that the uprising reported in four states in northeastern Brazil might envelop the nation. The revolt is a Socialist-anti-Imperialist movement. According to first reports, the revolt is led by non-commissioned officers of the army in the states of Pernambuco, Rio Grande do Norte, Alagoas and Parahyba, shown above on map.

EHRINGHAUS WILL LIKELY SOON PICK NEW LIQUOR BODY

Governor Was Waiting On Supreme Court Ruling, Which Indeed Was Very Indefinite

TESTS OF COUNTY ACTS IMPROBABLE

Absolute Certainty as to Legal Status of Liquor Stores To Await Another Legislature; Commission Would, Therefore, Have Much To Investigate

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 27.—Governor Ehringhaus has indicated that he is in mood to name the commission to study liquor conditions in North Carolina and that he may have the names ready during the week.

The act creating the commission was the only Statewide measure that the General Assembly of 1935 would pass. It killed two State control bills.

Ellsworth Ship Plans For Rescue

New York, Nov. 27 (AP)—Steps preparatory to a possible rescue expedition for Lincoln Ellsworth and his pilot, Herbert Hollick-Kenyon, were in progress today aboard the base ship, the Wyatt Earp.

Ellsworth and Hollick-Kenyon were last heard from at 10:48 a. m., eastern standard time, Saturday while they were flying toward the Bay of Whales, former base of Admiral Richard E. Byrd in the Antarctic.

Word of the rescue preparations was wireless to the New York Times and the North American Newspaper Alliance as another day passed without word of the explorers' whereabouts.

Should no news be heard within the next day or so, then it remains only to carry out the measures outlined by Ellsworth in a statement left at the Wyatt Earp, in which the explorer outlined his procedure in the event of a forced landing and his inability to send communications, the message said.

McDonald And Maxwell In Face To Face Tax Debate

Professor Tells Tax Wizard He Did Not Inform Legislature of Facts Last Spring as to Property and Corporation Levies; Says Maxwell Beat Bill

Raleigh, Nov. 27.—(AP)—Dr. Ralph W. McDonald, who is seeking the Democratic gubernatorial nomination next year, today carried his disagreement over taxes on corporations in North Carolina personally to A. J. Maxwell, State revenue commissioner.

Dr. McDonald told the revenue commissioner he agreed with a recent study of property taxes, which showed North Carolina had the lowest per capita tax in the nation, but contended Mr. Maxwell should have so acquainted the legislative joint finance committee last spring.

"I do not think you have ever been

consciously dishonest, but at times you have certainly been misinformed or uninformed," Dr. McDonald said.

The former Winston-Salem college professor, who was a member of the 1935 legislature, met Mr. Maxwell face to face in the office of the revenue commissioner.

The gubernatorial candidate gave newspaper men whom he had called to attend the conference, copies of a newspaper story of last February quoting Mr. Maxwell as saying North Carolina taxes on corporations are

Italy Withdraws Recent Furlough

Rome, Nov. 27.—(AP)—Reliable information said today it was believed the government had largely cancelled the furloughs recently extended to about 100,000 soldiers, and that new troop movements had been ordered.

An authority said that Italy was sufficiently worried about talk in the League of Nations concerning placing an embargo against oil shipments to Italy to "make some movement of troops."

Officials refused to explain what troop movements were ordered, or whether the Metaruso division, which had been ordered removed from Libya, had sailed.

FDR TO ASSEMBLE TAXATION EXPERTS

Effort To Be Made in Winter Conference To Find Per capita Levy

By CHARLES P. STEWART Washington, Nov. 27.—The taxation conference which President Roosevelt intends to call late in the winter will be a tremendously important gathering.

And it will have an almost infinitely intricate problem to deal with. Several years ago I tried to ascertain what the average American pays in taxes, but gave it up as a hopeless job when the late Joseph S. McCoy, then actuary of the treasury, as-

Extension Of Sanctions May Result In Forceful Resistance From Italy

Mussolini Quoted As Saying Recently He Was Convinced England Plans for War

SIGN SEEN OF NEW EUROPEAN UNREST

Meanwhile, Ethiopian Claims Fresh Successes Against Italians, With Retreat from Makale, All of Which Is Denied by Official Italian Sources

(By the Associated Press.) The eastern African conflict between Italy and Ethiopia engendered new European unrest today. Sources close to the government of Premier Benito Mussolini said forceful resistance might be expected if the League of Nations pressed for extension of sanctions against Italy.

Recalled were two statements descriptive of the situation on the northern side of the Mediterranean Sea. One was that attributed to Mussolini only two days ago that the imposition of an oil embargo on Italy "would mean war." The other was that of Henry J. Allen, of Kansas, former United States senator, who said six weeks ago after an interview with Il Duce, that Mussolini was convinced "England means war."

On the east African front, Ethiopian reports—denied in Rome—of victories on the southern front were followed today with a communique at Addis Ababa saying 1,000 Italians occupying Makale on the northern front retreated yesterday to Adigrat.

Italian advices were sharply contradictory, Ethiopians, they said, on the northern and southern fronts were putting up bitter, but ineffectual, resistance to the Fascist invaders.

As the League of Nations general staff of experts assembled at Geneva

SALISBURY CHAMBER LEAVES U. S. GROUP

Salisbury, Nov. 27.—(AP)—The Salisbury Chamber of Commerce, by unanimous action last night, voted to withdraw membership from the United States Chamber of Commerce until such time as that body "reverts to its original status as a trade organization and discontinue its activities as a political organization."

Meekins Is Silent Over High Honor

In the Sir Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILLE.

Raleigh, Nov. 27.—Federal Judge I. M. Meekins isn't saying he is, and he isn't saying he isn't considering the presidential proposals which have appeared in the papers recently.

The judge was here yesterday and he will be here again next week on court matters. There is no hiding the fact that he is in the national eye. Their recent declaration of Senator William E. Borah that he would veto the Wagner-Costigan Federal anti-

CHINESE LEADERS ARE WAVERING ON SECESSION ISSUES

Japanese Garrison at Peiping Has More Than Doubled During the Last 24 Hours

TROOP TRAINS ARE REACHING TIENSIN

Only "Holding Exercises", Japs Answer, but Chinese Authorities See Intimidation and Effort To Block National Government Interference

Shanghai, China, Nov. 27.—(AP)—Japanese troops moved into North China by train loads today while Northern Chinese leaders wavered on the issue of secession from the central Nationalist government.

Troop trains bearing 3,000 Japanese soldiers and war equipment arrived at Tientsin from Chin Wangtao, treaty port of Hopei province.

At Peiping, where the Japanese garrison has more than doubled in the last 24 hours, Colonel Nait Takahashi, military attache, announced that the Seng Thai railway junction a few miles east of Peiping, had been seized.

Public nervousness over the sharply increased Japanese military activity was intensified by news that the heavily-laden troop trains were arriving at Tientsin.

The Japanese, taking over a quantity of rolling stock and control of the Chinese military telephone, first

Ben S. Allen

The man always at the side of former President Herbert Hoover these days is Ben S. Allen, above. Allen is believed to be the guiding publicity spirit. He and Mr. Hoover first met when Mr. Hoover was conducting the food administration. Allen became his secretary then. Prior to that he was a newspaper correspondent in London.

QUOTAS MIGHT BE FIXED ON EXPORTS OF WAR MATERIAL

Shipment of All Oil, Copper, Scrap Iron and Steel Would Be Strictly Limited

MAY ASK CONGRESS TO PROVIDE SYSTEM

May Be Designed To Limit Trade With Belligerents to Normal Volume; Administration Wishes To Avoid Absolute Ban On Such Exports

Washington, Nov. 27 (AP)—Showered by a mixture of praise and criticism for the course they have taken on the Italo-Ethiopian conflict, high administration officials are considering a new step in the neutrality policy.

The move under study, authoritative sources indicated, as a system of quotas which would be clamped on exports of essential war materials, limiting strictly the export of such things as oil, copper, scrap iron and steel to warring nations.

It is believed Congress will be asked to provide such a system if the administration finally decides on it. The quotas probably would be designed to limit trade with belligerents to a normal volume.

At the same time, it is believed the administration seeks to avoid the extreme of cutting off exports to fighting countries, a plan which Senator Pope, Democrat, D. C., will push in the next session of Congress.

ELECTRICITY DATA SENT WASHINGTON

Raleigh, Nov. 27.—(AP)—The State Rural Electrification Authority today sent to Federal officials additional data asked on a proposal to construct 232.18 miles of power lines in Franklin, Johnston and Wake counties, to serve 1,470 customers.

Federal funds to build the lines were first sought last June, and Washington authorities have asked for more information.

Clipper Gets Big Greeting From Guam Id.

Guam Island, (via Pan-American Airways Radio), Nov. 27.—(AP)—Residents of Guam hailed arrival of the mail-laden China Clipper today and the isolation of this tropical Pacific isle.

The graceful sky liner, nearing the end of its first flight over a trans-Pacific air mail route, arrived here from Wake Island at 3:07 p. m., (12:07 a. m. eastern standard time.)

The 1,536-mile distance was covered in ten hours, three minutes. Two hundred pounds of air mail was unloaded and speeded to the post office for delivery, while Captain Edwin Musick, the skipper of the flying boat, and his eight-man crew, were welcomed by officials.

Captain Musick said the big 25-ton flying boat would lay over here tomorrow, taking off on the last leg of the route to Manila at dawn Friday morning.

No New Tax This Session Is Probable

Some Congressmen Willing To Wager New Levies Will Wait 1936 Election

Washington, Nov. 27 (AP)—Some members of Congress believe the administration may not ask for new taxes next session, even if the Supreme Court declares the AAA processing levies invalid.

The administration indicated some time ago it would seek new taxes to finance farm benefited of AAA suffered this body blow. Treasury experts will be prepared, if President Roosevelt so orders, to suggest several plans for raising \$500,000,000. This is the sum estimated to be needed to pay farmers under existing production control contracts.

Several senators said today they would be willing to wager that a new tax bill would be avoided, at least until the 1936 election.
