With a total of approximately 19,150,000 pounds sold to Thanksgiving the Henderson tobacco market was prepared today for the resumption of sales next Monday morning, and expected a big break of the golden weed. The average this fall has been slightly over 22 cents per pound.

While definite figures were not obtainable today for Wednesday's sale, which was small and ranged around 20,000 pounds, compilations through Tuesday showed the market to have disposed of 19,708,938 pounds for \$1,299,117.75 for an average of a trifle over 22 cents per pound. Sales on Monday and Tuesday of this week amounted to 716,960 pounds and brought \$146,648.40 for an average of around 21 cents. The market this season, for the same number of selling days, has paid out considerably more money than

Governor's Claims for North Carolina's Tax Payments and Its Miserly Treatment by Federal Government Cause New Yorkers to Rub Their Eyes

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 28—Senator Dickinson of Iowa had a run-in with Governor Ehringhaus at the New York State Chamber of Commerce meeting last week and repercussions therefrom do not sound entirely unlike the aftermath of the Duke and Carolina game. The senator and governor were on a political program. The governor

#### Washington Lacks Report About Japs

Washington, Nov. 28.—(AP)—The State Department was without any official advices today on reports that Japanese military authorities had taken over an airport at Tientsin in which Pan-American Airways was interested.

Official comment was withheld, but it was believed in unofficial quarters that whatever incident may have occurred was of a character that could be adjusted by local authorities.

Chinese reports at Shanghai said an American pilot arriving at Tientsin airport with a plane had been molested by the Japanese military.

By CULLY A. COBB, AAA Cotton Chief, (Written for the Associated Press) Washington, Nov. 28 (AP)—Business indicators for the past 24 months have pointed to rural customers in the South as the most active in America.

In the southern region, these rural retail sales showed an increase of 23 per cent in 1934 over 1933, which was

#### Laval Policies Are Upheld By Heavy Vote In Chamber

Paris, Nov. 28.—(AP)—The French Chamber of Deputies today declared its confidence in the economic policies of its premier, Pierre Laval, by a vote of 345 to 226.

The ballot, regarded as a powerful show of agreement with the Laval program, came within a few minutes after Parliament reconvened today, following weeks of heated discussions of the government's economy

measures. The Chamber of Deputies was heavily guarded. Soldiers were brought in from the provinces to reinforce the Paris garrison, while hundreds of police and mobile guards encircled the Chamber and others patrolled the boulevards because of the tension between radicals and nationalists.

Throughout the morning the capital and provinces were quiet, although a member of the Fascist veterans organization, the Croix de Feu, was seriously wounded by a rifle shot fired from the doorway of a cafe as he tore a radical poster from a wall in Lyon.

As soon as the Chamber of Deputies met, Premier Laval demanded a vote of confidence for his anti-devaluation program of economy decrees.

He asked for the vote in postponement of the deputies' fight over the Croix de Feu and the other nationalist leagues.

#### S. C. Road Body Hits Opposition

Columbia, S. C., Nov. 28.—(AP)—Governor Olin D. Johnson's military highway regime, a month old today, encountered at the same time its first revolt.

#### Coal Bill's Rulings Go Both Ways

Washington, Nov. 28.—(AP)—A midnight decision in the District of Columbia Supreme Court sustaining parts of the Guffey coal central act and invalidating others left the way clear today for a final Constitutional test of this new Deal measure.

Unexpectedly delivering an oral opinion last night, Justice Jesse C. Atkins held constitutional the price-fixing and taxing provisions of the law, designed to apply the broadest peace-time regulations to bituminous coal. He declared invalid the sections providing for determination of wages and hours through collective bargaining.

#### Japanese Rushing Huge Air Base To Rapid Completion

#### China Clipper To Start Final Hop

Guam Island, Nov. 28.—(Via Pan-American Radio)—(AP)—The great China Clipper swung at anchor in Apra Bay today while her crew observed Thanksgiving Day. Mechanics prepared the flying boat for the last lap of the Alameda, Cal., to Manila air mail trail—an over-water flight of 1,700 miles.

The take-off will be at daylight Friday (3:30 p.m., Thursday, eastern standard time). More than 100,000 letters will be carried on the trip, the only section of the projected air mail and passenger route not yet flown by Pan-American ships.

Hordes of natives swarmed the water front gazing with wonderment at the great ship and the men when it carried over more than 6,000 miles of ocean in about 488th hours of flying time.

#### Chinese Government At Nanking To Protest To Japanese Against Seizure of Sengtai

CHINESE GARRISON REVOLT REPORTED

Marching Northward And May Mean Bloodless Autonomy Movement Will Bring Early Strife; Troops Trying To Join Secession Revolt in North

Tientsin, China, Nov. 28.—(AP)—This city was taking on the aspects of an armed Japanese camp today as troops of the Rising Sun Empire moved in, while Chinese forces were withdrawn from the Tientsin-Peiping area.

General Shang Chen, former governor of Hopeh province, was withdrawing his troops rapidly.

The Japanese were rushing a huge air base to completion, preparing for the establishment of squadrons of airplanes.

Simultaneously, Japanese soldiers were busy stringing military lines through the streets of the city. These lines were connecting with Tang-Ku, where two Japanese destroyers have arrived.

A correspondent for the Japanese News Agency Rengo reported from Nanking that it was authoritatively stated the Chinese government would protest to Japan against the seizure of Sengtai.

Reports that the Chinese government

#### Both Carolina And Duke Still In Rose Bowl Talk

Durham Rumors Reach Raleigh That Impressive Win by Carolina Today May Bring Invitation to West Coast; Duke's Defeat of Carolina Impressive

In the Sir Walter Hotel, Daily Dispatch Bureau, BY J. C. BASKERVILLE.

Raleigh, Nov. 28.—Both Duke University and University of North Carolina football teams will be considered in Rose Bowl negotiations, according to Durham people who were here today.

The fact that Duke lost two, and by popular opinion should have dropped

another in the season run, and the further fact that North Carolina lost one game, will not put the two teams out, according to these fans who think Duke's heavy defeat of Carolina, coupled with the Wallace Wade reputation, may get the Durham school a bid.

Duke's easy and devastating defeat
