AAA Substitute May Be Soil Conservation Program

Cash Payments By Government Would Aid Farm Incomes

AGAINST TAMPERING WITH CONSTITUTION

Strong Sentiment Against Any Sort of Amendment Said to Prevail in Conference of Farm Leaders; Trend Appears Definitely Toward Conservation.

Washington, Jan. 11.—(AP)—Actual framing of broad policies to guide a new farm program began today in a meeting of New Deal farm leaders. Secretary Wallace, Chester C. Davis who administered the AAA; Chairman Sam H. Democrat, South Carolina of the Senate Agriculture Committee; and Chairman Jones, Democrat, Texas, of the House Agriculture Committee, drew chairs up to a conference table with a committee of 13 representing the approximately 100 farm leaders summoned to "advise" the New Deal on an AAA substitute. The conference lasted an hour. Upon leaving, Smith told the newsmen "the next farm legislation, in my opinion, will be permanent and not of an emergency type." Smith and others attending declined to elaborate on the discussions. The farmers' committee were expected to report to the full conference of 190 farm leaders after today. It was reported authoritatively that the farm committee had reached an agreement on a program involving the principles of soil conservation, production control and cash payments of some form to the farmer.

Washington, Jan. 11.—(AP)—A hurry call to a soil conservation "wizard" to speed across the continent and sit in at a big farm parley here gave a new hint today of what AAA's successor may be like. It was learned that Howard R. Talley, described by administration officials as the "foremost agricultural economist" in the United States, had been called from the west coast to attend the farm conference, summoned by Secretary Wallace to discuss

SHUPING ATTITUDE MAY HURT BAILEY

Snubbed Roosevelt on Two Occasions at Jackson Dinner Affair.

AVOIDED LUNCHEON

Also Refused To Applaud Any of Roosevelt's Statements at Dinner Speech; But Bailey Retains Him

Daily Dispatch Bureau, Raleigh, Jan. 11.—The openly antagonistic attitude of C. LeRoy Shuping, one of the two Democratic national committeemen from North Carolina, towards both the President and his entire program, coupled with his snubbing of the President by refusing to attend the luncheon at the White House tendered to all of the national committeemen Thursday—provided a mere national committeeman can snub any one, especially the President—is increasing the general dislike in most Democratic circles here and elsewhere over the State for Shuping sat through the President's Jackson Day dinner speech Wednesday night, grim-visaged and glowering, without once applauding or indicating any other emotion than thorough disapproval, is naturally not causing any rejoicing in Democratic circles over the State. The further

Asks Injunction To Prevent Halt Of AAA Program

Philadelphia, Jan. 11.—(AP)—A bill of complaint was filed in Federal district court today to enjoin government executives from interfering with the operation of the AAA until directed by the referendum vote of the people of the United States, declaring it their undeniable right on the constitutional status of the act. The bill was filed on behalf of P. T. Vincent, identified by attorneys as a real estate dealer, and was directed against President Roosevelt, Secretary of the Treasury Morgenthau, and Chester C. Davis, AAA administrator. The bill recites that the Supreme Court, by an "unbalanced" decision, declared the act unconstitutional; that the President, in accordance with precedent set forth by custom alone, either personally or through an agent, issued an order nullifying and raising the breakdown of the agricultural adjustment act machinery.

ETHIOPIANS HEAR MAKALE RE-TAKEN ON NORTHERN LINE

Addis Ababa Gets Report, But Government Officials Profess Ignorance of Advance.

ITALIANS ANNOUNCE ETHIOPIANS BEATEN

Heavy Losses Sustained and Natives Forced to Retire To Mountain Fastnesses; Makale Held by Italians Since Early in War.

(By The Associated Press.) The recapture of the important town of Makale by the Ethiopians was unconfirmed in Addis Ababa today, but government officials said they had no knowledge of it.

Makale has been held by the Italians since the completion of their second major offensive in northern Ethiopia. A communique issued from Italian headquarters, at or near Makale, said the Ethiopians had suffered heavy losses and had fled to the mountains when they were trapped by an Italian "movement" south of Makale. At Rome the government claimed a victory in which the Ethiopians suffered heavily at the confluence of the Gabat and Gheva rivers. Italian infantry, artillery and planes were reported to have united in the engagement, in which three Italian officers and three native soldiers were killed and five natives wounded. The Italian government announced 521 native soldiers had been killed in the Ethiopian fighting between October 3 and December 31.

Howard Carter said, that he had sent two letters to President Roosevelt threatening his life. Palmer was arrested in his luxurious Park Avenue apartment after being under surveillance of secret service operatives for several days. He was arraigned before United States Commissioner Garrett W. Cotter after, Carter said, he had made his confession. Cotter said he had made his confession. Carter said the first letter was sent to President Roosevelt at the White House on November 28. The second was addressed to him at Warm Springs, Ga., December 3. The content of the letters was not disclosed, but it was reported he threatened the life of the President because he lost his fortune of more than one million dollars.

Lillington, Jan. 11.—(AP)—Deputy Sheriff K. C. Matthews testified in Harnett Superior Court today that Wendell White Mason, filling station operator, charged with the murder of his wife, told him "look at my dead wife there; if you don't get out, I'll shoot you, too," when the officer arrived to investigate the woman's death. Mason, 52 years old, operated a filling station at Pineview, 21 miles from here. His wife, Mrs. Beulah Groome Mason, 34, was shot to death last November and the man contends she was killed by robbers. Deputy Matthews was on the stand most of the morning as he described his investigation. He testified Mason told him he threw \$54 across the highway when the robbers attempted to hold him up. REPRIEVE APPEARS PROBABLE NOW FOR BRUNO HAUPTMANN

Governor Hoffman Says He Believes Condemned Man Had Aid in Lindbergh Crime.

COURT OF PARDONS CONSIDERS APPEAL

Its Deliberations Secret In Governor's Office in Trenton; Revelations by Condon That he Knows Two Others Involved Give Case New Angles.

State House, Trenton, N. J.—Jan. 11.—(AP)—Governor H. G. Hoffman today sought the arrest "for questioning" of the Lindbergh murder case's famous "Jafsie"—Dr. John F. Condon—as the court of pardons went into sessions to hear Bruno Richard Hauptmann's plea to escape the electric chair. Condon sailed suddenly last night for South America after a magazine began publication of "Jafsie Tells All" a series of articles by Dr. Condon purporting to offer new details of the case, including his belief that Hauptmann had a confederate.

The governor said he would ask Attorney General David T. Wilentz, who headed the Hauptmann prosecution at Flemington, for Condon's arrest. "Condon makes the flat statement that more than one person was involved in the plan," the governor said. "He goes so far as to write he knew two of those involved. If Dr.

Son-in-Law Says Jafsie Was Given Right of Sailing

New York, Jan. 11.—(AP)—Governor Hoffman's announced intention to have Dr. John F. Condon arrested for questioning brought a statement today from "Jafsie's" son-in-law, Ralph Hacker, that the Lindbergh ransom intermediary "has been willing to be questioned at all times."

Hacker, whose wife, Myra, sailed last night with her father on the Grace liner Santa Rita, for Panama, issued a statement when informed the governor of New Jersey sought Jafsie's return to question him concerning statements made in a series of magazine articles and interviews. Dr. Condon has been available for months and has been willing to be questioned at all times. Before leaving on this trip, he had had an inquiry made of the attorney general if there was any reason why he should not go at this time, and was assured there was not. "If there was any necessity to ask Dr. Condon any questions, that decision could have been reached before he sailed."

Delays For Hauptmann Seem Sure

Conviction in Trenton Is Pardons Court to Give Reprieve to Prisoner.

Trenton, N. J., Jan. 11.—(AP)—Temporary escape from the electric chair loomed suddenly as a distinct possibility for Bruno Richard Hauptmann today as the court of pardons considered in secret session his plea for clemency. This opinion spread swiftly around the Capitol after Governor Harold G.
