REORGANIZATION OF AAA PROCLAIMED BY SECRETARY WALLACE

Five Regions Established for Administering New Soil Conservation Farm Program

SENATE AND HOUSE AGREE ABOUT FUNDS

\$440,000,000 Added to \$2,889,751,905 Independent Offices Bill for Cost of New Plan First Year; Hutson Director for Division Including This State

Washington, March 17 (AP)—Secretary Wallace today announced the reorganization of the AAA and establishment of five regions for the administration of the new soil conservation farm program.

His statement coincided with an agreement by Senate and House conferees on the \$2,889,751,905 independent offices supply bill for the first year's operations of the farm subsidy law and \$1,730,000,000 for payment of the soldiers' bonus.

There had been some concern at AAA lest operation of the conservation act be delayed by lack of funds.

To Rush Bill

Senator Byrnes, Democrat, South Carolina, one of the Senate conferees, said an effort would be made to get the bill to the White House before President Roosevelt starts his southern cruise Thursday, the day when AAA officials planned to begin field operations. The Senate will act first on the conference report, probably today.

Districts Set Up

The directors of the old AAA commodity sections were named as regional directors for the respective divisions.

Storm With Gale Winds Hits State

Charlotte, March 17.—(AP)—A storm was moving up the eastern seaboard across the Carolinas today, bringing high winds, heavy rains and lower temperatures.

Snow and sleet fell in the mountains of Western North Carolina. Hendersonville reported a brisk snow there throughout the morning.

High winds at Hendersonville cracked windows and blew down tin snags and trees.

Strong shifting winds also swept the central part of North Carolina, and a warning issued by the United States Meteorological Station at Fort Bragg said they possibly would reach hurricane force during the afternoon.

The forecast was for fair and milder weather tomorrow, and the United States Weather Bureau said the temperature possibly would drop to freezing.

Talk Plans Of Control Of Tobacco

Ehringhaus Reiterates Readiness To Convene Legislature if it Will Help

Raleigh, March 17.—(AP)—North Carolina farm leaders gathered here today for a conference with Governor J. C. B. Ehringhaus, seeking a plan for tobacco control.

The governor, in a radio address last night, urged farmers to join a sign-up campaign for voluntary acreage reduction, and invited representative group leaders to today's session to discuss plans. He emphasized that the proposal for State compact had not been abandoned, but said "there is grave improbability of accomplish-

CLASSROOM GROUP FIGHT FOR RIGHTS

Teachers to Offer State Candidate in Opposition to Superintendents

'DICTATION' RESENTED

Tiret of Superintendents and Principals Lording It Over Instructors in State Education Association

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILL.

Raleigh, March 17.—The main item of interest in connection with the meeting of the North Carolina Education Association here Thursday and Friday of this week is the expected contest for the control of the association between the Classroom Teachers Association, a unit of the education association, and the group of superintendents and principals which for years is conceded to have managed the association almost to suit itself and used it to further its interests rather than those of the classroom teachers. So while the several thousand teachers who will gather ostensibly to hear inspirational speeches about education, the question they will be most interested in will be the under-cover contest for control of the association between the classroom teachers on the one hand and the superintendents and principals on the other, those in informed circles here admit.

Presidents Alternate

For the past several years, it has been the policy of the Education as-

ROAD FATALITIES STILL DECLINING

60 Killed, 462 Injured in 444 Accidents in Month of February

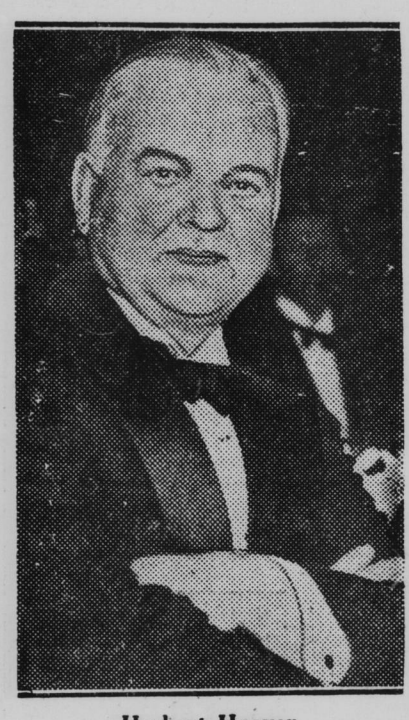

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILL.

Raleigh, March 17.—Sixty persons were killed and 462 injured in 444 automobile accidents in North Carolina throughout February, according to the official figures announced today by the motor vehicle bureau of the Department of Revenue. In February, 1935, a total of 77 persons were killed and 483 injured in 375 accidents. The record for January was 61 persons killed and 592 injured in 492 accidents.

Of the 60 persons killed in February,

HOEY AND GRAHAM HEADQUARTERS ARE OPEN AT RALEIGH

McDonald Expected to Follow With His Offices During the Next Week or Ten Days

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILL.

Raleigh, March 17.—With the campaign headquarters of two of the candidates for governor already open and a third expected to open in the next week or ten days, all in the Sir Walter hotel here, the political wheels are expected to turn faster and faster as the various candidates get up more steam. The campaign headquarters of Lieutenant Governor A. H. Graham on the tenth floor of the Sir Walter hotel opened late last week and Campaign Manager Lon Folger is being kept busy meeting the steady stream of callers and answering the hundreds of letters already pouring in. On the floor below, in Room 904, the headquarters of Clyde R. Hoey, is getting down to business with Campaign Manager Hubert Olive, of Lexington, on the job. The Hoey headquarters did not open until yesterday and Manager Olive and his assistant, Robert L. Thompson, formerly of The News and Observer, and now in charge of the Hoey publicity, have not yet got their headquarters completely organized and ready for business. But they are expecting to have a full head of steam up soon.

McDonald To Follow.

Nor is Dr. Ralph W. McDonald to be outdone by Messrs. Graham and Hoey. The former college professor, who is now one of the three leading candidates for the Democratic nomination for governor, is also going to

GOVERNMENT EASES ON LITTLE FELLOW

Recent Drive Against Small Tax-Payer Disappointing in Revenue

By CHARLES F. STEWART
Central Press Staff Writer

Washington, March 17.—A couple of years ago the internal revenue bureau arrived at the conclusion that Uncle Sam could scoop in a snug sum of money by rounding up small evasions of income tax payments.

It was recognized that collections, on account of these supposed deductions, would amount to only a little in each individual case, but it was calculated that the total, the pewee payers being relatively so numerous, and presumably being as evasive, in proportion,

CONTRACTS READY AND LAID BEFORE RALEIGH MEETING

Pledges Growers To Limit 1936 Crop to 70 Percent of Base Acreage Under Old AAA

NEAR \$40 AN ACRE RENTAL PROMISED

State College Extension Service To Give Its Full Cooperation in Signing, With Virginia, South Carolina and Georgia Joining In; County Agents Lead

Raleigh, March 17.—(AP)—Forty-six North Carolina farm leaders met with Governor Ehringhaus this afternoon to lay plans to reduce the 1936 flue-cured tobacco crop in the State. Governor Ehringhaus outlined the purpose of the gathering to discuss ways and means to control production and presented a tentative voluntary contract to be signed by growers to limit their crop to 70 percent of the base acreage determined by the AAA.

Dean L. O. Schaub, of N. C. State College, outlined plans for a Statewide campaign to be started next week by county agents in behalf of the new Federal soil conservation program. County agents will meet here Tuesday to study the plan, and starting Thursday, seven teams will sweep the state to explain it to farmers.

The proposal, Dean Schaub said, will be to pay from around five cents a pound, or from \$25 to \$40 an acre, as rental for land changed from tobacco production to soil improvement crops.

Complete cooperation of the extension service in the effort to control the acreage was assured by the dean.

The contract Governor Ehringhaus presented contained a stipulation growers would not purposely increase the number of pounds grown per acre by close planting or excessive use of fertilizer.

Under the contract proposed by the

Coughlin Church Structure Burned In Morning Blaze

Royal Oak, Mich., March 17.—(AP)—Fire destroyed Father Charles E. Coughlin's original Shrine of the Little Flower, a modest frame structure, today. The imposing new half million dollar Catholic shrine as yet not completed, was not damaged.

Father Coughlin, at the fire himself, estimated the loss at \$30,000. He and firemen were agreed that faulty wiring was the cause.

Two Royal Oak fire companies, given assistance from neighboring Birmingham, brought the fire under control, but not before 75-foot high flames had threatened to spread to the nearby shrine from which Father Coughlin makes his weekly radio broadcasts.

Heavy Gain In Incomes Collections

Washington, March 17.—(AP)—Income tax collections of \$281,758,032 for the first 17 days of March, representing a gain of 46.4 percent over the corresponding period last year, were reported today by the Treasury.

The receipts, which included first installments on 1935 incomes, boosted the total of income tax collections for the year to \$861,428,990, or 45.6 percent greater than last year.

Virtually all collection districts, in preliminary telegraphic reports to the Treasury, announced gains over last year.

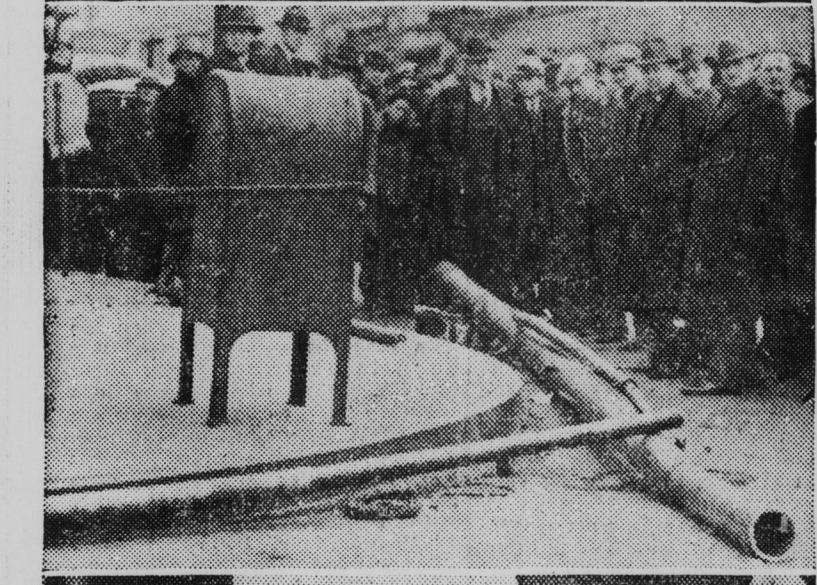

OUR WEATHER MAN

FRANCE TAKES APPEAL TO THE KING HIMSELF TO SAVE PEACE PACT

FLAGPOLE FALLS 13 STORIES, 2 DIE

The fallen flagpole and two of the injured (one of them dying later)

A 100-foot flagpole, weighing more than a ton, toppled 13 stories from the roof of a bank building in Peoria, Ill., killing one pedestrian, fatally injuring another and wounding three others on the sidewalk below. Parts of the flagpole (it crashed against the side of the building as it fell, breaking into several pieces) are shown top, with two of the injured, one of whom died later, below.

FLANDIN MAY URGE LAYING SANCTIONS AGAINST GERMANY

Little Hope of United Action Expected in Informal Sources in London, However

HITLER PROPOSALS AGAIN ARE TALKED

Grave Differences of Opinion Exist Over Discussions of Reich's Peace Offer; Adjournment Taken In Hope of Patching Up Differences of Views

London, March 17 (AP)—French sources announced that Foreign Minister Pierre-Flaudin, at an audience with King Edward VIII today, would make a "last appeal" to Britain to honor its Locarno obligations.

Although the audience was described officially as "a courtesy visit," a French spokesman said "that does not prevent an important exchange of opinion from taking place."

Many proposals were made for application of economic and financial sanctions against Germany for the Reich occupation of the Rhine land March 7 in violation of the Locarno and Versailles treaties.

Informed sources said, however, there was little hope of united action.

British, French, Belgian and Italian representatives reassembled at the foreign office to continue their discussions of the new security proposals Adolf Hitler extended simultaneously with his breaking of the old pacts and to study what should be done about his denunciation of the Locarno treaty.

Grave Differences

The representatives of the Locarno

Condon, Home From Visit To Panama, Ready To Talk With Gov. Harold Hoffman

But Sees No Reason Why He Should Go to New Jersey, Aged Educator Says of Hauptmann Case; Declines To Elaborate on His Plans at Last Minute

New York, March 17 (AP)—Dr. John F. Condon, returning to New York from a Panama vacation, was quoted by a fellow passenger on the liner Santa Inez today as being "very" willing to discuss the Lindbergh case with Governor Harold G. Hoffman of New Jersey at Dr. Condon's own Bronx home.

"Jasie" himself declined any comment whatever on the last month's efforts of Bruno Richard Hauptmann to escape execution for the kidnap-murder of the Lindbergh baby.

Glad to Greet Hoffman

But the Rev. Henry Beets, director of the Presbyterian Mission in South America, quoted him as having said: "I will be very glad to receive Gov-

Litvinoff Bitter In Attacks Made Against Germans

London, March 17 (AP)—Foreign Commissar Maxim Litvinoff of Russia attacked Reichfuhrer Hitler violently in a speech in the League of Nations Council tonight.

The Russian diplomat charged that Hitler was using his oft-stated fear of Russia "merely as a smoke screen for the aggression which is being prepared against other states."

Hitler Will Send Envoy To Meeting

Accepts Invitation for Germany To Have Representative at London

London, March 17 (AP)—Reichfuhrer Hitler today accepted an invitation by the League of Nations Council to discuss the international crisis brought about by his placing an army back in the Rhineland.

The League secretariat received a telegram from the German government announcing that General Joachim von Ribbentrop, Hitler's right-hand diplomat, would represent Germany at the council tables.

Hitler's answer to the League invitation came in the midst of a critical day.

Great Britain, which seeks to study Hitler's proposals for peace, had been almost in a deadlock with France,

HOOVER IS WITHOUT CONVENTION ROOMS

Other Candidates, However, Have Reservations for Cleveland Meet

By LESLIE EICHEL
Central Press Staff Writer

Cleveland, O., March 17.—Former President Hoover has made no hotel reservations for attendance at the Republican national convention. But Governor Landon of Kansas, Colonel Knox of Chicago and Senator Vandenberg of Michigan have. Undoubtedly Mr. Hoover seemed to disappear as a potential nominee when Governor Merriam of his home state of California declared for Governor Landon.

Matters are moving slowly toward arrangements for the Cleveland convention. Chairman Farley's wheels
