Mussolini Is Delaying His Acceptance of Four-Power Accord, and That Is Also Causing Concern; Duce May State Minimum Terms In African War

London, March 24 (AP)—A breach appeared to threaten the Anglo-Erench sector of the Locarno front today as Joachim von Ribbentrop was expected back from Berlin bringing Adolf Hitler's reply to the fourpower proposals for a Rhineand settlement.

Faris advices that Foreign Minister Pierre Etienne-Flandin would refuse to return to London if German counter proposals were considered, informed sources said, placed british Foreign Secretary Anthony Eden in

an awkward position.

More Anxiety Anxiety also arose in the British, French and Belgian delegations over Premier Mussolini's delay in ratifying the four-power accord, although it was initialed by Dino Grandi, Italian ambassador to London and delegate o the conferences.

Hitler's answer to the Locarno proposal was associated closely by League ources with an anticipated message from Mussolini setting forth his minimum terms for halting the Fascist

warfare in Ethiopia. Der Fuehrer's reply was expected a rejection of the Locarno program, framed to leave a means for new negotiations after Sunday's Reichstag elections, called by Hitler to approve his foreign policy

Raleigh, March 24-Several buckets of dope are expected to be upset before the State Republican Convention, in session here today, adjourns this afternoon or tonight. Indications at noon today were that the skids have been greased and placed under Gilliam Grissom, of Raleigh, former United States Collector of Internal Revenue in North Carolina, and for the past three years an active candidate for the Republican nomination for governor in 1936, and that Irvin B. Tucker, of Whiteville, former United States ditsrict attorney, will be selected as the party's nominee. The opinion in most circles last night and this morning was that Grissom had virtually been eliminated and that Tucker would be given the nomination. In fact, it was currently reported around the lobbies here this morning that Grissom had about given up all hope of getting the nomination. Tucker is chairman of the powerful platform committee.
