ITALIANS RENEW DRIVE ON ADDIS ABABA

EXPOSITION CROWDS ON THURSDAY NIGHT ARE BEST OF WEEK

Lt.-Gov. Graham, Candidate for Governor, Makes Strong Impression on Local Folk

PRIZES ARE GIVEN IN AMATEUR HOUR

Style Show Tonight To Be Popular Event; Best Talent of Amateurs Promised for Tonight; Circus Acts and Dancing Included; Exhibits Are of High Order

Gathering interest and attendance as the week goes on, the Henderson Automobile Show, Merchants Exposition and Indoor Circus had the best crowd of the week Thursday night. D. C. Loughlin, managing the exposition for the American Legion, which is sponsor, estimated last night a crowd of between 3,000 and 4,000.

Lieutenant Governor A. H. Graham, candidate for governor in the approaching primary, was a visitor and one of the chief attractions for the evening. He spoke appropriately and with but little reference to politics, then later mingled for several hours with the vast crowd in the Big Henderson Warehouse where the show is being held. His friends, who appeared to be growing said he made most favorable impression, and helped his cause here.

The lieutenant governor's visit was the third of the week by a candidate for governor, and probably the last, as Clyde R. Hoey has advised that his schedule already was so arranged he could not get here. Dr. Ralph W. McDonald spoke Tuesday and John A. McRae on Wednesday night.

NEW BERN WOMAN HELD AS KIDNAPER

Federal Warrant Charges Mrs. Bell Bennett Sutton With Violating Lindbergh Law

New Bern, April 24 (AP)—A Federal Warrant charging violation of the Lindbergh kidnaping law has been drawn against Mrs. Bell Bennett Sutton being held in jail here on a State warrant growing out of the alleged kidnaping of Miss Mabel Margaret Hutchins of Norfolk.

The warrant was issued by a local United States commissioner at the request of Orville T. Smith, Federal investigator, following an investigation of the kidnaping.

Mrs. Sutton was arrested here late Tuesday night by county officers after she was alleged to have kidnaped Miss Hutchins in Norfolk and left her tied up in a swamp near New Bern. She is in jail in default of \$1,500 bond on an assault charge.

Another Batch Of Ballots Mailed In Newspaper Voting

Second 20 Percent of Total Sent to Persons Whose Names Were Taken From the Registration Books; First Tabulation to Be Announced Shortly

Straw fell on Carolina this afternoon as the second deluge of straw ballots was placed in the mails, representing 20 per cent of the total number of ballots to be placed in the hands of actual voters in the State-wide Democratic gubernatorial poll.

Political hay is in the making and the Henderson Daily Dispatch and 19 other publishing houses, representing an aggregate of 25 of the state's leading newspapers, are inviting voters to participate in harvesting the crop. Last Thursday The Henderson Daily Dispatch and cooperating newspapers mailed thousands of ballots to Democrats throughout the State. The number mailed was exactly 20 per cent of the total number to be placed

Democratic Ire Loosed At Tax Bill

Ohio Congressman Says It Will Destroy Thousands of Business Concerns

Washington, April 24.—(AP)—The administration's \$803,000,000 tax bill struck its first blast of Democratic opposition in the House today when Representative Lamneck, Democrat, Ohio, contended it would destroy the nation's business.

Members of the ways and means committee, which wrote the measure took the floor after Representative Reed, Republican, New York, renewed the Republican opposition to the intricate tax plan with such terms as "drastic" and "coercive."

"This bill," Lamneck said, "will destroy absolutely thousands of business concerns of this country." He added that it attempts by taxation "to compel business institutions to follow our bidding," and contended "no such power is vested in the Constitution."

The principal aim of the bill, Lamneck said, is to compel the distribution of earnings of the closely held

RITTER'S REMOVAL MIGHT HELP BENCH

Many Rumors About Judiciary Have Accompanied Bankruptcies

By CHARLES P. STEWART (Central Press Staff Writer)

Washington, April 24.—Senator Sherman Minton's expression of his opinion that United States Judge H. Lee Ritter's recent removal from office upon impeachment charges will have "a wholesome effect on the Federal bench" was anything but complimentary to Uncle Sam's judiciary.

Nevertheless the Indiana senator hinted at no more than has been said in still plainer terms by numerous critics since the depression set in, with its hundreds of bankruptcy cases to be dealt with in the U. S. courts at fat fees to receivers and their staffs of assistants. Creditors of insolvent concerns naturally have wanted to get as large dividends as possible.

Germany Parades Her Air Might Before Hitler

A modern bombing squadron, the last word in up-to-the-minute aerial armament, is shown in formation over the ancient city of Nuremberg. For the forty-seventh birthday of Adolf Hitler, the army and air force outdid itself to parade the might and power of the Third Reich before him. Hitler is shown in the inset with Hermann Goering, Air Minister, during an inspection of the German air forces. (Central Press)

NO. 2 POST REALLY HAS MORE POWER

Lieutenant-Governor Can Do Things to Legislation Governor Can't

SAYS HORTON LEADING

Conservative Element Believed Concentrating on Chatham Man, Though McDonald Forces Want Grady To Win

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, April 24.—The lieutenant governor in North Carolina really has more power and more opportunity to shape legislation than has the governor, due to the fact that the lieutenant governor is the presiding officer in the Senate and selects all committees, while the governor has no direct contact with members of the General Assembly and is the only governor that does not have any veto power. Yet every four years, the campaign for the Democratic nomination for governor attracts about 95 per cent of the interest of the voters, with little or no attention given to the campaign for the nomination for lieutenant governor.

McDonald Wants His Man
This is true again this year to a certain extent, although in some quarters more serious thought is being given to the selection of the nominee for lieutenant governor than in previous years. The forces seeking the nomination of Dr. Ralph W. McDonald as governor are anxious for the nomination of a candidate for lieutenant governor who will be in sympathy with the McDonald program, should he be elected. It is conceded that a lieutenant governor in the Senate who was unfriendly to the governor, could virtually block every-

Men Saved From Mine Lost Hope

Halifax, Nova Scotia, April 24 (AP)—Dr. D. E. Robertson, Toronto physician, imprisoned with Charles Alfred Scadding in the Moose River gold mine for ten days, joined his companion in the Halifax hospital today. He was flown there by plane.

Scadding's condition, arising from a severe case of "trench feet," caused concern among physicians attending him. They worked to prevent aggravation of the infection, known as an incipient state of gangrene. Dr. Robertson himself said he was not as tired as "a lot of people who stayed up all night listening to reports of the rescue."

Moose River, Nova Scotia, April 24.—(AP)—Through the long, dark hours before their rescue from the Moose River gold mine, Dr. D. E. Robertson and Charles Alfred Scadding, despaired of life, it became known to

Congress Hears Of Plan To Accord Independence To Puerto Rican People

Senator Tydings Proposes Plebiscite of Natives Next Year; Points to Millions United States Has Spent To No Avail and Continuing Disorders There

Washington, April 24 (AP)—Passage of the Tydings bill to extend an opportunity for independence to Puerto Rico was advocated today by Dr. Ernest Gruening, head of the Interior Department's bureau of territorial affairs.

He joined Chairman Tydings, Democrat, Maryland, of the Senate Territories Committee, in saying the measure had administration support.

Coincidentally, however, Gruening said the administration did not intend to offer other outlying possessions the option of independence.

"The situation with the others," he said, "is entirely different. There has never been the slightest suggestion from any one of any desire to be other than participants in the benefits conferred by American citizenship."

Concerning Puerto Rico however, where Colonel Francis Riggs, chief of the island police, recently was killed by two members of the Nationalist party, Gruening said:

"Nothing could be further from the spirit and purpose of this administration than to keep a people not consulted originally about its annexation."

MCDONALD RALLY WILL GO ON RADIO

Meeting Tonight in Wilson Will Be One of Biggest Yet in East

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, April 24.—The speech to be delivered tonight in Wilson by Dr. Ralph W. McDonald, which will be broadcast over radio station WPTF of Raleigh for one hour, from 8 to 9 o'clock, is expected to be the biggest and most enthusiastic McDonald-for-Governor demonstration yet held in any eastern county, his campaign manager, W. L. Lumpkin, said this afternoon. The entire staff from McDonald headquarters here will attend in a body, and Dr. McDonald, Manager Lumpkin, associate Campaign Manager Hiram T. Valentine and all those connected with his campaign will be entertained by the Wilson committee after the meeting.

A motorcade of at least 50 automobiles is expected to meet Dr. McDonald several miles outside of Wilson.

(Continued on Page Two.)

OUR WEATHER MAN

Partly cloudy, slightly cooler in north and east portions, possibly scattered light frost in north central and extreme west portions tonight; Saturday partly cloudy.

HOEY SUPPORTERS CLAIM NEW GAINS

Reaction to His Speeches in McDonald Territory Is Pleasing

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, April 24.—The campaign managers for Clyde R. Hoey are not advertising the fact right now or crowing about it, but are secretly delighted at the impression Hoey has been making and the response he has been getting in his recent speeches in eastern counties, many of them regarded as being strongholds of Dr. Ralph W. McDonald. Hoey spoke last night in Lumberton, in Robeson county, had a large audience which became more and more enthusiastic as he assailed the program being advocated by Dr. Ralph W. McDonald, one of the other candidates for the Democratic nomination for governor, according to reports received here this morning. Mr. Hoey will speak tonight in Smithfield, Johnston county, where Dr. McDonald is reported as being very strong.

Mr. Hoey spoke in Wilson Wednesday night, another county claimed by the McDonald forces. In spite of this fact and in spite of a pouring rain, the court house was filled and the audience enthusiastic, according to several from here who heard him speak in Wilson.

"There is no doubt of the fact that there is a steady and definite trend to Mr. Hoey in almost every section of the State and that he is steadily forging ahead," Hubert Olive, campaign manager for Hoey said today. "This is not only borne out by the reports which we are getting from every section of the State, especially following Mr. Hoey's speeches, but is borne out by the newspaper poll being conducted by the afternoon newspapers

Soldier At Fort Bragg Kills Girl

Also Tries To Kill Wife And Then Himself; Ax Is Used In The Slaying

Fayetteville, April 24.—(AP)—Grover Pritchett, 44, an army private hanged Miss Ruth Fuquay, of Fuquay Springs, to death with an ax, critically wounded his wife and attempted suicide today at his home near the Fort Bragg reservation.

Sheriff N. H. McGeachy said Pritchett, a native of Alamance county, made a signed confession that he attacked his wife and Miss Fuquay with an ax and then slashed his own throat with a razor blade because "my wife had not been treating me right."

The sheriff said the confession set forth that Pritchett ran out of their home at Ellis Hope, a settlement near Fort Bragg, early today, procured an ax, smashed its blade into the head of his wife, then turned on Miss Fuquay and finally cut his own throat, because "my wife had not been treating me right."

Pritchett's condition, the sheriff said, was not serious, and he was expected to be removed from a hospital to a jail this afternoon.

Tarboro Trio Are Rescued Off Boat In Eastern Sound

Elizabeth City, April 24 (AP)—Lyn Band, George Pennington and Percy Lewis, of Tarboro, who set out in their small motor launch for Edenton Wednesday morning were found by a yacht in Albemarle Sound last night and towed to Coinjock, in Currituck county, about 10 o'clock.

Far West For New Deal And Business Is Normal

Democratic Victory There Certain, Babson Says; Government Spending Program Now Much Less of Concern to People; Southwest Has Big Future

BY ROGER W. BABSON, Copyright 1936, Publishers Financial Bureau, Inc.

Philadelphia, Penn., April 24.—Readers will recall that last week I gave my first-hand reports of conditions in the Middle West. From Illinois, my observer went directly to the Southwest where he now resumes his survey, leaving the Central States for a later story. The following comments concern the Far Western States:

Future of Southwest
"Resort business in New Mexico and Arizona this season has been the best on record. General business here is substantially better than a year ago. Beside the great increase in the popularity of Southern Arizona as a cl-

ROME ADVISED OF FRESH SUCCESSES BY NATIVE TROOPS

Advance Contingents of Italians Now Only About 70 Miles From Ethiopian Capital

ETHIOPIANS WILL PUT UP DEFENSES

Even If Addis Ababa Falls to Invaders, Guerilla Warfare Will Be Resorted To in Harassing Movement; Germany's Colonial Desires Causing Worry

(By The Associated Press)

The drive of the Italian army from Dessye to the Ethiopian capital was in full swing today, according to a communique from Marshal Pietro Badoglio, commander-in-chief of the Fascist armies in East Africa.

Marshal Badoglio reported that a body of native Eritrean Askari, part of the large force of 30,000 Italian troops which arrived in Dessye for the campaign, had taken Uorra Ilu, a town about 35 miles south of Dessye.

Capital 70 Miles Away
Ahead of these troops of the main Italian army in the north were the advance contingents, who the Italians reports placed some 70 miles from Addis Ababa.

The Italian commander said the advance was progressing in good form on the southern front.

To Defend Addis Ababa
A government spokesman in Addis Ababa denied Italian reports that no defense would be made of the capital. Even if the capital were taken by the Fascists, the spokesman said, the war would go on, with the Ethiopians starting large scale guerilla warfare against the Italians.

Crown Prince Asfa Wosan was dis-

Detective's Son Chief In Wendel Case

Brooklyn, N. Y., April 24 (AP)—Ellis H. Parker, Jr., son of the Burlington, N. J., chief of detectives, was characterized by District Attorney William F. X. Geoghegan today as the "real conspirator" in the kidnaping and torture of Paul H. Wendel.

Parker, indicted with four others yesterday, remained at large today, although there were rumors he was on his way here from New Jersey to surrender.

The State police were given a warrant for his arrest last night after he had been indicted on charges of kidnaping and second degree assault.

"We know that Parker, Jr., was the real conspirator in this case," Geoghegan said. "He concocted the whole plot and it was he who pointed out Wendel the night he was kidnaped."

Harry Biefield, 61, and Martin Schloffman, two of those indicted, are now being held. The other two, Harry Weiss and Murray Biefield, have not been located.

The district attorney had previously indicated that additional indictments might be forthcoming.
