FEAR REVERSE IN

Warrenton, May 12.-(AP)-Bishop Edwin A. Penick, of Raleigh, today called on the Episcopal diocese of North Carolina to turn to development of the church in the rural field, and warned "the old concept of the mission of the church needs to be deeply re-studied and re-evaluated."

Bishop Penick's address opened the 120th annual convention of the diocese in historic Emmanuel church. A business session for nomination of church officers and reports of committees followed.

In the field of diocesan missions Bishop Penick said the church for years "has been practicing economy," and warned "it is a false economy and an unwise policy."

"Short-Sighted" Course. "It is short-sighted to choke the stream of diocesan life at its foundation head," he said. "If we admit the truth of what we are repeatedly saying, that our church is weak in rural

Lakehurst, N. J., May 12.-(AP)-A new "Hindenburg line" was being drawn today-but this Hindenburg was a silver Zeppelin and the line was being drawn across the skies between Lakehurst and Frankfort-on-the-Main Germany.

With 48 passengers aboard, the huge ship, which spanned the At-lantic so swiftly last week, took off here at 10:27 1-2 p. m. last night, made a hurried courtesy call on New York City and then headed out over the Atlantic.

Permanent Service Sought.

The Hindenburg was starting the return journey of the first of ten round trips planned for the summer between Germany and the United States-trips which Dr. Hugo Eckener, president of the Zeppelin company, hopes will bring the establishment of a permanent German-American commerce in the North Atlantio skies.

Its officers were hopeful of reaching the home port at Frankfort-on-Main in six or seven hours under the record time of 61 hours, 57 minutes, it established on the westward trip which ended here at dawn Saturday. The giant ship was seen at points along Nova Scotia early today.
