Taft, "favorite son" candidate, supported by the Ohio Republican organization, appeared to be piling up an increasing lead over Senator Borah in the struggle for national convention delegates.

PLEA OF INSANITY BEING CONSIDERED

Father of Youthful Kidnaper of Mrs. Stoll at Louisville Says Boy Has Been Insane for Several Years; Employs Attorney for His Wayward Boy

Louisville, Ky., May 13.—(AP)— Thomas H. Robinson, Jr., was quoted by a Department of Justice agent today as expressing a willingness to plead guilty to the \$50,000 kidnaping of Mrs. Alice Speed Stoll, provided his attorney, Monte Ross, of Nash-ville, Tenn., "will let him."

O. C. Dewey, in charge of the Louisville office of the Department of Justice, said Robinson told him that, since he already had confessed the kidnaping, he might as well plead guilty. Dewey did not reveal whether the plea would be conditional upon a life sentence. Arraignment of Robinson was sche-

duled for 2 p. m., central standard time, today in Federal district court. If Robinson chose to stand trial, he was expected to seek refuge in a plea of insanity. Announcing that he was employing

counsel, Robinson, Sr., said at Nashville, "I know he is insane, and has been for several years."
United States District Attorney

Bunk Gardner said he anticipated a plea of guilty, with a probable sentence to life imprisonment to follow.

**FARM MORTGAGES BILL TO LOSE OUT** 

Labor Opposes Measure and Speaker Byrns Predists Its Defeat; Senate Most Likely Will Simplify Administration Tax Measure Before Committee

Washington, May 13 (AP)-The tax question, foremost issue of the day in Washington, was in a state of flux today with leaders uncertain just how the revenue bill will read when it emerges from the Senate Fi-

nance Committee. Secretary Morgenthau entered the struggle anew as administration forces strove to prevent senatorial critics from demolishing the keystone of the Roosevelt tax program. He was expected to defend before the committee the proposed levy on undistributed incomes of corporations. So much hostility developed within he committee to the House of Representatives version of the tax bill that administration men had put for-ward two new plans. One was a simplification of the House's complex schedules. The other would change

the House provisions considerably. Republicans and Democrats continued to hammer at each other on relief, the other major issue before Con-

Demanding that the proposed new \$1,450,000,000 appropriation for relief be administered by local authorities with the aid of non-partisan boards, Senator Vandenberg, Republican, Michigan, said yesterday that the existing WPA system could not be protected from the "consequences of political administration, prostitution and duress.'

Senator Robinson, of Arkansas, the Democratic leader, replied:

"Don't get the idea in your head that by vesting responsibility in governors and county officials, relief will be as spotless as the white robes of a virgin." He said "more politics" would result from such a shift.

SAYS HALF OF CONCERNS WOULD HAVE SAVED MONEY Washington, May 13 (AP)-Secretary Morgenthau told the Senate Finance Committee today that 283 of the 600 corporations which made more than a million dollars in 1934 would have paid less taxes under the plan to base levies on undistributed

At the same time, Treasury experts told the committee they were confident an equal number of the corporate tax plan in the House tax bill than they actually paid under the present flat corporate tax levy.

Morgenthau's figures, laid before the committee in a closed session, showed that 600 corporations showed a net income of \$1,000,000 or more in 1934. If they should have distributed their earnings under the new plan in the way they actually did, 283 would have had their taxes reduced
