

LAVAL'S HOMER WINS FROM LEAFS

Circuit Clout in Ninth Gave Goldsboro Three Runs, and Victory

One of the best crowds of the season turned out yesterday afternoon at League Park to see Henderson Tobaccoists and Goldsboro Goldbugs stage a free scoring ball game that was not settled until the last man was out in the ninth, the Bugs copping the tilt 13 to 12.

Big scoring innings were enjoyed equally by both clubs with the Leafs getting out in front in the early stages of the game.

Otto Pahlman, skipper of the Bugs, brought along mostly recruits, giving them a trial against the locals. He was much pleased with their showing in the contest.

Laval, visiting left fielder, won the game in the ninth for the Bugs with a home run with two mates aboard the bases. Henderson rallied in the final frame to score three runs, but could not push over enough to win. Three walks aided the Leafs in their effort.

Score by innings:
R
Goldsboro 101 203 123-13
Henderson 111 330 003-12
Jackson, Shepard and Williamson, Williams; Woodlief and Beaman.

AA'S ARE TO PLAY IN OXFORD SUNDAY

The Henderson AA's, local Negro team, will play in Oxford tomorrow afternoon, at 3:30 o'clock, taking on a semi-pro club of Oxford. Henderson has been making a fine showing against opposition so far this season.

SPRING GRID WORK AT UNC IS ENDED

By SMITH BARRIER
Chapel Hill, May 23—Coach Raymond (Bear) Wolf prepared to send about 60 Tar Heel football aspirants through a full afternoon of fundamentals, signal drills and possibly a short scrimmage here today as the University of North Carolina gridiron squad made ready to conclude its late spring practice.

The second off-season practice was due to the selection of Coach Wolf only a little more than two weeks ago. Coach Wolf came from Texas Christian University, where he was athletic director, head line coach and head baseball coach.

Results

PIEDMONT LEAGUE

Shake-Up In Ministry of Britain Seen

(Continued from Page One.)

alty, Viscount Monsell.
Sir Samuel Hoare, original scapegoat of the Italo-Ethiopian crisis, now being hailed as a far-seeing prophet for his peace plan to give Italy only part of Ethiopia, might return to the cabinet as secretary for the dominions, informed sources said.
Ealdwin, with the "national union" character of his cabinet broken further by the downfall of the former laborite Thomas, was expected to seek to strengthen the largely conservative ministry, at any rate to hold it together until King Edward's coronation next year, when many believe the prime minister himself will retire.

Hoey Management Much Encouraged

(Continued from Page One.)

than Graham will be in second place and frankly admit that this suits them. For most of the McDonald workers agree that in a second primary Graham would be a more dangerous opponent than Hoey. They maintain that McDonald will defeat Hoey overwhelmingly in the second primary since they are confident that the greater portion of the Graham vote will go to McDonald rather than to Hoey.

The Graham managers and supporters are as enthusiastic as ever and are convinced that both the Hoey and McDonald managers are going to get the surprise of their lives on the day of the primary. They are as confident as ever that Sandy is now running neck and neck with Hoey and that by June 6 he will be able to nose into second place ahead of Hoey and thus make it certain that Graham rather than Hoey will oppose McDonald in the second primary. They also point out that they are talking less and

working harder than are the backers of either McDonald or Hoey.

More Hoey Optimism.
There is no denying the fact, however, that there is more optimism and more odor of victory in the Hoey ranks now than at any time so far. The backers of the Shelby candidate maintain that the most accurate part of the straw poll is that portion which comes out new each week, or the new votes cast each week, rather than the totals for all the weeks, since the totals do not allow for changes in sentiment. They also point out that this past week Mr. Hoey received 1,113 of the ballots and McDonald 1,663, while Graham got only 556. With two weeks still to go, and claiming that McDonald is slipping steadily and rapidly in the eastern counties and making very little headway in the western counties, the Hoey strategists are convinced that by the day of the primary the Shelby orator can and will be in first place, even though it may be by a very narrow margin. Nor are they worried in the least by the claims of the Graham backers that he will be able to pull up and pass Mr. Hoey.

The blues now pervading McDonald headquarters here, in spite of the "we're sitting on top of the world" with the nomination in the bag" attitude his workers attempt to convey, is due to the fact that the people are getting wise to the fact that his promised "New Deal" is actually a "Raw deal", his opponents maintain.

Board Ready To Begin Pay For Pensions

(Continued from Page One.)

the effective date—July 1—of the pensions and the tax.

The prospect of payments actually beginning then was clouded somewhat however, by the possibility of an appeal if Justice Jennings Bailey rules against the railroads.

The retirement board is going ahead with investigation of the 18,000 pension applications it already has received.

The litigation has delayed handling of the pension requests, board members said today, because some railroad joining in it has refused to cooperate in establishing employees' retirement rights. Other railroads are furnishing needed data, the members asserted.

New Rotary Head

Edmund H. Harding, of Washington, N. C., new governor of the 57th district of Rotary International, who was elected at the tenth annual conference in Winston-Salem Tuesday. Harding won in a brisk contest with Major William A. Graham, of Kinston. Approximately 600 were registered for the conference.

N. C. STATE COLLEGE CAMPUS LEADERS

CHARLES MATTHEWS

The recently elected campus officers who will direct the activities of the major campus organizations on the North Carolina State College campus for the 1936-37 school year are pictured above.

Lloyd Brown of Charlotte will serve as president of the State College student body and will be assisted by Charles Matthews of Albuquerque, N. M., vice president of the student body.

Other officers are: Hal S. Overman, Jr., Elizabeth City, editor of the Wau- taugan, humorous magazine; and Tommy Goad, Raleigh, business manager; George Ashby, Jr., Raleigh, business manager of The Agromeck, college yearbook; and Peter Ihrie, Jr., Rock Hill, S. C., editor; Hall Morrison, Jr., Charlotte, editor of The Technician, campus weekly newspaper; and Frank Curry, Lebanon, Tenn., bus-

ness manager. Jack Gaw of Greensboro will serve as president of the Y. M. C. A. and Jack Dossenbach, Leonia N. J., president of the Interfraternity Council.

These Awarded Washington Trip

HAROLD GARRISON MARJORIE VEASEY

HELEN WHITLOCK MARVIN FOYLES

College Station, Raleigh, May 23— Selected on a basis of their success in their 4-H club work and because of their community and leadership activities, the four club members seen above have been selected to represent 30,000 club members of North Carolina at the Tenth National club camp to be held at Washington, D. C., June 18, to 24.

Selection as a delegate to this national gathering is regarded as the highest honor that can come to a club member in North Carolina for the reason that such selection not only depends on success in project work but also for outstanding leadership ability, says Dean I. O. Schaub, director of agricultural extension at State College.

Probe Robbed Legion Held For Slaying

(Continued from Page One.)

the black legion "was known to the police as the United Brotherhood of America, but that among themselves the members referred to it as the black legion, which is the name under which it was organized."
Literature of the United Brotherhood of America found in the hall where it met and in the homes of members indicated today that it was anti-communistic, anti-Catholic, anti-Jewish and anti-Negro. Police said some of the members claimed it was of pre-Civil War origin and was the parent organization of the original Ku Klux Klan. Several of the known members, most of them factory workers, came to Detroit from the South.

Dogfight Likely If Landon Fails

(Continued from Page One.)

the requisite appeal.
Senator Arthur H. Vandenberg of Michigan is even more distasteful to the Republican Old Guardsmen than Landon, while not much more in sympathy with the liberal faction.
Senator Frederick Steiwer of Oregon is even worse, from the conservative standpoint, than Vandenberg, but still not liberal enough for the progressives.
Senator L. J. Dickinson of Iowa is conservative enough for any one, but assuredly would be no compromise with the liberals. He killed himself politically with his recent "dog food" speech, besides.
Almost needless to say, such suggestions as Representative James W. Wadsworth or Ogden L. Mills of New York are ridiculous.

Corn Meal Baits On Tobacco Worm Proves Effective

College Station, Raleigh, May 23.— No tobacco grower who has used corn meal bait for bud-worm control is willing to go back to the old hand picking method, said C. H. Brannon, extension entomologist at State College.

The bait is made up of six heaping tablespoonsful of arsenate of lead to one peck of meal, or one pound of arsenate of lead to 50 pounds of meal when large amounts are desired.

One peck, or 12 pounds, of the mixed bait is enough for an acre, Brannon said. Applications should be made early in the morning, when tobacco buds are open. Drop a small pinch into the center of each bud.

The first applications should be made ten days to two weeks after the plants have been set in the field. They should be repeated every week or ten days until the plants are topped.

One part of Paris green to six parts of slaked lime, applied at the rate of five pounds to the acre, will effectively control tobacco horn worms, Brannon added.

Where Paris green is not available, arsenate of lead dust applied at the rate of four or five pounds to the acre will give good results if applied thoroughly with a good dust machine.

Rotenone is not effective in controlling bud-worms or horn worms, Brannon warned.
