

CLARENCE E. CLARK KILLED BY NEPHEW

Officers Seeking Robie Clark for Slaying; Fun- eral Friday at 3 P. M.

Clarence Elbert Clark, 39-years-old, was shot to death in the yard of his home a few miles out on the Townsville Road about 12:30 o'clock this morning by a man a reputed eye witness, Van Eatman, said was Robie Clark, a nephew of the dead man.

Robie Clark has not been found by officers, who investigated the shooting.

According to Coroner J. S. Albright, who visited the scene and questioned the eye witness, Eatman and Robie Clark came up to Clarence Clark's home and found him sitting in the yard. The Clark's had some words and Robie fired pistol shots at Clarence, one taking effect in the left arm and the other near the heart. Robie fled, according to Eatman, and Eatman picked the wounded man up to bring him to the hospital. Clark died on route here, and Eatman carried him back to the scene of the shooting, and put the body in the yard, later coming to town to notify officers.

Clarence and Robie Clark had had some words with each other the afternoon preceding the shooting, according to Coroner Albright.

Eatman is being held under \$100 bond as a material witness as officers are seeking Robie Clark.

Clarence Clark was born in Vance county June 14, 1896, and had lived at his last residence for the past two years. His mother and father have been dead for some time. He was engaged in farming, having been a mer-

chant up until one year ago. The deceased was a member of Cokesbury M. E. church, and funeral services will be conducted from that church tomorrow afternoon at 3 o'clock with Rev. Dwight A. Petty, pastor of the church, in charge. Interment will be made in the church cemetery.

Pallbearers will be selected from among friends attending the last rites.

LAYMAN'S GROUP IN MEET ON MONDAY

Session Held at Spring Valley with Supper Served; Next Meeting June 29

The Layman's Brotherhood Organization of Methodist Protestant churches met at Spring Valley M. P. church last Monday evening at 7:30 o'clock, with the Ladies Auxiliary of that church serving a plate supper.

J. B. Hicks, of Henderson, district president, had charge of the meeting, and C. B. Baskett presented the program.

Following the singing of a song, Rev. C. L. Spencer led in prayer, Henry T. Powell, who is State president of the Brotherhood organization, gave a very interesting and helpful outline of the work he hopes to accomplish through the brotherhood.

Rev. Mr. Spencer spoke on the value of the organization from a pastor's viewpoint.

Flat Rock was chosen as the next meeting place, and the date was set for June 29.

STILL CONFISCATED BY ABC OFFICERS

Vance ABC officers, E. A. Cottrell and L. A. Jackson captured a 50 gallon copper whisky still a few miles northwest of the city, and confiscated it along with 100 gallons of beer, a quantity of barrels and other equipment. No arrests were made at the scene.

TWO DEEDS FILED WITH THE REGISTRY

Two deeds were filed yesterday with the Vance County Registry, both of them covering land in the county. John Alston, et al, conveyed to Ike Young for \$25 and considerations a lot in Sandy Creek township.

Joel T. Cheatham, et al, sold to C. C. Dillard \$9.94 acres of land on the Henderson-Louisburg road for \$10 and other considerations.

Black Legion's "General"

Arthur F. Lupp, "brigadier-general" of the weird, night-riding Black Legion of Michigan, is shown in the office of Wayne County's prosecuting attorney in Detroit, where he appeared suddenly to "tell the whole story" of the cult charged with the murder of a WPA worker and suspected of nearly fifty other deaths.

STATE PRIVILEGE LICENSE TAX DUE

Privilege license taxes for the State of North Carolina, due in June, will be received here by A. O. Curl, Jr., deputy commissioner of revenue for the State, he said today. Mr. Curl is deputy for the three counties of Vance, Warren and Franklin.

This tax covers service stations, tobacco, bottled drinks and the like, Mr. Curl said, and the year expires May 31. It must be renewed during the month of June in order to avoid a heavy penalty. During the month Mr. Curl will be at the sheriff's office on Saturdays until noon and on Mondays to accommodate those who wish to settle with him. He will be at the court house for the convenience of taxpayers of the city and county. He said those desiring to contact him could call the sheriff's office, 370, during the day, or 317-J at night, or write him at Box 277, Henderson.

The tax is Statewide in nature and applicable to the same kind of businesses throughout the State. Mr. Curl is assigned to this immediate section of the State to look after collections and said he was anxious to accommodate those liable for the tax in any way he could do so.

GRISSOM HEAD OF ELON MINISTERS

W. A. Grissom, son of Mr. and Mrs. M. L. Grissom, route 1, Henderson, was recently elected president of Elon College Ministerial Association, it was learned here today.

Mr. Grissom, who is a senior, will serve in that capacity next school year.

Federal Investigation Of Black Legion Likely, In Addition to State's

(Continued from Page One.)
stein, Democrat, New York, requesting a committee investigation of the black legion, among other organizations.

In Detroit, the Wayne county circuit bench planned to decide by midday whether to order the grand jury investigation asked by Michigan's attorney general, David H. Crowley, of violent deaths, floggings and firing of buildings in the metropolitan area.

In Cleveland police reopened their investigations of two unsolved deaths after an anonymous telephone caller had blamed the black legion.

In Columbus, Ohio, records of a legislative investigation a year ago disclosed an allegation that the night riders were responsible for threats to kidnap Governor Martin L. Davey's daughter, Evangeline, among other acts of intimidation and violence.

In Pontiac, Mich., a citizens' committee undertook an investigation of reports, ascribing two deaths, a flogging and the burning of homes of at least two suspected communists to a secret organization similar to, if not affiliated with, the black legion.

1935—Turkey adopted Sunday instead of Friday as Turkish day of rest.

Commencement Exercises At Elon Brought To End

Elon College, May 28.—Hon. Cameron Morrison, former governor of the State of North Carolina and former United States Senator, delivered the commencement address yesterday morning at 10:30 o'clock in the Whitley Memorial Auditorium as 37 members of the graduating class at Elon College filed across the stage and received their diplomas in the [finals of the commencement week program here.

The selection of Morrison for the literary address at the finals here rounded out one of the most brilliant finals day programs in the history of Elon College as the college observes its 46th annual commencement ceremonies. Morrison has been one of the leaders of the state for several years. He served as governor of North Carolina during the period of 1921 to 1925, and did much for the betterment and advance of the state. He inaugurated the construction of hard sur-

FUNERAL FRIDAY FOR MRS. STEWART

Services Be Conducted at Home at 10 A. M.; Inter- ment in Elmwood

Funeral services for Mrs. Betty Stewart, who died at her country home in Warren county a short distance from the Vance county line yesterday morning of a heart ailment, will be held Friday morning at 10 o'clock from the home of Rev. Dwight A. Petty, pastor of Shocco M. E. church, of which the deceased was a member, in charge, assisted by Rev. R. E. Brown, pastor of the First Methodist Episcopal church, Henderson.

Interment will be made in Elmwood cemetery, this city.

Active pallbearers will be Clarence Finch, Percy Stewart, Richard Faulkner, Jimmie Mustian, Julian Alston and W. E. Turner.

WILSON MILLS SET NEW PLANE RECORD

Winston-Salem, May 28.—Airport officials said last night Miss Connie Righter of Princeton, N. J., and Wilson Mills of Charlotte, established a distance record for light airplanes in their 750-mile flight from Miami to Winston-Salem.

Taking off from the Florida resort at 12:33 p. m., the pretty young student aviatrix and her male co-pilot, who is aviation instructor at Rollins College arrived at Miller Municipal Airport here at 11:23 p. m.

Mills set the yellow monoplane down on the runways without landing lights. The door and other gear had been stripped from the plane to bring it within the weight limit.

Mills said he flew the entire distance alone.

Mr. Mills is a brother of Mrs. T. S. Kittrell, of this city.

face roads in the state and the re- building of charitable and educational institutions in the state.

December 31, 1930, he was appointed as a member of the United States Senate, at the death of Lee S. Overman, and served in this official capacity until the election of 1932.

The program was opened by the annual meeting of the Board of Trustees of the college at 9:30 o'clock and the commencement procession got underway at 10:10 o'clock. The Elon College Singers, furnished music and invocation by Rev. Carl Herman Voss, of Raleigh, proceeded the address by Hon. Cameron Morrison.

The conferring of degrees and presentation of certificates closed the finals program, officially bringing to an end the 1935-36 collegiate year at Elon.

Bachelor of Arts degrees were awarded to Luther Carlton Boyd, of Henderson, and William Weldon Kimball, Jr., of Manson, during the finals.

New Hatchery In Sandhills To Be Completed Soon

Raleigh, May 28.—Operation of the huge warm water fish hatchery being constructed as a feature of the Sandhills Resettlement area in Richmond and adjoining counties, is expected to get underway to a limited degree during the current season, J. D. Chalk, State game and inland fisheries commissioner, said today.

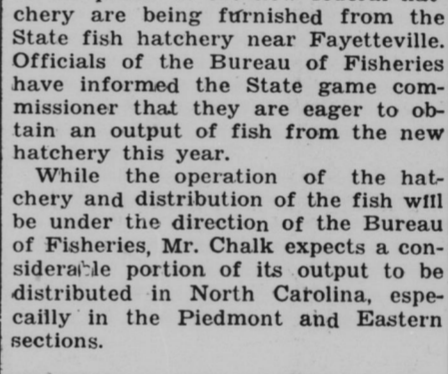

The first two ponds have been filled with water and that some brood stock has been released in these bodies of water. Five additional ponds are nearing completion.

The State commissioner, who is cooperating with Federal officials in the development of the fish hatchery on behalf of the Department of Conservation and Development, said he has been informed by the Bureau of Fisheries that a fish culturist has been assigned to the new hatchery and is expected to begin his new duties shortly. A residence for the superintendent is under construction.

Part of the original stock for some of the ponds at the new federal hatchery are being furnished from the State fish hatchery near Fayetteville. Officials of the Bureau of Fisheries have informed the State game commissioner that they are eager to obtain an output of fish from the new hatchery this year.

While the operation of the hatchery and distribution of the fish will be under the direction of the Bureau of Fisheries, Mr. Chalk expects a considerable portion of its output to be distributed in North Carolina, especially in the Piedmont and Eastern sections.

Wife Preservers

If you're making more than one cake for the party, make an angel food with the egg whites, and a gold cake with the yolks.

VANCE IS INCLUDED IN HIGHWAY WORK

Improvement Going On In Divided Into Three Dif- ferent Phases

Raleigh, May 28.—The highway improvement work now in progress in the State on which some \$5,000,000 will be spent from April 1 to July 1, is divided into three divisions as follows: (1) Improvement of county roads; (2) Reconditioning of surface treated roads and (3) resurfacing or new surfacing of surface treated roads, according to K. Vance Baise, chief highway engineer.

"Before either an old or new road can be surface treated, it must be properly reconditioned, since it would be a complete waste of money to try to put down a new surface on an old road without properly reconditioning the base," Baise said. "So we have divided the work up in order that those roads which are to be resurfaced can be properly prepared for the new surfacing. At the present time, we have reconditioning outfits at work on some 25 different projects in 17 counties in Division C. These outfits are now preparing roads for resurfacing in Wake, Franklin, Vance, Warren, Orange, Granville, Person, Alamance, Chatham, Randolph, Rockingham, Caswell, Guilford, Davidson, Stokes and Forsyth counties. When these roads have been properly prepared, the surface treatments gangs will then follow up the present gangs

and put down the surface treatment." The surface treatment gangs are now working in nine counties, as follows: Durham, Orange, Chatham, Randolph, Rockingham, Caswell, Guilford, Davidson and Forsyth. Most of this is reconditioning work, though some of it is new surfacing.

Betterment work is also proceeding rapidly on the county roads in 17 counties in this division. This work consists largely in grading and shaping the roads with tractors and road machines, in putting down sand and clay or topsoil surfacing and in cleaning ditches, providing additional and better drainage, with new culverts and drain pipe. Much of this work is being done with prison labor, especially the ditching and drainage work. Much field stone is also being crushed and piled up for use on the county roads, especially in Warren, Durham, Granville and Orange counties. In Vance county, the reconditioning of the Dabney road has been started.

Political Notices

FOR COUNTY BOARD OF EDUCATION.

I hereby announce my candidacy subject to the action of the Democratic primary to be held June 6th for membership on the County Board of Education. Your support will be highly appreciated.

J. W. FLOYD.
