## Landon Appears In Saddle With Republicans Arriving For Cleveland Convention

Talk of Vandenberg For Nomination Persists, However, in Event of Deadlock

### LANDON OPPONENTS RELYING ON BORAH

Await His Coming and Statement Expected from Him; All Sides Continue To Express Confidence of Outcome; Convention Opens at 11 a. m. Tuesday

Cleveland, June 8.—(AP)—Supporters of Governor Alf M. Landon, of Kansas, typed their bandwagon tune for the arriving main body of Republican delegates today, while the divided, but resourceful, opposition still explored means to head him off.

As the delegates piled into the city, captains of the conflicting factions already on hand differed over how the new recruits would line up.

Between breaths, the Kansas delegates exchanged "I told you so" glances over the news that 36 of New York's 90 delegates had declared for Landon. Conspicuous among the dissenters from any bandwagon drive was Senator Vandenberg, of Michigan.

Talk of Vandenberg as a possibility for the presidential nomination, in the event of deadlock, persisted, noticeably among some seemingly interested in further deadlocks.

Forces objecting to Governor Landon looked eagerly to the arrival today of Senator Borah, of Idaho. Borah was expected to have a statement on reaching here.

All sides continued to express confidence. Many of the rank and file were admittedly bewildered as they awaited the opening gavel raps at 11 a. m. eastern standard time, tomorrow.

No One Acceptable Has Been Suggested for Landon's Running Mate

By LESLIE EICHEL, Central Press Staff Writer

Cleveland, June 8.—Republican delegates hope conservative Democrats will come over to the Republican ticket—but they do not desire a Democrat as the vice presidential nominee. That much seems certain. They believe that an all-Republican ticket would develop more strength than a

## Borah Refuses To Lead Movement To Head Off Landon

Cleveland, Ohio, June 8.—(AP)—Leaders of the already booming Landon campaign, working at top speed among arrivals for the Republican convention, claimed new encouragement today from two directions of the opposition.

Senator Borah, of Idaho, newly-arrived from Washington shunted aside leaders of a "Stop Landon" drive, which was his for the asking. But he still insisted "nothing has been settled" finally about the ticket or the platform.

For the first time a confession came from the belligerent headquarters of Colonel Frank Knox, of Illinois. He

## Coal Miners Go On Strike Over France

### Walk Out After Million Other Workers Win Complete Victory There

Paris, June 8.—(AP)—Coal miners in northern France, numbering 150,000, called a general strike today a few hours after 1,000,000 other workers had won a complete victory in the "folded arms" refusal to work.

Workers in Paris building trades also began a walk-out to enforce the five-point agreement which ended the 14-day strike after Premier Leon Blum's "new deal" government interceded for organized labor.

The coal miners who declared they would rather "strike and starve than work and starve" occupied pits and offices in the northern fields. In some places mining officials were held prisoner.

Smithfield had 1.74 inches of rain, and Denson said there had been good rains in other parts of the State.

## RALEIGH STIRRED BY SCHOOL AFFAIR

### City Superintendent Dismisses Hugh Morson Principal; Probe Begun

Daily Dispatch Bureau, In The Star-Walter Hotel, By J. C. BASKERVILLE.

Raleigh, June 8.—The rumpus which has prevailed in Raleigh for several days as a result of the summary dismissal of Principal C. E. Wessinger of Hugh Morson high school here by Superintendent Paul S. Daniel, of the city schools, and which has precipitated two parades by protesting high school students and a mass meeting of enraged parents and schools patrons, is expected to reach a final solution this afternoon when the Raleigh school board will meet to hear Wessinger submit a formal written reply to Superintendent Daniel's charges of inefficiency.

Wessinger was notified that he would not be reemployed as principal next year in a letter from Daniel which contained no reasons for his being dropped and which Wessinger received the early part of last week. When Wessinger made an attempt to see Daniel and talk with him, he reported that Daniel would not talk with him or give any additional reasons for his dismissal.

When these facts became generally known, several hundred high school students paraded up and down Fayetteville street here in vigorous protest, carrying banners inscribed "Down with Daniel" and "Throw Daniel into the Lion's Den," and other similar sentiments. A group of high school boys carried a coffin on which was the sign "Bury Daniel."

Thursday night parents and patrons of Hugh Morson high school, where Wessinger has been either a teacher or principal for 15 years, held a mass meeting and not only demanded the reinstatement of Wessinger, but the resignation of Superintendent Daniel and all the members of the present Raleigh school board. Friday afternoon the high school students held another parade, after having been prevented from making a march on the home of Superintendent Daniel Thursday night by the intervention of the police.

Wessinger had been dismissed by

## HOEY LEAD IS CUT TO 1,300 VOTES IN LATEST FIGURES

"There Will Be Second Primary and July 4 Be Independence Day," McDonald Says

### LIQUOR CONTROL IS TO BE PARAMOUNTED

Campaign Tactics To Be Changed from Sales Tax and Machine to Issue of Giving All Counties Liquor That Want It; Hoey Declines Any Comment

Charlotte, June 8 (AP)—Dr. Ralph W. McDonald shaved Clyde R. Hoey's lead for governor to slightly more than 1,300 votes as late return were tabulated here today from Saturday's Democratic primary.

Unofficial reports from 1,719 of 1,856 precincts gave the following standing:

Hoey, 181,401.  
McDonald, 180,022.  
A. H. Graham, 116,520.  
John A. McRae, 6,385.

A run-off contest for governor was made certain with the announcement by Dr. McDonald that he would remain in the fight against the veteran campaigner, Hoey.

At his headquarters in Raleigh, the Winston-Salem legislator made the cryptic comment:

"There will be a second primary on July 4 and the Fourth of July will be independence day."

Simultaneously, the Charlotte News declared here McDonald would change his tactics in the ensuing four weeks drive. The paper said it had learned from an "unimpeachable source" that he would make liquor control the paramount plank in his campaign subordinating to it the sales tax repeal issue and criticism of what he calls "machine rule" in the State.

Hoey, resting at his Shelby home, had no comment to make upon the outcome of the record-shattering primary except to express his appreciation at the huge vote given him.

Returns from 1,428 precincts for lieutenant governor gave Paul D. Grady 120,003, W. P. Horton, 111,219 and George W. McNeil, 103,446.

## Liquor Will Be The Main Issue Next

### All Counties Would Have Right To Set Up Stores; State Wants Revenue

Charlotte, June 8.—(AP)—The Charlotte News said in a news story today that Dr. Ralph W. McDonald would make liquor control his principal campaign plank in a run-off primary with Clyde R. Hoey for the Democratic gubernatorial nomination.

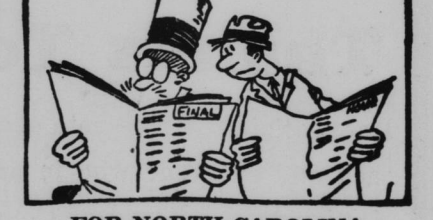

The paper, declining to reveal the source of its information, makes the flat statement that McDonald has decided to subordinate anti-sales tax and anti-machine tactics used up to now in favor of a direct appeal on the liquor issue.

McDonald, according to The News will advocate:

### BAILEY SAFE OVER ALL OF OPPONENTS

All Congressmen Re-Nominated Apparently; Grady Leading for Lieutenant-Governor, With George Pou Apparently Named for State Auditor; Scott Leads

Charlotte, June 8.—(AP)—A run-off gubernatorial contest was indicated today between the veteran party stalwart, Clyde R. Hoey, and Dr. Ralph W. McDonald, youthful anti-sales tax candidate.

Fairly complete returns from Saturday's primary gave Hoey a 12,000 lead over the erstwhile college professor in the four-cornered race.

While the governor's race, credited with bringing out the largest Democratic vote on record, Senator J. W. Bailey and the seven congressmen who had opposition were renominated.

With 469,656 votes tabulated from 1,644 of the State's 1,850 precincts, the standing in the governor's race was:

McDonald, 169,512.  
A. H. Graham, 112,435.  
John A. McRae, 6,305.

Senator Bailey had a long lead over former Lieutenant Governor R. T. Fountain, while the other two candidates, William H. Griffin and David L. Strain, trailed far behind.

Representative Frank Hancock, of the fifth district, held a two-to-one lead over Allison James, of Winston-Salem, on the face of returns from 109 of the 142 precincts. The vote was: Hancock, 21,136, James, 10,017.

## TOBACCO CROP CUT HALF, SCHAUB SAYS

### Loss to Weed and Cotton Growers Estimated Already at \$50,000,000

Daily Dispatch Bureau, In The Star-Walter Hotel, By J. C. BASKERVILLE.

Raleigh, June 6.—The tobacco and cotton crops in North Carolina have already been cut in half by the dry weather, with the result that if plenty of rain is forthcoming from now on the farmers of the State have already lost between \$50,000,000 and \$75,000,000, Dean L. O. Schaub, of the School of Agriculture at State College, said today. While the light showers of the past week have been a great help, they were not general enough or of sufficient duration to be of great help to the farmers, Schaub said.

"Although both tobacco and cotton should be planted early in May, there are thousands of farmers who have not yet been able to plant either," Dean Schaub said. "And many who have planted tobacco will have to re-plant most of it if and when enough rain comes to provide enough moisture. The same thing is also true of many cotton farmers, especially in the eastern part of the State. In the old tobacco belt west of Raleigh, there is still time to set out tobacco and make a good crop. It is still not too late to plant cotton in Piedmont and western counties. But in the eastern section, it is already far past planting time for both tobacco and cotton. So the outlook is decidedly discouraging for more than half a crop of either cotton or tobacco."

The only encouraging aspect of the situation is that the farmers will probably receive better prices for the tobacco and cotton they are able to raise, due to the fact that the crop will be short and production light,
