

U. S. HOSPITAL IS FORCED TO GRANT STRIKERS' DEMAND

French Government Refuses To Send Police To Evacuate "Folded Arms" Workers

MANY DESPERATELY SICK ENDANGERED

Appeal by U. S. Ambassador Goes Unheeded As Blum Government Fears Consequences of Move To Use Force; Physicians Take Over Duties of Strikers

Paris, June 18 (AP)—Officials of the American hospital yielded today to strikers' demands, ending a walk-out of employees after the French government refused a request by Ambassador Jesse Isadore Straus that the strikers be immediately ejected.

Hospital officials said they were forced to make concessions, meeting almost all the workers' demands, because the government refused to accept terms of conciliation.

Previously, on the urging of the ambassador, government authorities said they would take action against the employees, crippling the operation of the hospital only if they refused to accept terms of conciliation.

U. S. AMBASSADOR'S PLEA IGNORED BY GOVERNMENT

Paris, June 18.—(AP)—An appeal from the United States ambassador for police to evacuate striking employees of the American hospital, whose walkouts endangered the care of 85 Americans, was denied by the French government today.

Ambassador Jesse I. Straus asked assistance from the foreign office shortly after French hospital workers began a "folded arms" strike, demanding shorter hours.

Straus, accompanied by officials of the institution, told the foreign office an occupational strike could not be tolerated. He asked that police be ordered to evacuate the workers.

Hospital officials said his request was refused on the ground such action might "cause trouble which might be serious."

Authorities did, however, offer to send representatives from the ministry of public health to arbitrate the walk-out after Dr. Edmund L. Gross, president of the hospital, said he

Louis-Schmeling Bout Is Postponed Due to Hard Rain

New York, June 18 (AP)—Rain today forced postponement of Joe Louis' 15-round heavyweight bout with Max Schmeling at the Yankee Stadium until tomorrow night.

A steady rain and Weather Bureau predictions that showers would continue throughout the day and night led Promoter Mike Jacobs to announce the postponement. Originally the bout was to have been held tonight.

Jacobs acted in the event of further rain tomorrow, he would try to hold the fight Saturday, possibly in the afternoon if that can be arranged.

Sees Naming Roosevelt By Acclamation

Democrats May Accord President An Honor Not Given Since Cleveland

Washington, June 18.—(AP)—A prediction that the Democrats would break a precedent of 48 years' standing by renominating President Roosevelt by acclamation took its place today beside a Republican forecast that the London ticket would win overwhelmingly in November.

Representative Cannon, Democrat, Missouri, Democratic convention parliamentarian for the past 16 years, expressed the belief that the convention next week at Philadelphia would name Mr. Roosevelt without the formality of a ballot, the first man so honored since Grover Cleveland in 1888.

The prediction of a sweeping Republican victory came from John D. M. Hamilton, national chairman, and

Witness Of McDonald Is Nothing New

Only Legislature Can Repeal Dry Law, and That Has Been Elected

Raleigh, June 18.—The sudden change by Dr. Ralph W. McDonald from an ardent "dry" into a warring "wet" advocate of county liquor control, county liquor stores and county option with the revenue from the sale of liquor to be left in the counties, and his paramouring of the liquor question rather than the sales tax in the second campaign for the Democratic nomination for governor, is really much ado about nothing and merely another example of rainbow chasing, according to many observers here. For it is the General Assembly and not the governor which enacts the laws and only the General Assembly can change the present State liquor laws and enact new ones, it is pointed out.

So regardless of the fact that Dr. McDonald is now dripping "wet" and Clyde R. Hoey still an ardent personal "dry," if a majority of the members of the next General Assembly decide to scrap the Turlington Act,

Headquarters Announces Long List of Accessions Over The State

Raleigh, June 18.—Rapid consolidation of the forces which supported Sandy Graham in the first primary with the political army of Clyde Hoey is being pointed to by the Shelby man's headquarters as one of the most important and significant developments of the brief but intensive campaign which will precede the runoff primary on July 4.

While Dr. McDonald's headquarters have been making claims to the support of Graham workers and followers, they have so far given no names.

Eden Is Howled Down In House of Commons As He Suggests Abandoning Sanctions

HE TAKES MUCH OF BLAME FOR CHANGE

Tells House Application of Sanctions Has Proved Futile and Enforcement of Peace in Ethiopia Means Inevitable War in the Mediterranean

London, June 18 (AP)—Prime Minister Baldwin declared in the House of Commons today that collective security has failed and called for a peace alliance of Great Britain, Germany and France.

London, June 18.—(AP)—Opposition members of the House of Commons shouted "Shame! Resign!" at Foreign Secretary Anthony Eden today when he announced Great Britain would lead a move for the lifting of League of Nations sanctions from Italy.

From government benches there came a little loyal cheering, but the roars of "Shame" created turmoil in the House.

Eden himself assumed most of the responsibility for the government's about-face on the question of the sanctions applied in an effort to prevent Italy's conquest of Ethiopia.

The storm of shouts burst out after Eden had announced: "His Majesty's government, after mature consideration, on which I as foreign secretary thought it my duty to give, has come to the conclusion there is no longer any utility in continuing these measures as a means of pressure on Italy."

Over the storm, Eden declared: "We have to admit that the purpose for which sanctions were imposed has not been realized."

He added he considered the situation in Ethiopia one "which nothing but military action from outside the country could possibly reverse." "If the League means to enforce an Ethiopian peace which the League can rightly approve, then the League must take action of the kind which must inevitably lead to war in the Mediterranean—and no man can say such a war can be confined to the Mediterranean."

MOB BURNS CAFE AS LYNCHING IS FOILED

El Camp, Texas, June 18.—(AP)—A mob of about 300 persons, balked in an attempt to lynch nine Negroes, gave up a search for their quarry today to return here and burn the cafe where a white officer was slain while trying to quiet a bonus celebration.

Whereabouts of the nine Negroes, five men and four women, was kept secret during the night as they were whisked from jail to jail.

The mob, armed with sawed-off shotguns, and including some women, stormed the jails at Wharton and Bay City, only to find the intended victims gone.

New Query Is Directed At McDonald

Hoey Manager Olive Again Demands To Know If Doctor Stands of Platform

Raleigh, June 18.—(AP)—Hubert E. Olive, State manager for Clyde R. Hoey in his campaign for the Democratic gubernatorial nomination, asked again today if Dr. Ralph W. McDonald "will stand on the Democratic platform."

Last night McDonald, opposing Hoey for the nomination, answered the question already put by Olive with the statement: "I have always stood on the Democratic party's platform."

Olive charged today that McDonald "tried to wriggle out of the situation." "The Hoey manager termed McDonald's statement a 'half answer to my question,'" and said "the squirming professor re-wrote the platform to suit his own absurd interpretation, and then said he stood on 'that platform,' but I want to know how he stands on the platform the convention wrote."

Olive cited the party's platform declaration is could not pledge complete elimination of the sales tax as it pledged practical participation in

CONGRESS PASSES HUGE RELIEF BILL, SENDS IT TO FDR

Relief-Deficiency Measure Carries Appropriations Aggregating \$2,-375,000,000

SENATE AGREES TO DEMANDS OF HOUSE

Florida Ship Canal Is Eliminated from Funds and House Declines Additional Money for TVA Dams; President Holds Purse Strings on Spending

Washington, June 18.—(AP)—Congress completed action today on the \$2,375,000,000 relief-deficiency appropriation bill and sent it to the White House.

Congressional action on the long-fought measure, carrying \$1,425,000,000 for relief, was completed when the Senate agreed to elimination of its amendment for reviving the Florida ship canal.

The balance of the conference report on the big appropriation bill was approved by the Senate with little debate.

Final action on the relief measure left only the tax bill standing in the way of congressional adjournment Saturday night.

The Senate quickly concurred in the House's refusal to accept an amendment for reviving the canal project.

The House also declined to add one million dollars to the \$41,117,815 item for the TVA to begin work on dams at Gilbertville, Ky., and Watts Bar, Tenn.

The entire relief fund, except \$85,000,000 for the Resettlement Administration.

VIOLENT OUTBURST AT BIG OHIO MILL

Kent, Ohio, June 18.—(AP)—Striking union employees of the closed Decker and Black Electric Company, in an outburst of violence today, besieged the plant with rifle fire for nearly four hours. At least five persons were wounded, one seriously.

The snipers ceased firing on orders from their picket line captain, who said William Crayford, union president, had obtained warrants charging two score men in the plant with inciting a riot.

Observers said probably a score of sympathizers armed with rifle were firing on the factory from vantage points near a high fence surrounding the premises.

One man was taken to a Cleveland hospital, where physicians said he was in a serious condition from a stomach wound.

1936 Campaign To Center Mainly In Eleven States

Republicans Claim New York and Democrats Pennsylvania, but G. O. P. Must Have Both To Win; May Leaders on Both Sides Are Badly Disgruntled

By LESLIE EICHEL, Central Press Staff Writer

THERE WILL BE a few states which will form the battleground in the election—the few states that control the most potent part of the electoral vote. Thus the campaign will be shaped to appeal to those states.

Those states are New York, Pennsylvania, Illinois, Ohio, Michigan, California, New Jersey, Connecticut, Massachusetts, Indiana and Kansas. The South is entirely Democratic. The farm states, except Kansas, have a strong Democratic tinge. The Republican battle, therefore, must be to gain the most populous states. Winning a majority of them, plus New England (which is counted Rep-

ublican) could bring victory. The Republicans claim New York, the Democrats claim Pennsylvania. The Republicans must have both to win.

New York probably would swing Connecticut and New Jersey with it. Ohio, Indiana and Illinois probably will swing together. They seem Democratic at the moment.

Michigan remains a debatable state. If Senator Arthur H. Vandenberg had accepted the vice presidential nomination Michigan might have been carried by the Republicans. At the moment it looks as if the vote in Detroit will swing the state into the

M'DONALD OFFICES GREATLY ENLARGED

Need More Help Because of Shortness of Time Before Election

Raleigh, June 18.—The campaign headquarters of Dr. Ralph W. McDonald are being expanded and more workers are being added, while the secretarial division is being moved into the second floor of the Wake county McDonald headquarters building on Fayetteville street. State Campaign Manager W. L. Lumpkin said here today. He denied reports, however, that the main headquarters offices were being moved out of the Sir Walter Hotel, as had been reported, or that a second suite of headquarters offices had been rented in the Carolina hotel here, although he admitted that some rooms in the Carolina hotel have been used for "conferences" from time to time. It has been known for some time that most of the important McDonald "councils of war" have been held in rooms at the Carolina hotel rather than in the Sir Walter, evidently to get as far away as possible from the atmosphere of the Clyde R.

Two Due To Die Friday At The Pen

Need More Help Because of Shortness of Time Before Election

Raleigh, June 18.—(AP)—Governor Ehringhaus declined this morning to intervene for John Horne, Chowan county man sentenced to be executed by gas at State's Prison tomorrow for the murder of his wife.

Parole Commissioner Edwin Gill announced "the governor will not intervene for John Horne," and said a final ruling in the case of John Pressley, Gaston county Negro, also scheduled to be executed tomorrow, would be announced later.

Horne was convicted of killing his wife by cutting her throat at an Edenton textile mill. He wounded himself shortly afterwards.

Alienists reported Horne was sane and Gill said "the only question in Horne's case had been his sanity."

TREASURY FIGURES ON NEW PROPOSALS ARE NOW AWAITED

Exact Details of Final Tentative Accord Withheld Pending Draft Of Compromise

TAX ON EARNINGS IS SETTLED UPON

Attained Last Night as End of Long Deadlock Following Passage of Two Markedly Different Bills by House and Senate; Extent of Levies Estimated

Washington, June 18 (AP)—With new revenue estimates on a compromise tax program not yet prepared by the Treasury, Senate-House conferees were unable today to reach a final agreement on the tax bill. They said, however, they expected to seal a tentative understanding on the vital measure this afternoon or tonight.

RADICAL NEW SYSTEM OF TAXES IS AGREED UPON

Washington, June 18.—(AP)—A far-reaching new system of taxation on the nation's corporations and dividends was declared almost ready for final congressional action today after weeks of nerve-straining debate and conferences.

Exact details were withheld pending a final drafting of a compromise in a Senate-House conference, but it was revealed that the conferees had tentatively agreed on the most controversial angle of the proposed revenue bill.

This was the question of taxing undistributed earnings of corporations. The tentative agreement reached in a session late last night was hailed as the end of the long deadlock between

More Power Waits Glass As Senator

Virginian Expected To Take Place Vacated by Death of Senator Fletcher

Washington, June 18.—(AP)—Senator Carter Glass, of Virginia, appeared headed today for a new position of influence over the nation's monetary and banking policy, almost on the eve of the Democratic convention which will redefine the party's attitude toward such questions.

The sudden death yesterday of the veteran Senator Duncan U. Fletcher, of Florida, chairman of the Senate Banking and Currency Committee, placed Glass in line for this chairmanship, in some ways the most important on Capitol Hill.

It was still uncertain today whether Glass would accept the position, but in view of his lifelong interest in banking and fiscal affairs, most observers believed that he would.

The expected increase in his power added interest to recent speculation as to whether he would plunge into the councils of the Democratic convention in Philadelphia next week, determined to fight for platform planks representing his views on money and banking.
