EFFORTS TO DEBATE GUFFEY MEASURE IN SENATE FALL DOWN

Borah Opposes Such Speedy Consideration of Bill He Considers So Very Important

LABOR REGULATIONS, SHIP SUBSIDY WAIT

Both Shoved Into Current Surging Toward Adjournment and Whether They Receive Any Consideration at All Is Doubtful; Congress Anxious To Quit

Washington, June 19.—(AP)—An attempt to bring up the substitute Guffey-Vinson coal bill in the Senate today met with opposition from Senator Borah, Republican, Idaho. Borah opposed consideration of the bill in the closing hours of Congress, and warned that if it was brought up he would not be limited in expressing his objections.

Asserting the bill would "establish machinery for fixing prices," Borah said it was more important than any measure brought before the Senate for a long while.

If it was emergency legislation, he said, he would not object to its consideration.

LABOR REGULATIONS AND SHIP SUBSIDY WAIT

Washington, June 19.—(AP)—Labor regulations for government contractors and an outright subsidy for the American merchant marine were shoved today into the current surging toward adjournment of Congress by Saturday night.

Whether they would be swept to enactment by the time the weary lawmakers finish work on the vital tax bill and head for home remained in doubt.

The Walsh-Healey bill to make persons who sell goods to the government comply with hour and wage regulations was passed speedily by the House.

Previously it had been approved in considerably different form by the Senate. The big question was whether

Resettlement Aid Promised in South As Drought Relief

Washington, June 19 (AP)—Representative Wheeler, Democrat, Georgia, said today Administrator Tugwell had pledged the aid of the Resettlement Administration to relieve drought suffering in southeastern states.

The announcement came as Wheeler and other representatives completed a conference with Tugwell for additional help for farmers whose crops withered under rainless weeks in half a dozen southeastern states.

He said the administrator told the delegation \$100,000 each already had been sent to Georgia, Alabama and South Carolina for distribution through county agriculture departments. Wheeler said further allocations were promised as conditions demanded it.

GADGAY WILL HEAD RALEIGH SCHOOLS

State School Commission Chief Elected Following Big Squabble

Daily Dispatch Bureau, In The Sir Walter Hotel, Raleigh, June 19.—Claude F. Gaddy, for the past five years assistant executive secretary of the State School Commission, will be the new superintendent of the Raleigh school system, if he accepts the offer which has been made to him by the Raleigh Township Board of Education. The belief in most circles here is that Gaddy will accept the appointment, although it is known that for several months now the Southern Baptist Association has been trying to persuade Gaddy to accept the post of director of Religious Education for the association. For several years Gaddy was superintendent of the school division of the Mills Home, the State Baptist Orphanage in Thomasville. It is understood that Gaddy made such an excellent record there that the Southern Baptist Association has been trying

Her Son Is Hanged

Mrs. Idelia Gooch with her son, Arthur, inset.

Today was a sad day in the life of Mrs. Idelia Gooch. For her son, Arthur Gooch, Oklahoma butcher boy, was hanged in the prison yard of the Oklahoma state penitentiary at McAlester. Gooch was the first person in the United States to be sentenced to death under the Lindbergh law. He was convicted of abducting two Paris, Tex., officers and holding them captive for 17 hours. The mother and son are shown above. There were protests over this death sentence.

FIRST EXECUTION OF KIDNAPER HAD

Arthur Gooch, 27, Hanged in Oklahoma; Efforts To Save Him Fail

McAlester, Okla., June 19.—(AP)—Arthur Gooch, 27, convicted kidnaper of two Texas officers, was hanged at the State Prison here today—the first person executed for kidnaping under the Federal Lindbergh law.

A crowd estimated at more than 350 persons, including eight women, witnessed the execution. A year and four days ago the kidnaper was sentenced to death for abducting two Paris, Texas, officers and bringing them into Oklahoma. One of the officers was shoved through a show-case and injured during a scuffle, thus making the death penalty applicable.

The case was carried through all channels of appeal, twice reaching the United States Supreme Court, and Gooch was hopeful until late yesterday, when President Roosevelt declined to intercede for the second time, saying:

"Use of the executive power to modify the sentence imposed would render nugatory a law carefully considered by the Congress and designed to meet a national need."

Labor Troubles Looming, Is Warning From Babson

Deplores Supreme Court's Minimum Wage Law Decision and Says It Is Coming, Regardless; Employers' Market for Labor Is Now on the Wane

BY ROGER W. BABSON, Copyright 1936, Publishers Financial Bureau, Inc.

Albany, New York, June 19.—The great battle between laissez-faire capitalism and regimented industry burst out anew when the Supreme Court scuttled New York State's minimum wage law. The Republican nominee, Alfred M. Landon, has already clearly stated his position thereon. Hence, the issue is by no means forgotten even though it was quickly crowded off the front pages. Bitter thoughts are running through the minds of labor's

Bonus Baby Balks

The youngest man eligible for the soldier's bonus, Frank Sauliers, 31, of Boston, isn't going to collect it. He enlisted at the age of 12 years, 7 months in the 18th U. S. Engineers and served through the war. His belief is that the bonus money might better have gone to disabled veterans, and widows and orphans of soldiers.

MCDONALD LOSING PUBLIC INTEREST

Waning Confidence in His Schemes Is Big Obstacle He Must Meet

FINANCES ALSO WEAK

Rich Men in State not "Kicking in" With Great Goals of Campaign Money Nor Are Big Liquor Interests.

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, June 19.—The biggest obstacle which Dr. Ralph W. McDonald has to overcome in the second primary campaign is that the public generally is no longer taking him seriously now that he has lost the winning psychology which was so strongly in his favor in the first campaign for the Democratic nomination for governor, according to the opinion in most political circles here today. He is already falling a victim of the same kind of talk and psychology which he and his workers circulated about Sandy Graham in the first primary when they said "Yes, Sandy in a fine

Pitt Professor's Wife, Two Children Discovered Slain

Pittsburgh, Pa., June 19 (AP)—The discovery of the bodies of a University of Pittsburgh instructor's wife and two small children in their East End home led to conflicting theories today regarding their deaths.

Martin J. Feely, the husband and assistant professor of physical education at Pitt, was away at summer school for undernourished children in Pottersville, N. J.

The children, Robert, 5, and Janice, 3, had been stabbed in the head and strangled. Mrs. Eleanor Feely, the 30-year-old mother, had been stabbed in the heart, apparently after a rope was tightly drawn around her neck.

Police Lieutenant George Schmotzer said he believed the mother killed her children and herself, but Investigator John Artz and the chief deputy coroner, James L. Davidson, said they are following a triple murder theory.

British Commons Is Bitter On Cabinet Sanctions Plan

LEAGUE BETRAYED UNDER NEW POLICY, OPPOSITION CLAIMS

Lloyd George Gives Cue To Labor Leaders for Their Attack on Baldwin Program

CABINET OF FRANCE FOR ABANDONMENT

Sanctions Ended So Far As France Is Concerned, Ministers Assert Privately; Agreement Follows Action of London Officials Along Same Line

London, June 19.—(AP)—Embittered sanctionists fought today to loose a storm of public protest against the government's decision to back suspension of Italian sanctions.

Four Labor leaders who called the cabinet recommendation "the great betrayal" of the League of Nations, led a movement for a nationwide series of campaign meetings.

Their plan of opposition pointing toward a parliamentary censure debate Tuesday, followed the same lines as the public storm created against the Hoare-Laval proposal to end the Italo-Ethiopian war.

At the head of the parade of protesters was Clement Attlee, House of Commons Labor leader, who has dignified his intention to ask a vote of criticism against Prime Minister Stanley Baldwin's government.

Labor party leaders took their cues from the fiery David Lloyd George, war-time minister, who led the attack against Baldwin and his ministers yesterday, with the ringing pronouncement:

"There they sit—the cowards," as he pointed scornfully at the ministerial benches.

A further detection came with announcement from a group of sanction-

Futures On Cotton Rise Beyond 12c

New York, June 19.—(AP)—Cotton futures crashed over the 12-cent line today for the first time in eight months on rumors in trade quarters that the Government Producers Pool had finished its liquidation.

Contracts closed with net gains of 20 cents to \$1.15 a bale, with cotton deliverable in July ending at 12.13 cents a pound.

A week ago it was announced that the government still held 244,000 bales of July for delivery in the local market. This cotton has been coming out steadily and rapidly during the past week, with an urgent demand from trade shorts.

During the process the July price advanced over \$1.50 a bale, selling this morning at 12.04 cents a pound, compared with 11.70 cents on Friday of last week.

The strength in the market was believed to reflect a scarcity of spot cotton to fill the rapidly expanding demand, prompted by the increased activity in the textile markets.

U. S. ACTS IN ARKANSAS FLOGGINGS

At the direction of President Roosevelt the U. S. department of justice is investigating the flogging of a 29-year-old Memphis, Tenn., woman and a Little Rock, Ark., minister. The woman, Miss Willie Sue Blagden, shown above displaying a bruise on her leg and also in another photo, and the minister, the Rev. Claude C. Williams, 41, also shown, charge that a band of six white men beat them near Earle, Ark., when they went there to assist the Southern Tenant Farmers' union in conducting a funeral for a Negro sharecropper, allegedly beaten to death by an unknown band of men. The president acted upon receipt of a message from Norman Thomas, Socialist candidate for president, who charged a reign of terrorism had been instituted in Arkansas cotton fields against sharecroppers and tenant farmers and their sympathizers.

Horne Executed As Wife Slayer

Raleigh, June 18 (AP)—John Horne, 38-year-old textile worker of Edenton, was executed by gas at State's prison today for the murder of his wife.

Horne entered the death chamber at 10:34, the machinery to generate the gas was started at 10:39, and at 10:49 1-2 he was pronounced dead.

Warden H. H. Honeycutt quoted Horne as saying he held no malice toward any one, and "it is my own fault I am here" before he died.

Convicted of cutting his wife's throat, Horne never admitted recollection of the crime. He tried to kill himself after slaying his wife.

ROOSEVELT WILL WRITE PLATFORM

But G. O. P. Document Is an Embarrassment to Candidate Landon

By LESLIE EICHEL Central Press Staff Writer

PARTY PLATFORMS are an embarrassment to candidates. The Republican platform probably will prove an embarrassment to Governor Landon.

The Democratic platform has been flung at President Roosevelt again and again—but it won't be after Philadelphia. The President will write his own platform there.

You see, platforms are written prior to the nomination of a man—if he is not re-running for office.

The Old Guard of the Democrats shaped the 1932 Democratic platform in Chicago.

The Old Guard of the Republicans shaped the 1936 Republican platform in Cleveland. No sooner had it been made public than the presidential nominee-to-be wired to the convention repudiating two sections—one section inserted by the liberals (under Borah) the other by the reactionaries.

As it is, the platform draws fire from organized farmers and organized workers.

REVENUE MEASURE TO PASS CONGRESS SATURDAY EVENING

New Scheme Designed To Raise \$800,000,000 on Undivided Corporation Profits

GOES FAR TO MEET ROOSEVELT'S WISH

Conference Agreement Is Reached Thursday Night, Must Be Accepted by Both House and Senate, But Nearly Half of Senate Reported Against the Bill

Washington, June 19.—(AP)—Driving toward adjournment of Congress by tomorrow night, House leaders planned an overtime session tonight to act, if possible, on the tax compromise.

Washington, June 19.—(AP)—A newly shaped tax plan designed to raise \$800,000,000 through penalty taxes on undivided corporation profits and other major provisions of the revenue structure aroused emphatic dissent among some senators today, but administration leaders said it would go through Congress Saturday night.

They expected that President Roosevelt would welcome the plan, which was agreed upon in a Senate-House conference last night. It goes far to meet his demands for stiff taxes to induce corporations to distribute more income to stockholders, and for additional taxation on dividends.

The conference agreement must now be ratified by both chambers. It is generally expected to encounter no serious trouble in the House, but some Senate foes of the bill went so far today as to say privately that nearly half of the membership of that body already has determined to vote against it.

No filibuster was predicted however, and administration leaders hoped to pass the bill in time to adjourn Congress late Saturday night.

Runaway Steamer From England Now Held In Captivity

Georgetown, British Guiana, June 19.—(AP)—The British government S. S. Pomeroy forcibly captured today a vessel believed to be the runaway British trawler Girl Pat.

The vessel taken had been harboring outside the three-mile limit for several days.

A conference called by Governor Sir Geoffrey Northcote last night decided to ask London for instructions and it was understood the capture was in accordance with London's reply.

Police officials reported the craft answered questions of the Girl Pat, whose crew ran away with her from Grimsby, England, early in April, presumably on a search for pirates' treasure.

The captured craft was without fuel but her crew fought off the government ship's efforts to capture her for two and a half hours, maneuvering by sail.

The Pomeroy circled about the trawler and rammed her once. Finally the battered little boat, which authorities believed to have crossed the Atlantic and to have been at sea nearly three months, gave up the fight and allowed a tow line to be run aboard.

The crew was placed under arrest.
