GLASS TO VOTE FOR ROOSEVELT, BUT MAY NOT SPEAK FOR HIM

Never Had Any Other Idea Than To Vote for President, Aged Virginia Senator Says

Held by Nazis

Washington, Aug. 25.—(AP)—After a conference with the President, Senator Carter Glass, of Virginia, said today he would vote for Mr. Roosevelt next November, but was undecided whether he would speak in the campaign.

Glass, who has differed with the chief executive in some New Deal policies, particularly spending, told a group of supporters that his doctors had advised him not to speak. But he added that they similarly cautioned him in 1932, when he made a radio speech for the Roosevelt-Garner ticket.

The 78-year-old Democratic chairman of the appropriations committee, and one-time Treasury secretary, said: "If you want to know whether I'm going to vote for the re-election of

LEE GRAVELY QUILTS LIQUOR COMMISSION

Pressure of Private Business at This Time of Year Given as Reason for Move

Rocky Mount, Aug. 25.—(AP)—Saying that his business duties made it impossible for him to serve, State Senator L. L. Gravelly today tendered to Governor Ehringhaus his resignation from the commission to study the liquor situation in North Carolina.

"It seems to me that in order to make recommendations to the General Assembly it will be necessary for the commission to study conditions in the 17 so-called 'wet' counties and in the other counties of the State; also to make a study of conditions as they exist in other states having different types of state control," Gravelly said in his letter of resignation.

"This is going to take a good deal of time and I do not feel that at this time of year I can afford to assume any more duties than I now have."

Roosevelt's Chautauqua Speech Clear Statement of World Situation From Viewpoint of the United States

By LESLIE EICHEL Central Press Staff Writer

The majority of campaign and convention speeches may seem just like so much guff prior to the end of the presidential campaign. The reason is clear—the magnitude of reality is overshadowing all the make-believe issues. A terrible conflagration has begun in Europe—and who is safe?

And especially who is safe with inflammatory statements being made in the United States also?

The civil war in Spain is not purely an internal issue. It is the march of fascism toward western Europe. And, because before that terror, another terror of the other extreme arises, due to the Fascist-instigated civil war, flames and counter-flames have burst forth toward all the re-

SERIOUS PROBLEMS OF STATE COME UP LAST OF THE WEEK

Road Refunds, Liquor, Gasoline Terminals and Spending of Road Surplus Crowd In

COMMISSIONS MEET TO ARGUE PROGRAM

Nearly 75 Counties Petition for Highway Refunds Estimated Around \$50,000,000; Deadline for Filing Is Tonight Midnight; Liquor Hearings Begin

Raleigh, Aug. 25.—(AP)—Vital problems of state, some of which have been hanging fire since the 1935 General Assembly adjourned, will be discussed by four of North Carolina's more important commissions scheduled to be in session here during the latter part of the week.

The State Highway and Public Works Commission will meet here Thursday to prepare its formal report to Governor Ehringhaus for the allocation of \$2,800,000 from the highway fund surplus. The money would be used as part of the \$10,000,000 program designed to improve secondary roads during 1936-37.

At the same time, the liquor commission, authorized by the 1935 legislature, and appointed by the governor July 18, will meet here to investigate liquor control laws in 17 "wet" counties. The commission, of which Victor Bryant, of Durham, is chairman, also is scheduled to meet in Wilson Friday and in Wilmington Saturday.

Petitions from perhaps as many as 75 counties asking that the State refund an estimated total of \$50,000,000 will be discussed by the commission investigating county highway debts, which will be in session here Friday. Carl L. Bailey, of Washington county, chairman of the investigating body said today he had received claims totaling \$24,796,852.89 from 36 counties. The deadline for filing the petitions is midnight.

Also to meet here Friday is the recently appointed commission to study the advisability of the establishment of a State-owned gasoline terminals.

Tobacco In Georgia Has Top Money

Atlanta, Ga., Aug. 25.—(AP)—The first three weeks sales on the Georgia tobacco market brought farmers \$17,585,270.27, the greatest sum in the history of the industry in this State. Garland Bagley, statistician of the State Department of Agriculture, said sales totaled \$1,556,758 pounds, or an average of \$23.55 per hundred pounds. Some of the markets are still in operation, but the auction season will end throughout the belt within a few days.

Bagley's figures represent sales for the season through last Friday.

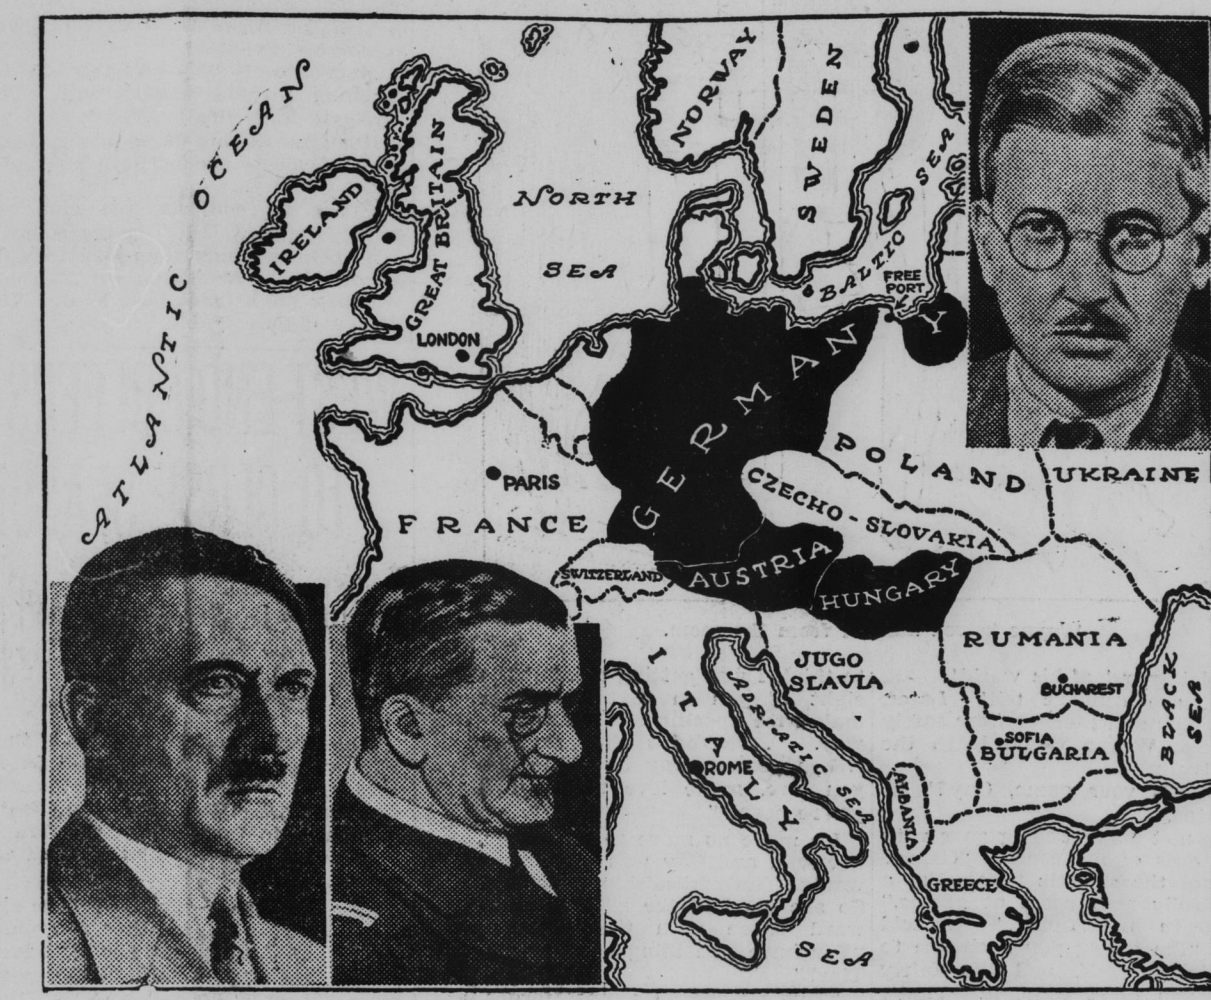

LONG DISPUTE ON MOORE IS LIKELY

Association for Colored People Ready To Do Battle For Prisoner

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE Raleigh, Aug. 25.—Disputed testimony regarding the alleged confession Sunday at State's Prison by Martin Moore, convicted murderer of Helen Clevenger, banishes the official hope that the case itself is ended. The presence in this State of many members of the National Association for the Advancement of Colored People, guarantees on such a case as this a protracted debate. The N. A. A. C. P. has been in numerous other North Carolina litigations, civil and criminal. The point to be made in the Moore case is that the prisoner was not given time for a good defense and that on the jury which tried him there were no negroes. There were none on the grand jury which indicted him.

Look to Anti-Red Bloc in Central Europe

A proposed meeting between Chancellor Kurt Schuschnigg of Austria, Hitler of Germany, and Admiral Nicholas Horthy, regent of Hungary, scheduled for September, may result in an anti-Red bloc of nations in Central Europe, observers point out. Horthy, who inspired the conference, is said to be a strong foe of communism and if the tri-partite anti-communist front becomes a fact it is reported that efforts will be made to persuade Premier Mussolini of Italy to disinter his own in the countries of the Danube in return for Spanish territory. Map shows the nations with, left, Adolph Hitler and Nicholas Horthy, and right, above, Kurt Schuschnigg. (Central Press)

16 Leaders Of Soviet Plot Executed By Firing Squads

Moscow, Aug. 25 (AP)—Death before firing squads ended today the careers of 16 confessed conspirators, many of them once high in the ranks of bolshevik leadership. They had been convicted a little over 24 hours before the death sentences were carried out secretly. A terse statement announced the executions after the central executive

committee of the Soviet Union declined an appeal for mercy. All had confessed their participation in the plot to which the exiled Leon Trotsky, former minister of war and one-time revolutionary zealot, was linked as a leader. The communique announcing the fulfillment of sentence stated in part:

"The sentence in regard to all has been carried out." The Soviet officials did not state where or how the executions were performed, a customary procedure. Included among those who died were Leon Kamenoff and Gregory Zinovieff, once member with Dictator Josef Stalin of the triumvirate at the head of the Soviet Union.

New Deal Stalwarts Involved in Two States; Townsend Plan In Third

(By The Associated Press.) Primaries in three states today commanded national attention. In Mississippi the veteran Senator Pat Harrison, after a campaign in which he stood on his record as a New Deal supporter, contested with former Governor Sennett Conner for the Democratic Senatorial nomination.

Conner was aided by Senator Bilbo, colleague and foe of the senior senator. The party will also nominate seven representatives, one unopposed. In South Carolina there is a clear-

Raleigh Hears Clyde Hoey To Recommend Deferred Payments

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE Raleigh, Aug. 25.—State workers have been hearing recently that Democratic Nominee Clyde R. Hoey, will when he shall have prepared his inaugural message to the General Assembly, recommend the return by the State of an approximate \$400,000 taken from them April, May and June of 1933.

Gov. Landon Angling For N. Y. Votes

Ripley, N. Y., Aug. 25.—(AP)—Governor Alf. M. Landon moved deeper into New York today for conferences on presidential campaign strategy, after declaring that widespread use of the machinery of the Federal government "to maintain the present administration in power" created a propaganda danger. The Republican nominee, who in a speech at Chautauqua, last night called for freedom of education, press and radio, turned toward Buffalo to discuss with party leaders plans to win New York's 47 electoral votes. Governor Landon prefaced his speech in the Chautauqua amphitheatre with the statement: "In Kansas we believe that our schools—public, parochial and private—must be free of all control by the Federal government. "In Kansas we insist no teacher should be required to take any oath not required of all other citizens. In Kansas we believe in academic freedom and practice it. "There must not be censorship of what is spoken or written, and equally important, there must be no control of the source of news."

Family Of Moore Not To Appeal

Asheville, Aug. 25.—(AP)—Members of the family of Martin Moore, Negro, convicted slayer of Helen Clevenger, New York University student said today they would not appeal the case, but local members of the National Association for the Advancement of Colored People, said they would carry it to the Supreme Court.

Tom Moore, brother of the prisoner, said the family considered an appeal "a hopeless cause," and would not continue it.

Rev. M. L. Breeding, Negro president of the Asheville chapter of the National Association for the Advancement of Colored People, said the organization was going forward with plans to raise funds with which to finance the appeal.

Moore was convicted of slaying the 18-year-old student in her room at the Battery Park hotel. His death date was set for October 2, but prison officials said he probably would not die before Christmas if an appeal were perfected.

ICKES' FOSTER SON GIVEN ACQUITTAL

Secretary Charges Drunken Driving Case in Massachusetts Had Political Angle

Woburn, Mass., Aug. 25 (AP)—Judge Arthur E. Eno, of Lowell, today acquitted Robert H. Ickes, 22, foster son of Secretary of Interior Harold Ickes, of driving while under the influence of liquor. Young Ickes, employed on a Public Works Administration project, pleaded innocent to the charge and declared he had one bottle of beer several hours prior to his arrest the night of August 10. Two policemen, including Sergeant Harold, who arrested Ickes, testified he showed no signs of being intoxicated after his car bumped another machine in parking. Harold said only after questioning Ickes about his license and registration did he smell his breath and believed he might have been drinking. Ickes' arrest brought from his foster father the charge that his foster son was the victim of unfair publicity, inspired by "unfair political reasons." Harold, however, denied the secretary's declaration.

DIPLOMATS TRYING TO CURB BRUTALITY IN SPANISH FIGHT

France and Britain Studying Proposal To Lessen Cruelties Done on Both Sides

ATMOSPHERE MADE MORE BREATHLESS

Two Years Compulsory Service Decried by Nazi Chief Claimed To Be Directed at "Aggressive Soviet Russian Militarism" on Eastern Frontier

(By The Associated Press.) Diplomatic proposals designed to check brutality of Spain's fierce civil war were authoritatively reported today to be the subject of communications between France and Great Britain.

The foreign affairs committee of the British cabinet was believed to have taken the proposals under consideration.

Since the war started in Spain there have been frequent reports of the mistreatment of civilians and prisoners by both the Socialist government and the Fascist rebels.

The civil fires burned on in Spain toward their ultimate Fascist or Socialist embers in a European atmosphere made suddenly more breathless by Nazi-decreed expansion of the German army.

Not connected directly with the civil war, Adolf Hitler's doubling of the universal military term in the Reich served, nevertheless, to throw the whole international conflict between right and left into sharp relief.

His decree of two years compulsory service under arms was aimed directly at what the Nazis called "aggressive Soviet Russian militarism."

Madrid dispatches told of a new purge of the capital's Fascists, including the execution of four rebel officers. Loyalists and rebels broadcast conflicting claims of victory in Guadarrama mountain fighting just north of Madrid.

The rebels repeated their aerial bombardment of Irun. There was little damage.

Employment Now Highest Since 1930

Washington, Aug. 25 (AP)—A slight increase in industrial employment between June and July, described as being contrary to the usual mid-summer decline, was reported today by the Bureau of Labor Statistics.

The gain of approximately 2,000 workers was caused, the bureau said, entirely by a pick-up in employment in 52 of 90 manufacturing industries surveyed.

The bureau said a comparison with July, 1932, showed nearly 1,000,000 more workers were employed last month than in July, 1932, and the payrolls were \$42,000,000 a week greater.

The bureau said the gain of nine-tenths percent in factory employment continued an upswing that had been in evidence since January and carried the employment index to the highest point since October, 1930.

Dual Killing Near Capital Is Reported

Fredericksburg, Va., Aug. 25 (AP)—A double killing, which authorities said they were told was a murder and a suicide, terminated a wild automobile ride early today in which a woman participated as an unwilling third party passenger.
