Roosevelt Plan Is To Drive Through The Great Smokies

Will Make Motor Trip from Knoxville to Asheville Thursday, Under Plans Approved

TALKS THURSDAY AT CHARLOTTE MEETING

May Motor from Asheville To Charlotte Also; Starts Work Tomorrow on Charlotte Address, Returning to Washington After That Speech In Afternoon

Washington, Sept. 7 (AP)—President Roosevelt today approved final plans for a motor trip through the Great Smoky Mountains from Knoxville, Tenn., to Asheville, N. C., and then to Charlotte for a speech Thursday at a six-state "green pastures" rally.

The President will leave Washington tomorrow evening, arriving at Knoxville around 10 a. m., central standard time, Wednesday.

From there he plans to travel by automobile to Asheville over 140 miles of mountain roads.

He made arrangements to stop for lunch at Shenandoah and to spend the night at Asheville, whether he will go from Asheville to Charlotte by motor has not been determined, but aides said he probably would prefer to make the trip by car rather than train.

Presidential assistants said Mr. Roosevelt would start work tomorrow on his Charlotte speech.

The chief executive is to speak around 5 p. m. eastern standard time at the Charlotte rally and plans to leave immediately afterward by train for Washington.

EUGENE BAGWELL, 50, S. A. L. CHIEF, DEAD

Prominent Official Dies Suddenly Following Heart Attack at Southern Pines Hotel

Southern Pines, Sept. 7.—(AP)—Eugene Cleveland Bagwell, 50, general manager of the Seaboard Air Line railway, died of a heart attack at a hotel here late last night.

He was a native of Raleigh, N. C., and the funeral will be held there, probably Tuesday.

MR. BAGWELL WELL KNOWN TO SEABOARD MEN HERE

Mr. Bagwell was well known to Seaboard Air Line railroad men in Henderson and this section. He was known as one of the most popular officials in the system, and as a "folksy" sort of man who was easy of approach and sympathetic in his attitudes. He was a railroad man who rose from the ranks and climbed to high position with the company, and had the respect and confidence of the highest officials with the company.

Big Spending Is Justified By President

Saved Business and Will Save Drought Area, He Tells Nation in Talk

Washington, Sept. 7.—(AP)—Weaving a defense of New Deal spending into a two-fold address on re-employment and the drought, President Roosevelt was on record today with the contention that government expenditures saved business and will save drought-stricken farmers.

Denying charges of waste hurled at him by campaign foes, the President took to the radio last night in a combination Labor Day eve address and a report on his tour of the drought area just ended.

"Re-employment in industry is proceeding rapidly," he said. Government spending was in large part responsible for keeping industry going and putting it in position to make this re-employment possible.

To speed re-employment, he said he

On Health Mission

Sir George Chrystal, official secretary of the British Ministry of Health, is shown as he arrived in New York for a tour of American cities. He will study our methods of sanitation and public health measures.

INTERNAL WAR IS THREAT TO LABOR UPON ITS HOLIDAY

But It Joins With Rest Of Nation in Celebrating Annual Event With Great Vim

LONDON CALLS FOR UNITED LABOR BODY

Hopes Split Will Be Speedily Healed; Ten Unions Under John L. Lewis' Banner Are Officially Ousted from Federation by Events of Last Saturday

Washington, Sept. 7.—(AP)—On this day dedicated to the interests of the American working man, organized labor faced the threat of a tremendous internal war, but it joined the rest of the nation in celebrating the holiday with a vim.

Parades and speech-making marked Labor Day the nation over. In some of the addresses were references to the split in the American Federation of Labor, which threatens a long and bitter struggle.

Governor Alf M. Landon, in a speech prepared for delivery at Wichita, Kans., called for a "united" organized labor "struggle for higher living standards." He expressed hope the split will "be speedily healed."

President Roosevelt, who did not mention the schism, made a Labor Day address, saying the day "symbolizes our determination to achieve an economic freedom for the aver-

PRESIDENT GREETES AN ADMIRER

President Roosevelt Betty June Berger

In Springfield, Ill., where he visited the tomb of Abraham Lincoln and held a drouth conference with Gov. Henry Horner of Illinois, President Roosevelt is snapped talking with little Betty June Berger, of Rosiclare, Ill. The little girl, crippled by infantile paralysis, came to the state capital to meet the president at the governor's mansion.

Good Politics To Spend Big State Road Surplus

Ehringhaus and Waynick Doing 1937 Legislature Favor by Removing Bone of Contention; May Also Spell Doom of Road Refunds to Counties

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, Sept. 7.—Governor J. C. B. Ehringhaus and Chairman Capus M. Waynick of the State Highway and Public Works Commission have not only played good politics by their decision to spend \$2,820,000 more of the highway fund surplus and thereby wipe out the so-called "surplus" which has been a bone of contention among politicians for the past two years, but have done the 1937 General Assembly a big favor by finally and effectively removing this surplus from the next legislative picture, accord-

ing to sentiment here today. They have likewise done a real service to the people of the State in that they are going to spend this money for building roads, the purpose for which it was collected and intended, before the biennial assemblage of politicians designated as the General Assembly, will have a chance to divert it to other uses, it is agreed.

May Bar All Refunds. The action of the governor and Advisory Budget Commission in approving the expenditure of this last lump

Landon Asks United Labor Organization

G. O. P. Nominee Also Says Strong Will for Peace Here Is Best Safeguard

Wichita, Kans., Sept. 7.—(AP)—Governor Alf M. Landon, in a speech today, advocated a "united" organized labor "struggle for higher living standards."

Coincidentally in his address before the State convention of the American Legion, he named a "strong will for peace" as the "nation's main reliance in staying out of war."

Emphasizing three "present and future duties" of war veterans—tolerance, citizenship and the preservation of peace—the Republican nominee in his address noted: "Disquieting evidence of attempts to stir up racial antagonism" which "would be tragic if it should become serious."

Expressing hope that "the recent split in the ranks of labor will be speedily healed," he said "those of us

COMMUNISTS DECLARE FASCIST UPRISING IS THREATENING FRANCE

Defending Troops At San Sebastian Fight Each Other

With Fascists At Gates Of City, Anarchists and Socialists Fight Between Selves

ANARCHISTS TRYING TO BURN THE CITY

Socialists Trying To Prevent Them; Madrid Jubilant Over Reports of Blocking Fascist March on Toledo, Declaring Rebels There Are Desperate

(By The Associated Press.) The anarchist and Socialist defenders of San Sebastian, with Fascist rebel columns almost at the city's gates, fought in the streets today.

Armed with gasoline and torches, the anarchists sought to fire the city. The Socialists struggled to stop them.

With the neutrality situation in nearby France made more grave by Communist charges that a Fascist uprising was imminent, insurgent troops with field guns assaulted Fort Trinchierpe, last government defense before San Sebastian, famous resort city, on the Bay of Biscay.

Madrid, jubilant over victories which high officers said had stopped a march on Toledo and the capital in the Talavera sector, announced rebel resistance had "given away" at Cordoba in the south, and said Fascists, besieged at Zaragoza in the northeast, were "desperate."

Henderson

Man Is Held In Robberies

Arlie B. Jackson, 19, Implicated With Two Others in Series of Hold-Ups

Boydton, Va., Sept. 7.—(AP)—Virginia authorities today investigated recent activities of three youths charged with holding up a Chase City filling station and suspected of a series of robberies in this State and North Carolina.

The trio was captured by Town Sergeant C. L. Temple and three aides in a wood at South Hill early Sunday morning after Temple had punctured a tire in their automobile with a pistol shot and forced them to abandon the machine.

Temple fired three shots at the speeding car a few minutes after David Boushell, 17-year-old filling station attendant, had telephone that he had been robbed of \$37 and forced to accompany the robbers in their machine for three miles.

After questioning the prisoners, Special Investigator W. Larkin Glazebrook, of the State motor vehicle division, and Sergeant Temple said Arlie B. Jackson, 19, Henderson, N. C.

New Madrid Premier

Francisco Largo Caballero is the new premier and minister of war of the Loyalist government of Spain. He formerly was premier and minister of labor in the government of Manuel Azana. The cabinet Jose Giral went out as the rebels made further gains.

McDonald's Vote Plea Clarified

Raleigh, Sept. 7.—(AP)—Dr. Ralph W. McDonald, who lost his fight for the gubernatorial nomination in the Democratic primaries, said today he had not asked the State Board of Elections to "reopen its primary investigation," but had asked it to "take definite and understandable action" in regard to irregularities disclosed by investigations.

"The purpose of my letter, as clearly stated and developed, was to suggest for the consideration of the board that, unless some definite and understandable action is taken by the board with respect to those frauds and irregularities which have been positively shown, the violation of elec-

DEMAND FOR HELP TO MADRID REGIME PRESSED ON BLUM

One-Hour Strike of Metal Workers in Paris Called To Protest Policy Of France

WANT TO ABANDON NON-INTERVENTION

Secret Meeting of Fascist Group Allegedly Held Sunday at Which "Shock Troops" Are Said To Have Been Planned, Along With Civil War In Nation

Paris, Sept. 7 (AP)—A communist call to 300,000 workers to strike today for one hour to compel France to support the Spanish government in its civil war shut down the principal airplane and automobile factories in the Paris area.

According to plan, metal workers laid down their tools for the hour demonstration. Company officials in the affected factories acknowledged virtually all union members answered the summons.

Paris, Sept. 7 (AP)—Communists, seeking by strike threats to force official assistance to Spanish Socialists, charged today that a Fascist up rising threatened France.

The communist newspaper, L'Humanite, laid the Fascist plot against the French Socialist party, to political organizations headed by Colonel Francois de la Raque, which arose from the dissolved Croix de Feu Veterans League.

The charges followed Communist instructions to 300,000 metal workers in the Paris region to drop their tools for a one-hour strike today in protest against the French policy of non-intervention in the Spanish civil war.

The communist newspaper asserted De La Raque, at a secret meeting of thirty regional chiefs yesterday, issued orders for the organization of "shock troops" and "outlined a plan for civil war."

The newspaper, regarded as an official organ of the Communist party, strengthened its attack on the "blockade against the Spanish re-

Begin Probes Of 10 Deaths In Big Plane

Pittsburgh, Sept. 7.—(AP)—A triple investigation began today into the crash on a tri-motored sight-seeing plane in which the pilot and nine passengers died Saturday.

The lone survivor, Linda McDonald, 17-year-old Miami, Fla. girl, was to be visited by Federal, State and county authorities at the hospital where she was reported recovering from the shock.

The slender high school graduate saw her "best beau," John A. Powers, young University of Miami student, and four friends enveloped by the flames after she had fought her way out of the ship.

The ship fell on an isolated farm at 10:15 p. m. Saturday, a few minutes after the pilot, Eric Beckley, 35, had risen from the Allegheny airport after promising the passengers "a thrill or your money back."

One of the many reports to be studied was that the failure of a motor caused the tragedy, that the pilot had turned back toward the airport, his ship tilted and motors running full speed when it struck one tree, then bounded to another.
