

TOWNSEND FORCES SCORE VICTORY IN WASHINGTON STATE

Win Four Congress Nominations in Primary Elections Held in State on Tuesday

NATION WATCHING GEORGIA ELECTION

Talmadge, Anti-New Deal, Opposing Senator Russell, Roosevelt Backer; Senator Norris Is Entered in Nebraska Primaries as Independent Candidate

(By The Associated Press.)
Townsend old age pension candidates appeared to have won nomination in four Washington State congressional districts as the nation watched returns from five State primaries yesterday, and today's balloting in Georgia.

Georgia's voting found Governor Eugene Talmadge, a critic of the New Deal, opposing Senator Richard B. Russell, Jr., a Roosevelt supporter, for the Democratic senatorial nomination.

Sharing interest with the primaries was the filing of the candidacy of Senator George W. Norris, veteran Nebraska legislator for re-election as an independent. A supporter of much of the New Deal legislation, Norris had announced his intention to retire, but friends filed his nominating papers through a petition bearing more than 40,000 signatures.

In two of the Washington State districts, Townsends were nominated or leading on both Republican and Democratic tickets. But in Vermont a Townsend candidate lost in his race for the Republican nomination to Congress.

In Colorado Governor Ed C. Johnson was leading former Governor William E. Sweet two to one for the Democratic senatorial nomination. Both professed support of the Roosevelt administration.

Fugitives' Auto Believed Located In Wilson County

Wilson, Sept. 9 (AP)—Officers here expressed the belief today they had surrounded Dan Kolb in a dense wood between Rocky Mount and Elm City. Kolb has been identified as one of two gunmen who fled a Florence, S. C., road house during a gun battle with South Carolina State highway patrolmen.

His companion, Coley Cain, an escaped convict from the North Carolina penitentiary, died yesterday of wounds received in the fight at Florence.

The officers here said a bullet-riddled car, believed to be the one in which the pair rode from South Carolina, had been captured.

A posse of Nash and Wilson county officers and city police hurried to the wooded spot immediately after discovery of the car.

Reorganizing Departments Aim Of FDR

Sweeping Revision May Unite War, Navy and Air Service In One Unit

New York, Sept. 9 (AP)—The New York Times said today in a dispatch from Washington that President Roosevelt is considering for submission to Congress, in event of his reelection, a far-reaching plan of governmental reorganization.

This plan, possibly would involve, The Times stated, the consolidation or abolition of some of the major departments and bureaus.

"Whatever the President finally proposes," the Times said, "one may hear in informed quarters how that the regular cabinet posts might be decreased in such an extensive plan as he has been considering."

A possibility, The Times stated, would be consolidation of the Army, Navy and Air Corps in a department of national defense.

The President's committee on administrative management, the dispatch continued, is rushing an exhaustive study of the Federal establishment, but detailed recommendations hardly will be ready before December 1.

"The committee," The Times said, "already has evolved a sufficient number of suggestions to allow the prediction among Mr. Roosevelt's friends that he will deal with his reorganization plans in one or more speeches toward the latter part of his re-election campaign."

ROOSEVELT CROSSES THE GREAT SMOKIES IN NORTH CAROLINA

Governor Ehringhaus and Senator Reynolds Meet President on Arrival at Knoxville for Motor Trip to Asheville for Night; Speaks Charlotte Tomorrow

Knoxville, Tenn., Sept. 9.—(AP)—President Roosevelt arrived at Knoxville at 9 a. m., central standard time today and shortly afterwards was on his way on a 150-mile motor tour through the Great Smoky Mountains.

He had breakfast in his private car before detraining in the midst of a large crowd of applauding Tennesseans.

He had worked late last night on the speech he will deliver at Charlotte, N. C., tomorrow at a southern "Green Pastures" rally.

Democratic leaders were out in full force here to greet the chief executive and accompany him on his drive

through the scenic Smokies. After parading through crowded downtown streets, the presidential procession hit out for the Great Smoky ridge that divides North Carolina and Tennessee. The President's aides arranged a picnic lunch around Clingman's Dome, over 6,000 feet above sea level.

Mr. Roosevelt will arrive late today at Asheville, N. C., and spend the night there.

Besides Tennessee political leaders, President Roosevelt was met at the railroad station by Governor J. C. B. Ehringhaus and Senator Robert R. Reynolds, of North Carolina.

President's View of Smoky Mountains Park Hoped For To Get Fresh Allotment of Funds for Construction of Parkway Along Crest of Ridge

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, Sept. 9.—Governor J. C. B. Ehringhaus is traveling with President Franklin D. Roosevelt today through the Great Smoky Mountains National Park in Eastern Tennessee and Western North Carolina, as the guest of the President. He will spend tonight in Asheville at Grove Park Inn, where President Roosevelt will also stay, and then proceed on to Charlotte by motor with the President Thursday morning. Governor Ehringhaus will introduce the President in Charlotte, where he will address the "Green Pastures" rally Thursday afternoon.

At first Governor Ehringhaus had expected to go to Asheville today and then on to Charlotte with President Roosevelt tomorrow. But Monday night the governor received a personal invitation from the President to join him in Knoxville Wednesday morning and be his guest on his trip through the Great Smoky Mountains National Park and on over Asheville, as well as from Asheville to Charlotte. As a result, Governor Ehringhaus and his private secretary, Charles Powell, left here Tuesday morning for Knoxville, where they would be there when the President's special pulled in this morning.

According to information received here this morning, Governor Ehringhaus was scheduled to ride in the same car with President Roosevelt on the drive from Knoxville into the Great Smoky Mountains National Park, through the park and on into Asheville.

As a result of this visit to the national park and drive through much of the area scheduled to be traversed by the Blue Ridge Parkway, many are hoping the President will make an additional allotment for the park and parkway so that construction

Unofficial reports reached Madrid today declaring government militiamen had entered the Toledo Alcazar preparatory to an attack on 1,700 Fascist rebels who have defied an eight weeks siege of the ancient fortress.

The insurgent artillery and snipers from within the crumbling walls were mute last night for the first time since July 20, and some reports, which were not confirmed, said the rebel defenders had surrendered.

Hundreds of fugitives from the impending bombardment of northern cities arrived at Bayonne, France, as diplomats of Europe, forced out of Spain by civil war, sought today to save beleaguered San Sebastian from becoming a city of ruins.

PROGRAM SOUNDED AT GREAT RALLY OF NAZI AT NURNBERG

Plan Aimed at Goal of Making Germany Economically Independent of the World

SPEEDS PRODUCTION OF NATION'S OUTPUT

Both Industry and Agriculture Hiked in Orders, Which Include Increasing German Exports; Recurring Successes Make Plan Possible, Fuehrer Says

Nurnberg, Germany, Sept. 9.—(AP)—Reichs Chancellor Adolf Hitler today proclaimed a four-year program embracing aggressive colonial demands, aimed at the goal of making Germany economically independent of the rest of the world.

The proclamation, sounded suddenly before 800,000 Nazis assembled in fourth annual convention, disclosed Der Fuehrer has signed decrees reorganizing the national economy and hiking the planned production of all industrial and agricultural products.

Their realization, he declared, "is only a question of our energy and determination."

"Our colonial demands," the proclamation went on, "are part and parcel of this program."

"We must build up our raw material sources."

The "raising by bootstraps" decrees also contain schemes for increasing German exports, but the details were not disclosed in the proclamation, which was read by Adolf Wagner, the Bavarian Nazi leader.

In the proclamation, Hitler declared the directness of Nazi principles had been demonstrated by "our constantly recurring successes" in the midst of a troubled world.

Two Japan Destroyers Sent China

Tokyo, Sept. 9.—(AP)—Two Japanese destroyers steamed at full speed into southern Chinese waters today as an official investigation of the reported killing of a Japanese at Takhoi was begun.

One destroyer was ordered to Takhoi with instructions to protect the Japanese mission charged with investigating the death of the Japanese who died under mysterious circumstances yesterday.

Members of the mission, who arrived at Canton aboard a gunboat, halted their journey to await the arrival of the destroyer Sanaye. The Sanaye was to take the investigators aboard and continue the voyage to Takhoi.

The incident was characterized "a gravely unfortunate affair for both China and Japan" by a foreign office spokesman in Tokyo.

He declared Japan would seek settlement of the slaying on the same basis Japan has demanded an explanation from China for the killing.

Washington, Sept. 9.—(AP)—Secretary Swanson asserted today that Japanese plans to retain 15,500 tons of over-age submarines would involve a "violation" of the London naval treaty.

Swanson, who returned to his office yesterday after a long illness, also said that plans for two proposed new battleships were ready and that con-

Talmadge Trails In Georgia Votes

Atlanta, Ga., Sept. 9 (AP)—T. T. Thomson, newspaper editor, telephoned from Carrollton at 1 p. m. today that a partial count of the vote cast in the city precinct in the Democratic primary there showed: For United States senator: Richard B. Russell, Jr., 450. Eugene Talmadge, 73.

Rally Gets Officialdom At Raleigh

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, Sept. 9.—Political activity here has gone into a nose dive and the capital city has almost been reduced to a deserted village as a result of the big seven states "Green Pastures" political rally in Charlotte tomorrow which will be addressed by President Roosevelt.

Most of the more prominent State officials and political leaders have already left for Charlotte or are departing this afternoon and almost the only political talk heard is concerning the Charlotte rally and the national political situation, with State politics being distinctly in the background for the first time in many months.

State Democratic headquarters here are deserted but for the stenographers on duty, as Chairman J. Wallace Winborne, Secretary "Lobby" Ward and Mrs. Spillman, vice chairman of the State Democratic Executive Committee, have all departed for Charlotte. Congressman Lindsay C. Warren, of the first district, passed through here today on his way to Charlotte, as did other members of Congress and politicians from eastern counties.

Governor J. C. B. Ehringhaus left yesterday morning for Knoxville to

New Facts Demanded Of Spain

Washington, Sept. 9.—(AP)—Secretary Hull indicated today that new representations probably would be dispatched to both the Spanish government and rebel commanders, insisting upon a satisfactory explanation of the identity and motive of an unidentified airplane which attempted to bomb the American destroyer Kane on August 30.

Although represented as convinced that the attack on the destroyer was a mistake, Hull plainly intimated at his press conference today that his government did not consider satisfactory the replies to its protest received from either Madrid or the rebel General Franco.

Franco informed the American consul at Seville yesterday there was a possibility that the Kane's aerial assailant was a rebel airplane, although he had been unable to establish this definitely. The Madrid ministry of State, on the other hand, denied that any loyalist plane was involved.

Hull said the American government would continue to give close attention to the incident as long as the plane's identity and the real facts concerning its motives were not satisfactorily revealed.

Responsible quarters said this government's attitude as outlined by the secretary of state did not reflect any official desire to inflict punishment on those responsible for the attack, because authorities here have no doubt that it was an error without ulterior motives.

CLEVENGER SLAYER MAY LOSE APPEAL

Supreme Court May Lock
Doors Against Escape
For Martin Moore

Raleigh, Sept. 9.—(AP)—The North Carolina Supreme Court took under advisement today the motion to docket and dismiss the appeal of Martin Moore, Asheville Negro, convicted of the murder of Helen Clevenger, of New York.

Attorney General A. A. F. Seawell lodged the motion at the request of Solicitor Zeb V. Nettles, of Asheville, who prosecuted Moore.

The Negro was convicted August 22 and sentenced to die in the lethal gas chamber, but notice was given of intention to appeal.

The attorney general's motion set forth that appeal for Moore had not been docketed properly under the rules of the court.

Seawell told the court that Sanford Brown, of Asheville, a member of Moore's counsel, had requested by telephone this morning that he postpone making the motion and the attorney general suggested that the court might wish to hold his motion in abeyance until tomorrow in the event Brown should file some motion at that time.

Granting the motion, Seawell said, would probably end Moore's chances of getting a review by the Supreme Court unless some new angle should turn up in the case.

Henderson Given \$1,000 For Street Maintenance

Raleigh, Sept. 9.—(AP)—Vance Baise, chief highway engineer, announced allocation today of funds to various municipalities of the State for maintenance of State highways passing through them, with Winston-Salem leading the list with \$22,800.

The allocations used up all but \$31,923 of the \$500,000 legislative appropriation, with the balance being reserved for emergencies.

The funds were distributed on a basis of population, mileage of highways in the limits and needs. Other allotments included, Henderson, \$1,000, and Tarboro \$5,250.

WESTERN COUNTIES MAY GO TO G. O. P.

Democrats Will Lose Them
If Absent Vote Is Kept,
McDonald Says

Daily Dispatch Bureau, In The Sir Walter Hotel, By J. C. BASKERVILLE

Raleigh, Sept. 9.—Many of the counties in the western part of the State which have been staying in the Democratic column by narrow margins for several years, will swing over into the Republican column within the next year or so unless the 1937 General Assembly repeals the absentee ballot and revises the State election laws, Dr. Ralph W. McDonald said here before returning to Winston-Salem following the State convention of Liberal Democrats. These counties will stay in the Democratic fold this fall because a majority of the voters in them are for the re-election of President Roosevelt and because they realize that nothing can be done about the present election laws until the 1937 General Assembly meets, Dr. McDonald said. But if the next legislature does not repeal the absentee ballot law and make some of the changes being demanded in the election laws, it is going to be almost impossible to hold many of these close western counties in line for another two years, Dr. McDonald maintained.

Will Stick This Time.

"There is no danger of any of these counties going Republican in the election this fall, since those Democrats who want the election laws changed realize that nothing can be done until the next General Assembly meets," Dr. McDonald said. "They also want to see President Roosevelt re-elected. So they are going to stick by the Democratic party this time and vote the straight ticket, county, state and national. For the Liberal Democrats are essentially Democrats."

"But if the coming General Assembly disregards the wishes of the western Democrats and of the eastern Democrats who also want election law reform, the outlook may considerably be different two years hence, however. From what I have been able to gather, many of the western Democrats feel that if their views and wishes are disregarded by another general assembly, their only hope of gaining these desired reforms is to join with the Republicans in an effort to get an administration that will be interested in bringing about real election laws revision."

Some Rebel Counties.

"It is entirely likely that if the election law changes now desired are not made by the approaching General Assembly that both Ashe and Alleghany counties will go Republican and join Wilkes and Avery counties, which are already Republican, also that Caldwell, Burke and Catawba counties will go over into the Republican list, as well as several other far-western counties."

"But if the Democratic western counties will cooperate with the western Democrats in bringing about the abolition of the absentee ballot, of election markers and make some of the other changes desired, I am convinced that the Democratic party in the west will be stronger than it has been in years, which means that the Democratic party in the entire State will also be stronger. It is going to get weaker instead of stronger, however, as long as it permits the present hodge podge of election laws
