Approximately 5,000 pounds of newsprint paper has been consumed pany, Alex S. Watkins. in the publication, and the entire job has been planned and executed by the regular Dispatch organization without any outside assistance, what-

Every advertiser also has a news story about his business, and pictures are carried of many of the city's business leaders.

This edition is the largest market number published by any newspaper in the tobacco belts of North Carolina or any other State this fall, so far known here, with one single exception, and that was the same size as the Dispatch today, 48 pages.

Wonderful cooperation has been given by business houses of Henderson in the production of this pubicity issue directing attention to the Henderson marketing and trading center. There were exceedingly few who did not take space in this edition. And every effort has been put forth to give them the best possible service. Today's issue is going to the Daily Dispatch's regular circulation of between 2,400 and 2,500 and the special mailing list of the Henderson 35-20 Club, with 3,600 names, carrying the story of Henderson into every part of

25,000 More Men Pledged for Cam-To Resist Them

Francisco Franco, today was reported of messages inquiring about the fliers. to have pledged 25,000 more men to the Talavera march on the capital. This report came from a Fascist deserter, who said the insurgent chieftains, with headquarters at Talavera, had told Franco:

"The militia is braver than we are." The Socialist government contended it was successfully checking advances both on Madrid and on Toledo, and coined a new watchword:

They shall retreat." In Nthe north the Fascists drove on toward Orio, ten miles west of the fallen city of San Sebastian in a general push on the seaport of Bilbao. The United States consulate was abandoned at Bilbao, and foreigners were hastily evacuating the city.

Business Is Babson Says

Many Lines This Outlook Rosy for Next Few Years

Boston, Mass., Sept. 15.-(AP)-Roger W. Batson said today business, after six years of depression, has at last reached normal, and that "for Floyd Bennett airport, Brooklyn said the next two or three years I am bullish on everything except democracy."

"Of course, I am bullish on democracy on the long pull," the business statistician told the Adevtrising Club of Boston. "Democracy will be the pilot, came to earth near rockbound ultimate form of government. But today, due to unprincipalled and selfish politicians, Democracy has collapsed throughout pretty much of the entire world. Only a spiritual revival can prevent such a collapse

America. For the fourth time since he began studying business curves, 35 years ago, Babson said the cycle had crossed the normal line and is back again to the average of 1925, 1926 and 1927. "If the heavy industries and general buildinging construction were active, business would be far above the normal line, approaching 1929 highs,"

He said 1936 will be the best since 1929 for automobiles and steel, and among lines equalling or exceeding 1929 peaks he cited retail trade, power production, cement and electrical

He predicted a sharp advance in the price of real estate, commodities and stocks, wages and interest rates, larger farm crops and a rise in railroad traffic.

Legion Men Deny Planning Killing

Detroit, Mich., Sept. 15 (AP)-Four of the 12 men charged with the Black Legion killing of Chas. A. Poole, in statements read to-day at their trial, said they were told iast May 12 that Poole beat his wife and he was to be flogged -not murdered-that night.

Detective Lieutenant John Machlink read Urgan "Lipps' statement taken by police after his arrest, which said he lured Poole from a beer garden on the pretext he was going to a "baseball meeting," on orders of Harvey Davis, named as the "ring leader" by Dayton Dean, confessed "executioner" in the shooting.

Lipps told of riding in the back seat of an automobile with Poole and Dean to a lonely road near surburban Dearborn, where Poole was killed.

"We got out of the car," Lipps' statement said. "I heard shots. Then Harvey Davis came back and said for me to keep my mouth shut."

SAVE MR. WAYNICK

Highway Chairman Is Not Kicked as Much Now as Few Months Ago

Both Graham and McDonald Attacked Him, But Hoey Refrained and Is Free To Keep Chairman in Job

Daily Dispatch Bureau, In The Sir Waiter Hotel Raleigh, Sept. 15.—Road work, in the opinion of visitors to Raleigh is the best boost for Chairman Capus Page 2-Serve-All Service Station, M. Waynick, of the State Highway nor.

Candidate Ralph McDonald declared that Mr. Waynick and his commissic: have been building "political roads," and Candidate Sandy Graham broke a few remarks upon the political activities of the chairman and his associates. The impression which everybody drew from these candida torial remarks was that Mr. Waynick would go out if either of the aforementioned gentlemen came in.

Mr. Hoey said nothing one way or another, but some of his best supporters were ever after him urging him to assail Mr. Waynick. Dr. McDonald's accusations would not stand historical inquiry. The doctor was charg ing the chairman with shortcomings that belonged to other men, officials whom the Forsyth candidate had been

Italy Balks Over Locarno Meeting

Rome, Sept. 15 (AP)-Italy informed Great Britain today it must insist upon "adequate diplomatic preparation" before a Locarno conference to map European security can be held.

Previously Italy had accepted in principle an invitation to a fivepower Locarno parley to be held this autumn for the purpose of effecting a new security agreement in the face of Germany's re-armament of the Rhineland.

Preliminary conferences looking toward such a meeting were held this summer between France, Great Britain and Belgium, and invitations were dispatched to both Italy and Germany.

Germany, which denounced the 1925 Locarno treaty by sending troops into the Rhineland last March, accepted the invitation to the new parley.

Governor and Congressmen Win by Much Larger Majorities in Monday's Balloting

DEMOCRATS LOSE CONTROL OF STATE

Republican Senate Incumbent Swept in by Rural Vote After Cities Give Democratic Candidate Brann Impressive Lead; Democrats Lose Two Congressmen

Portland, Maine, Sept. 15.—(AP)— Republicans swept Maine offices today in a State election featured by a 5,000-vote victory of Senator Wallace H. White, Jr., for a second term over Governor Louis J. Brann.

The record balloting in the traditionally Republican State also saw the party's candidates for governor and three United States representatives win by much larger margins.

The Republican victory, which observers studied closely for possible portents in the nationwide November poll, ousted the Democrats from four years of State control. Democrats had held two of the congressional posts, besides the governor-Senator White, a Republican vet-

eran of 20 years service in Washington, piled up a sufficient lead in the rural districts and small towns to overturn Brann's margin in 12 of the State's municipalities.

The senatorial vote, with only 12 precincts missing: White, 157,340. Brann, 152,412.

'No Politics' In Insurance Meet Of FDR

Washington, Sept. 15 .- (AP)-Frederick H. Ecker, chairman of the Metropolitan Life Insurance Company of New York, said after a conference with President Roosevelt today the meeting dealt with the insurance business as a whole, and that there "was no political significance involved."

Ecker was one of a group of nine insurance executives invited to the White House to report on their financial status today as compared with several years ago. White House officials had said ear-

lier the meeting was planned sometime before a speech September 5 by Colonel Frank Knox, Republican vicepresidential nominee, in which Knox asserted insurance policies were not secure under New Deal monetary po-Ecker told newspaper men the con-
