150,000 REBELS READY TO ATTACK MADRID

New York Yankees Are World's Ball Champions, Winning Final Game, 13-5

Scoring Orgy In Ninth Nets Winners Seven Runs and Giants Hurlers Flop

ALMOST EVERYTHING HAPPENED IN GAME

Giants Use Four Hurlers in Effort to Remain in Series; Gomez Gets Credit for Win, But Murphy Has To Relieve Him In Seventh; Final Inning Too Much

Polo Grounds, New York City, Oct. 6.—The New York Yankees won the sixth World's Series game here this afternoon from the New York Giants, giving them the necessary four victories in the seven game series to make them the champions of the world.

It was anybody's ball game up until the ninth inning when the Yankees unleashed their batting attack, sending seven runs across the plate and Selkirk ended the inning with the bases full with a long fly to center that would have been a homer in most any other ball lot.

The Giants drew first blood in the first inning, scoring two tallies on Ott; double after Moore had singled and Bartell had walked.

The Yanks were not long in evening things up. In the third inning, Selkirk rapped out a long triple and came home when Powell hit a long home run.

The champions went ahead and were never hedged again in the third with singles by Rolfe and DiMaggio and Gehrig's long fly. The Yanks continued their attack in the fourth inning getting two runs off bingles by Powell, Lazzeri, Gomez and Rolfe.

Caslieman came in during this inning to halt the big bats of the winners effective until he gave way to a relief hurler, Coffman.

The Giants drew nearer the Yanks in the fifth with a home run by Ott

Board Will Administer Healey Act

Washington, Oct. 6.—(AP)—Secretary of Labor Perkins today named Frank Healey, Hugh L. Kerwin and Telfair Knight as a temporary board to administer the Walsh-Healey law.

In announcing the appointment of the board, Miss Perkins explained the members were being borrowed from other divisions of the Labor Department.

She said the board would immediately get to work on the law.

Duke Power Suit Before High Court

Washington, Oct. 6.—(AP)—One of the major cases facing the new term of the Supreme Court, opened this week, is that involving the rights of the government to provide \$2,300,000 in public works funds for the Buzzard's Roost power project in Greenwood county, South Carolina.

An important test of the New Deal's power policy, the case involves the constitutionality of government financing of publicly-owned utilities.

The Duke Power Company, of Charlotte, N. C., has appealed from the decision of the circuit court of appeals, which upheld the government, and the court is expected to set arguments for November 9, a date agreed upon by opposing counsel.

Before the hearing on the case, however, the high court is expected to decide whether other cases involving government loans and grants for publicly-owned hydro-electric plants are to be heard simultaneously.

A number of such cases are pending.

Trance Victim

Last summer Mrs. W. M. Brown (above) of Atlanta, Ga., puzzled the doctors of Grady Hospital by remaining in a mysterious trance-like sleep for nearly a month. She returned home normal, however. She has again slipped into slumber, and for more than a week efforts have been made to revive her.

NEW DEAL CENSORS SOURCES OF NEWS LONDON DECLARES

And That Is Equally As Bad As Censorship of Actual News, Candidate Emphasizes

ACCUSATIONS LAID ON HARRY HOPKINS

Charges WPA Administrator Has Closed Records to Newspapers in Effort to Get at Cost Records and Payrolls; Says It Is Legitimate for Newspapers

Topeka, Kans., Oct. 6.—(AP)—Governor Alf M. Landon said today the New Deal was employing "censorship of the source of news," which he said was "just as bad as the censorship of news" itself.

"Harry L. Hopkins has shut off the source of news," the presidential nominee added, to a press conference, in reply to questions concerning the WPA administrator's statement that relief records were "open to anybody who has a legitimate reason to see them."

Landon said he thought WPA cost records and payrolls "is a public business," and the information should be

Roosevelt Will Win Out Because People Want Him

Senator Reynolds Says Nation Is Appreciative of What President Has Done for It; Has Been in Many States Recently and Sounded Sentiment

Daily Dispatch Bureau, in the Sir Walter Hotel. By J. C. BASKERVILLE. Raleigh, Oct. 6.—President Roosevelt will be reelected on November 3 because the people of the United States are grateful for what he has done for them, because they have confidence in him as a man and as an executive and because they believe he should have another four years in which to carry out his program and to demonstrate to the nation whether he is right or wrong, Senator Robert R. Reynolds, of Asheville, told this correspondent while at Democratic headquarters here Monday arranging his speaking itinerary from now until November 3, during which time

he expects to speak in every one of the 100 counties. Senator Reynolds is confident that the President will carry New York, Pennsylvania and Maryland, as well as most of the far western and middle western states.

"I spoke last week in New York and drove through Maryland and Pennsylvania both to and from New York," Senator Reynolds said. "I made it a point to talk to as many people as possible and get their reactions. I also kept careful and accurate count of the automobiles with Roosevelt and Landon stickers or tags on them. Through all these three

LABOR RELATIONS SET-UP WINS AND LOSES IN RULING

Constitutionality Upheld In Interstate Commerce, Denied In Intra-state Business

DECISION IS GIVEN IN FEDERAL COURT

Circuit Judge Morris A. Soper, of Baltimore, Announces Findings in Sessions at Richmond in Cases On Appeal from Virginia And Maryland Firms

Richmond, Va., Oct. 6 (AP)—The United States fourth circuit court of appeals today held the national labor relations act constitutional as it affects interstate commerce, but held it invalid in a case involving intra-state commerce.

The case in which the National Labor Relations Board was upheld was that of the board against the Washington, Virginia and Maryland Coach Company, which operates buses between Virginia, the District of Columbia and Maryland. The court held the board was without authority to take action against the Foster Brothers Manufacturing Company, Incorporated, a Maryland corporation engaged in manufacture of furniture at Baltimore.

Both opinions were by Circuit Judge Morris A. Soper, of Baltimore.

PREMIER GOEMBOES, OF HUNGARY, PASSES

Lately Resigned as Minister of War There; Cabinet Resigns On Hearing of Death

Munich, Germany, Oct. 6.—(AP)—Premier Julius Goemboes, 50, of Hungary, died today in a sanitarium after a long illness.

Goemboes, suffering from kidney and gall bladder trouble, entered the sanitarium last month after resigning as minister of war in the Hungarian government.

HUNGARIAN CABINET AT BUDAPEST QUILTS OFFICE

Budapest, Hungary, Oct. 6.—(AP)—The Hungarian cabinet resigned today shortly after the death of Premier Goemboes in Munich.

2 Taken In Mail Bomb Murdering

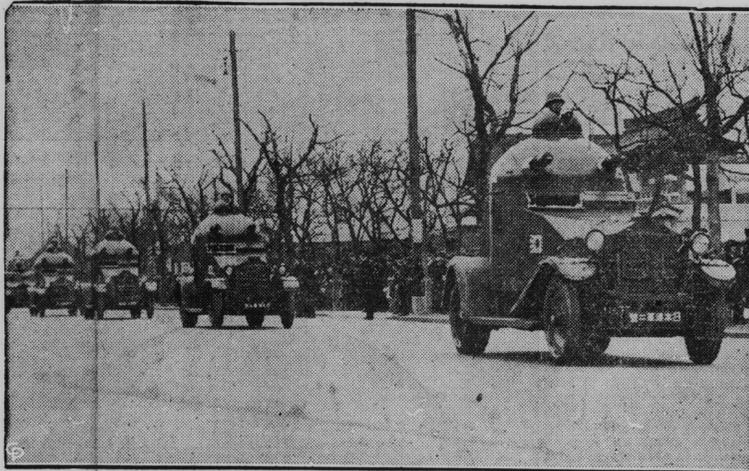

Eastville, Va., Oct. 6.—(AP)—Two men whom a post office inspector said had been charged with murder in the mail bomb death last July of Curry Thomas, 47-year-old Northampton county farmer, were lodged in the jail at this eastern shore town today.

The two were named by Post Office Inspector B. B. Webb, as Dr. H. R. Hege and Ed Banner, both of Mount Airy, N. C., where Mrs. Thomas was employed as an assistant to Dr.

SHANGHAI ALARMED OVER REPORT OF BLOCKADE

New Japanese armored cars pass in review in Shanghai

Terror-stricken Shanghai, placed under Japanese martial law following the shooting of two Japanese journalists and the murder of a Japanese marine, allegedly by Chinese gunmen, was further alarmed when unofficial reports indicated Japan may declare a blockade of Yangtze river ports to enforce Chinese compliance with Tokyo demands. At the same time, in spite of police efforts, thousands of natives

continued to flee from the Chapel quarter of Shanghai, in the fear of outbreaks when a verdict is handed down in the trial of the alleged murderers of the Japanese marine. In the photo above, Japan gives China another glimpse of her military strength as a long line of modern armored cars pass in review at Hongkew park in Shanghai. The cars mount two machine guns forward and one aft,

ROOSEVELT, LONDON MAKING READY FOR CAMPAIGN THRUSTS

Conferences Held by Both Major Party Candidates Prior to Entering Fray Anew

LONDON MAY RELAX IMMIGRATION LAWS

Also Favors Legal Means To Stop Lynchings; Green Says Labor Is 90 Percent For Roosevelt's Reelection; Industry Feels Quickened Buying Power

(By The Associated Press) While their supporters came to verbal blows, President Roosevelt and Governor Landon temporarily held their fire today, devoting themselves to conferences before going to the front line campaign trenches once again.

At Topeka Governor Landon conferred yesterday with Edward Corsi,

Nine Miners Die In Elevator Fall

Mulan, Idaho, Oct. 6.—(AP)—Nine men were killed here today when a cage cable broke in the morning mine, dropping the elevator and the men approximately 800 feet down the shaft.

The miners were just going on shift and had stepped into the cage on the 3,050-foot level. As the gates were closed, the steel cable snapped, and the cage dropped to the 3,850-foot level.

Names of the miners were not immediately learned, and first details of the tragedy were telephoned to this tiny mining hamlet.

EXTEND TIME FOR STATE SOIL CROPS

Farmers Have Until October 31 To Comply With Regulations

College Station, Raleigh, Oct. 6.—The time for seeding soil-conserving crops under the 1936 soil-improvement program has been extended to October 31, J. F. Criswell, of State College, announced today.

The extension was granted in the east central region, which includes North Carolina, as a result of drought conditions which have prevailed over much of the area, he stated.

"After recent rains which have been pretty general," Criswell continued, "we hope that all farmers will take advantage of this opportunity to qualify for the maximum payments possible.

"Soil-conserving crops which may be sown this month are winter legumes such as vetch, Austrian winter peas, and clovers."

He pointed out that growers who have taken land out of soil-depleting crops, but who have not sown enough soil-conserving crops to qualify them for payment, may now sow conserving crops on fields where depleting crops were raised earlier in the year.

Swede Hops Ocean Alone In Airplane

Leaves Dejected Baroness at New York Who Wanted To Make the Trip

New York, Oct. 6 (AP)—Facing hazardous weather on a 300-mile stretch off the Newfoundland coast, Kirk Bjorkvall, 31-year-old Swedish flier, pointed the nose of his red and green monoplane Peacemaker eastward today in a projected non-stop flight to Stockholm, Sweden.

Bjorkvall lifted his plane from the runways of Floyd Bennett field at 7:35 a. m., eastern standard time, climbed steadily as the ship gathered speed, and 40 minutes later was off the Long Island coast, cruising at about 100 miles an hour.

On the ground he left a dejected Baroness, Eva von Blizen-Fiencke, who had expected until the last minute to accompany him.

Bjorkvall, who purchased the Bel-lanca monoplane outright a few days ago, rejected pleas of the baroness to make the flight in a dramatic confession his plane waited.

A Swedish newspaper was the original backer of the flight for the pair. Due to criticism of the risk to be encountered by the baroness on the trip this late in the season, Bjorkvall's friends said, the paper withdrew its support.

The monoplane carried 795 gallons of gas.

FRANCE LENIENT TO RIOTERS OF SUNDAY

Paris, Oct. 6.—(AP)—Nervous French officials, harassed by political rioting, declined today to prosecute Fascist leaders for street disorders.

Cabinet ministers approved a ban on partisan demonstrations and meetings in the Paris region, but discarded "for the present" plans for criminal action against Fascists.

GOVERNMENT SAYS ALL LINES HOLDING ON BATTLE FRONTS

Fascists Lay Complete Plans for March on Capital, Prepared for Bitter Combat

GENEROUS CLAIMS FROM BOTH SIDES

Rebels Say They Are Near Railroad Supplying Madrid and Report Defeat of Federals in Northeast; Government Enumerates Its Own Activities

(By The Associated Press.) With brisk battles on many fronts, Spanish insurgents marshalled 150,000 trained men today for their march on Madrid, while the government proclaimed it was holding its lines on all sectors.

The Fascists held up their general advance, resolved to be well prepared for a bitter conflict. There still was "mop-up work" to be done in the immediate vicinity of Toledo, where government snipers harried the insurgent conquerors.

The Fascists claimed: Advance of their troops to within six miles of the government's Madrid-Vallencia railroad; repulse of a government attack on Huesca in the northeast; defeat of government forces at Burgos; just north of Toledo; destruction of government planes in the Toledo area; a bomb raid on Getase airbase, just south of Madrid; capture of a government block-house at Ilescas, 22 miles below the capital; dispatch of a motorized column to aid the besieged northern city of Oviedo.

The government claimed: Stiff defense from the Avila front, west of the capital; to the Sigüenza front, on the northeast; dispersals of a cavalry charge in the mountains 30 miles northeast of Madrid; and attacks on the insurgents flank at Sigüenza; capture of 17 houses in the outskirts of insurgent-held Oviedo; a left flank push toward the Tagus river in the Toledo area.

Washington, Oct. 6.—(AP)—Twenty-four shipping organizations in nine states asked the Interstate Commerce Commission today for a sweeping investigation of the class rate level in southern territory.

They contended in their petitions that railroad class freight rates in southern territory are unreasonably high, burdensome, antiquated and obsolete.

They said it was their belief the high level of present rates unduly hamper and restricts the traffic in the South, in violation of the rule of

Ask Probes Into Rates For South

Anarchists Slay 3,000 At Capital

Execution Squads Kill Middle and Upper Class Citizens 15 to 82 Daily

Hendaye, Franco-Spanish Border, Oct. 6.—(AP)—Reliable advices brought here by refugees from Madrid today, stated the Spanish capital's extremist "execution squads" had killed well over 3,000 middle and upper class citizens.

The executions even have increased, the advices said, since Francisco Largo Caballero became premier little more than a month ago.

Bands of "blood thirsty young murderers," the refugees said, are responsible for the executions. While the municipal morgue squad's
