

Charges Rightists Secreting Arms Throughout France

Disclosed That Foreign Commissar Litvinoff of Russia, Has Been in Paris Since Monday

GUNS, RIFLES, GAS CACHE IN PROVINCES

Allege 1,000 Automatic Rifles Accumulated in Paris for Use of "Shock Brigade"; Rightist Charge Russia Wants France Against Germany to Protect Ourselves

Paris, Oct. 14.—(AP)—Premier Leon Blum's newspaper, Le Populaire, charged today that Colonel Francois de Rocque had cached automatic rifles, machine guns and tear gas bombs to arm his rightist followers.

As the cabinet met amid rightist charges that Russian Communists, aided by the presence in Paris by Foreign Commissar Maxim Litvinoff, are trying to provoke Franco-German strife. The newspaper said that at least 1,000 automatic rifles had been accumulated here to "arm the shock brigade" of the leaders of the disbanded Croix De Feu.

The tear gas bombs and machine guns in great numbers had been gathered together in the provinces. The fresh rightist accusations of a Russian "plot" followed disclosure of the presence of Litvinoff in Paris since Monday.

The Rightist paper, Sigaro, commented: "Everyone knows the Comiden, Russian Communist Party organization, has been trying for the past several months to arouse the bellicose instincts of French Communists."

Sigaro asserted the Soviet partisans hoped to throw France against Germany as Russia would not be left alone to face any eventual German attack.

DOOMED MEN LOSE APPEAL TO COURT

Coffey and Macklin Cases in Opinions Handed Down by Court

Raleigh, Oct. 14.—(AP)—Reed Coffey and Evans Macklin lost today from death sentences today in decisions handed down by the State Supreme Court.

The court decided 56 cases. Coffey was convicted in Avery county of the murder of Hardie Coffey and Macklin was found guilty in Halifax of the murder of Chief of Police A. P. Moore, of Scotland Neck.

The court found "no error" in the capital cases.

EKINS FAR AHEAD IN GLOBE GIRDLING

(By The Associated Press.) H. R. Ekins, New World Telegram and Scripps-Howard newspaper reporter, was far ahead of his two journalist rivals in their race around the world.

The Hawaii Clipper of the Pan-American lines, carrying Ekins eastward, crossed the Pacific, landed at Guam at 2:59 a. m. E. S. T., and will resume its journey at night fall.

2 Die; Four Hurt As Auto Hits Train

Minister and Woman Die Instantly; Injured Not Expected to Recover

Beaufort, S. C., Oct. 14.—(AP)—Rev. A. Sasser, 67, pastor of Richard Methodist church, and Mrs. Eva Buckner, 60, of Richland, were killed and four other persons were critically injured today when their automobile collided with a Seaboard Air Line train at Lopeco, 10 miles south of here.

Witnesses said the automobile struck the engine of an electric passenger train, which enroute from Savannah, Ga., to Charleston.

Heads Brown U.

Dr. Henry Merritt Wriston, president of Lawrence college, Appleton, Wis., becomes the new president of Brown university, Providence, R. I. Dr. Wriston was named to succeed Dr. Clarence Augustus Barbour, who retired in January.

Dixon-Knox Visits Help Democrats

Knox Moved So Fast He Won't Even Register; Dixon's Luck Recalled

Daily Dispatch Bureau. In the Sir Walter Hotel. By J. C. BASKERVILLE. Raleigh, Oct. 14.—The speeches being made in the State by Thomas Dixon, former Baptist preacher and novelist, in behalf of Governor Alf Landon and against President Roosevelt also the speeches made in the State Tuesday by Colonel Frank Knox the Republican candidate for vice-president, have actually helped the Democrats more than the Republicans, in the opinion of J. Wallace Winborne, chairman of the State Democratic Executive Committee.

The visit of Colonel Knox was so brief and covered so much territory that it produced virtually no effect. Chairman Winborne feels, while the speeches by Dr. Dixon, who is scheduled to make some 17 speeches in the State for the rest of the month, are going to help the Democrats and result in getting more votes for Roosevelt, he is convinced.

Governor J. C. B. Ehringhaus also believes that the speeches by Dr. Dixon, a former Tar Heel and former Democrat now making Republican speeches for National Republican Committee, is going to make far more votes for Roosevelt than for Governor Landon.

"Dr. Dixon is remembered in North Carolina chiefly as the author of 'The Clansman' which depicts vividly the manner in which the southern states were oppressed and exploited by the

THREE FLORIDA MEN DIE IN AIR CRASH

Hilliard, Fla., Oct. 14.—(AP)—Three Daytona Beach, Florida men were killed today when their cabin monoplane crashed near here after losing one wing.

The men took off from the Daytona Beach airport this morning for Detroit, Mich. They passed over the Jacksonville airport, and had almost crossed the Georgia-Florida state line near here when the accident happened.

Another Dictator?

Whether Chancellor Kurt Schuschnigg of Austria is able or even desirous of assuming powers commensurate with the authority of Mussolini in Italy or Stalin in the Soviet Union, remains a question despite the fact he dissolved all private armies and took complete control of military power into his own hands. Schuschnigg's move, following an all-night cabinet session in Vienna, apparently eliminates Prince Ernst Rudiger von Starhemberg, Schuschnigg's only real rival to power.

HENRY FORD BACKS LANDON CANDIDACY AS CHIEF EXECUTIVE

Automobile Manufacturer Formally Declares He Believes in Alf Landon

SAYS COUNTRY HAS ENOUGH NEW DEAL Landon Heads from Detroit to Grand Rapids in Effort to Capture Michigan's 19 Electoral Votes; Says New Deal Threat to American Government

Detroit, Oct. 14.—(AP)—Henry Ford, formally declared his support for Governor Alf M. Landon today as the Republican presidential nominee pursued a cross state campaign for Michigan's 19 electoral votes.

"I admire and believe in him, and I hope he is elected," the motor car manufacturer said in a statement, after conferring with the Kansas governor. "I am not criticizing the New Deal," Ford continued, "I am only saying we have had enough of it, we have had about as much as the country can stand."

The veteran industrialist, who talked with Landon and his son, Edsel, stated his position for the first time just before Landon headed his campaign forces toward Grand Rapids. The candidate said the New Deal was a "threat to our American form of government" in an address last night.

Concentration of power in the hands of President Roosevelt, Landon said, represented "the first steps" toward destruction of "the rights and liberties of the people," which would make the executive "all powerful."

BANDIT CAR WAS FROM TENNESSEE

Nashville Police Advised Reidsville Officers Car Stolen from There

Reidsville, Oct. 14.—(AP)—Reidsville police were advised today that the automobile used by four bandits in the \$21,000 bank robbery here Monday had been stolen from a Nashville, Tenn., show room in a daring hold-up.

FDR DEDICATES A WAR MEMORIAL OUT IN ST. LOUIS

Chief Executive Declares Destroying of Trade Barriers Promotion of Peace

SEES SERVICE CALL FOR THOSE AT HOME

Inequalities of Social Order Call for Correction and Declares Nature's War Had Brought On "Nature Disturbances" in Social, Economical Machinery

St. Louis, Oct. 14 (AP)—Dedicating a World War memorial site here President Roosevelt declared today that "we best honor the memory of those dead by driving for peace, that the terror of the days of war will be with us no more."

"In what we have done during the last three years to promote recovery at home, to extend the hand of good neighbor to the nations of the world, to break down the barriers to commerce which divide nation from nation, we are promoting the course of peace through the world" he said adding:

"Here at home is the call to service, too."

Inequalities in the social order call for correction, and later on he declared nature's war had brought about "nature disturbances" in the social and economic machinery.

"New problems arise to take the places of the old. We rejoice here that those problems are being met and solved without impairing our faith and confidence in the peoples ability to do it themselves by the peaceful processes of Democratic government."

Gather With Brunswick, Va., Group Asking Road to Lawrenceville, Va.

Raleigh, Oct. 14.—(AP)—A delegation of citizens from Warren county and from Brunswick county, Va., today, asked the Highway and Public Works Commission to construct a new road from Warrenton to Lawrenceville, Va.

Chairman Capus M. Waynick, who met with the group, said it was contended that such a road would afford a materially shorter route northward from here to Petersburg, Va. After completion of route 59 from here to Louisville.

Waynick said he promised the delegation that this State would cooperate in a survey of the proposed route if Virginia's commission survey its end.

MADRID MILITIAMEN POUNDING FASCISTS

Both Sides Claim Advantages in Fighting; Skirmishes Around Toledo

(By The Associated Press.) Frostbitten militiamen of Madrid pounded at San Martin de Dalgoiglesias, newest Fascist war objective, in the march on the capital, while Soviet Russia demanded that Europe act speedily in the Spanish war—"or else."

Sent on making San Martin, less than 40 miles from Madrid, the Fort Douaumont of the civil conflict, the government men poised for a "final" air and land attack and announced they already had penetrated to a strategic vantage point.

Insurgents, however, declared the government forces had been pushed back three miles into the San Martin sector.

New skirmishes and advances were claimed by Madrid for its troops in the area of Toledo, insurgent base, since the dramatic rescue of the Alcarzar.

The Fascists lost five miles in that area, said the Madrid war minister.

OUR WEATHER MAN

FOR NORTH CAROLINA. Fair to partly cloudy tonight and Thursday and unsettled with possibly misty on immediate coast; little change in temperature.

Soviet Russia Demands A Complete Isolation Of The Great Civil War In Spain

SEARCHLIGHTS HERALD DAM POWER

Lights blaze to mark first flow of Boulder dam power. Giant searchlights, atop city hall in Los Angeles, blaze in nocturnal brilliance to herald the first flow of power from the gigantic power houses at Boulder dam, 266 miles away.

New Tobacco Compact Bill Embodies Ehringhaus Plan

Measure Prepared by AAA for Producing States Would Prohibit Shipments Across State Lines and Regulate Acreage and Poundsage, as Governor Urged

Daily Dispatch Bureau. In the Sir Walter Hotel. By J. C. BASKERVILLE. Raleigh, Oct. 14.—Governor J. C. B. Ehringhaus is again being vindicated in his position of last spring when he refused to call a special session of the General Assembly to enact tobacco control and compact legislation because he maintained that such legislation would not only be useless but dangerous without accompanying Federal legislation to make it effective, is being pointed out here today.

Late news reports from Washington are that the Agricultural Adjustment Administration will soon complete the preparation of a uniform State compact tobacco crop control bill which will contain the features which Governor Ehringhaus maintained were essential five months ago and which the bill then before Congress did not contain.

Under the terms of this new bill, which will be sent to all the tobacco growing states for their consideration as soon as it is completed, the sale of excess tobacco will be controlled by a provision prohibiting the marketing of non-compact or extra quota tobacco in any other state except in that in which it was grown and also provides that all of the tobacco growing states must adopt a compact and production control law before the compact and crop control plan shall become effective in any of these states. Officials of the AAA point out, according to the story from Washington, that unless the Federal gov-

Democratic Women Meet On Thursday

Had Some Terrific Snubs at Roosevelt's Hands At Outset, However

By CHARLES P. STEWART Central Press Staff Writer. Washington, Oct. 14.—Secretary of State Cordell Hull is the most valuable single Rooseveltian asset in the pending presidential fight.

The irony of the situation is that the President evidently rated Hull rather cheaply at first except for decorative purposes. Clearly he recognized that the Tennesseean would look well, as a real statesman, at the head of his cabinet. Otherwise he would not have appointed him.

But that the President was very little in sympathy with his appointee's economic philosophy became obvious speedily.

HULL'S DOCTRINE I knew Cordell Hull pretty well, as a representative and then as a senator.

I knew him to be a firm believer in the doctrine that American prosperity is dependent upon world prosperity. He stood consistently for the breaking down of international trade barriers—unintelligent tariffs and monetary exchanges inequalities.

When it was announced that he was to have the secretaryship of State, I took it for granted that this

STIFF NEW DEMAND SENT TO BRITISH FOREIGN OFFICE

Details of Note Not Disclosed But It Ended With "Or Else"

NOTE DESCRIBED AS SOVIET ULTIMATUM

Russian Ambassador Asks for Full Meeting on Non-Intervention Committee at Earliest Possible Moment; Second Soviet Demand Within A Week

Moscow, Oct. 14.—(AP)—Soviet Russia has demanded establishment of a virtual blockade of Portugal by the British and French navies to halt supplies of arms, officials disclosed tonight.

London, Oct. 14.—(AP)—High Soviet Russian diplomats, pressing a stiff new demand for action to isolate the Spanish war, went into consultation today with officials of the British foreign office.

Soviet Ambassador Ivan M. Maisky and M. Kagan, Russian member of International Non-Intervention Committee descended on the foreign office just after the new note had been submitted to Lord Plymouth, chairman of the neutrality group.

Some groups described the Soviet communication as a virtual ultimatum.

Ambassador Maisky, it was understood, asked that a full meeting of the committee be called at the earliest possible moment to consider the new document, which was understood to have advanced concrete proposals to balk violation of the non-intervention accord in the future.

The Soviet demand was the second in a week.

Informed sources, who declared details of the messages were not disclosed, asserted the note ended in the ominous or note of "or else."

Philippine Death List Still Rising

Belated Reports Bring List to 408; Fear 600 Missing Dead in Typhoon

Manila, Oct. 14.—(AP)—The death list of the Philippine most disastrous typhoon jumped to 408 today. Little hope was held for 600 others reported missing.

Belated reports from the San Narcisco district of Zambales province, southwest of Manila, said 150 miners were trapped and drowned by a wall of water, which swept down on them as they were crossing a river.

Ten were drowned at Magalang in adjoining ampana province, where their boat capsized. Other scattered deaths were reported.

Famine faced the survivors of last week's three day typhoon, particularly in districts where relief agencies have been halted by floods.

From the stricken region came urgent calls for vaccine to fight the dread diseases of the Orient—cholera typhoid, dysentery.

policy was to be the administration's. Finally so did the then Senator Hull. A day or two before Franklin D. Roosevelt's inauguration the senator gave out to the press a statement, forecasting, exactly as I would have expected him to do, an international program of the sort I have suggested.

POLICY REPUDIATED AT FIRST A couple of days later the incoming President Roosevelt made his inaugural address.

In effect he said that international co-operation is all right, but that he was in favor of "putting first things first"—American prosperity ahead of the prosperity of the remainder of the world.

This is o. k., of course—a sentiment that every American must endorse. Nevertheless, it was an utterance which just after the Hull statement, appeared to be a complete repudiation.
