

BATTLE RAGES IN THE STREETS OF MADRID

HUGE INCREASE IN 1936 COTTON CROP SHOWN BY REPORT

Ideal Fall Weather Hikes Production by 791,000 Bales During Past Month

PRICES DROP OFF SLIGHTLY IN MART

But Traders Think Rising Tide of Consumption Will Restore Price Level in Spite of Higher Yield; Ginnings Are Ahead of Last Year

New York, Nov. 9.—(AP)—Cotton for future delivery fell off \$1 to \$1.25 a bale today following publication of the Department of Agriculture estimate indicating a yield of 12,400,000 bales, or at least 400,000 more than generally had been expected.

There was active liquidation and hedge selling, but offers appeared to be well taken and traders were of the opinion the large crop figures were being offset by the present activity in textiles and the general industrial improvement.

Washington, Nov. 9.—(AP)—The Department of Agriculture reported an increase of 791,000 bales in the estimated cotton crop of this year, bringing the total to 12,400,000 bales on November 1, as compared with an estimated yield of 11,609,000 bales a month ago.

"The marked increased prospective production results from fall weather that has been almost ideal for the maturing and picking of the crop," the Crop Reporting Board said. Delay in arrival of frost this year was said to have "permitted the maturing of a large portion of the late bolls, which were in danger a month ago" in the Carolinas and along the northern part of the cotton belt. Last year's production was 10,638,000.

COURT BARS PAPER FROM REORGANIZING

Washington, Nov. 9.—(AP)—Reorganization of the Tennessee Publishing Company, which publishes the morning and afternoon Nashville Tennessean, under Section 77-B, of the Federal bankruptcy act, was barred today by the Supreme Court.

BARRYMORE IS WED TO ELAINE BARRIE

Famous Movie Couple Married in Yuma, Ariz., After Stormy Courtship Affair

Yuma, Ariz., Nov. 9 (AP)—Graying John Barrymore flew to his fourth marriage altar today, signing his age as 48, although records credited the romantic actor with 55, and wedded 21-year-old Elaine Barrie—of whom he once said "a man can't get along with a gal like that."

Sparkling-eyed and gay, the dark-haired Elaine was a contrast to the solemn person who only last August said in a statement "It would be impossible for us to plan a happy married life together."

New Pastor Assigned To M. P. Church

Rev. T. J. Whitehead Comes to Henderson; Spencer and Cranford Return

Albemarle, Nov. 9.—(AP)—The North Carolina Conference of the Methodist Protestant Church selected Ashboro for the 1937 meeting place, heard ministerial appointments announced and adjourned its 109th session today.

Appointments included: Granville charge, C. L. Spencer. Henderson, T. J. Whitehead. Vance, J. D. Cranford. Burlington, F. W. Paschall. Calvary, Greensboro, J. E. Pritchard.

ROOSEVELT THINKS ELECTION MANDATE IN FAVOR WORKERS

Voices Peace Hope

Cordell Hull

Prior to sailing with the American delegation to the Inter-American Peace Conference opening in Buenos Aires, Argentina, Dec. 1, Cordell Hull, secretary of state, making an address in Washington, voiced the hope that the conference would succeed in its aim. Hull, speaking before a delegation of the People's Mandate Committee to End War, said that all of the American nations were animated by that "one common purpose"—to abolish war from the western hemisphere and to set an example for the promotion of general world peace.

EHRINGHAUS GETS HEARTY MESSAGES

Pennsylvanians and Ohioans Thank Him for Campaign Speeches

MIGHT MAKE CABINET

Max Gardner Also Understood To Have Great Favor of Roosevelt; Either Might Be Attorney General

Daily Dispatch Bureau, In the Sir Walter Hotel. By J. C. BASKERVILLE. Raleigh, Nov. 9.—Governor Ehringhaus who gave two weeks to the national campaign, particularly in Ohio and Pennsylvania, is quickly rewarded by many letters and telegrams thanking him for his speaking contributions.

Some of the places at which Governor Ehringhaus appeared went Democratic for the first time since 1860. The governor does not kid himself about his speeches; he merely claims credit for such sensitiveness to the popular feeling as to have been able to prophesy the Democratic victories in both Ohio and Pennsylvania. When he telephoned a week before the election from Pennsylvania that both Ohio and Pennsylvania would go Democratic his neighbors laughed. He went further when he said that

THREE TRAIN CREW DIE IN COLLISION

Head-On Crash Occurs on Louisiana Road Where Strike Has Ruled For Weeks

Shreveport, La., Nov. 9.—(AP)—Three trainmen were killed today in a collision of freight trains on the strike-harassed Louisiana & Arkansas railroad near Grant, La. Several were injured. Details of the wreck were not immediately available. The dead included the engineer, the fireman and a train rider.

Nation Spoke in "Unmistakable Terms to Its Legislators and Executives"

WRITES LETTER TO LABOR CONFERENCE

Read by Miss Frances Perkins, Secretary of Labor; Assures Delegates Federal Government Is Ready To Do Its Part in Enforcement

Washington, Nov. 9 (AP)—In a message to the third national conference of labor legislation, President Roosevelt said today he believed "the country has this last week given a mandate in unmistakable terms to its legislators and executives" to adopt needed labor legislation.

The President said he believed the mandate had directed the legislators "to proceed along these lines until working people throughout the nation and in every station are assured decent working conditions, including safe and healthful places of work, adequate care and support when incapacitated by reason of accidents, industrial disease, unemployment or old age, reasonably short working hours, adequate annual incomes, proper housing and eliminations of child labor."

The conference was urged by Mr. Roosevelt to "give serious consideration as to how these objectives may be achieved, and that when you return to your states you will assume the leadership in your communities for putting the necessary legislation on the statute books."

"I assure you that the Federal government is willing to do its part in making these standards effective and supplementing the efforts of the states when problems assume an interstate or a national character."

The conference was called by Secretary of Labor Perkins to study uniform standards of labor legislation in the various states. The President's message was read by Secretary Perkins.

Governors of 39 states sent delegates.

FIVE AMENDMENTS ARE ALL ADOPTED

Raleigh, Nov. 9.—(AP)—Official returns of the vote last Tuesday from 78 counties showed today that the five amendments to the State Constitution had received favorable majorities in more than 60 counties.

STRIKE SPREADS TO PACIFIC SHIPYARDS

(By The Associated Press) San Francisco's maritime strike spread into the shipyards today while Edward F. McGrady, assistant secretary of labor, made desperate efforts to bring shipping interests and workers into a new conference to end the ten-day tie-up which has reached to Atlantic and Gulf ports.

Passing Out Of Pie Will Worry Hoy

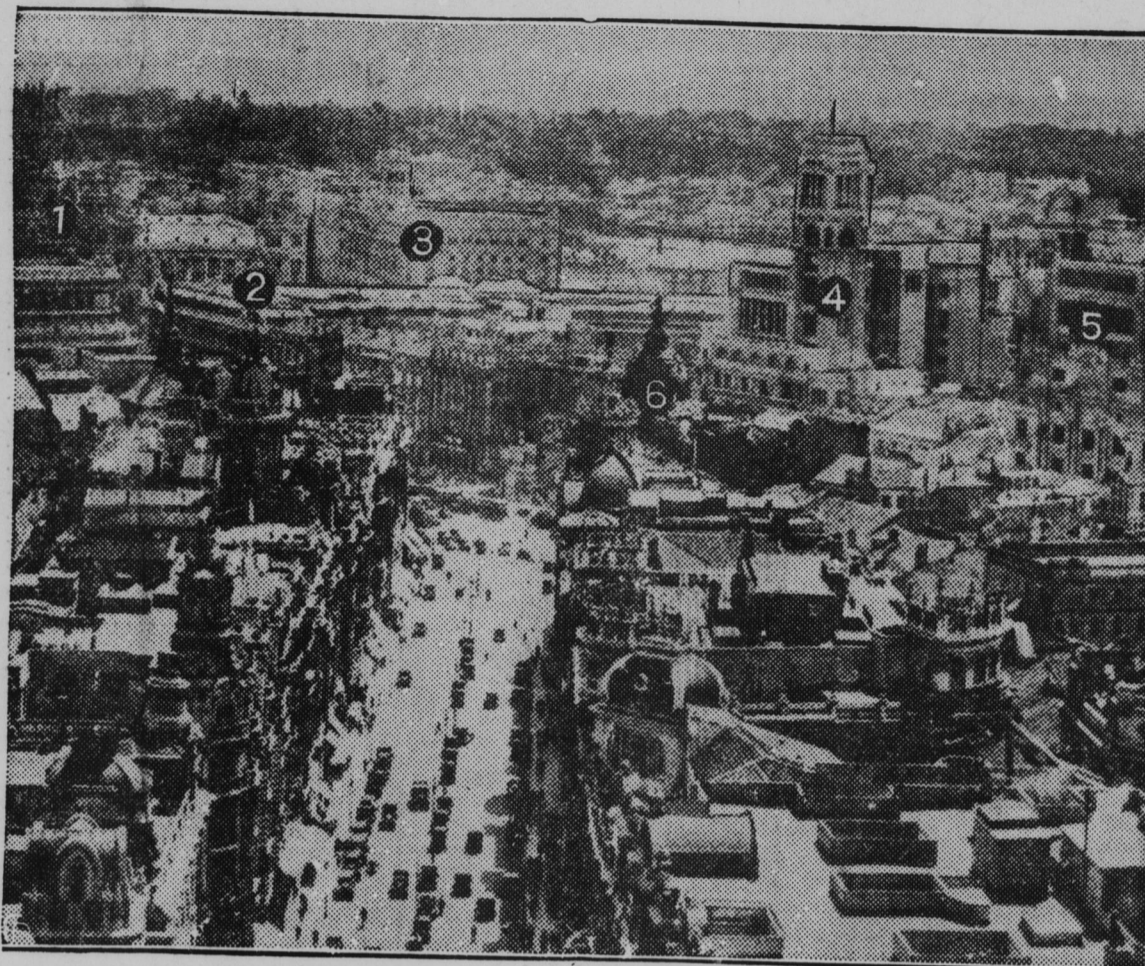

Bob Thompson May Be Secretary; Mrs. Spilman Must Have Some Place

Daily Dispatch Bureau, In the Sir Walter Hotel. By J. C. BASKERVILLE. Raleigh, Nov. 9.—Governor-elect Clyde R. Hoy will be sitting soon with the budget commission working out ways and means for financing his administration but unless all surface signs deceive Governor Hoy is going to be worried more about the positions which he passes around than the money that somebody else must collect.

The governor has an official force in his own office which came down from his brother-in-law Max Gardner. The private secretary ship will not bother him, because these functionaries generally step out at the end of their four years. But making

Madrid—Fiercely Defended—Reaches Zero Hour

Madrid, Spanish capital, as seen from air

Fiercely defended and bitterly fought for, Madrid, capital city of revolt-torn Spain, reached its "zero hour". Loyalist forces fought courageously to save the city from the advancing Fascists and their Moorish hordes. In this air view, are (1) general postoffice, (2) the Bank of Spain, (3) the Admiralty, (4) the Fine Arts club, (5) the Ministry of Education and (6) the Phoenix building.

Heads Of State Departments Ask Pay Boost For Workers

Raleigh, Nov. 9.—(AP)—Heads of State administrative departments asked the Advisory Budget Commission today to grant their employees salary increases ranging from ten to fifteen percent for the 1937-39 biennium.

Only three members of the commission were on hand when the biennial series of budget hearings started. Governor-elect Clyde R. Hoy, who

was expected, had not arrived at mid-day. A. S. Brower, director of the division of purchase and contract, outlined his expected needs from July 1, 1937, to June 30, 1939, and asked a 15 percent pay boost for workers in the divisions, while Secretary of State Stacey W. Wade proposed a ten percent raise for those in his office. Quickly Attorney General A. A. F. Seawell and Treasurer Charles M.

Johnson also proposed salary boosts. Brower and Wade explained their projected increases were included on the assumption that the budget commission would recommend a general salary increase to the legislature. "In view of the rapid increase in the cost of practically all items that go into the cost of living," Brower explained, "we have merely assumed the 15 percent increase figure, and have included it in our requests."

INSURGENT PLANES LOOSE BOMBS UPON CITY; MANY KILLED

Government Anti-Aircraft Guns Fail To Check Attack by Fascist Airplanes

BLAST OPENING TO ADMIT THE TROOPS

Thousands of Fascists Hurl-ed Into Front Lines of Rebel Army, Indicating Desperate Attempt To Take City During Day; Fighting Is Furious

Madrid, Nov. 9 (AP)—Fascist planes subjected Madrid to a new and heavy aerial bombardment between 2:45 p. m. and 3 p. m. today.

BATTLE RAGES IN STREETS OF THE SPANISH CAPITAL

(By the Associated Press) Insurgent shells rained today into Madrid's "Times Square" wounding 30 persons as Socialist guards and Fascist snipers fought gun battles in the city's streets.

Furious fighting raged all along the Western and Southern sides of the capital. Aiming with deadly accuracy Fascist artillery hurled shells into the theatrical district, bombarded the presidential palace and wrecked the Madrid electrical company's offices.

Overhead Fascist planes again bombed and machine-gunned the city in a 14-plane attack. Anti-aircraft guns blazed away at the raiders, but the Fascist planes dived away unhurt, dropping six bombs on government fortifications.

Twenty-three persons were killed Sunday when six workers' apartment buildings collapsed under an insurgent bombardment. Many others were injured.

Moors and Fascist foreign legionnaires, advancing in the face of withering gunfire, waded into the shallow waters of the Manzanares river on the south side of the city.

The extent of their penetration was not immediately known. Thousands of Fascists poured into

GOVERNMENT SLOW IN MARINE STRIKE

New Maritime Commission Not Well Enough Established To Act

By CHARLES P. STEWART Washington, Nov. 9.—Now that election is over the Federal government undoubtedly will take energetically in hand the task of preventing future clashes between American ship owners and maritime labor.

It certainly is a Federal job; as much so as the business of governmental mediation between employers and employees in the interstate transportation industry ashore. If ocean shipping is international, its regulation assuredly is a Federal proposition. Even if it is only coastal, most of it is interstate.

Interstate railroad mediation has proven effective.

Congress' intention was to make maritime mediation equally so. NOT SOON ENOUGH

The expectation was that the maritime commission, created at the last congressional session, would accomplish just this purpose. Unfortunately the commissioners were not appointed soon enough.

Congress voted the commission shortly before the adjournment, near the end of June. It was specified that the commission was not to be permitted to begin functioning until 30 days after the presidential naming of its personnel.

It already was known that the agreement under which the Pacific coast ship owners and maritime work

(Continued on Page Five.)

More Wagner Act Cases Into Court

Washington, Nov. 9.—(AP)—Three new cases involving constitutionality of the Wagner labor relations act were added today by the Supreme Court to the two it already had agreed to review.

TEACHERS LIKELY FAVOR BROUGHTON

Raleigh Attorney's 1940 Gubernatorial Campaign Gets Airing

Daily Dispatch Bureau, In the Sir Walter Hotel. By J. C. BASKERVILLE.

Raleigh, Nov. 9.—Ex-President J. Melville Broughton of the State Bar Association seemed to be in high favor with the North Carolina division of the North Carolina Education Association here Friday and Saturday, and there are more signs that he will have their help if and when he gets into the running for governor in 1940.

Mr. Broughton could have been on the spot, but he doesn't get caught often. During the panel discussion of education, he took the position that teachers applauded from the floor. When one of the fiery prohibitionists admonished upon the morals of a state which first puts a textbook condemning alcoholic drinks, then "opens ABC stores and brags about the taxes that they pay," there was applause, but Mr. Broughton reminded the excited lady that the book in question dealt with the effects of liquor, but not with the buying, selling or making of the poison, not because it is sold by blind tiger rather than by the county, but because the stuff hurts footballing, education has made some gains.

Dr. Ralph W. McDonald, who ran for governor this year, sat with the panel and he lamented the fact that 23,000 teachers seem to be unable to get as much done for themselves as 2,300 lawyers manage to get done for them. And Dr. McDonald is leaving the teaching profession. The discussion got nowhere politi-

HEARST LOSES OUT IN SENATE ACTION

Court Holds It Has No Right To Shield Telegrams From Probers

Washington, Nov. 9 (AP)—The United States Court of Appeals ruled today in a suit brought by William Randolph Hearst against the Senate labor relations committee that courts are without authority to enjoin a congressional committee.

Hearst appealed the case from a ruling by Chief Justice Alfred E. Wheat, of the Federal district court, refusing to enjoin the lobby committee from retaining and making use of Hearst telegrams taken from telegraph company files.

The appellate court said, however, that the Federal Communications Commission, which furnished the Hearst telegrams to the committee, had acted illegally in supplying them to the Senate body.

What the committee did after receiving them was not a matter for the courts, the opinion held.

Hearst's petition sought to enjoin the commission from giving any messages to the committee and to restrain the committee from using the messages it had received or from receiving others.

Attorneys for Hearst announced immediately they would appeal the case to the Supreme Court.

DR. JOSEPH G. MAYO DIES AT CROSSING

Fast Train Hits Car of Famous Rochester Surgeon at Small Town in Wisconsin

Alma, Wis., Nov. 9.—(AP)— Dr. Joseph G. Mayo, 34, son of Dr. and Mrs. Charles H. Mayo, of Rochester, was killed early today when his automobile was struck by the North Coast Limited, Northern Pacific passenger train, at a crossing about two miles south of Cochrane, Wis.

Dr. Mayo, who had been on a hunting trip along the Mississippi river, was alone in the car except for his dog, which also was killed. The train was speeding at between 60 and 65 miles an hour when it struck the car squarely. The wreckage was dragged nearly a mile before the engineer was able to stop the train.

LABOR INJUNCTION DENIED BY COURT

Restraining Order Against Federal Board Refused In Ruling

Washington, Nov. 9.—(AP)—Deciding seven cases in one opinion, the United States Court of Appeals refused today to enjoin the National Labor Relations Board from enforcing provisions of the labor relations act.

The court held that the act provided for another legal procedure—appeal to the courts from board decisions—and that that method should be followed.

"It is clear," the court held, "that no irreparable injury will ordinarily result from the procedure authorized by the act, and no special damage is charged in any of the bills."

The court did not pass upon constitutionality of the act, which was held constitutional by Justice Jesse C. Atkins, of Federal district court, in deciding the same seven cases.

Revival Of AAA Likely. In Congress

New Deal May Make That As One Objective Following Farm Conference

Washington, Nov. 9.—(AP)—The prospect that the New Deal may seek to revive AAA principles of crop control appeared today to have been strengthened by developments over the week-end.

While there was no official announcement of intentions, officials who deplored the death of the AAA at the hands of the Supreme Court were believed to be highly gratified by the unanimity with which the
