Calendar for December showing dates 1 through 31.

Saturday, Dec. 5. Morning Stars: Mars, Neptune. Evening stars: Mercury, Venus, Saturn, Jupiter, Uranus. Moon on equator.
This is St. Nicholas' Eve, when children in European countries hang up their stockings for gifts. They don't expect them at Christmas. Santa Claus is a corruption of the Teutonic form of the saint's name—Nicholaus.
He, the patron saint of thieves, virgins, sailors and children was a bishop about 300 A. D. in Myra, Asia Minor. He owes his reputation as Santa Clause to the Legend that he wished to protect three virginal young women from being driven into the streets by an impoverished father who could not supply them with dowries. St. Nicholas, anonymously threw bags of gold through the girls' windows, and thus furnished the dowries which enabled the girls to get husbands.

In time the tradition of making St. Nicholas' festival a gift day. In time the custom was transferred in some countries to Christmas. But in Holland, Belgium and parts of Germany, this is the night when children hang up their stockings.
During the Middle Ages, it was customary for a choir boy to be elected bishop of each diocese on St. Nicholas Day and he held office until Dec. 28th. The custom lingers on in some localities. In Berden, Essex, a boy-bishop is chosen each Dec. 6 to assume priestly robes and preside at church ceremonies for 22 days.

TODAY'S YESTERDAYS
Dec. 5, 1492—Christopher Columbus, having visited two other islands (San Salvador and Cuba) in a vain attempt to find the coast of Asia, which he thought nearby, landed at an island he called Hispaniola (Haiti) and established the first Christian settlement in the New World.

SUNDAY IS THE DAY
II Second in Advent, Dec. 6: St. Nicholas' Day. Independence Day in Finland. Zodiac sign: Sagittarius. Birthstone: Turquoise.

SUNDAY'S YESTERDAYS
Dec. 6, 1056—Traditional date upon which Macbeth, Scottish king immortalized by Shakespeare, is supposed to have been killed at Lumphanan, Aberdeenshire. He had lived 17 years after he was nagged into killing King Duncan to obtain the throne and provide the plot which Shakespeare lifted from another author nearly 500 years ago.

What Do You Know About North Carolina?

By FRED H. MAY

WHAT DO YOU KNOW . . . cmfw
1. What plan was proposed in 1855 to give Asheville two railroads in one?
2. What was North Carolina's per capita postal savings in 1928?
3. Why did early North Carolina railroads adopt different gauge tracks?
4. What guarantee was given a criminal in our first state constitutions?
5. How many cowless farms did North Carolina have in 1920?
6. What resolution regarding British goods was made by the first North Carolina provincial congress?

ANSWERS
1. It was a plan to combine on the east side of the Blue Ridge the Wilmington-Charlotte and Rutherfordton railroad with The Western North Carolina Railroad from Salisbury to Asheville, and build one route across the mountains. The proposal was to build this one line through Reedy Patch Gap.
2. Just two cents per person.
3. The different gauge or width tracks made it necessary to transfer freight at the end of each line. This handling cost added to the revenue of the railroads and to the dividends of the stockholders.
4. In section VII, Declaration of Rights, embodied in the first constitution adopted at the convention held at Halifax, N. C., in the fall of 1776, is the following provision: "That in all criminal Prosecutions every Man has a Right to be informed of the Accusation against him, and to confront the Accusers and Witnesses with other Testimony, and shall not be compelled to give Evidence against Himself."
5. Over one hundred thousand.
6. The first congress met at New Bern August 25, 1774. The following clause is from the resolution adopted: "That we will not directly or indirectly after the First day of January 1775 import from the West Indies, or elsewhere any East India or British Goods or Manufactures, nor will we purchase any such articles so imported of any person or persons whatsoever."

Dec. 6, 1560—Francis III, king of France, died at 16 and made Mary Stuart, Scotland's queen-to-be, a widow at 18. They had been betrothed when she was 6, wed when he was 14.
The World War, Dec. 5-6, 1916—The British secretary of state for war, David Lloyd George resigned from the Cabinet, upon the refusal of Prime Minister H. H. Asquith to delegate the conduct of the war to a committee of four, with himself as chairman. Many believed with him that it could not be prosecuted successfully so long as policies were dictated by a cabinet of 23 men.
Asquith, whose name had been pointedly omitted from the proposed personage of the war committee, first assented, then refused. After all, it meant that Lloyd George should run the war and not himself.
So Lloyd-George resigned, and his act caused the Asquith Liberal ministry to fall. The king sent for Bonar Law, the Unionist leader, to form a government.

N. C. STATE TEAM FORENSIC WINNERS

College Station, Raleigh, Dec. 5.—A North Carolina State College forensic team made a clean sweep of the first rounds in the annual Strawberry Leaf Tournament at Winthrop College in Rock Hill, S. A second impromptu speaking contest was won for State by Howard Bergman of Brooklynn, N. Y. Horace McSwain of Shelby was winner in the oratorical contest and Howard Bergman was again awarded first place in the extemporaneous trials to give State its four first-round triumphs.

FARM COOPERATIVES GRATEFUL FOR HELP

Washington, Dec. 5.—Farmers' cooperatives in North Carolina, South Carolina, Georgia and Florida are increasingly appreciating their appreciation of the credit service offered them by the Federal Farm Credit Administration, according to V. R. Judson, president, who is in Washington in attendance upon a conference of the presidents and secretaries of the Central Bank for Cooperatives and twelve regional banks of similar character under the Farm Credit Administration.
Mr. Judson said that the Columbia Bank has made commitments to cooperatives handling a wide range of commodities, including citrus fruit, asparagus, apples, cotton, nuts, and truck crops. The bank, he added, also has made a loan to a soil improvement association comprising a group of farmers in Spartanburg county South Carolina, formed cooperatively for the purchase of terracing machinery needed to further the soil improvement program.

U. N. C. Boxing Head

Here is the first picture of Mike Ronman, the University of North Carolina new boxing coach, to appear in North Carolina papers. Coach Ronman did his undergraduate and graduate work at Pennsylvania State College where he was eastern champion in the 125 and 135 weights. He coached the undefeated freshman team at Penn State last year.

You're Telling Me!

By WILLIAM RITT
Dr. Zadok Dumbkopf was in the office again today, this time with a plan which he believes would settle the European situation. At first glance his plan appeared to have nothing but bad points, like a porcupine's back.
"The trouble with European nations," Dummy began, "is that they are not satisfied with their own country, they want the other fellow's too. Look at Mussolini, for instance."
"Will," continued the sage of Sauerkraut Center, "I Duce thought he wanted Ethiopia. So, at big expense, he went out and grabbed it. And what did he get? Plenty of nothing, entirely surrounded by deserts."
"Has this taught the other European statesmen anything? Can you teach an aged alderman to play the xylophon?" The answer is "No," from every angle.
"Therefore, to teach the ambitious boys across the big pond a lesson why not, peaceable, give each what he wants. Let the Germans have France and give the French Germany, for instance."
"In two weeks' time the transplanted Frog would be so homesick for his beloved Eiffel tower that all the beer stubs in Berlin couldn't console him."
"Is less time than that the yen of Hans and Fritz for some homegrown wiener? Ael mitt potato pancakes would be so terrific they'd sell their souls for a ticket home."
"The railroad fare necessary for this shuttling back and forth would be terrific but what's a 100 million round-trip tickets if it means eternal world peace?"

DAVIDSON CAGERS DRILLING VERY HARD

Davidson, Dec. 5.—Davidson's Wildcat cagers continue to go at a fast clip as they drill here each afternoon on the hardwood, preparing for their first game of the season which will pit them against Catawba here, Wednesday night, Dec. 16.
Ned Iverson, lanky forward, is coming fast and will probably get the call to open at one of the forward positions. Iverson, a sophomore, was high scorer on the frosh five last season, scoring a total of 210 points. Morris Peabody and Bill Quick are looking good, running at guards. Peabody was high scorer on the varsity five last season, totaling 111 points.

BAILEY WILLIAMS TO CAPTAIN 'CATS

Davidson, Dec. 5.—At the "D" club banquet held here Thursday night in the Chambers banquet hall, Joe Hunter, president of the "D" club announced that Bailey Williams of Clinton, S. C., one of the most promising ends in the south, was elected captain of the Wildcats for the 1937 football season.
At the same time thirteen players were awarded "D" certificates for their play during the past season.
