Social Security Leader Tells Legislature Task Will Continue for Years

(Continued from Page One.)

Today heard Frank Bane, executive director of the Federal board, speak.

Before the joint session, the House had passed and sent to the Senate a measure to provide for actual retirement of emergency judges who now have to hold court when needed, even though they have reached the retirement age.

The appropriations committee began re-writing the money-bonding bill this afternoon, but the finance committee cancelled scheduled hearings.

Would Split Licenses.

A measure was introduced in the House by McNair of Richmond to require State automobile license tags be sold at county seats throughout the State and at other stipulated places under direction of the various boards of county commissioners, with the counties getting small fees from the sales.

A House judiciary committee recommended the Dellinger bill proposing to abolish lethal gas and return to electrocution for capital punishment not be passed when it unfavorably reported the measure.

The House heard reports from five members who attended the Council of State Governments in Washington last week, and reportedly the Senate delegation will report tomorrow.

Counties Would Pay Fourth of Old Age Pensions Fund

(Continued from Page One.)

These institutions to live with relatives or others who will care for them.

The second portion of the bill, dealing with assistance to dependent children, provides that the maximum paid to any one dependent child under 16 years of age shall be \$18 a month with \$12 a month for any additional but that in no case shall the total exceed \$65 a month except in extreme cases. The cost of this aid shall be apportioned on a basis of one-third by the county, one-third by the State and one-third by the Federal government.

The bill sets up a new division in the State Board of Charities and Public Welfare, to be known as the division of public assistance, with a director of public assistance in charge.

Child Bill Vote Test FDR Power (Continued from Page One.)

its chances are much greater than at any previous time.

With a public hearing set before the Senate committee for Tuesday night and the House committee slated to take a vote on reporting the ratification immediately after Wednesday's session, the child labor question, insofar as Federal regulation is concerned should be the first major issue to be disposed of by roll call vote in either house of the assembly.

With Willie Lee Lumpkin, chairman of the House committee on constitutional amendments, an avowed proponent of ratification, it now seems likely that his group will report the resolution "without prejudice," though opponents have twice staved off a vote and are now bending their utmost efforts to secure a committee majority in favor of an adverse report, thereby cutting off any floor discussion.

The President's appeal, plus a recent drive of intense proportions, has raised the chances of the ratification resolution to a point where it cannot now be said that it is inevitably doomed, but few observers would be willing to risk even a small wager on its chances of passing.

of it. This division, in turn, is divided into two sections, namely the old age assistance section and the aid to dependent children section. The entire division will be under the general supervision of the commissioner of public welfare.

The selection of those who are to receive either old age pensions or aid for dependent children, is placed entirely in the hands of the county boards of public welfare and the boards of county commissioners. The county welfare boards will first receive all applications from those desiring aid, make a careful and thorough investigation of all these cases to see if they are eligible under the law, and then make its recommendations to the board of county commissioners. The county commissioners, in turn, then have authority to make any additional investigations thought needed and may approve or refuse to approve those submitted by the welfare board. Only those approved by both boards will be given assistance.

No State tax will be levied in the counties for old age pensions or aid for dependent children. Instead, the amounts contributed by the State and Federal governments will be turned over to the counties, which in turn will pay the balance needed out of current county funds.

LOCAL PEOPLE ARE IN FLOOD SECTION

All Are Safe, However, So Far As Could Be Learned by Relatives

Several Henderson people are in the flood area of the Ohio valley but all are thought today to be safe. Douglas Pierpont, son of Mr. and Mrs. O. W. Pierpont, is ill at a Mayesville, Ky., hospital, but it was learned that he was improved Sunday by a telephone communication with K. R. Edwards, an official of the Taylor Tobacco Company, who is in Kentucky.

Two other employees of the Taylor Company, Russell Parham, son of Mr. and Mrs. W. B. Parham, who is in Mayesville; and Franklin Mills, son of Mr. and Mrs. J. F. Mills, who is in Shelbyville, were also reported out of the danger zone. Reed Harris and E. A. Jackson were in Louisville for Taylor, but returned to their homes here last Friday.

Mrs. Robert E. Ernst, daughter of Mrs. W. T. Carter, and John Myer and Miss Edna Myer, father and sister of Mrs. Albert S. Hale, are in Louisville, but were believed safe. Mrs. Joseph S. Dunn and daughter, Miss Elizabeth Dunn, are in Portsmouth, O., but due to the difficulty of communication, relatives in this city had not heard from them today.

The world long looked to London as the world's financial center; it's today the world's love center.

Why Laxatives Fail In Stubborn Constipation

Twelve to 24 hours is too long to wait for relief from clogged bowels and constipation is needed, for then enormous quantities of bacteria accumulate, causing GAS, indigestion and many restless, sleepless nights. If you want REAL, QUICK RELIEF, take a liquid compound such as Adierka. Adierka contains SEVEN cathartic and carminative ingredients that act on the stomach and BOTH bowels. Most "overnight" laxatives contain one ingredient that acts on the lower bowel only. Adierka's DOUBLE ACTION gives your system a thorough cleansing, bringing out old poisonous waste matter that may have caused GAS, pain, sour stomach, headaches and sleepless nights for months. Adierka relieves stomach GAS at once and usually removes bowel congestion in less than two hours. No waiting for overnight results. This famous treatment has been recommended by many doctors and druggists for 35 years. Take Adierka one-half hour before breakfast or one hour before bedtime and in a short while you will feel marvelously refreshed. At all Leading Druggists.

WINTER GARDEN.

My perfect garden blooms in January. Starry jonquils, tulips, daffodils, pastel cosmos, double rainbow asters, Gay petunias with their fluted frills; Spiced carnations framed with brown-eyed daisies.

A rare Madonna with its cloistered spire. Roses, sweet peas, sturdy dwarf nasturtiums—

All bloom profusely in my winter fire. There are no failures in my armchair garden:

With perfect confidence I plant the seeds; No freezing blasts come nipping tender blossoms.

There are no struggles with annoying weeds. Phantom friends drift by to view this garden.

Whose flowers win first place in all the shows; Ephemeral, exquisite and exchanting My fireside garden buds and blooms and grows.

PEGASUS REFLECTS.

Seen are the strong bright pinions And Who stands too long at crib, I rise at best ungarlanded, The steel spur to my rib.

Let pastured nags amuse, delight, No foam need fleck their curb, My province is the star-filled night. My peril to disturb.

To bring uncase like lightning, where No inspiration hides. Beauty is born of the upper air, But brave be he who rides.
