

TAR HEEL NINE BE BUSY AT WEEK-END

Chapel Hill, April 1.—The University of North Carolina baseball team will spend a busy week-end program with home contests Thursday, Friday, and Saturday. Michigan State will be met Thursday; Washington and Lee Friday and Richmond Saturday. Irby Wright, who pitched so well against Springfield Saturday, is expected to get the starting call against W. and L. "Duffy" Parker, fine reserve prospect, will likely hurl against Michigan State. Coach Bunn Hearn's pitching choice for the Saturday game will likely be Ike Jeanes.

HIGHS WORK HARD FOR COACH MILLER

Season Ticket Sale Launched Among Students as Team Drills

A drive for sale of season tickets for the baseball season was begun this morning among the Henderson high school students as Coach Bing Miller laid plans for the baseball season. After looking at the boys yesterday the second workout of the season, Miller expressed the opinion that he will have a good defensive team. He has six men out for pitching berths, and these drills are paced by L. A. Jackson and Leland Owens. Owens was a pitcher for the highs last year.

In scanning around the infield, Miller has Tom Rideout and Dick Calloway battling for the catchers post, Edgar Edwards and Doug Falkner fighting for first base. The second base position is a problem with Billie Peace looking good there at present. Coghill may be tried there soon.

Robert Rideout and Howard Holgood are fighting for the shortfield post, while Henry Stewart looks like a fixture at third base. The outfield candidates are paced by Durwood Turner, last year's regular, and this boy is certain of one post. Many candidates are battling for the other positions.

Miller will continue to shift his team at all times, attempting to uncover the best talent for the various positions.

DEACONS TO TACKLE MICHIGAN SATURDAY

Wake Forest, April 1.—According to reports from the Richmond University baseball camp, the Spiders will bring one of the strongest nines in its history to Wake Forest Friday afternoon for the contest with Coach John Caddell's Deacons.

In the opening tilt of its schedule, Richmond easily defeated Ohio State 6-1, and followed this with a 7-2 victory over Washington & Lee Easter Monday. The Deacons opened their season with a 4-3 win over Drexel Institute last Saturday and turned back N. C. State Easter Monday in a hit and run 19-17.

BASEBALL MEETING BEEN CALLED OFF

A meeting to form the Central State League, scheduled to have been held in Ca-Vel high school, near Roxboro, Friday night, has been postponed, it was stated today, at the request of Roanoke Rapids, who desired to have representatives there, but could not place them in Ca-Vel on that night.

Henderson has been asked to send representatives, and if this city goes into the circuit, Roanoke Rapids would make the sixth club. Negotia-

tions are for Oxford, Longhurl, Ca-Vel, Lucky Strikes, Henderson and Roanoke Rapids to make up the circuit.

POTTS TO SERVE ON NATIONAL COMMITTEE

Chapel Hill, April 1.—Ramsey Potts has accepted the invitation of Holcombe Ward, president of the United States Lawn Tennis Association, to serve on the intercollegiate committee of the U. S. L. T. A. for 1937.

Potts, captain of the Carolina tennis team this season, is ranked third in the national intercollegiate and fifth in the Southern amateur lawn tennis rankings.

He will serve as one of the three undergraduate members who with four graduate members will aid Chairman Charles S. Garland of Chicago in appointing a referee and a tournament committee.

The committee will supervise the 1937 intercollegiate tournament this summer.

Today's Garden-Graph

By DEAN HALLIDAY

Released by Central Press Association

The Lilac's Poor Relations

THE ACCOMPANYING Garden Graph shows shoots of privet that are commonly found at the roots of the lilac. These privet shoots are suckers from the rootstock, and should be cut off as close to the root as possible.

These suckers spring from unimproved stock and are very objectionable. When purchasing new lilac bushes, always obtain "own root" grown stock rather than that budded or grafted on common lilac or privet.

Set Fires for Thrill

Kenneth Robinson

Because he liked to hear fire apparatus clang through the streets of Lynn, Mass., Kenneth Robinson started 45 incendiary fires and rang in 43 false alarms, causing \$250,000 property loss in Lynn and Saugus. That is what police say Robinson confessed.

ADMINISTRATOR'S NOTICE. The undersigned having qualified as Administrator of the Estate of Fletcher H. Moss, deceased, this is notice to all persons having claims against said estate to present them to the undersigned, or his attorneys, in Henderson, N. C., on or before the 25th day of February, 1938, or this notice will be pleaded in bar of any recovery. All persons indebted to said estate will please make immediate settlement. This the 25th day of February, 1937. HENRY MOSS, Administrator of the Estate of Fletcher H. Moss, deceased. Gholson & Gholson, Attorneys, Henderson, N. C.

Explorers Get Together

Dr. Roy Chapman Andrews, noted for his Mongolian explorations, and Mrs. Osa Johnson, well-known big-game huntress, swap tall stories at their meeting in New York where Mrs. Johnson is seeking special treatment for her injured leg. Her husband Martin Johnson, lost his life in the West Coast plane crash in which she was injured.

the Supreme Court's recent decision validating minimum wage legislation found the Labor Department studying possibilities of shaping a model State minimum wage law. The department's minimum wage committee will meet to canvass the situation April 8. Shortly before the rules committee acted on the propaganda resolution, it renewed its study for a proposed investigation of sitdown strikes.

Science improved on Nature to give you the Cotton Gin

SCIENCE IMPROVED ON NATURE TO GIVE YOU

MORE NITROGEN for the MONEY

THAN IN ANY OTHER "SODA"

Wise farmers know that the only reason crops need "soda" is for the NITROGEN. That's why they use Arcadian, the "soda" that gives more nitrogen for the money than any other "soda." Science spent millions of dollars—actually improved on nature—to give you more for your money in Arcadian. So, when you order your soda, be sure you insist upon Arcadian, The American Nitrate of Soda.

A. Z. WILLIAMS, LAURINBURG, N. C., says: "I have used ARCADIAN, THE AMERICAN NITRATE OF SODA, for several years, and I am confident that it is as good as any Nitrate of Soda on the market. The even-weight bags and fine mechanical condition make it easy to handle and distribute to growing crops. I believe all farmers should give this American product a trial."
