New Seven Percent State Sales Tax to Be Included in, Not Added to, Sale Price

NEW PRICES BASED ON BORDER STORES

These Are About in Line With Virginia Liquor Sales; Interior Counties May Experience Price Slash; Further Reductions May Come Later

Raleigh, May 1.—(AP)—Uniform price lists for all the State-county liquor stores operating in North Carolina will become effective May 14, it was announced today by Chairman Cutler Moore, of the new State Alcoholic Beverages Control Board. The decision was concurred in by F. Webb Williams, of Elizabeth City, and Thomas J. Murphy, of Greensboro, the two other members of the board. It was also decided that the new seven percent State sales tax would be included in these prices and not added to them, despite the fact that many of the county boards in the 15 counties already operating per cent State sales tax to the uniform prices that will be fixed by the State board. But the board decided that since the county

Then Robert Deyton, succeeding Dunlap as assistant director of the budget, and Euren Jurney, re-appointed member of the Industrial Commission, were sworn. After pictures were made, the governor spoke briefly to the highway group. "I am delighted to have you associated with me in this capacity," said the governor. "I know changes will come along, but I would advise that you not start in by making changes in personnel. I think those ought to wait until you study your jobs and contact the people."

The commissioners then held their first executive session a few minutes later, and announced there would be no immediate personnel changes.

Meekins, a Republican, today. Dixon, a Democrat who campaigned in North Carolina last summer and fall for Alf Landrum, Republican presidential nominee, claims Currituck county as home, though he has spent much time in New York in recent years. The State Republican Committee reported last year it paid his campaign expenditures. "I need the money for a backlog of security, as I carry on my program I have followed for 20 years," Dixon said when asked why he decided to take the job. The post of clerk was relinquished yesterday by Captain Samuel A. Ashe, 97, Confederate veteran, and himself

Faster Is Preparing For Meals

Stooping Oak, Tenn., May 1.—(AP)—A fruit jar full of choice cut-up steak and a pot of greens boiled today at the home of Jackson Whitlow while the emaciated religious faster prepared for his first "real meal" in 52 days. He was ready to eat, but none could say how his weakened body would react to the food doctors have warned may prove fatal unless carefully taken. Whitlow broke his fast yesterday morning by drinking a half cup of what he said was grape juice. The neighbors who brought it said it was elderberry wine. "My fast is over; my trial is ended. I know God is with me and I am not afraid," Whitlow said when he set his wife, Florence, to boiling the greens for "potlikker" and cutting the juicy steak into bits for beef broth.

One bomb death occurred in Warsaw, where Polish socialists and communists engaged in a turbulent celebration. A child was the victim. Several others were hurt. Huge throngs jammed streets of European capitals and what was termed the biggest May Day parade in New York's history proclaimed proletarian solidarity.

There and in many other American cities all police were held in reserve. Cossacks parade in Moscow's Red Square before Communist Chief Joseph Stalin; a half million persons gave the clenched fist salute in Paris; and German workers heard from Adolf Hitler in Berlin the time for higher wages had not yet come. Conciliator for Film Producers Says Extent of Strike Will Be Awaited Before Deciding on Union Demands for Recognition and Closed Shop

Hollywood, Cal., May 1 (AP)—A strike that threatened to paralyze the huge motion picture industry, sending 10,000 studio workers from their jobs, gathered momentum slowly today. Saturday ordinarily is a slack period and the effect of employees already called out on strike was scarcely noticeable. There was a scattering of pickets at the major companies, but otherwise the situation seemed normal.

Hollywood, Cal., May 1.—(AP)—The multi-billion-dollar movie industry was confronted today by a possible mass walkout by some 10,000 union employees of studios, including many prominent players. Four unions were called out on strike last night when representatives of studio executives withheld decision on union demands for a closed shop as well as union recognition. The other unions in the newly-formed Federation Motion Picture Crafts, strike-sponsor, voted to defer until today any decision on joining the strike. More than 2,500 members of the scenic artists, painters, draftsmen and hair dressers unions were involved in last night's strike call. They were instructed not to go to work today. President Charles Lessing, of the federated crafts, declared other unionists would not go through picket lines of the striking union. He said, however, full effect of the

Franco Curtly Notifies Britain Insurgent Men of War Will Not Be Pledged To Respect Foreign Ships Removing Civilians From Bilbao.

The captains of the nine ships, which already have reached Bilbao through the insurgent sea gauntlet, said they hoped to be able to remove between 4,000 and 5,000 children to St. Jean de Luz, around the bend of the Bay of Biscay in France. They announced their plan after a conference with the British consul at Bilbao, R. C. Stevenson. (In London authoritative sources disclosed British merchantmen, aided by British warships, would remove Bilbao's civilian population whether or not Insurgent General Francisco Franco consents. Burlesque Shows Cut In Gotham

New York, May 1 (AP)—License Commissioner Paul Moss brought the city's burlesque situation to a head today by flatly refusing to renew the license of 14 theatres where strip teasers were practicing their art. Strip teasers and male comics, too, more than a little alarmed in the past week by the gales of protest raining around them, had curbed contrite in the last few days and tried to temper their shows. But the commissioner took heed from Catholic, Protestant and Jewish religious leaders and turned down the licenses of the burlesque shows. In a statement, the commissioner specified the old Eitingue theatre in 42nd street, but explained what he said about this theatre was applicable to the other 13.

Hitler In Warning To German Clergy About Activities

Berlin, May 1 (AP)—Aroff Hitler, threatened bluntly today to "withdraw the clergyman license" from any "who try to disturb our community spirit." He lashed out at opposition, Catholic and otherwise in a speech at the Luftgarden, often the scene of wildly cheering Nazi gatherings. But today's reaction was one of moderate applause.
