### ETHERIDGE AGAIN APPOINTED CHIEF OF CONSERVATION

Three Directors Re-Appointed  
Also by Governor  
Along With Head  
of Department

THREE NEW MEN ON  
BOARD DESIGNATED

Six Old Members Whose  
Terms Have Not Expired  
Hold Over; Etheridge, Na-  
tive of Manteo, First Ap-  
pointed in 1933 by Gov-  
ernor Ehringhaus

Raleigh, May 5.—(AP)—Governor  
Hoyt today re-appointed Bruce Ether-  
idge as director of the Department  
of Conservation and Development for  
a four-year term.

The governor re-appointed as mem-  
bers of the board of directors of the  
department: Colonel J. W. Harrelson,  
J. P. Rawley, High Point; and San-  
ford Martin, of Winston-Salem.

As new members he named Roy  
Hampton, of Plymouth; Coleman W.  
Roberts, of Charlotte, and John Mc-  
Laughlin, of Statesville.

Six old members whose terms have  
not expired are: J. Q. Gilkey, of Mar-  
ion; J. J. Stone, Greensboro; J. L.  
Horne, Jr., Rocky Mount; Harry  
Lindsay, of Leaksville; F. P. Carter,  
of Asheville, and J. L. McNair, of  
Laurinburg.

Etheridge, a native of Manteo, was  
appointed as director in 1933 by Gov-  
ernor Ehringhaus.

The governor said that under a  
ruling of the attorney general the  
terms of Senator W. C. Ewing, of  
Fayetteville, and Representative D. L.  
Ward, of New Bern, on the board  
were ended when they took their leg-  
islative seats. They were not re-ap-  
pointed.

### Motions In Denhardt's Case Fail

New Castle, Ky., May 5.—(AP)—  
Circuit Court Charles Marshall today  
overruled defense motions to dis-  
charge the jury trying Brigadier Gen-  
eral Henry Denhardt on charges of  
murder for the death of his sweet-  
heart, Mrs. Verna Taylor.

Judge Marshall also overruled a  
motion to exclude the paraffin tests  
which the commonwealth held pro-  
vided Denhardt had fired a weapon and  
Mrs. Taylor had not shortly before  
she was found dead on a roadside  
last November.

Clark Otte, defense attorney,  
sought to have the jury dismissed on  
the grounds the judge had failed to  
instruct its members not to discuss  
the case outside of the jury room  
when they were locked up last night.

### Dare Ruled To Be 'Wet' At Inquiry

Dry Votes Thrown  
Out by Election  
Board; Columbus  
Drys Are In Lead

Manteo, May 5 (AP)—Dare coun-  
ty was declared wet by six votes  
today when the County Board of  
Elections, after an investigation  
into the ballot box of Avon pre-  
cinct, threw out 26 dry votes and  
one wet vote from that box. Wet  
forces had demanded an investi-  
gation after alleged irregularities  
by dries at the referendum April  
24. Dry forces' attorneys today  
said they would appeal to the  
State Board of Elections.

The final vote, as put by the  
county board, was: 651 wet, 645  
dry.

## Flat Increase Two Justices On Supreme Court Proposed

Washington, May 5.—(AP)—A  
Democratic opponent of President  
Roosevelt's court plan, Senator Mc-  
Carran, Nevada, proposed today a flat  
increase of two justices in the mem-  
bership of the Supreme Court.

Under his substitute bill, provisions  
of the President's plan for 50 addi-  
tional lower court judges, a Supreme  
Court proctor and other changes in  
the judicial system would be discar-  
ded entirely.

McCarran's action was a departure  
from precedent in the long course of

the Senate Judiciary Committee's  
hearings on court reorganization.  
Heretofore, changes suggested by com-  
mitteemen have been included in pro-  
posed amendments to the bill.

The beginning of the fifth month  
of the 75th Congress found the Sen-  
ate idling and the House attending  
to minor legislation.

The Senate civil liberties commit-  
tee was scheduled to wind up its in-  
vestigation of conditions in Harlan  
county, Kentucky, during the after-  
noon and then recess for several  
weeks before beginning new inquiries.

Representative Rogers, Republican,  
Massachusetts, proposed Congress or-  
der a securities commission investiga-  
tion of price fluctuations of Alumi-  
num Company of America common  
stock immediately preceding and fol-  
lowing announcement the government  
had brought an anti-trust action a-  
gainst the big firm in Federal court.

Looking back over the first four  
months of Congress, now involved in  
controversies undreamed of when it  
convened in January, leaders were un-  
certain whether to expect adjourn-  
ment in July or October.

### YOUNG DEMOCRATS TO HOLD MEETING

Committee to Confer in  
Raleigh Next Wednesday  
to Pick Dates

Daily Dispatch Bureau.  
In the St. Walter Hotel,  
Rt. J. C. BASKERVILLE.

Raleigh, May 5.—The officers and  
members of the executive committee  
of the Young Democratic Clubs of  
North Carolina will meet here Wed-  
nesday, May 12, as the guests of the  
Wake County Young Democrats Club,  
to make plans for the annual State  
convention, select the meeting place  
and attend to such other business as  
may come before the committee, it  
was announced here today by S.  
Brown Shepherd, president of the  
Wake County Young Democrats, fol-  
lowing a conference yesterday with J.  
Ed Futler, of Morganton, president  
of the State organization, and Miss  
McCarran, vice-president.

Members of the Young Democratic  
Clubs in all sections of the State are  
invited to this meeting and as many  
clubs as possible are being asked to  
send delegations, Shepherd announced.  
Since the committee will select the  
meeting place of the summer conven-  
tion, it is expected that good sized de-  
legations will be present from those  
clubs which are seeking the conven-  
tion this year. Since the convention  
was held in Greensboro last summer,  
it is expected that Wilmington will  
make a strong bid for the convention  
this year, although Asheville, Hen-  
dersville and some of the other re-  
sort cities in the mountains are also

New York, May 5.—(AP)—Cotton  
futures opened steady, up 10 to 14  
points on higher Liverpool cables and  
trade and foreign buying, with offer-  
ings light. At midday, July was sell-  
ing at 13.11, with prices generally 6  
to 9 points net higher.

Futures closed steady, 9 to 12  
points higher. Spots steady, middling  
13.65.

### Wally And Duke Plan Ceremonies

Monts, France, May 5 (AP)—Wallis  
Simpson and her gay duke walked  
out in arm behind a sharp-eyed de-  
scendant of two in the ancient Chateau de  
Cande today.

Fifty yards in front of the strolling  
lovers an alert British detective paced  
along with Herman Rogers, of New  
York, Mrs. Simpson's friend and  
spokesman.

Police at the various gates were  
doubled to keep the curious out and  
Rogers said neither the Duke of Win-  
d sor nor his betrothed planned to leave  
the estate today.

In fact, they were reported in mild  
argument about their choice of a  
home.

Tomorrow, it was stated, the fa-  
mous couple may visit some neigh-  
boring chateau.  
The Chateau de Cande grounds were  
bathed in a warm sun as Edward and  
Mrs. Simpson walked and presumably  
made their wedding plans.  
Rogers refused for the first time to  
accept telephone calls, and also de-  
clined to discuss plans for the wed-  
ding—presumably put off until after  
mid-May, when Edward's youngest  
brother, the Duke of Kent, may be  
best man.

### \$700,000 NOTE FROM RASKOB TO DUPONT

New York Tax Appeals Board Hears  
Ramifications of Million-  
aires in 1929

New York, May 5.—(AP)—Govern-  
ment attorneys brought into the in-  
come tax case against John Raskob  
and Pierre DuPont today a \$700,000  
note given to DuPont by Raskob,  
which the government contends was  
given without any idea of collection.  
"To balance 1929 stock transactions  
later deducted as losses on their in-  
come taxes."

Frank Garey, secretary to Raskob,  
testifying before U. S. Tax Commis-  
sioner Richard Disney, said there was  
no collateral put up by Raskob when  
he gave the note.

The "balancing" related to stocks  
sold back and forth on November 13,  
1929, and re-purchased January 6, 1930.  
DuPont sold \$4,582,750 of securities  
to Raskob, and Raskob sales to Du-  
Pont totalled \$4,696,000.  
The stock sold to DuPont by Ras-  
kob increased in value more than the  
others in the next few months.

### PAROLE SYSTEM IS OUTLINED BY GILL

State Commissioner Speaks  
to Southeastern Group  
in Alabama

By Staff Correspondent.

Montgomery, Ala., May 5.—States  
that do not yet have well worked out  
parole systems should proceed slowly  
and cautiously and work out parole  
plans that are best suited to their lo-  
cal conditions and local attitudes to-  
wards paroles, Commissioner of Pa-  
roles Edwin M. Gill of North Caro-  
lina, today advised in an address be-  
fore the Southeastern States Parole  
Conference, in session here. Commis-  
sioner Gill also recommended the en-  
actment of broad enabling acts rat-  
her than detailed parole laws, so that  
the details of the parole system set  
up can be worked out by the agency  
or agencies charged with putting it  
into effect to meet the needs of the  
State and conditions prevailing.

"A parole system, in order to be  
effective, must be based on the needs  
of the State and the conditions pre-  
vailing."

### SITDOWN STRIKE IN ST. LOUIS STARTED

Chevrolet and Fisher Bodies Plant of  
General Motors Involved in  
New Walkout

St. Louis, Mo., May 5.—(AP)—  
Members of the United Automobile  
Workers of America at General  
Motors Chevrolet and Fisher Body  
plants began a sitdown strike today  
in protest against the discharge of 37  
employees.

Norman Smith, organizer for the  
C. I. O., with which the automobile  
workers union is affiliated, said 3,700  
men ceased work an hour after the  
plants opened this morning, forcing a  
complete halt in operations.

Although Hollywood's screen players decided to postpone aligning their Screen  
Actors' Guild with 11 striking film lot unions, pending a conference with pro-  
ducers, the strike of studio hands spread, threatening a tieup of the \$225,000-  
000 industry. Above, girl strikers are seen picketing the Paramount studios

### NINTH CLEVELAND MURDER IS FOUND

Torso of Woman Located in  
Lake Erie at Pier Near  
Business Area

Cleveland, Ohio, May 5.—(AP)—  
The mutilated body of Cleveland's  
ninth torso slaying victim, a woman  
was found today in Lake Erie at the  
East Ninth Street pier, only a short  
walk from the downtown district.

The woman's arms and legs and  
head had been cut off. The torso had  
been in the lake for about two weeks,  
police estimated.

The body was taken to the county  
morgue, where Coroner Samuel Ger-  
ber was to make a closer examina-  
tion.

First reports indicated the slaying  
followed all the weird details of the  
previous killings.

Coroner Gerber a month ago warn-  
ed police the mad torso slayer "prob-  
ably was making friends" with his  
ninth victim.

Today's victim was the fourth  
woman in the list of slayings. All of  
the women's bodies except one have been  
found in Lake Erie.

Only three of the nine victims have  
ever been identified.

Cleveland, May 5 (AP)—Coast  
guards took the lower part of a wo-  
man's torso from Lake Erie today,  
giving new impetus to the police in-  
vestigation of Cleveland's series of  
beheadings.

Coroner Samuel Gerber reported to  
police the piece of human flesh found  
today definitely was the lower part of  
a torso found in the lake nearly ten  
miles away about two months ago—  
the eighth victim of the killer. The  
vertebrae of the two parts matched as  
did the angles of the cuts, he said.

The portion of the body found today  
had been cut off below the breasts  
and at the hips. It was first seen  
in the lake by Howard Yochem, op-  
erator of a concession at the Great  
Lakes Exposition on the lake front,  
who called coast guards and police.

### Bomb Is Exploded On French Train; One Dead, 5 Hurt

Marseilles, France, May 5 (AP)—A  
mysterious bomb exploded aboard the  
Bordeaux-Marseilles express today,  
killing one man and wounding five  
other persons.

The explosion set fire to the first  
class passenger coach, in which the  
bomb was secreted, and to a second  
class coach.

Both cars were detached at Saint  
Martin de Crau, a way station, while  
the train continued toward Marseilles.  
Ten minutes after the bomb went  
off the Paris-Nice express thundered  
by on its daily trip carrying many  
tourists to the Riviera.  
The dead passenger's body was so  
badly burned it could not be identi-  
fied immediately.

### PLANS HEAVY TAX TO AVERT SLUMPS

That Appears to Be Roose-  
veltian Theory As Told  
by Mr. Wallace

By CHARLES P. STEWART  
Central Press Columnist

Washington, May 5.—The Roose-  
velt administration appears to be con-  
centrating its policies in an effort to  
break up the alteration of booms and  
depressions.

At least this is the obvious con-  
clusion to be drawn from remarks  
made by Secretary of Agriculture  
Henry A. Wallace in a lecture he de-  
livered a few weeks ago at the Uni-  
versity of North Carolina, a lecture  
which, rather oddly, for it was very  
interesting, was only belatedly given  
out for publication.

Wallace by the way, is supposed to  
be much in the presidential confide-  
nce and presumably expressed him-  
self authoritatively.

THEY DO ALTERNATE

Booms and depressions do alter-  
nate; that is a matter of historic re-  
cord.

Secretary Wallace referred to  
slumps as averaging 10 years apart.  
Major crashes occur at about 20 to  
30-year intervals. These intervals may  
be punctuated by mild flattening out,  
but the frightfully bad ones do not  
occur as often as that.

We had one in the 1870's, one in  
the 1890's and were on the verge of  
one when the war broke out and in-

### STOCKS LOSE SOME OF RECOVERY GRIP

Majority Settle Back Into Lower Ter-  
ritory During Day's Trading  
At New York

New York, May 5.—(AP)—Stocks  
lost some of their recovery grip in  
today's market and the majority set-  
tled back in lower territory.

There was no appreciable change  
in the new picture, but buying steam  
was lacking after a slightly improved  
opening.

Fighting Ships To Prevent  
Evacuation of Civilians  
from Basque Capital; Ital-  
ian Troops in North Are

Perpignan, France-Spanish Fron-  
tier, May 5.—(AP)—A government  
radio broadcast from Barcelona an-  
nounced peaceful settlement today of  
the anarchist uprising against the  
Catalan and Valencia Spanish re-  
gimes.

The brief rebellion is reported to  
have cost 100 lives and split the forces  
fighting the Spanish insurgents.

The radio announcement reported  
Juan Oliver, minister of justice in the  
Valencia government, and spokesman  
for the revolting anarchists, had ar-  
rived at a peaceful solution of the  
crisis with President Luis Companys,  
of autonomous Catalonia.

The announcement of peace came  
as two British warships sped to Bar-  
celona as a precautionary measure  
because of the violence there.

### Hollywood Strike May Close Soon

Hollywood, Cal., May 5.—(AP)—  
Picket reinforcements from long-  
shoremen were promised film strikers  
today as major producers predicted  
an end of the five-day strike.

A riotous union clash in the head-  
quarters of the International Alliance  
of the Theatrical and Stage Em-  
ployees last night apparently marked  
a crucial turn in the walkout of 6,000  
studio employees.

It was followed by a statement  
from Pat Casey, labor relations execu-  
tive of the producers association, that  
the Los Angeles Central Labor Coun-  
cil had suggested a peace plan to be  
studied today.

"If all parties find the terms of  
the proposed agreement satisfactory,  
I feel justified in asserting the strike  
will be called off," he said.

Later the screen actors' guild, po-  
tentially capable of making or break-  
ing the strike, opened committee  
negotiations with the producers to be

Rome, May 5.—(AP)—Italy and  
Germany held out to other powers an  
offer of "wider collaboration" for Eu-  
ropean security today.

Themselves bound in a "come what  
may" alliance, the Fascist state and  
the Nazi state made the offer at the  
close of conversations between Pre-  
mier Mussolini and Foreign Minister  
Konstantin von Neurath, of Germany.  
It was contained in an official com-  
munique.
