

NINE INSPECTORS ISSUING LICENSES

Uniformed Men Assisting State Patrolmen in Drivers' Tests

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. BASKERVILLE.

Raleigh, May 10—Nine uniformed drivers' license inspectors are assisting the State highway patrol in examining applicants for drivers' licenses and in issuing applications, so that patrolmen may spend more time on the roads in actual patrol duty, it was announced here today by Director Fulk of the highway safety division of the Department of Revenue. These inspectors wear uniforms similar to those worn by highway patrolmen, including Sam Brown belts. They do not wear the military breeches and boots, however.

These inspectors have their headquarters in the eight highway patrol division offices, spend part of their time in these offices and part of it visiting different cities and towns in the divisions giving examinations to applicants for drivers' licenses. Two inspectors have been assigned to the Charlotte office and one each to the offices in Rocky Mount, Raleigh, Durham, Asheville, Winston-Salem, Greensboro and Kinston. They are employees of the highway safety division rather than of the patrol, but cooperate with the patrol in the examination of applicants for drivers' licenses.

So much of the time of patrolmen

The Morning After Taking Carter's Little Liver Pills

You Can Trust "BC" To Relieve Your Neuralgia

Headaches are never pleasant company, so let "BC" lend a helping hand the next time you are annoyed with one. You'll like the way the quick-acting ingredients in the "BC" formula function for the relief of tantalizing headaches, neuralgia and similar pains of an inorganic character. "BC" is a trustworthy, prescription-type remedy, of which millions of packages are sold every year. For

was being taken up in the examination of applicants for drivers licenses that it was thought advisable to put on some men who would devote their entire time to examining applicants and thus release the patrolmen for more patrol work," Fulk said. The plan has worked out very well, with the exception that we really need more of these inspectors and examiners. Their only duties are to examine applicants for licenses and send in their reports with the application submitted. They have full authority to recommend that licenses be refused, in which case we decline to issue licenses. So far this year we have refused to issue licenses to 2,835 applicants and are turning more down every week for defective eyesight, poor hearing and even for defective intelligence.

"We are also issuing limited drivers licenses to some persons, on condition they only drive in the day time, or only when wearing glasses. We are confident this procedure will reduce accidents."

MOTORIST VANDALS CONSERVE FLOWERS

Have Greater Conscience In Respect for Law On Roadside Flora

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. BASKERVILLE.

Raleigh, May 10—The annual appeal to motorists to preserve the wildflowers and plant life along North Carolina's highways seem to be having weight this spring, J. S. Holmes, State forester, said today.

"Although there are still evidences of raids upon dogwood, red-bud, and other trees and flowers at the spring season, the persons responsible appear satisfied with several branches, or flowers, and seldom load their cars down as was the practice several years ago," Mr. Holmes declared.

"It is probable that several factors are responsible for this move toward conservation. During the past few years there has been a tremendous amount of publicity attached to many phases of conservation. There is hardly a community in the State that has not come into direct contact with some form of State or Federal conservation work. Because of this publicity and work, it is reasonable to as-

sume that some of the valuable lessons of conservation that have been made so evident have been learned by some of the people. "There is this fact, too; motorists who previously stripped the roadsides of all blooming plants without qualm, have possibly run a-foul of the State Highway patrol, which is exercising a constant vigilance for roadside violators at this season, and who have authority to arrest anyone destroying any plant life within 100 yards of a highway. "Finally, general public disapproval of the destruction of beautiful plant life along our highways has exercised a most satisfactory effect upon the would-be offender."

Defending Champ

Duke's Blue Devils will attempt to defend their team title in the 14th annual Southern conference track meet in Duke stadium Saturday and Charlie Fischer, shown above, will help if he is able to defend his championship in the shot put. Fischer, an outstanding member of the Blue Devil grid team, winning last year's event.

SOUTHERN BAPTIST TO GATHER MAY 13

Expect 10,000 To Attend Session in Louisville; Leaders to Attend

New Orleans, May 8 (Special)—For the fifth time in its history since 1845, the Southern Baptist Convention will meet in this city May 13-16, with President John R. Sampey, Louisville, Ky., presiding. The indications are that an unusually large number of messengers and visitors, perhaps 10,000, coming from each of the eighteen southern states and the District of Columbia, will attend this meeting.

Among the number of pre-convention meetings that will attract widespread interest will be the Woman's Missionary Union, Auxiliary to the Southern Baptist Convention, which will meet on Tuesday and Wednesday, May 11-12, in the Municipal Auditorium. This organization, of which Mrs. F. W. Armstrong, Pittsburg, Mo., is president, and Miss Kathleen Malloy, Birmingham, is corresponding secretary, added more than \$2,000,000 the past year to the offerings of the Convention for missions, education and benevolences.

The laymen of the South, under the leadership of Dr. J. T. Henderson, Knoxville, and Lawson H. Cooke, Memphis, will hold a rally in the auditorium of the Roosevelt Hotel all day Wednesday and a pre-convention pastors' conference under the direction of Dr. M. E. Dodd, Shreveport, a former president of the Convention, will be held at the historic First Presbyterian Church at the same time.

According to the advance reports from all the agencies of the Convention which have been received at the Baptist headquarters in Nashville, marked progress has been made along practically every line. The financial report will show a decided increase over any year since the depression set in.

"KORDA'S 'FIRE OVER ENGLAND' A FILM EPIC
All the romance and grandeur of England in the adventurous days of Queen Elizabeth and the Spanish Armada come to life on the screen in "Fire Over England," Alexander Korda's film epic which begins a two day engagement at the Vance Theatre today.

Flora Robson, the distinguished English actress, portrays the "Virginia Queen" in the film, while Laurence Olivier is seen as the impetuous young Michael Ingolby who risks his life to serve her; the lovely young Vivien Leigh, the screen's most sensational newcomer, is seen as the Queen's lady-in-waiting and sweetheart of young Michael; Leslie Banks is cast as Leicester, who loved and was loved by Elizabeth; Raymond Massey plays King Philip of Spain; the beautiful Tamara Desni, another newcomer for whom a brilliant cinema future is predicted, plays the Spanish girl who saves Michael; and Morton Seltin is seen as the aged Burleigh.

SAFETY PROBLEM WILL BE STUDIED

State Convention in Winston-Salem to Hear Many New Angles

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. BASKERVILLE.

Raleigh, May 7—Many new and interesting angles of the safety and accident prevention problem will be presented at the eighth annual State-wide Safety Conference to be held in Winston-Salem May 20 and 21, it was announced today by Chairman T. A. Wilson, of the State Industrial Commission, under whose auspices this conference is held each year. More attention will be paid to highway safety

this time than ever before, due to the fact that industry is finding that highway accidents are making a very heavy inroad into their safety records and are responsible for some of their heaviest losses. As a result, employers are taking more and more interest in ways and means to reduce the number of highway accidents in which employes are involved. Governor Clyde R. Hoey will be one of the principal speakers before the entire conference. While several nationally known speakers will also address it, one of these will be A. C. Horrocks, director of education and head of the Goodyear Industrial University in Akron, Ohio, who will address two general sessions, discussing "The Safety Skyline" and "Attack with the Spearhead of Foremanship."

Now Is The Time To Act

Dealers everywhere are reporting new sales records and profits on sales of Electric Refrigerators, Radios, Washers, Ironers, Stokers. A world famous manufacturer of these and many other items desires an active dealer for this vicinity. An ever increasing number of aggressive merchants are finding home appliances departments or stores distinctly profitable. An exclusive Nationally known franchise for the right organization. Write Box 235, Henderson, N. C., for interview.

NOW IS THE TIME TO STOP RUST and START PROFITS

SEE YOUR FERTILIZER MAN TODAY!

YOUR FERT'LIZER MAN will tell you that cotton needs potash as well as nitrogen as a top-dresser. That's why he urges you to use a nitrogen-potash mixture. He can supply you nitrogen and NV POTASH in a quick-

acting, well-balanced mixture. If you have already purchased straight nitrogen for top-dressing, he will suggest that you take some NV MURIATE or NV KAINIT to use with this when you chop out.

He knows that every year thousands of farmers top-dress with NV POTASH because it produces many extra pounds of valuable seed cotton. He knows that extensive tests by leading experiment stations prove that extra potash produces a healthy, high-yielding, high-quality crop.

For instance, the North Carolina Experiment Station top-dressed cotton, which had shown heavy Rust damage in the past, with 50 to 100 pounds of MURIATE or 125 to 250 pounds of KAINIT per acre. "Plats receiving the additional amount of potash produced larger yields, heavier seed, heavier bolls, more lint per seed, better grade, longer staple, stronger fibers and a higher percentage of normal fibers."

When your fertilizer man advises you to STOP RUST and START PROFITS, he wants to help you make more money. Follow his advice. Top-dress with NV POTASH this year. It Pays!

N.V. POTASH EXPORT MY., Inc., Hurt Bldg., ATLANTA—Royster Bldg., NORFOLK

TOP-DRESS WITH NV POTASH

Use 100 pounds of NV MURIATE per acre, or 200 pounds of NV KAINIT, or a mixed-goods, nitrogen-potash top-dresser made with NV POTASH. It Pays!

COUNTY TAXES Must Be Paid In May

This is to notify all delinquent County Taxpayers that there will be no further extension of time granted this year and that all 1936 taxes remaining unpaid at the end of May will be advertised and sold, advertising to begin the first week in June.

Remember May Is the Last Month and That No Further Time Will Be Given

Phone or come to my office for any information concerning your 1936 taxes.

J. ED. HAMLETT,
Sheriff of Vance County.
