

DEFENSE PROBLEM WORRIES KING GEORGE

Huge Relief Bill Approved In Appropriation Committee Despite Cries For Economy

\$1,500,000,000 IS PASSED AS SOUGHT BY THE PRESIDENT

House Sub-Committee Cut Off Half Billion, or Third, But That Is Put Back

ROOSEVELT CLAIMS MONEY IS NEEDED

Economy Talk Sidetracked In Senate for Debate on Ambassador Dodd's "Billionaire" Dictatorship Charges; Ever Normal Cotton Crop Urged

Washington, May 13.—(AP)—Administration leaders successfully drove a \$1,500,000,000 work relief appropriation through the House Appropriations Committee today, despite belittling opposition of economy advocates.

The sub-committee which first studied the appropriation had slashed off a third of it two days ago. The full committee, however, restored that third, placing the allotment back at the sum originally asked by President Roosevelt.

The \$1,500,000,000 appropriation, the President said, was needed to meet relief requirements for the fiscal year beginning July 1. Administration leaders expressed confidence the allotment would be approved by the House when it comes up next week.

Economy talk was temporarily sidetracked in the Senate by the heated controversy raised by Ambassador William E. Dodd's assertion in a letter from Berlin a "billionaire" dictator was ready to support an "American dictatorship."

Senator Nye, Republican, North

Sitdowners Tie Up G-M Plant Again

Cleveland, May 13.—(AP)—General Motors Fisher Body plant here was shut down today by a sitdown strike affecting between 6,000 and 7,000 employees. Louis Spisack, president of the Fisher Body local of the U. A. W. A., said the strike was called to protest lay-off in what he called a "speed up."

"Fourteen men in one department have put the whole plant out of operation," said Lincoln Scafe, general manager.

"The management will follow its usual policy in this manner and won't talk to men who are sitting down at their jobs. So far there has been no move on the part of the union to negotiate the issues involved. The management is willing to do so as long as

Smith, Sloan Summoned In Tax Hearing

New York, May 13.—(AP)—Although subpoenaed in this manner and witness in the income tax case against his political and business associates, Pierre DuPont and John J. Raskob.

The former governor and 1928 Democratic presidential candidate, who made Raskob chairman of the Democratic National Committee in 1928 and who was one of the leaders with Raskob, DuPont and Jouett Shouse in the organization of the American Liberty League, sails for Europe Saturday.

Mason Lemming, chief of government counsel in the tax case, said today Smith would not be called before he sailed.

"He was subpoenaed as a formality because he is an officer of the Empire State Building Corporation, in

27,000 Forced Idle In Pittsburgh Steel Mill; Movie Speed Quickened

Jones & Loughlin Plant Sees First Major Strike In 19 Years; Nationwide Theatre Boycott Sought by Hollywood Strikers Not Realized

Pittsburgh, Pa., May 13.—(AP)—Police hurled tear gas into a crowd of shouting, demonstrating pickets today at the strike-closed Aliquippa, Pa., works of the Jones & Loughlin Steel Corporation.

One man was hurt in what Police Chief Ambrose said was an attempt to prevent him and Burgess Morgausohn from leaving plant property after making an investigation of reported violence. The chief said he arrested a woman on a charge of assault and battery and inciting to riot.

The strike, called after the union and the corporation failed to reach a collective bargaining agreement, threatened to spread to other major independent steel producers.

Pittsburgh, Pa., May 13.—(AP)—Members of John Lewis' steel union

ranks forced a strike order today affecting the 27,000 employees of the Jones & Loughlin Steel Corporation in the first major mill walkout in 19 years.

While pickets, rain-drenched and tired by their long vigils, guarded the entrances to plants in Pittsburgh and Aliquippa, Chairman Philip Murray, of the steel workers organizing committee, prepared to resume negotiations with the company which ended last night in the strike call.

Federal Labor Conciliator James Dewey also planned to participate in a new attempt to bring the company and union into agreement on Murray's demand for a signed collective bargaining contract.

Jones & Loughlin, third largest steel producer independent of the United States Steel Corporation, was the

Rebels Driven Back On Front At Toledo

Tobacco Growers Of Belt Warned

Raleigh, May 13.—(AP)—Dr. Luther Shaw, plant disease specialist at State College, warned tobacco growers in the Old Belt today to observe extreme care if black shank had shown up in their fields.

No tobacco should be planted in your fields in which the disease has been developed in one year, and the disease may be carried on shoes, on feet of dogs and in soil or trash. He advised crop rotation and sanitation methods to control the disease.

LIQUOR BOARD WILL GET 2 WAREHOUSES

Supplies for All County Stores Must Pass Through Them First

Daily Dispatch Bureau, in the Sir Walter Hotel, Raleigh, May 13.—The State Liquor Board is going to license several warehouses—probably not more than two to begin with—and require all the county liquor stores to purchase their liquor stocks through these warehouses, also require all distillers and wholesalers to make all their shipments to these warehouses unless county boards are able to buy in car-load lots, Chairman Cutler Moore, of the State Alcoholic Beverages Control Board, said today.

The object of this plan is to keep

CZECH CHAMBER IS SHOT UP BY MILLER

Praha, Czechoslovakia, May 13.—(AP)—The Czechoslovakian House of Deputies was thrown into tumult this afternoon when a man suddenly arose in the spectators' gallery and fired a pistol at the ministerial bench.

"Half of the members of this house are communists and rascals," he shouted. Panic ensued until it was learned all of the bullets had missed their mark. The man was overpowered by guards and jailed. Later he was identified as a country flour mill worker, Josef Sebec.

Actual Crowning Of King George VI!

This picture is from an actual photograph of the act of placing the British crown upon the head of King George VI in Westminster Abbey yesterday. The symbol of power is held by the venerable Archbishop of Canterbury, who presided at the ceremonies. The photograph was radioed by sound photo to Central Press Association and forwarded by air mail special delivery to the Daily Dispatch.

Youngstown Asks Inquiry From Senate

Youngstown, Ohio, May 13.—(AP)—A request to investigate the Youngstown Sheet & Tube Company's preparations for a possible strike shut-down—an inquiry which the company said it welcomed—sped to the LaFollette civil liberties committee today as city and county officials asked Department of Labor aid to avert a walk out.

Steel workers organizing committee officials here said the nation's fourth largest producer independent of "big steel," the United States Corline, had imported substantial amounts of ammunition, tear gas, cots and food, and asked a Senate investigation to "prevent organized murder of the steel workers and their families."

The company which has 15,000 workers in the Mahoning Valley district, said "necessary steps" had been taken to "protect lives of people in the vicinity of our plants and to protect property from damage and insure prompt resumption of operations."

The steps were not explained.

MORGAN IN LONDON HAS HEART ATTACK

London, May 13 (AP)—J. P. Morgan, American financier, was disclosed today to have suffered a heart attack Tuesday that kept him from attending the coronation yesterday at Westminster Abbey.

Thomas Lamont, a New York business associate of Morgan, said Morgan was better, and would soon return to the United States.

OUR WEATHER MAN

FOR NORTH CAROLINA. Cloudy, probably showers to-night and Friday morning; cooler Friday.

GERMAN STEAMSHIP CAPTAIN SUICIDES

Jacksonville, Fla., May 13.—(AP)—Coast Guard headquarters reported Captain Otto Libert of the German steamship Wiegand died of a self-inflicted bullet wound today as his vessel was hard aground on a coral reef 35 miles south of Miami.

The cutter Pandora, which had tried for hours to float the ship, took the master's body to Miami. Guardsmen said the officers of the Pandora investigated only to ascertain that there had been no crime committed in United States territorial waters. The Wiegand is considered German soil, it was said, and any detailed investigation would have to be made by the German consul.

L. Kurz, German consul at Jacksonville, said the Miami area was under the New Orleans consulate.

ALLOTMENT BASIS FOR ROAD MONEY

Area, Population, Mileage and Number of Cars Will Be Factors

Daily Dispatch Bureau, in the Sir Walter Hotel, Raleigh, May 13.—The highway appropriations for both maintenance and the new construction will be allotted to the ten administrative divisions on the basis of area, population and mileage in these divisions, with the exception that the automobile registration will also be considered in allotting the maintenance funds, it was decided by the State Highway and Public Works Commission before it adjourned late Wednesday. Some of the commissioners are of the opinion that the maintenance funds should be further broken down by counties, so that each county will know in advance just how much money will be available for road work in the county each year. Others, however, think the funds should not be broken down beyond the division unit.

Edward Will Demand His Nuptial Plan

London, May 13 (AP)—The Duke of Windsor's prenuptial struggle with the British government, authoritative sources disclosed today is for recognition of Mrs. Wallis Warfield, his bride-to-be, as "her royal highness the Duchess of Windsor."

The duke will not even be content to have Mrs. Warfield become the Duchess of Windsor. So heated has the dispute between the former monarch and the government become that Prime Minister Stanley Baldwin's cabinet today reviewed the whole question.

Having yielded to Windsor's demands that Mrs. Warfield become a duchess, the ministers stood pat against allowing her to be addressed "Her Royal Highness," it was reported.

STATESMEN FROM FAR FLUNG DOMAIN GATHER IN LONDON

Seven Years Have Passed Since Last Empire Conference Was Held Back In 1930

DOMINIONS DEMAND POLICY STATEMENT

Want To Know Attitude of Government on League of Nations, on Europe, on Commerce and Trade and Defense; Post Coronation Events Begin

London, May 13.—(AP)—Empire statesmen faced about today from the medieval symbolism of the coronation of George VI as king-emperor of Britain, to the modern realities of the commonwealth's most pressing problems.

Prime ministers and representatives of the dominions and of India, having paid their tributes to their monarch and his Queen Elizabeth awaited the call of Prime Minister Stanley Baldwin tomorrow that will open the imperial conference. Seven years of sweeping change have passed since the empire met last in formal conference in 1930. Attention has turned from internal problems of imperial relations and economics to concern for foreign affairs and defense of the empire.

Britain confronts a world obstructed by trade barriers damming the commerce which sustains the empire, alarmed by threats to its peace structure and re-arming competitively.

Dominion prime ministers, now standing equally with officials of the United Kingdom, will ask for a clear

ITALY SEES RISING ENMITY OF BRITAIN

Eventual Warlike Spirit Predicted In Rome in Hostility Toward Italy, Germany

Rome, May 13.—(AP)—Fascist circles charged growing British hostility toward Italian and German collaboration was endangering peace.

Virginia Gada, often an interpreter of Premier Mussolini's views, reflected official concern over possible consequences. In an editorial in *Giornale de Italia*, he termed Britain's attitude toward Italy "an offensive maneuver, a preparatory advance guard to a truly warlike policy."

"It is evident," Gada said, "that agitation in the British press is attempting, but in vain, to attack the Rome-Berlin axis and divide its vital parts."

Merrill Is Again Held Off Flight

Southport, England, May 13.—(AP)—Dick Merrill and Jack Lambie got more bad news today while vexing cross winds delayed their return Atlantic flight.

The company which previously had agreed to supply them with motion pictures of King George's coronation to be flown to the United States changed its mind, Merrill said.

They will carry only still pic-

'BIG SHOTS' PASSED IN HARLAN INQUIRY

Some Wonder Why Governors Weren't Asked About Conditions

By CHARLES P. STEWART, Central Press Columnist. Washington, May 13.—As far as it went, Senator Robert M. La Follette is given plenty of credit for his investigation of conditions in Harlan county, Kentucky.

Some complaint is heard on Capitol Hill, however, to the effect that the inquiry did not go quite far enough. Critics suggest that Gov. A. B. ("Happy") Chandler ought to have been included in the La Follette committee's grill. "Happy" had predecessors in the gubernatorial chair, too, whom many
